- 2:1.1 The parties agree to reopen the contract during the term of this agreement if changes occur in State or Federal laws or regulations that alter teacher wages, responsibilities or working conditions. (i.e.; Delaware Performance Appraisal System II, No Child Left Behind provisions) provided that there is at least 12 months remaining until the expiration date of the Agreement. In addition, the only articles that would be discussed would be Article 15, Article 19 and Article 25.
- 2:1.2 During the term of this agreement the parties agree to reopen negotiations on Salaries and Employee Benefits upon receipt of additional monies but not later than March 2009. (See MOA)
- 2:2 Neither party in any negotiations shall have any control over the selection of the negotiating representatives of the other party.

ARTICLE 3

GRIEVANCE PROCEDURE

3:1 DEFINITION

3:1.1 A grievance shall be defined as a written claim by an employee that the terms of this Agreement have been violated, misinterpreted, or misapplied resulting in the abridgement of rights granted to the employees by this Agreement.

3:1.2 A grievance may also be defined as a written claim by the Association that the terms of this Agreement have been violated, misinterpreted, or misapplied resulting in the abridgement of rights granted to the Association by this Agreement.

3:1.3 A grievant is the person, persons, or Association who files a grievance as provided for under this Agreement.

3:1.4 A class grievance is a grievance filed by the Association, which asserts an effect on a group or class of employees.

3:1.5 Days as used in this Article refer to employee workdays. However, when a grievance is submitted between May 1 and the first teaching day, days shall refer to calendar days.

3:2 Purpose - The purpose of this procedure is to provide an alternative to existing means of resolving concerns over matters specified in this Agreement, which affect employees of the District. Both parties agree that these proceedings, if utilized, will be kept confidential except that the Board shall provide the Association with copies of all grievances and written decisions at each level.

3:3.1 No grievance may be changed after its formal presentation. However, the grievance may be amended with respect to cited contract items following the decisions rendered at Level 1 of the grievance procedure and shall be considered timely filed if resubmitted at Level 1 within ten days of the initial response.

3:3.2 All grievances should be processed as rapidly as possible; the number of days indicated at each level will be considered a maximum and every effort will be made at each level to expedite the process. The time limit specified may, however, be extended by mutual written agreement.

3:3.3 Failure at any level of this procedure to communicate the decision on a grievance within the specified time limits shall constitute authority for the grievant to proceed to the next level. Failure at any level of this procedure to appeal a grievance to the next level within the specified time limits shall be deemed to be acceptance of the decision rendered at that level.

3:3.4 If a grievance is a class grievance or concerns rights of the Association, the grievance shall commence at a level appropriate to the occasion giving rise to the grievance.

3:4 LINE OF GRIEVANCE

- 3:4.1 The line of grievance which an employee will follow in processing a written grievance is:
- (a) Building principal or immediate supervisor
 - (b) Superintendent or designee
 - (c) Arbitration

3:5 SPECIFIC PROCEDURE

- 3:5.1 The grievant is encouraged to meet with the principal or his/her immediate supervisor or applicable District Office personnel with the objective of resolving the matter informally.

- 3:5.2 Level I - The grievant will set forth his/her grievance in writing as provided in Section 3:4 within fifteen days from the date the employee became aware he/she was aggrieved. Within ten days of receipt of the written grievance the principal or other immediate supervisor shall hold a hearing. A decision in writing delineating the reason for the decision will be rendered to the grievant within five days of the hearing. (Appendix C)

- 3:5.3 Level II - If the grievant is not satisfied with the disposition of the grievance at Level I, he/she may, within ten days after being notified that the decision has been rendered, appeal the decision to the Superintendent or designee. The basis for the employee's continued dissatisfaction shall be delineated. The Superintendent or designee shall hold an informal grievance hearing within ten days after receiving the grievance. The Superintendent or designee shall communicate the decision in writing to the grievant within five days after the date of the hearing.

