Such recognition shall be continuous from year to year unless challenged.

The Board agrees not to negotiate with or recognize as a formal representative any group of teachers or teachers' organization other than the Association for the duration of this agreement or until such time as another organization has been declared the duly elected representative of the teachers by the Division of Labor and Management Relations of the State of South Dakota Department of Labor pursuant to SDCL 3-18.

Section B - Recognition of Board Responsibility

It is recognized and agreed by the parties that the Board is charged by law, SDCL 13-8-39, with the general charge, direction, and management of the schools of the District. It is the intent of the parties that none of the responsibilities imposed upon the Board by this, or any other statute or applicable declaration of common law, be surrendered, nor that anything contained in this agreement be contrary to law or exceed the authority granted to the Board by law. To the extent any part of this agreement does any of the previously mentioned, it is void.

In that event, the parties to this agreement shall meet as soon as reasonably possible and negotiate a substitute provision according to the provisions in Article II.

Section E - Printing of Agreements

The Collective Bargaining Agreement shall be printed at the expense of the School District after the negotiated agreements are adopted by the Board or as soon thereafter as is practical and presented to all teachers now employed or hereafter employed. Further, the School District shall furnish 25 copies of the Agreement to the Association for its use.

Article II - Negotiation Procedures

Section A - Problem Solving

This level of negotiation is optional and may be pursued upon mutual agreement.

The Board and the Association agree that they will attempt to resolve issues which are negotiable through a process of problem solving. The process may be viewed as a pre-negotiation phase. Problem solving shall be directed toward reaching early settlement, toward reaching settlement amicably, toward all participants viewing the entire process as one of problem solving, and, finally, toward maintaining flexibility as the parties attempt to accomplish goals.

The parties will attempt to complete the problem solving phase of negotiations by January 1. The process should involve the smallest number of people possible. Working groups should normally involve not more than three (3) persons from each party. "Third party" representatives should not be involved. The process should be used to deal with salary and benefit issues and other matters viewed as appropriate to the process. Working groups will reach agreements which are subject to the approval of the parties. Failure to reach consensus or agreement will leave issues subject to formal negotiations.

Section B - Negotiations - Principles

1. As a condition of participating in negotiation, the Board and the Association recognize that their relationships must continue to be characterized by mutual responsibility and respect.
2. The process described in this agreement is dependent on mutual understanding and cooperation. It, therefore, requires a free and open exchange of views with all parties participating in discussion. As a condition of participation in negotiations, both parties agree to negotiate in good faith.
3. Failure in the negotiation process results in financial outlays by both the Association and the Board, which could be used for more beneficial purposes.
4. Subjects of Negotiations - The parties shall negotiate salary, rates of pay, all economic aspects of employment, grievance procedures, hours of employment, and conditions of employment as defined in Section C of Article I. The statutory responsibilities of the Board are not subject to negotiation.
5. No group of employees may discriminate in its membership on the basis of age, race, creed, gender, marital status, disability, grade level, or subject field.
6. The Association shall be entitled to the reasonable use of school communications media as established by the Board.

7. Membership in any organization shall not be required as a condition of employment.

Section C - Responsibilities and Rights

1. The Board agrees that it will not directly or indirectly discourage, deprive, or coerce any teacher in the enjoyment of any rights conferred by the laws or Constitutions of South Dakota and of the United States, and that it will not discriminate against any teacher because of his/her membership in the Association or collective negotiations with the Board, and his/her institution of any grievance, complaint or proceeding under this agreement; and that the rights granted to teachers in this agreement are in addition to those provided in the above-mentioned statutes and Constitutions.
2. Consistent with the Code of Ethics of the Education Profession, and laws and Constitutions of South Dakota and of the United States, teachers shall be entitled to full rights of citizenship and the exercise thereof shall not be grounds for any discipline or discrimination against a teacher.
3. The parties agree that there shall be no discrimination against any employee or applicant by reason of age, race, creed, gender, marital status, disability, or national origin and that the provisions of this agreement shall be applied in a manner which is not arbitrary, capricious, or discriminatory.
4. The Association shall have the right to post notices of its activities and matters of Association concern on teacher bulletin boards, at least one (1) of which shall be provided in each school building. The Association shall have the right to use the established District mail service and teacher mailboxes for communication to teachers.
5. The Association and its representatives shall have the right to use school buildings for local Association meetings, provided that when special custodial services are required, the Board may make a reasonable charge therefore and that such use shall not interfere with the school program.
6. The Association shall have the right to use school office facilities and equipment, including computers, duplication equipment, calculating machines, and all types of audio-visual equipment, when such equipment is not otherwise in use. Association use of such facilities and equipment will be permitted provided that:
 - a. Request is made and use arranged for in advance with the principal of the school or the office manager of the Instructional Planning Center or their designee.
 - b. The use is strictly to service the legitimate business of the Association, such as the duplication of records, notices, correspondence, etc.
 - c. Supplies and expense, in connection with such equipment use, will be furnished or paid for by the Association.

- d. Data processing equipment is not included in this provision. However, use of such equipment may be arranged for on an individual case basis with the director of data processing.
7. The Association shall be part of any discussions between the Board and the colleges and/or universities relating to the student teacher agreement.

Section D - Challenge of Recognition

When a question concerning the representation of certified personnel is raised by the Board, employee organization, or employees, such question shall be settled according to SDCL 3-18 and rules promulgated by the South Dakota Department of Labor.

Section E - Procedures

1. Organization: The Superintendent shall call for a meeting of the parties to negotiations not later than ten (10) days following the regular January Board meeting, giving due notice of time and place. Agenda items for subsequent meetings shall be submitted at this organizational meeting. Additional meetings shall be agreed upon by the parties as may be necessary to complete consideration of agenda items as promptly as practical. Meetings shall be scheduled to avoid conflicts with school duties of Association representatives. The Board and the Association each shall have the right to be represented by parties of their respective choosing at negotiating sessions.
2. Caucus: Each party has the right to caucus at any time during the meeting.
3. Executive Session: Each party shall have the right to request executive session.
4. Agenda: An agreed-upon agenda will be developed prior to each meeting.
5. Tentative Agreements: When tentative agreement is reached on an agenda item, the chief negotiators shall place their signatures on these items with each party retaining one (1) copy.
6. Reopening Negotiations: Negotiations may be reopened for additional agenda items by mutual consent of the Board and Association.
7. Study Committees: The parties may appoint ad hoc study committees for research, study, and development of reports; such committees shall report their findings only to the parties.
8. Exchange of Information: The Board and the Association agree to cooperate in collecting and sharing such information as will assist both parties in developing intelligent, feasible, and constructive proposals including timely statements of the District's financial condition.