- 3:5.4 Level III - Submission to Arbitration - The decision of the Superintendent or his designee shall finally determine the matter unless the Association, within ten days of the Superintendent's decision, advises the Superintendent of its desire to proceed to arbitration. The Association shall submit a demand for arbitration to the Public Employment Relations Board. The request shall state in reasonable detail the nature of the dispute and the remedy requested. The parties shall then be bound by the regulations of the Public Employment Relations Board in the selection of an arbitrator. The Association shall represent the grievant at the arbitration level

3:6 REDIRECTING PRINCIPLES

- 3:6.1 No claim by an employee or the Association shall constitute an arbitrable matter or be processed through arbitration if it pertains to:
- (a) A matter where a specific method of remedy or appeal is prescribed by law (e.g., the Fair Dismissal Act) and/or by this Agreement.
 - (b) Any rule or regulation of the State Department of Education.

- (c) Any matter which according to law is either beyond the scope of Board authority or which is illegal for the Board to delegate.
- (d) Dismissal or discharge of an employee or non-renewal of an employee's contract.
- (e) Administrative decisions relating to the involuntary transfer or unassignment of an employee when it is necessary to satisfy requirements of law, court order, or affirmative action programs or being the least senior in a building.
- (f) Safety issues as specified in Section 10:1.

Items (a) through (f) above, although not arbitrable, shall be appealable through the grievance procedure to the Board within fifteen (15) days of the Superintendent's decision which shall, at its option, hold a hearing concerning the matter or determine the matter on the basis of the written records. The Board shall render its decision within thirty (30) days of the date of the filing of the appeal to the Board.

3:7 ARBITRABILITY

3:7.1 If the Superintendent or designee disagrees as to the arbitrability of the dispute; he/she may request a conference to discuss the issue of arbitrability and to seek to resolve the differences between the parties.

3:7.2 If the disagreement over arbitrability persists, the arbitrator appointed under the procedures set forth herein shall rule upon the question of arbitrability prior to hearing the merits of the dispute in question. The same arbitrator shall schedule a second meeting to hear the dispute on its merits if the dispute is judged to be arbitrable.

3:8 PROCEDURE

3:8.1 The Public Employment Relations Board shall administer arbitrations pursuant to regulations adopted by the Public Employment Relations Board. The arbitrator's decision shall be binding upon the parties pursuant to 14 DE Code § 4013 except for items on voluntary transfers, involuntary transfers, and unassignments for "programmatic reasons" and evaluations where the arbitrator's decision should be advisory.

3:8.2 The arbitrator, in the written opinion, shall not amend, modify, nullify, ignore, or add to the provisions of the Agreement. The opinion must be based solely and only upon his/her interpretation of the meaning or application of the express relevant language of the Agreement.

3:9 COST OF ARBITRATION

3:9.1 The costs for the services of the arbitrator in determining whether a dispute is arbitrable, including per diem expenses, if any, and actual and necessary travel and subsistence expenses shall be borne by the losing party. The costs for the services of the Arbitrator incurred in deciding the merits of a dispute, including per diem expenses, if any, and actual and necessary travel, subsistence expenses, and the cost of the hearing room shall be borne equally by the Board and the Association. Any other expenses incurred shall be paid by the party incurring same.

3:10 MISCELLANEOUS

3:10.1 Commencing with Level I of the Grievance Procedure the grievant may be accompanied by a representative of his/her own choosing.

3:10.2 If the grievant does not choose to be accompanied and represented by an Association grievance representative the Association shall have the right to be present and to state its views at all levels of the grievance procedure. This shall not apply when the grievance involves matters of personal, embarrassing, and confidential nature and the grievant specifically requests, in writing, that the Association representative not be present.

3:10.3 If the employee elects to be represented, he/she must still be present at any level of the grievance procedure where his/her grievance is to be discussed except that he/she need not be present where it is mutually agreed that no facts are in dispute, and when the sole question is the interpretation of this Agreement.

3:10.4 Where grievance proceedings are mutually scheduled by the parties during school time, persons proper to be present shall suffer no loss of pay. In the event that a dispute arises as to whether it is proper that a person be present at the grievance such dispute shall be subject to resolution through the grievance procedure.

3:10.5 No documents, communications, and records which are developed in connection with the processing of a grievance shall be filed in the District's file pertaining to the employee.