9. Released Time for Negotiators: Whenever any representative of the Association or a teacher participates during working hours in negotiations he/she shall suffer no loss of pay. Such participation shall be the result of conciliation, mediation, factfinding, impasse, or an emergency negotiating session. During emergency negotiating sessions the Board shall pay 50 percent of the cost of any necessary substitutes, and the Association shall pay 50 percent.
10. Negotiators shall not be subject to criticism for reasonable use of the telephone during working hours when concerned with provisions of this policy. However, it is recognized that the prime purpose of the telephone is for school business.
11. Review of contract/concerns:
 - a. The Superintendent and the President of the Association shall meet at the request of either party with the negotiators and other representatives for each party at a time convenient to both parties for the purpose of reviewing the administration of the teaching contract and the negotiated Agreement, to resolve problems that may arise and to consider matters of mutual concern to the parties. These meetings are not intended to and shall not bypass the grievance procedure. Each party shall reserve the right to include advisory personnel at such meetings.
 - b. Each party shall submit to the other an agenda at least seven (7) calendar days prior to the meeting. Tentative agreements which would amend this agreement shall be reduced to writing, shall be signed by both parties, and, if ratified by both parties, shall thereupon become part of this Agreement. Understandings reached as to areas of concern not considered by this agreement shall be reduced to writing, signed by both parties, and adopted by the Board, and/or implemented by the Superintendent.

Section F – Agreements

When an agreement is reached by the parties, it shall then be reduced to writing and submitted for consideration by the Board and the members of the Association. If ratified by the Association and the Board, it shall become a part of this Agreement.

The Sioux Falls School District and the Association agree that negotiated language should be written in such a manner as to clearly reflect the intent of the agreements reached through the bargaining process. Any language which is omitted, added, or does not match the draft copies that were proofed and signed off on by both parties will be amended as soon as the error is discovered by either party and proven through notes or draft agreements to be printed incorrectly.

The party discovering the printing error will notify the other party and discuss the method of reprinting and distributing the corrected language to all staff affected by the Association's negotiated agreements.

Section G - Mediation

If good faith negotiation has not resulted in agreement on any subject(s) of negotiation, either party may request a mediator from the Department of Labor. If requested, both parties must participate in the mediation process.

Section H - Factfinding

1. Either party may request factfinding by the Department of Labor and both parties must participate in the process. The procedure shall be in accord with the current procedure in use by the Department of Labor.
2. Within three (3) days of receipt of the factfinder's recommendation and explanation, the parties shall meet to negotiate in good faith unless agreement has already been reached.
3. If an inability to reach agreement persists, either party may take any action provided by law.

Section I - Costs

All fees and expenses of mediation and factfinding shall be shared equally by the Board and the Association.

Article III - Grievance Procedure

Section A - Definitions

1. A *grievance* is a complaint by a teacher or group of teachers, a representative of the Association, officers of the Association, or the Association based upon an alleged violation, misinterpretation or inequitable application of this Agreement. Nothing contained in this policy shall be construed to limit, impair or affect the right of any teacher or his/her representative to the expression or communication of a view, grievance, complaint, or opinion on any matter related to the condition or compensation of public employment or betterment, so long as the same is not designed to and does not interfere with the full, faithful, and proper performance of the duties of the employment; nor shall it be construed to require any public employee to perform labor or services against his/her will.
2. In this article the term *teacher* may include a group of teachers who are similarly affected by a grievance.
3. An *aggrieved person* is the person or persons making the claim, and, when the Association is making the claim on its own behalf, the representative of the Association making the claim, the officers of the Association making the claim, or the Association making the claim.
4. A *party in interest* is the person or persons making the claim and any person or persons who might be required to take action or against whom action might be taken in order to resolve the problem.

7. *Immediately involved supervisor* shall mean the administrator or supervisor at the lowest administrative level who has the authority to decide the grievance. If there is none, it shall be initiated at Level Three.

Section B - Principles

2. All parties agree that these proceedings shall be kept as informal and confidential as may be appropriate at any level of the procedure.
3. Nothing herein contained shall be construed as limiting the right of any teacher having a problem to discuss the matter informally with any appropriate member of the administration or with any appropriate representative of the Association at any time.
4. Any certificated employee or group of employees has the right at any time to present any grievance to such persons or the Board through such channels as are hereby designated for that purpose.
5. All written and printed matter dealing with the processing of a grievance will be filed separately from central office personnel files of the participant.
6. The processing of a grievance shall not in and of itself be stated, construed, inferred, or claimed by any party at interest, either directly or indirectly, to be unprofessional conduct on the part of the grievant.

Section C - Structure

1. The Association shall designate a school representative for each school chosen in such a manner as may be determined by the Association.
2. The Association shall maintain a grievance committee (hereinafter referred to as the "committee") which may be broadly representative of teaching levels and areas and shall be constituted in such a manner as may be determined by the Association.

Section D - Time Limits

1. Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement in writing.
2. In the event a grievance is filed at such time that it cannot be processed by the end of the school year, the time limits set forth herein will be reduced/extended so that the grievance procedure may be completed prior to the end of the school year or completed in the fall.

3. The teacher, a group of teachers, a representative of the Association, the officers of the Association, or the Association shall file a formal grievance within 45 days of the alleged violation, or within 45 days of when the alleged violation was discovered, or through reasonable diligence should have been discovered, excluding summer.

Section E - Informal Procedures

1. If a teacher has a grievance, he/she should first discuss the matter with his/her immediately involved supervisor in an effort to resolve the problem informally.
2. If, after such discussion, the teacher is not satisfied with the disposition of the matter, he/she shall have the right to have the Association school representative assist him/her in further efforts to resolve the problem informally with the principal or other appropriate administrator or supervisor.
3. If the teacher is not satisfied with the disposition of the grievance by the immediately involved supervisor, he/she may take the grievance to the appropriate level of the formal procedures which involves the immediately involved supervisor.

Within fourteen (14) days the aggrieved person may file a written appeal for a hearing by the Superintendent.

The Superintendent or his/her representative shall act for the administration at Level Two of the grievance procedure. Within fourteen (14) days after receipt of the written appeal for a hearing by the Superintendent, the Superintendent shall meet with the aggrieved person and with representatives of the committee for the purpose of resolving the grievance. A full record of such hearing shall be kept by the Superintendent and made available to the parties in interest upon written request and assurance of confidence. The Superintendent shall within fourteen (14) days of the hearing render his/her decision and its rationale in writing to the aggrieved person with a copy to the committee.

Representatives of the Association's committee shall have the right to attend and participate in the meeting of the Superintendent with the aggrieved person relating to the grievance presented to the Superintendent.

The Board shall consider the grievance within fourteen (14) days. The grievant shall receive at least three (3) days' prior notice of such hearing, unless such notice is waived by mutual agreement in writing.