3:10.6 It is understood that employees shall, during and notwithstanding the pendency of any grievance, continue to observe all assignments and applicable rules and regulations of the District until such grievance and any effect thereof shall have been fully determined.

3:10.7 A form for filing grievances shall be prepared jointly by the Association and the Administration, reproduced by the Administration and distributed to the Association so as to facilitate operation of the grievance procedure. Such form shall be attached as Appendix C of this Agreement. The appropriate form shall be used for filing a grievance at each level of the procedure. Grievances may be faxed to the appropriate administrator who will respond by fax his/her receipt of the grievance.

3:10.8 Hearings at any level of the grievance procedure may be waived by mutual agreement of the parties.

- 3:10.9 Level I grievance decisions accepted by individual employees which appear in conflict with this Agreement may be grieved by the Association beginning with Level II.
- 3:10.10 If a grievance is granted at Level I and the problem continues to occur, the Association may file a class action grievance at Level II provided that the actions fall within the same school year and under the same administrator who responded at Level I.

ARTICLE 4

EMPLOYEE RIGHTS

- 4:1 Pursuant to Chapter 40, Title 14, Delaware Code, the Board hereby agrees that employees have the right to join an organization for the purpose of engaging in collective bargaining. Teachers hired for the first time after July 1, 1998 on a regular basis or a temporary basis that lasts more than 90 days, who do not join the Association shall be required to pay to the Association a service fee as determined by the Association in compliance with State and federal law. The District and the Association agree to review the fairness and appropriateness of the time exclusion of this provision during the term this Agreement.
- 4:2 The parties shall not discriminate against, interfere with, restrain, nor coerce employees in the right to organize or to join or participate in lawful Association activities or to refrain from so doing. Nothing contained herein shall be construed to deny or restrict to any employee such rights as may be held under Delaware School laws or other applicable laws and regulations.
- 4:3.1 An employee who is required to appear before the Board or an agent thereof for disciplinary reasons (written reprimand, suspension, termination) shall be given prior written notice and specific reasons for such meeting at least 48 hours in advance. Every effort will be made not to notify an employee on a Friday or the day before a holiday. An employee required to appear in this instance shall be entitled to have an Association representative present during such meeting and any follow-up meeting that is held. The parties agree that 48-hour meetings may be postponed 24 hours in order for the employee to secure representation.
- 4:3.2 When an employee is requested to meet with an administrator and he/she at any time reasonable believes the meeting may result in disciplinary action, the employee may have an Association representative present. Such representative must be available within a reasonable amount of time.
- 4:3.3 Sections 4:4.1 and 4:4.2 do not preclude informal discussion with an employee by a member of the administrative staff pertaining to the employee's performance at his/her work location.
- 4:4 No employee shall be disciplined, reprimanded orally or in writing, or reduced in pay except for just cause. Any such action will be conducted in private.

- 4:5 Suspension of an employee pending the disposition of charges by the Board of Education shall be with full pay and benefits. Where an employee is suspended for disciplinary reasons and that suspension is not revoked through the grievance procedure, an amount of pay equal to the number of days of said suspension shall be deducted from said employee's pay. If the number of remaining pay periods permit, no more than one day's pay in any one pay period shall be deducted from the employee's pay. If an employee leaves employment of the District before the completion of the grievance procedure, if used, the employee's pay will be deducted in the last paycheck of the employee. If suspension is subsequently revoked the District shall return any monies to the employees.
- 4:6 Teachers shall have the responsibility for determining grades within the grading policy of the District. Only the principal, with the approval of his/her immediate supervisor, shall have the right to change a grade and shall (a) if an employee is available within a reasonable amount of time, consult with the teacher before making the change, (2) as soon as possible inform the teacher in writing of his/her right to file a disclaimer of responsibility for the grade, and (3) provide in writing a reason for the grade change, one copy to be given to the teacher. Whenever any grade change appears it shall be initialed by the person making the change.
- 4:6.1 Any school using computerized reporting with the exception of those requiring narrative reports shall have three (3) workdays to turn in grades to the building administrator. Teachers in schools not using computerized reporting and/or those requiring narrative reports shall have six (6) work days from the close of the last day of the marking period to turn in grades to the building administrator, excluding the last marking period. The last marking period grades will be due three (3) days from a date designated by the administration. Teachers will be informed of this designated date no later than May 1. Final grades for seniors in danger of failing the course are not subject to the three (3) day timeline. This language assumes marking periods end on the last student day in a given week and that the six work days provides for two week-ends for teachers to complete the necessary work.
- 4:7 Students shall not be removed from, added to, or transferred to an employee's classroom without appropriate notice. Educational information concerning a student transfer shall be provided to the classroom teacher. Teachers will be provided educational and medical information on all students with special needs with whom they have contact as soon as it is available. As used in this paragraph, "medical information" means that data necessary for the teacher to accommodate or adequately respond to known medical or health conditions.

- 4:8.1 When the parent/guardian indicates a desire to attend a conference with a community/legal representative the building administrator shall be responsible for scheduling and attending such a conference. The employee shall have the right to bring an Association representative.
- 4:8.2 In the event that the parent/guardian is accompanied by a member of his/her immediate family then the employee shall not be entitled to representation. However, if at any time during the meeting the employee believes he/she needs a representative the principal shall terminate the conference until an Association representative may also be present.
- 4:8.3 In such cases when an Association representative attends with an employee, the Association representative must maintain the confidentiality of all material discussed at such meetings.
- 4:8.4 The building administrator shall terminate the conference if he/she feels the conduct or language directed at the employee becomes foul or abusive. If an administrator is not present during the conference a teacher may terminate the conference until an administrator is available. Also, if, after a verbal objection, abusive behavior continues the teacher may leave the conference.

4:9 INSTRUCTIONAL MATERIALS

A copy of the District's policy concerning rights and responsibilities relating to development of instructional materials is placed at the end of this Agreement for the information of employees as Appendix G. Any recommendations for change in the policy will be submitted to the Superintendent by a teacher/administration committee. The committee will be made up of three (3) Association representatives appointed by the Association and (3) three administrative representatives.

4:10 DRESS CODE

The parties recognize the positive effect a teacher can have on his/her students and on ensuring an environment conducive to learning and maintaining decorum in the classroom. We are in agreement to the following guidelines regarding to the manner of dress and grooming for all staff members whenever performing a professional role:

- 4:10.1 It is expected that staff will dress in a professional manner consistent with his/her job duties and suitable for the subject of instruction or the task being performed.

- 9:4 While it is the Board's responsibility to adopt and to provide curricular materials, it is the teacher's responsibility to determine how to adjust or supplement those materials as needed to enhance student performance.

ARTICLE 10

PROTECTION OF EMPLOYEES, PUPILS, AND PROPERTY

- 10:1 The Board and the Association agree that effective means for the protection of employees, pupils, and property are essential to the smooth functioning of the School District. Employees shall report in writing (except in cases of an emergency) all unsanitary, unsafe or hazardous conditions to the administrator in charge who shall, as quickly as possible after investigation and evaluation, take appropriate action to remedy the condition. Formal observation sessions shall be with the full knowledge of the employee. Records of all other observations of the employee's work performance which are to be made part of his/her file will be made known to the employee. Every appraisal report form shall be completed and signed by the appraiser before being given to or discussed with the employee.