After receiving the written appeal, the Board may appoint a factfinder to review the grievance and its processing to this point and to report to the Board prior to its meeting with the aggrieved person and with representatives of the committee for the purpose of resolving the grievance. The decision of the Board shall be rendered in writing within fourteen (14) days.

4. Level Four: Department of Labor

Section G - Rights of Participation

1. No reprisals of any kind shall be taken by either party against any party in interest, any representative, any officer of the Association, any member of the Association's grievance

committee, any member of the administration, or any other participant in the grievance procedure by reason of such participation.

2. All parties in interest may be represented at all levels of the formal grievance procedure by Association representatives, legal counsel, or other persons of their own choosing. The grievant may not be represented by representatives of another employee organization.
3. When a teacher is not represented by the Association, the teacher must follow all procedures of this article and the Association and/or its officers shall have the right to be present and to state its views at all stages of the procedure, except at Level Three if the Board elects to go into executive session and also excludes the grievant and his/her representatives. For purposes of this section the Board, the Superintendent and the administration shall give due and proper notice to the Association and its officers.
4. When a hearing is scheduled during working hours, neither a grievant nor necessary witnesses shall be penalized by loss of pay. Such absence shall be reported as court and jury leave.

The sole remedy available to any teacher for any alleged breach of this policy or any alleged violation of his/her rights hereunder shall be pursuant to the foregoing grievance and arbitration procedure provided, however, nothing contained herein shall deprive any teacher, administrator or the Board of any legal right.

Article IV - Salary and Related Items

Section A - Payment of Salary

A teacher in the Sioux Falls School District may receive his/her contract wages by the method in either *Option A* or *Option B* following:

Option A: The teacher may elect to receive his/her contract wage in twelve (12) equal installments.

Option B: The teacher may elect to receive his/her contract wages in ten (10) equal installments to be paid with the regular payroll in September through June inclusive. If this option is selected, it is agreed that payroll deductions will be arranged by the employee to function within the ten (10) month salary payment schedule.

Deductions shall be made from the September through June paychecks. A teacher in the employ of the District who wishes to change the method of salary payment for the next contract year must inform the Human Resources Department no later than September 15. Without such notification, the method of payment shall be continuous year to year.

A new teacher shall, no later than September 15, indicate by which of the two (2) methods salary is to be paid.

Section B - Payroll Deductions

This District shall show deductions on a monthly basis. Association dues shall be deducted upon advisement by the Association no later than September 15.

Section C - Association Dues Reduction Investment Plan

Each teacher of the School District may elect to have the District deduct from salary a specified dollar amount per pay period, which sum shall be paid within three (3) working days after payroll issuance by the School District to a depository designated by the Association. A teacher electing to implement this deduction from salary shall sign an authorization, the form of which has been approved by the Superintendent and the Association, which form shall contain a provision whereby the teacher agrees to hold the District harmless from all claims arising from the implementation and operation of the Association Dues Reduction Investment Plan.

In addition, the authorization form shall provide notice to the teacher that the authorization is irrevocable for the period of the then current teacher's contract, unless termination of the authorization is mutually agreed upon by the Association, the teacher, and the Superintendent. Such authorization forms shall be signed by the participating teachers and submitted to the

School District by the Association no later than September 15 of the year in which the deductions are to begin.

The Association agrees to hold the District harmless from all claims arising from the implementation and operation of the Association Dues Reduction Investment Plan, and the Association further specifically agrees that the District's sole obligation in the implementation and operation of the Association Dues Reduction Investment Plan is to withhold the authorized payroll deductions and to send a check in the appropriate sum to the designated depository monthly.

Section D - Credit Union & Payroll Deduction

The Board authorizes participation of employees of the District in the Sioux Falls Federal Credit Union following procedures as set forth by the District Finance Office.

Section E - Salary Schedules and Guides - Teaching Personnel

1. Teacher Pay Schedule – See Appendix A: Teacher and Psychologist Salary Schedules

a. School years 2007-08 through 2009-10

1. Teachers will receive salary enhancement according to the Teacher Salary Schedule in Appendix A.
2. Psychologists (see Psychologist Schedule in Appendix B) will receive the following increases to fund the cost of steps, lanes, and schedule.

2007-08: 4.1 percent
2008-09: 5.7 percent
2009-10: 4.1 percent

3. The district will pick up the District portion of the benefit increase cost. However, the District will increase its share of the health insurance premium no greater than five (5) percent a year not to exceed 81 percent of total premium for a 1.0 FTE.

b. Years 4 – 6: 2010-11 through 2012-13:

1. Salary enhancement for teachers and psychologists together in years four (4) through six (6) will be at the state rate as allocated through the state legislature.
2. State Rate Definition:
 - a. State Rate is the “Per Student Allocation” as defined in SDCL 13-13-10.1(4) The rate increase in years four (4) through six (6) of the contract will be the percent change in the previous year per pupil allocation as defined above.
 - b. If during the six-year term of the contract there is a change in the state funding formula for education, the District and the Association will meet to determine the effect on the salary portion of the agreement.

The District and the Association agree to modify the contract definition of State Rate if other sources of revenues are added to the State Rate through the legislative process. This would be accomplished by recalculating the previous year "Per Student Allocation" to reflect the change in the formula, then calculating the percent difference between the previous year "Per Student Allocation" and the revised "Per Student Allocation."

3. If the State Rate is increased between 1.5% and 2%, the District will guarantee a 2% salary increase. If the State Rate is above 3.5% but at or below 4%, the increase will be 3.5%. If the State Rate is below 1.5% or above 4%, the District will split the difference between the entities. For example, if the percent increase were 4.2%, the rate of increase applied to the salary package would be 3.6%. Likewise, if the increase were 1.3%, the percent increase in the salary package would be 1.9%.
4. The District will fund the District portion of the benefit increase cost. However, the District will increase its share of the health insurance premium no greater than five (5) percent per year not to exceed 81 percent of total premium for a 1.0 FTE.
5. In years four (4) through six (6) of this contract, salary enhancement will be funded at the State Rate. The funding will be as follows: State Rate minus lane change cost (psychologists only), minus step increases with the remainder to be added to the schedule. Step movement will occur if a step is available and if the teacher has attained any required degree/credit advancements. If the state rate is not sufficient to fund all movement on the schedules (teachers and psychologists), both schedules will be adjusted accordingly.

Deleted: percent

4. Newly hired employees shall be granted one (1) year experience credit for each year of prior employment provided that experience occurred:
 - a. in a setting similar to that for which they are being employed, and
 - b. certification/licensure was required.

5. In those instances where trade experience is a consideration in program staffing, the Assistant Superintendent or designee, after consultation with the President of the Association, may grant one (1) year of experience on the schedule for each two (2) years of trade experience.