ARTICLE 16

SENIORITY, LAYOFF, AND RECALL

16:1 SENIORITY

- 16:1.1 Seniority shall be calculated as the length of most recent continuous service as a teacher and/or administrator in the District. Time earned as a temporary contract employee in the district shall count toward seniority upon the hiring of the employee on a permanent contract provided that service is continuous.
- 16:1.2 For transition purposes, seniority dates for teachers shall be the seniority date as established in the spring 1981 seniority roster of the New Castle County School District adjusted for any time spent on layoff during 1981-82 and other reasons for adjustment as outlined by this Article.
- 16:1.3 An administrator who is assigned to bargaining unit positions shall be afforded seniority as a teacher commensurate with the time of his/her previous employment as either a teacher and/or administrator by the District, the New Castle County School District, and/or one of the component districts prior to July 1, 1978. Such service must be continuous and a resignation is considered a break in service. (Moving from a teacher to an administrative position within the same District is not considered a resignation.)
- 16:1.4 The Human Resources Office shall annually publish a list of all employees by field of current major teaching assignment listed in seniority order. This list shall be published and posted in each school by February 15 of each year. Employees who wish to appeal their placement on this list must do so in writing to the Human Resources Office before March 1 of the year the list is published. A final list shall be published by March 31 each year. An employee's failure to question prior to March 1 his/her seniority date and classification on the first published list will preclude the assertion of incorrect seniority date and classification in challenging a subsequent layoff.
- 16:1.4.1 If an employee's seniority date or classification is different on the second list as compared to the first list such employee has three (3) days from the posting of the second list to appeal the change.
- 16:1.5 The Association will be made aware of the composition of the seniority list prior to the posting of such list. The Association may make suggestions for additions and/or deletions. The final composition of the seniority list shall rest with the Superintendent and is not subject to the grievance procedure outlined in Article 3.
- 16:1.6 In the event two or more employees have the same seniority date the following criteria shall be used in the order enumerated as tie breakers:
- (a) total length of teaching service in New Castle County;
 - (b) total length of State teaching service;
 - (c) length of total teaching experience;

- (d) educational level on the salary schedule; and
- (e) lottery.

16:1.7 Board-approved leaves of absence shall not constitute a break in service, but will not be counted toward seniority as applied in this Article with the following exceptions:

- (a) sabbatical leaves
- (b) military leaves
- (b) leave for officer of the Teacher Association(s)

16:2 LAYOFF

16:2.1 The Superintendent shall determine the number of positions to be reduced, taking into consideration known attrition, and shall apprise the President of the Association of this information and also share with the Association how this information was developed.

16:2.2 To accomplish the necessary reduction in force, employees will be laid off from the field of their current major assignment on the basis of seniority.

16:2.3 Employees who work in programs of limited duration and are scheduled to be laid off from such program shall be permitted to return to a regular position in their former major teaching field when the limited duration program is reduced or terminated provided the employees have sufficient seniority. When a decline in enrollment, a decrease in program, or a reduction in funding is anticipated for the following year, any necessary reduction will be made in that field consistent with seniority to permit such reassignment.

16:2.4 Employees who have been involuntarily transferred or involuntarily reassigned to an assignment that places them in a different seniority classification and are scheduled to be laid off from such classification shall, at the employee's option, be permitted to return to their previous seniority classification provided they have sufficient seniority.

16:2.5 Employees who are on one of the seniority classifications listed below and are scheduled to be laid off in that classification shall, at the employee's option, be permitted to exert their seniority provided they have sufficient seniority to the least senior employee in the related classification(s) listed below for which they are fully certificated. Such certification must be on file in the Human Resources Office prior to March 1 of the year the reduction takes place:

- 16:2.6 Employees who are laid off shall be placed on the recall list in the subject field from which they were laid off and in a field in which they are fully certificated.* An employee may request that his/her name be removed from a seniority classification on the recall list. Placement on the recall list will be for two years. *(Fully certificated means – holds a regular certificate or only needs six refresher hours to renew a regular certificate.)
- 16:3 RECALL
- 16:3.1 Notification of recall will be by telephone and the person will be expected to respond to the offer within 72 hours (excluding weekends and holidays) of the telephone call. No response will be interpreted as a refusal.
- 16:3.2 If notification by telephone is not successful a certified letter will be sent offering the position. The person will have five (5) calendar days from the postmarked date of the certified notice to respond to the offer. No response will be interpreted as a refusal.

A person who refuses a permanent full-time position in a classification other than which he/she was laid off will stay on the recall list in other classifications, but the District will have no further obligation to offer another position in the same classification.
- 16:3.5 A person on the recall list who is offered and accepts recall to a temporary or a part-time position will not forfeit his/her right to a permanent full-time position. The person may be placed in a permanent full-time position before the completion of the temporary or part-time employment with administrative approval. The person will be placed at his/her appropriate position on the recall list upon completion of such temporary employment.