Each new teacher's FY10 target will be Step 1 of the Teacher Salary Schedule and the appropriate row, based on the number of years of prior experience as adjusted per the FY07 Placement Grid, as follows:

3-6	Row B
7-9	Row C
10+	Row D

BA+24, or MA/MS) must be filed with the Human Resources Department on or before February 1 of the prior contract year and evidence of approved course work completion must be completed prior to September 1 of the year in which the pay increase commences. For lane advancements beyond the MA/MS lane, evidence of additional graduate credit as described in this section must be presented to the Human Resources Department on or before February 1 of the prior contract year.

10. All lane changes are subject to the guidelines set forth by the District Lane Change Committee.
11. After the rebasing/retargeting deadline for FY09 (February 1, 2008), Lane Changes for teachers will be called Graduate Credit/Degree (GCD) Advancements. At that time, the District Lane Change Committee will be renamed the GCD Advancement Committee and all appropriate references to lane changes within this agreement will be replaced with GCD Advancements. Obsolete references to lane changes (e.g. MA+12 will be deleted). Any GCD Advancements filed in the Human Resources Department after February 1, 2008, but on or before February 1, 2010 will become effective in FY11.

5. Pre-approval for graduate credits used for lane changes will be granted by the District Lane Change Committee.

When it is deemed necessary by the Board, based on a recommendation by the staff and administration, that staff members should have additional training to implement the District's program, appropriate experiences may be required through the staff development department at no expense to the individual staff members. The District in-service committee shall have the responsibility of recommending to the Board those experiences deemed to be essential for all staff members as curricula or programs are approved by the Board. The committee shall also recommend the calendar for offering such experiences.

Fifteen (15) minutes of the elementary lunch period may be assigned to teachers as necessary for the safety of students. Teachers are required to be in the building or involved in an assigned duty or activity seven and one-half (7.5) hours per day. The specific building hours teachers are required to be on duty will be determined by each building staff, subject to the conditions listed below:

2. Within the normal duty day, teachers may be assigned instructional time for each five (5) days of student attendance as follows: high school, 1450 minutes; middle school, 1335 minutes; and elementary school, 1440 minutes. 2. Should the schools have to be dismissed early during the day because of a developing storm, the announcement will also be made over the above-mentioned stations. If the staff is in the building when school is canceled at the beginning of a normal school day, they will be paid their per diem rate of pay for that day.

This shall not apply to a teacher who has extra duty responsibility regarding student supervision. A school vacation period for the purposes of this policy shall be defined as any scheduled break in the school calendar of more than two (2) days' duration.
3. This early dismissal provision for staff applies also to staff inservice days. Teachers may leave five (5) minutes after the normal student dismissal time, with the same exceptions noted in Item 3 above.

Teachers who have been excused from building faculty meetings may be required to attend a makeup meeting.
2. Building faculty meetings may be scheduled before or after the student day, as determined by the faculty of that building. Meetings may extend up to 45 minutes beyond the regular teacher hours for that building.

2. Staff reassigned to new subject areas or grade levels shall be allowed up to one-half (1/2) day to work with a “job alike” and/or District curriculum staff to familiarize themselves with the curriculum.

Section G - Job Sharing

Job sharing may be proposed by teachers or administrators. The sharing of one (1) teaching position by two (2) teachers may be approved at the sole discretion of the Superintendent if such sharing has been agreed to in writing by the teachers. Teachers who are sharing a position shall be granted the same rights and privileges as other part-time teachers. Salary and benefits shall be paid in proportion to time taught. Job share proposals shall be reviewed and signed by the principal or direct supervisor, prior to the teacher submitting such proposal to the Superintendent. Proposals shall be submitted by April 1. The administration will make every effort to process these requests as quickly as possible.

Article VI - Extra Pay - Extra Work

Section A – Extra Pay - Extra Work Point System

1. The extra pay - extra work point system determines compensation based on a specified dollar amount per point according to Appendix D. The dollar value of each point will be determined by dividing the total P-12 dollar amount available by the total number of points for P-12 positions on the schedule. Additional staff needed due to increased student participation or enrollment will not be included in the total points for determination of the point value each year. The extra pay – extra work points will be increased by 1% per year for the length of this agreement.

If the administration wishes to add positions that call for the payment of extra duty pay, the position and job description will be submitted to the Extra Pay – Extra Work Committee by January 1 to determine the point value of the new position. It will be the responsibility of the administration to fund the position through the budget process. The new dollars will be added to the total dollars in the points pool.

2. Any staff member who assumes the head position and an additional position in the same activity shall receive compensation for the head position plus one-half (1/2) of the additional position.
3. Appeal Process for Extra Pay - Extra Work

An Extra Pay – Extra Work Committee shall be established. Three (3) P-12 members will be appointed by the Association and three (3) P-12 members will be appointed by the Administration. The coordinator of the Extra Pay – Extra Work Committee will make every effort to have a full committee present, if at all possible, when reviewing points.

a. The Committee shall:

1. Review and rule on applications for changes in point assessments.
2. Determine the removal and/or addition of any positions on the extra pay schedule.
3. Determine the point assessment for any new positions added to the extra pay schedule.

b. Appeal Process

1. An application for change in an extra pay point assessment will be made through the Association. Such application shall be made by February 1 for action affecting the next contract.

2. The teachers shall appear before the Extra Pay – Extra Work Committee to present the application.
3. The Extra Pay – Extra Work Committee will review the application and take action prior to the third Monday in March. The ruling of the committee on any position shall be final for the appealed contract year.

Section B - Length of Assignment

1. Extra pay - extra work (excluding positions listed in Appendix E) assignments are annual positions renewable at the discretion of the principal. Extra pay - extra work positions may be non-renewed for any reason, and a non-renewal does not require a showing of cause.
2. Any staff member who holds a position during the current school year and does not want to be considered for the extra pay - extra work assignment for the next year must notify the building principal prior to June 1. If a staff member resigns after June 1 for any reason other than the ability to perform the responsibilities of the position, that person must continue until a replacement is found.
3. Staff shall be notified in writing by June 30 if they are to be rehired or not. Vacant positions will be filled, if possible, no later than 30 days before the extra pay - extra work assignments begin.

Section C - Extra Pay - Extra Work - Point Values and Compensation

Extra pay for extra work shall be paid based upon the point values and dollar values shown in Appendix D.

Section D - Absences from Extra Pay - Extra Work Assignments

An individual with an extra pay - extra work assignment is expected to complete the full responsibilities as spelled out in the job description.

If a teacher who is receiving compensation for an extra pay - extra work position on the point schedule misses fourteen (14) consecutive days of practice/coaching/extra duty responsibilities, the teacher will be placed on leave without pay for the extra pay - extra work position. The teacher will be compensated from the start of the extra pay - extra work activity to the date of the leave. If the individual is able to return to the extra pay - extra work position during the course of the school year or activity season, the teacher may do so, and compensation for the extra pay - extra work will resume for the remainder of the assignment.

A replacement will be hired, if possible, for the period of the absences of the teacher on leave from the extra pay – extra work position. The replacement will receive the same rate of pay as the teacher on leave from the position.

Section E – Middle School Subject Coordinator Extra Duty Position

As long as middle school subject coordinator positions are supported and funded in the budget process by the District, one (1) of the assigned subject coordinator positions will be the middle school subject coordinator for the subject undergoing curriculum review. This position will be for two (2) years. The two (2) years will be the year of curriculum review and the year of curriculum implementation. The person in this position will be expected to work on all appropriate committees involved in the curriculum review and implementation for that subject.

Section F - Study Committees and Curriculum Work

Teachers serving on District-level study committees, curriculum review committees or groups revising and/or writing curriculum materials shall be paid according to Appendix C. If in negotiations the group is called a “District committee,” it would be paid if the work was done outside the workday. If the group is called anything other than a District committee it would not be paid.

Section G - Meetings/Activities beyond the School Day

When a teacher participates in a meeting or activity outside the duty day (Article V, Section A) at the request of the principal or District administrator, the teacher shall be paid according to Appendix C. This shall also apply to Individual Education Plan meetings, Individual Family Plan meetings (Head Start), Section 504 Plan meetings, and to non-SAT members involved in SAT meetings that extend beyond the school day. Teachers shall not be required to attend meetings or activities on Sundays. This pay provision shall not apply to Site Council participation or to the District meetings defined in Article V, Section E.

Section H - Extended Contract Days

Teachers required to work extra days in their assigned building for the purpose of opening a new school building or for major organizational restructuring shall be paid at their per diem rate.

Section I - Supervision/Coaching of Evening and Weekend Activities

Teachers who are requested by an administrator to supervise/coach students at District approved competitions and/or events in the evening and/or on non-contract days and who are not compensated through the extra duty schedule for that competition and/or event shall be paid

according to Appendix C or two (2) points, whichever is less, for a 24 hour day. One (1) point or the hourly rate, whichever is less, shall be paid from 8 a.m. to 4 p.m. and one (1) point or the hourly rate, whichever is less, shall be paid from 4 p.m. to 8 a.m.

Section J - Lunchtime Supervision

1. The school lunch period shall be considered the time from when the first class is scheduled to begin lunch until the last lunch period is scheduled to end. A teacher's duty free lunch period shall be during this time.
2. The Board shall, when possible, employ non-teaching personnel for cafeteria and other lunchtime assignments unless the assignment is part of the teacher's standard teaching load.
3. Elementary Schools – Elementary principals will maintain a rotation list of teachers available during the lunch period as defined above for cafeteria and other lunchtime supervisory duties. Should the elementary principal be unable to employ a sufficient number of non-teaching personnel or be unable to use teacher volunteers to cover the lunchtime supervisory duties, a principal may assign a teacher to supervise up to fifteen (15) minutes of the student lunchtime at the elementary school level. No teacher shall have less than a 30 minute duty free lunch period unless a teacher volunteers to supervise during the teacher's lunch period. Anyone assigned or volunteering to assist with lunchtime duty shall be paid according to Appendix C.
4. If possible, no elementary teacher shall be assigned lunchtime duty on a day when the teacher does not have at least one (1) planning period within the student day; nor will a teacher on the rotation schedule be assigned lunchtime duty more than twice a week unless the principal needs to assign the teacher in order to provide adequate lunchtime supervision.
5. The District and the Association agree to review the assignment of elementary teachers to lunchtime supervision annually to determine the number of times each week that a teacher who is on the rotation schedule is being assigned lunchtime supervision. If, as a result of the survey information, either the District or the Association feels the rotation system is working unfairly, the language of the contract may be opened for negotiations.
6. Secondary teachers assigned cafeteria supervision beyond their full load shall be paid according to Appendix C.

Section K - On-staff Substitute Teachers

Teachers shall not be required to find their own substitutes. It shall be the responsibility of the Administration to secure all necessary substitute teachers.

When necessary to ensure the safety or security of children, a principal may request that a teacher serve as an on-staff substitute. Principals will maintain a list of on-staff substitute

volunteers and an on-staff substitute rotation list. Should there be no ready volunteers, the principal will use the rotation list to assign a teacher as an on-staff substitute. At the elementary level on-staff substituting may be accomplished by the regular classroom teacher keeping the students during the “special” period. In the event that this occurs, the teacher will be compensated at the on-staff substitute rate.

If the principal and the designated teacher agree there is a pressing reason for the teacher not to accept the assignment, the teacher will be excused but will remain at the top of the on-staff rotation list. A teacher who believes that assignments to on-staff substituting have been too frequent may appeal to the Superintendent or designee.

A teacher accepting assignment as an on-staff substitute for another teacher shall be paid according to Appendix C.

Article VII – Benefits

Section A - Insurance Committee

In lieu of each employee group negotiating insurance benefits, a committee composed of one (1) representative of each recognized employee unit, one (1) member of the Board, and two (2) non-voting financial advisors appointed by the administration shall constitute the District Insurance Committee (unpaid). The District Insurance Committee shall periodically review the insurance available to District employees and may make recommendations regarding the insurance program to the Board. In the event the Board rejects the committee's recommendations each employee group may negotiate with regard to the insurance program.

Section B - Participation

1. The cost of participation is posted in each work site whenever a change occurs. Benefits and other information regarding the District's insurance program shall be published by the District in an insurance booklet available to each participating employee.
2. Part-time contract teachers may participate in the District's health, life and dental insurance programs. The District will pay a proportionate share of the premium for that percentage of full-time for which the teacher's contract provides. The teacher will pay 100 percent of the balance of the premium.