Before approving pay for sick leave, the supervisor may at his/her discretion require either a doctor's certificate or a written statement signed by the employee setting forth the reason for the absence. APPENDIX G

DEVELOPMENT OF INSTRUCTIONAL MATERIALS

Personnel employed by the Christina School District (the "District") may have occasion to develop computer programs and other curriculum materials which have commercial value (hereinafter "materials"). These activities may involve use of District resources, including computer equipment and software (hereinafter "facilities") and may be supported by District funds or funds provided by outside sponsors.

The Federal Copyright Act provides that, in the case of a "work made for hire," the originator's employer is the "author" of the work and is entitled to copyright the work unless the parties have expressly agreed otherwise. A "work made for hire" is defined by the Act as "a work prepared by an employee within the scope of his or her employment."

It is the purpose of this policy to establish the respective rights and obligations of the District and District personnel related to the development of copyrightable materials and administrative procedures for carrying out this policy.

1. Administrative Responsibility

The administration of this policy is the responsibility of the Director of Instruction who shall not depart from this policy without the Board's consent.

2. General Principles

A District employee who develops materials which may be copyrightable is required to cooperate with the District in defining and establishing rights under the Federal Copyright Act, this obligation extends to any materials, whether or not made on District time and whether or not District facilities were used. An employee shall not use District facilities for the purpose of developing materials unless the employee has the prior written approval of the Director of Instruction. When materials have been generated, with or without the use of District facilities, the originator shall promptly provide the Director of Instruction with a statement describing the circumstances under which the materials were produced, with particular attention to:

- a. Identifying the sponsor, if any, of the project;
- b. Stating whether the activity resulting in development of the materials is within the originator's normal activities and responsibilities as a District employee;
- c. Indicating the extent to which equipment or physical facilities provided by the District were used in producing the materials;
- d. Indicating whether the materials were developed under terms of a consulting agreement; and
- e. Noting the existence of any agreement between the originator and the District with respect to the materials.

If it is determined by the Director of Instruction that the District has rights to the materials, the originator agrees to provide the District with an unconditional license to use the materials. Such a license shall be provided at no cost to the District apart from the consideration of the originator's employment. Such a license shall be in a form acceptable to the District. Materials developed by District personnel under terms of consulting agreements fall within the provisions of this Section. District personnel may not use District facilities for work related to consulting agreements without the prior written approval of the Director of Instruction. It is the responsibility of District personnel to advise potential consultation clients of their District obligations prior to entering into consulting agreements.

3. Rights and Obligations of District Personnel with Respect to Certain Instructional Materials

a. Work Conducted Independently by District Personnel

Materials resulting from work conducted wholly at the expense of the individual, without use of District facilities, equipment, or materials, and outside the scope of the individual's normal field of District activities and employment responsibilities, are the property of the individual. In all such cases the Director of Instruction shall agree, in writing, that the materials belong to the originator to dispose of as he/she sees fit.

b. Work Financed Wholly or in Part by Government Funds

The District may be obligated to report to the appropriate government agency with respect to all materials derived from work which has had any financial support from the Government of the United States. The Government may determine that:

- 1) The public interest requires that the materials be disclosed in the open literature;
or
- 2) The Government shall have exclusive rights to the materials; or
- 3) The materials shall be released to the District, in which event the District shall release the materials to the originator subject to the originator's agreement to provide the District with a license to use the materials (see Section .2).

Irrespective of which of these alternatives is selected by the Government, the Government usually retains rights to a royalty-free, non-exclusive, irrevocable license throughout the world under any copyright which may be issued on the materials, or to free use of the materials for Government purposes. Any rights to the materials granted by the District are subject to such retained Government rights. If the District releases the materials to the originator, the release shall specify that the originator agrees to convey to the District such rights as the District may need in order to fulfill its obligation to the Government.

- c. Work Financed Wholly or in Part by Industrial, Philanthropic, or Other Organizations, or by Individuals Under Contracts or Written Agreements with the District

Rights with respect to materials in this category are governed by the terms of the individual agreements.