Section C - Insurance Available

Major Medical
Dental
Long-term Disability
Basic Life/Dependent Life/Optional Life
Cancer
Vision
AFLAC Supplemental Insurance

Section D - Retirement Incentive

1. District Retirement Benefit

Any teacher who has attained the minimum age of fifty-five (55) on or before June 30 and has been employed by the District for twenty (20) years or more, may elect to retire. Upon such retirement, the District shall provide the teacher retirement benefits consisting of a health benefit in accordance with paragraph 2c (if the teacher is qualified for such benefit under the provisions of Paragraph 2) (the "Health Benefit") and an IRC §403(b) benefit in

accordance with paragraph 3 (the “403(b) Benefit”), such benefits collectively referred to as the “District Retirement Benefit.” The total amount of the District Retirement Benefit shall equal the following percentage of a teacher’s last contract salary, exclusive of extra pay for extra work salary:

20 years of service – 80% of last contract salary

25 years of service – 85% of last contract salary

30 years of service – 90% of last contract salary

Twenty percent (20%) of the total amount (the “Annual Benefit Amount”) shall be paid by the District in the form of a Health Benefit or §403(b) Benefit during each July 1 – June 30 period (the Plan Year), commencing July 1 of the year of retirement. The District Retirement Benefit shall be provided for five (5) years. The Annual Benefit Amount shall be first applied to provide the Health Benefit (if the teacher is eligible for payment of such benefit by the district under paragraph 2c) and any remaining Annual Benefit Amount shall then be applied to provide the §403(b) Benefit. A teacher shall not be entitled to payment of any of the District Retirement Benefit in cash. In no event shall any individual be entitled to receive the District Retirement Benefit provided by this policy more than once.

Entitlement to a District Retirement Benefit is subject to the following additional conditions:

- a. Any teacher who has 181 days of current and accumulated sick leave may count the 181 days of sick leave toward one (1) additional year of District service in calculating the total number of years of service for retirement purposes. This applies to the District Retirement Benefit but does not in any way affect how the South Dakota Retirement System counts years of service.
- b. No teacher shall be eligible for the District Retirement Benefit unless, during the school year retirement is elected, the teacher has taught through the entire school year, unless that teaching has been interrupted for reasons of the teacher’s health or other reasons found acceptable to the Association and the Board. The decision with respect to such reasons shall not be reviewable or grievable.
- c. In order to qualify for the District Retirement Benefit, a teacher shall notify the Superintendent in writing not later than February 1 of the teacher’s intention to retire in the current school year. The Assistant Superintendent shall forward the list of early retirees to the Association President within five (5) working days of February 1. If a teacher fails to inform the Superintendent of the intent to retire by February 1, but subsequently wishes to retire early and has met all other requirements of this policy and if the Superintendent and the President of the Association support the request, the Board may authorize the District Retirement Benefit, but the total amount of such Benefit shall be reduced by ten percent (10%). Such late requests may be submitted anytime prior to August 1.
- d. In the event a teacher entitled to the District Retirement Benefit shall die before receiving the total amount of the District Retirement Benefit, such unpaid benefit

shall be paid in cash at the time or times the benefit would have otherwise been provided the teacher under paragraph 1 of this policy to: (i) the beneficiary designated in writing by the teacher on a form prescribed by the Finance Office of the District; or (ii) in the event no beneficiary designation has been made, to the estate of the deceased teacher. Payment by the District in accordance herewith shall fully discharge the District's obligation under this paragraph 1.

- e. Effective 2008-2009 school year, once a teacher is eligible for the District Retirement Benefit, the teacher has two years past the initial year of eligibility to exercise this option in accordance with this section. Any teacher who is initially eligible due to the number of current and accumulated sick leave days attained by the teacher has three years past the initial year of eligibility to exercise this option. If the benefit is not exercised within the time delineated herein, the teacher is no longer eligible to receive the District retirement benefit. However, in no case shall the eligibility to exercise the District Retirement Benefit expire pursuant to this paragraph prior to the end of the fiscal year in which the teacher qualifies for normal retirement or special early retirement under the South Dakota Retirement System (SDRS). Any teacher who wishes to maintain eligibility for the District Retirement Benefit because they do not yet qualify under the SDRS for normal or special early retirement must submit supporting documentation from the SDRS prior to February 1 of the fiscal year in which the teacher's eligibility is scheduled to expire. Teachers who are eligible to receive the District Retirement Benefit prior to the 2008-2009 school year may exercise the benefit through the 2010-2011 school year in accordance with the requirements of this section.

If the Internal Revenue Service issues regulations, or otherwise rules or determines, that the provisions of this paragraph 1d adversely affect the taxation of the Health Benefit or 403(b) Benefit under the income or employment tax provisions of the Internal Revenue Code, the parties hereto agree to renegotiate the terms of this paragraph 1d.

2. Health Benefit

a. Any teacher who:

- (i) is a minimum of fifty-five (55) years of age and has been employed by the District for at least eight (8) consecutive years; or
- (ii) is younger than fifty-five (55) years of age but whose age and years of consecutive employment with the District total eighty-five (85); and is currently enrolled in the District Major Medical Plan or Basic Life Insurance Plan at the time of election of retirement may continue to participate in the District's Major Medical Plan or Basic Life Insurance Plan until Medicare eligibility (currently age sixty-five (65)). If the teacher maintained dependent coverage under the Major Medical Plan at the time of retirement, the teacher may continue such coverage. A retired teacher's coverage under the Major

Medical and Basic Life Insurance Plans will terminate at Medicare eligibility (currently age sixty-five (65)). Dependent coverage under the Major Medical Plan shall terminate at the earliest of the dependent reaching age sixty-five (65), the date the retiree is no longer eligible for coverage or the date the dependent is no longer an eligible dependent.

- b. A teacher who is eligible for this Health Benefit, but is not eligible for the District Retirement Benefit set forth in paragraph 1, shall be responsible for payment of Major Medical and Basic Life Insurance coverage at 102% of the rate charged to then current teachers and/or their dependents.
- c. If a teacher is eligible for both the Health Benefit and the District Retirement Benefit, the District shall be responsible for payment of the contribution rate for Major Medical and Basic Life Insurance to the extent and subject to the terms of paragraph 1. The amount of the Benefit provided a teacher for the purposes of determining the amount of the Health Benefit provided under paragraph 1 shall be computed at the rate of 102% of the contribution rate charged to then current teachers and/or their dependents. Once the District has provided the Annual Benefit Amount for any Plan Year or the total amount of the District Retirement Benefit, the teacher shall be responsible for the payment of Major Medical and Basic Life Insurance coverage, including dependent coverage, on the same basis and at the rate of 102% of the contribution rate for then active teachers.
- d. A teacher eligible for the Health Benefit under this paragraph 2, whether eligible for the District Retirement Benefit or not, may elect continuation coverage under COBRA for other medical benefits provided by the District but shall be responsible for payment of the applicable premium in accordance with COBRA.

3. IRC §403(b) Benefit

The District shall adopt a plan meeting the requirements of IRC §403(b) and covering teachers eligible for the District Retirement Benefit set forth in paragraph 1. The District shall contribute to such Plan for each teacher eligible under paragraph 1, on or before September 1 of each Plan Year, an amount equal to the Annual Benefit Amount reduced by the amount of the Health Benefit to be provided by the District under paragraph 2c during such Plan Year. The District shall estimate the Annual Benefit Amount to be provided for the Health Benefit for the Plan Year prior to September 1 of each Plan Year. The amount of contribution to the 403(b) Plan will be adjusted prior to June 30 of each Plan Year to take into account any variation from the estimated amount. The §403(b) contribution shall not exceed the applicable dollar limit under IRC §415 and shall otherwise comply with the requirements of IRC §403(b).