4. Arbitration of Dispute

In the event the District and the originator cannot agree with respect to any of their respective rights or obligations under this policy, such dispute shall be submitted to arbitration. An arbitrator shall be selected in accordance with the rules and procedures of the American Arbitration Association. The costs for the services of the arbitrator, including per diem expenses, travel expenses, subsistence expenses, and the cost of the hearing room shall be borne equally by the District and the originator.

5. Additional Provisions

- a. The originator agrees not to use the District, or the District's name, in the use of such materials without prior written approval by the District. The District has the right to have its name included if it so desires.
- b. The originator agrees to execute all documents including license of the materials to the District.
- c. It is the originator's responsibility to provide the Director of Instruction with a mailing address.
- d. The originator warrants that all materials he/she develops are the original work of the originator and free from infringement of existing copyright. If the originator incorporates copyrighted materials in such materials, he/she shall provide proof of release from copyright holder prior to their inclusion. Further, the originator agrees to take no action or enter into any agreements or arrangements under which any other person or organization may develop rights in such materials without the prior written approval of the Director of Instruction.

APPENDIX J

STATE OF DELAWARE ACCEPTABLE USE POLICY

I. PURPOSE

The purpose of the State Information Transport Network (SITN) is to provide a vehicle that will enable digital communications to occur across interstate and intrastate boundaries within the framework of the State of Delaware's oversight and control. In support of this function, the Office of Telecommunications Management, in accordance with the Delaware Code Annotated, Title 29, Section 6353, is responsible for administering policies and procedures pertaining to the use of communications facilities and services by state government and to ensure compliance with these policies as well as other applicable laws and regulations. The development and publication of such policies will provide the foundation for assuring that abuse of the State's communications network does not occur.

Use of SITN must be consistent with the goals of facilitating and disseminating knowledge, encouraging collaborative projects and resource sharing, aiding technological transfer to State of Delaware businesses, fostering innovation and competitiveness within Delaware, and building broader infrastructure in support of the performance of professional, work-related activities.

Use of the State Information Transport Network is subject to the policies and guidelines found within this document. Violations or abuse of what is considered to be *acceptable use* will be subject to appropriate penalties depending upon the severity of the transgression from policy abuse.

The intent of this policy is to clarify certain uses which are consistent with the purposes of the State Information Transport Network, not to exhaust all such possible uses. The primary concern being addressed by this policy is use of the state communications network, not the use of the localized stand-alone workstation. Acceptable use of the stand-alone workstation is the responsibility of the individual agency/school district.

OTM may, at any time, make determinations that particular uses are or are not consistent with the purposes of the SITN. Should such determinations modify, in any way, the content of this policy, an updated policy reflecting such changes will be provided to all Cabinet Secretaries, Division Directors, School Superintendents, Principals and Education Technology Coordinators. Revision dates will appear on all such updates in an effort to eliminate any questions of currency. If a use is consistent with the purposes and intent of SITN, then activities in direct support of that use will be considered consistent with the purposes of the network. For example, administrative communications in support of acceptable activities will be permitted.

II. POLICY COMPLIANCE

This Acceptable Use Statement represents a set of guidelines to be followed when using the *State Information Transport Network*. This statement applies to all users of the Delaware statewide network, or any other networks which are used as a result of their SITN connection, such as INTERNET. Compliance with this policy and the Acceptable Use policies of any other networks accessed through SITN connection, is also subject to enforcement by the “owner” of that network. (i.e., abuse occurring on a network outside of the geographical boundaries of the State of Delaware will be considered a violation of the Delaware *State Information Transport Network Acceptable Use Policy* as well as a violation of other applicable Local, State or Federal policies, if access to that network was acquired via the SITN connection.) Should a violation or policy abuse occur, the individual who deliberately and with full knowledge, committed the said violation shall be personally liable for his/her actions.

III. ACCEPTABLE USES

- (1) To provide and facilitate communication with other state agencies and business partners of state agencies.
- (2) To communicate and exchange professional development to maintain or to debate issues in a field or subfield of knowledge.
- (3) To use for professional society, university association, government advisory, or standards activities related to the user’s professional/vocational discipline.
- (4) To use in applying for or administering grants or contracts for work-related applications.
- (5) To use any other administrative communications or activities in direct support of work-related functions.
- (6) To announce products or services for use within the scope of work-related applications, but not for commercial advertising of any kind.

PRINCIPLES OF ETHICS

- (1) To respect the privacy of other users; for example, users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or represent themselves as another user unless explicitly authorized to do so by that user.
- (2) To respect the legal protection provided by copyright and licensing laws to programs and data.
- (3) To respect the integrity of computing systems; for example, users shall not intentionally develop programs that harass other users or infiltrate a computer or computing system and/or damage or alter the software components of a computer or computing system.

IV. UNACCEPTABLE USES

- (1) Illegal or malicious use is not acceptable. Use should be consistent with guiding ethical statements and accepted community standards. SITN may not be used in ways that violate applicable laws or regulations such as use of the network to transmit or solicit threatening, obscene, or harassing materials. Use of SITN and any attached network, LAN or WAN, in a manner that precludes or significantly hampers its use by others will be considered an actionable offense.
- (2) Connections which create routing patterns that are inconsistent with the effective and shared use of the network shall not be established.
- (3) Unsolicited commercial advertising is not acceptable. Advertising is permitted on some mailing lists and news groups if the mailing list or news group explicitly allows advertising. Announcements of products or services are acceptable.
- (4) Use of the network for recreational games is not acceptable.
- (5) Use for revenue generating activities, unless stated as a specifically acceptable use, is not acceptable.
- (6) Use for private or personal business activities, as defined in a commercial sense such as the buying and selling of commodities or services with a profit motive, is not acceptable.
- (7) It is not acceptable to use the SITN to solicit information with the intent of using such information to cause personal harm or bodily injury.
- (8) It is not acceptable to use SITN so as to interfere with or disrupt network users, services, or equipment. Disruptions include, but are not limited to, distribution of unsolicited advertising, propagation of computer worms or viruses, and use of the network to make unauthorized entry to any other machine accessible via the network.
- (9) It is assumed that information and resources available via SITN are private to those individuals and organizations which own or hold rights to those resources and information, unless specifically stated otherwise by the owners or holders of the rights. It is therefore not acceptable for any individual to use SITN to access information or resources unless permission to do so has been granted by the owners or holders of rights to those resources and information.

V. REMEDIAL ACTION

When OTM learns of possible inappropriate use, OTM staff will immediately notify the agency or affiliate responsible, which must take immediate remedial action and inform OTM of its action.

In an emergency, in order to prevent further possible unauthorized activity, OTM may temporarily disconnect that agency or affiliate from the SITN. If this is deemed necessary by OTM staff, every effort will be made to inform the agency or affiliate prior to disconnection, and every effort will be made to reestablish the connection as soon as it is mutually agreed upon.

Any determination of non-acceptable usage serious enough to require disconnection will be promptly communicated to the Cabinet Secretary Level by the Director of the Office of Telecommunications Management.

Unauthorized activity or not-acceptable usage determined by the agency/school district level may be subject to remedial action being taken in accordance with the acceptable use policy of that agency/school district as well as those actions outlined above. The remedial action outlined in agency/school district policies may differ from the remedial action as outlined in this policy.

This policy represents a guide to the acceptable use of SITN. OTM provides access to state, national and international resources to its clients through connections with networks outside of Delaware. In general, it is the responsibility of those networks to enforce their own acceptable use policies. OTM will make every attempt to inform its clients of any restrictions on use of networks to which it is directly connected, as such information is made available by the network provider.

OTM accepts no responsibility for traffic which violates the acceptable use policy of any directly or indirectly connected networks beyond informing the client that they are in violation if the connected network so informs OTM.

OTM will review violations of our Acceptable User Policy on a case by case basis. Clear violations which are not promptly remedied by the client organization may result in termination of SITN services and/or investigation by the Attorney General's office.

If, in the judgment of the Office of Information Services/Office of Telecommunications Management, it is believed that criminal activity is taking place within the network infrastructure, OTM will notify the proper authorities and will assist in any investigation and/or prosecution of any offense by documenting such illegal use.