Section E - Tax Sheltered Accounts

1. The School District adopts plans for tax sheltered accounts for its employees. The President of the Board and the business manager are appointed and authorized to carry out such plans and to enter into such agreements as may be necessary for such purpose. Provided, however, that by the adoption of said plan the Board makes no warranty to employees participating therein and assumes no responsibility to employees that the amounts contributed or paid for any account for said employee shall be excluded from the gross income of the employee for federal income tax purposes.
2. It is the intention of the Board that such plan and program qualify for such exclusion as authorized under the provisions of the Internal Revenue Code and that in all matters respecting the purchase of an account for an employee, the Board assumes no financial responsibility regarding said account. The District assumes no liability for assisting in the calculation of any plan contribution limits. The administration shall establish the necessary rules and regulations in order to facilitate this policy.
 - a. If completed paperwork is received by the Payroll Department by the tenth of the month, the first withholding by the District will be the same month. Otherwise the first withholding will be the following month. Companies or organizations must submit a single billing form with all their tax-sheltered accounts listed on the billing form not later than the fifth of the month.
 - b. The employee, not the employer, has the responsibility to initiate a change or determination of the purchase of tax sheltered accounts in accordance with established Board policies. The District reserves the right to make unilateral changes for accounts violating Internal Revenue Service codes.

2. Any personal property being used in the instructional program of the school must be registered with the principal when brought to the school for said instructional purposes, and no claim for reimbursement shall be paid on unregistered property.
3. No claim will be considered in an amount less than five dollars (\$5) and in no event shall the liability of the School District assumed hereby exceed \$800 on any one (1) occurrence per claimant. Article VIII - Worker's Compensation

Section A - Industrial Accidents and Illness

In a case in which a service-connected disability, as determined by worker's compensation definitions, prevents continuing employment of a teacher beyond the current contract year or prevents a teacher from beginning a school year for which he/she has signed a contract, he/she shall be guaranteed a position for a period of time not to exceed three (3) years beyond the date of injury. Before the teacher returns, the Board may require a certification of good health.

2. An employee shall report a worker's compensation injury or illness to the Human Resources Department within three (3) working days.

4. An employee of the District absent due to injury or illness compensable under South Dakota's worker's compensation statutes shall choose either option "A" or option "B" of this policy.
 - a. **Option "A"** The employee may use personal sick leave (excluding the sick leave assistance) to receive regular salary, with regular deductions being made, as long as the employee is determined by the District's worker's compensation insurance provider to be unable to return to work. The employee shall endorse and surrender to the District all worker's compensation checks received by the employee, and for each day of such absence an appropriate deduction from sick leave shall be made so as to compensate the District for the difference between the worker's compensation benefit and the employee's pay. For example, if the worker's compensation benefit is two-thirds of the employee's pay, one-third of a day shall be deducted from sick leave for each day of such absence. When the employee has exhausted sick leave, the employee shall automatically be changed to option "B".

- b. **Option "B"** The employee shall be placed on an unpaid leave of absence for a maximum of one (1) year. The employee shall receive no pay or benefits from the School District, and shall only be entitled to receive the appropriate compensation under worker's compensation, as determined by the District's worker's compensation insurance provider. During the unpaid leave the employee may continue to participate in the group insurance plans by paying 100% of the premiums.

The process will provide a framework for communication between staff member and administrator involved in the evaluation process. The administrator and the staff member shall work together to improve instruction and enhance professional growth. In instances where staff member non-renewal is to be considered, the evaluation process shall provide a means to bring remedy to the staff member's inadequate performance prior to the decision to non-renew the contract of the employee.

The teacher shall have the right, upon request, to receive a copy of any document or other material in the file.

6. A teacher shall have the right to request the removal from the file of any material he/she believes to be obsolete, to refer to corrected deficiencies, to be unfounded, or to be otherwise inappropriate. Such material shall be reviewed by a representative of the teacher and by the Assistant Superintendent or representative of the Assistant Superintendent. If these persons agree that the material should be removed, the material will be destroyed in the presence of the representative. Disputes over the retention of said material may be processed through the grievance procedure, commencing at Level Two.
7. A personnel file for each teacher shall be maintained in the District offices. A building principal or other supervisor who maintains a file on a teacher shall make known the existence of the file to the teacher. Medical records and criminal background information are kept in separate files in the Human Resources Department. These files shall be confidential and access to the files shall be as determined in Section B, Item 2. The teacher shall have the right to inspect the contents of any files pertaining to him/her.
8. Final evaluation of a teacher upon termination of his/her employment shall be concluded prior to severance and no derogatory documents and/or other derogatory materials shall be placed in the personnel file of such teacher after severance except in accordance with procedures set forth in this policy.

4. At any discipline step except “a,” a written communication shall state what conduct is expected, what conduct is not to occur, and the consequences of further misconduct.
 5. If the behavior recurs in another contract year, any discipline shall begin with the step which is appropriate for the frequency and the lapse of time since the last disciplinary action occurred for the same or similar offense.

Section D - Teacher Dismissal

A teacher may be terminated by the Board at any time for just cause, including breach of contract, poor performance, incompetency, gross immorality, unprofessional conduct, insubordination, neglect of duty, or the violation of any policy or regulation of the School District. If dismissal is contemplated, the teacher may be suspended pending investigation. If the pre-hearing investigation and Board hearing do not result in the dismissal of the teacher and the teacher is reinstated, the reinstatement shall be without loss of pay or benefits unless suspension without pay is imposed as an alternate disciplinary action under Section C.

Section E - Non-reemployment Based on Evaluation

1. A teacher shall be offered reemployment for the ensuing school year unless he/she receives in a conference a written final evaluation indicating, “Not Recommended.” A teacher in the first three full years of employment shall receive by April 15 any final evaluation indicating “Not Recommended.” A teacher in or beyond the fourth consecutive year of employment shall receive by April 15 any final evaluation indicating “Not Recommended.” A list of teachers who receive such adverse evaluations shall be provided to the Association no later than two (2) working days after the date by which teachers must have been notified.
2. A teacher in or beyond the fourth consecutive year of teaching, who receives a written final evaluation indicating “Recommended with Qualifications,” shall have been formally evaluated according to the appropriate procedures in *The Evaluation Handbook*. The teacher shall have received a minimum of two (2) formal evaluations during the current school year. A written Plan of Assistance shall be provided for the ensuing contract year.
3. A teacher in or beyond the fourth consecutive year of teaching, who receives a written final evaluation indicating “Not Recommended”, shall have been formally evaluated according to the appropriate procedures in *The Evaluation Handbook*. A teacher shall have received a

minimum of two (2) formal evaluations during the current school year as part of a Plan of Assistance. The first such evaluation shall be completed prior to December 1.

4. If it is determined that a teacher in or beyond the fourth year of teaching is “Not Recommended” for reemployment, the Board or appropriate administrator shall, by April 15, notify the teacher in writing. This notification shall contain the reasons and charges on which the non-renewal is based, an opportunity to review his/her personnel file, and the opportunity for a hearing before the Board. The teacher shall have ten (10) working days to request a hearing. The Board will have fifteen (15) working days to hold a hearing with reasonable notice to the Association. Within ten (10) working days of the Board hearing, the Superintendent shall provide written notice, hand delivered or sent registered mail. Any teacher who has been notified of non-renewal must be informed of his/her right to counsel or Association representation in any of these proceedings.
5. If it is determined that a teacher in the first three (3) full years of employment is “Not Recommended” for reemployment, the Board or Superintendent shall, by April 15, notify the teacher in writing citing the reason(s) under Section D.

Section F - Reduction in Force

1. The Board, after considering the need to maintain existing programs, shall determine the teaching position or positions to be eliminated. After this determination, reductions in force shall be accomplished in the following order:
 - a. Attrition.
 - b. Teachers less than fully certified.
 - c. Teachers who are not in or beyond their fourth consecutive year of employment with the Sioux Falls School District. Layoffs shall then be accomplished by seniority as stated in paragraph 4 below.
 - d. Teachers with the least P-12 seniority.
2. In no event shall a teacher be laid off pursuant to this policy unless there is an available teacher or teachers fully qualified and fully certified to perform all duties, including extra duties, of the person to be laid off. A certified teacher who has not taught in a subject area for five (5) years or who has not satisfactorily completed a minimum of three (3) hours of relevant graduate course work in the preceding two (2) years shall not be fully qualified to teach in a subject area. Such teacher may have the opportunity to become fully qualified for available positions by completing the required coursework during the intervening summer.
3. For the purpose of staff reduction, seniority shall be defined as the length of continuous employment as a P-12 teacher in the District. Seniority shall be determined by factors in the following order: first working day, date of Board employing action, date of contract offer by the District. Leaves granted with pay shall not be considered a break in continuous employment. In addition, involuntary military leave, sabbatical leave, health leave, and

professional leave, even though without pay, shall not be considered as a break in employment for the purpose of staff reduction.

4. Teachers whose positions are to be eliminated shall be so notified by April 15, prior to the school year during which the layoff is to be effective. Simultaneously, the Association shall be notified of persons being laid off. The reason(s) given a teacher who receives a notice of non-renewal because of reduction in force will not relate to the teacher's evaluation.
5. Teachers laid off pursuant to this policy may seek reemployment. A teacher seeking reemployment in the District must notify the Human Resources Department in writing not later than April 30 of the calendar year for which he/she is laid off and not later than March 1 in the second year he/she is laid off. In no event shall reemployment options extend for more than two (2) years following the date of the original notice of layoff. If a teacher refuses an offered position for which he/she is qualified with the District, that teacher surrenders all rights to reemployment.
6. Experience gained during layoff periods in other districts or jobs which qualified as experience under School District policies shall also be considered in placement on the schedule.
7. No specific position vacancy shall be considered to exist in the Sioux Falls School District until all persons qualified for the specific position, and who have been laid off under these regulations have been re-employed or have surrendered their right of reemployment.

Section G - Resignation

Any teacher who wishes to resign should submit a written statement of resignation to the Human Resources Department. The resignation will be presented to the Board for action.

Article X - Leave

General Leave Policy Statement

The beginning date of a leave is often beyond the control of the teacher and administration, but the ending date or the return to teaching duties should coincide with the school calendar insofar as possible.

Deductions for leave without pay shall be based on the teacher's daily rate of pay which is determined by dividing the teacher's annual salary by the number of paid teaching days as defined by the school calendar.

Section A - Long-term Leaves

This section applies to Family Medical Leave, Long Term Health Leave, Parental Leave, Sabbatical, State or National Association Leave, Professional Leave Without Pay, Long Term Leave Without Pay and Exchange Teaching Leave.

A teacher granted leave under this policy may elect to continue in the District's insurance program. Under Long Term Health Leave, Parental Leave, State or National Association Leave, Professional Leave Without Pay, Long Term Leave Without Pay and Exchange Teaching Leave the teacher pays both the District and teacher shares of the premium. Under Family Medical Leave and Sabbatical Leave the District continues to pay its portion of the premium.

After April 30, teachers on any long-term leave without pay with the exception of Family Medical Leave and Long Term Health Leave shall not return to duty until the beginning of the new school term.

Long-term or extended leaves with or without pay with the exception of Family Medical Leave or Long Term Health Leave, require that a notification of intent to return to teaching be submitted to the Assistant Superintendent by March 1. If the leave is for first semester only, such notification of intent to return to teaching shall be submitted by December 1. Lack of such notification shall terminate the teacher's right to employment.

The right to reemployment shall not extend beyond the school year following the March 1 notification of intent to return.

Upon return to District employment the teacher shall be offered the same or comparable position for which he/she is qualified and certified. No new employee shall be hired for a position for which he/she is qualified. If the teacher rejects an offered position for which he/she is qualified, he/she surrenders all rights to employment. This paragraph applies to all long term leaves except Sabbatical Leave.

A teacher returning to the District after a leave of absence shall in no case be considered a new teacher but shall be granted the sick leave accumulated up to the time the leave began and shall

be restored to his/her former status. All benefits to which a teacher was entitled at the time his/her leave of absence commenced, shall be restored to him/her upon his/her return.

1. Long-term Health Leave

- a. A teacher whose personal illness extends beyond the period compensated under the sick leave policy shall be granted a leave without pay. This leave shall not exceed two (2) years including the compensated sick leave.
- b. Upon return from such leave during the same school year, the teacher shall, at his/her request, be assigned to the same position.
- c. If absent beyond the school year in which the absence commenced, the teacher shall be returned to a comparable position if the same position is not open. In the event the teacher was not reinstated to his/her former position, he/she shall have the first opportunity to be reassigned to this position if it reopens.
- d. The teacher shall return at the same step on the salary schedule which he/she occupied when his/her absence commenced.
- e. The Board may, at its own expense, require a certificate of physical and mental health from a source it selects before re-employing a teacher after such a leave of absence.

2. Parental Leave

Parental leave without pay is available with the following guidelines:

- a. The request for parental leave must be submitted to the Assistant Superintendent at least two (2) weeks in advance of the leave.
- b. This leave may be extended by reapplication through the next complete school year.
- c. The teacher on leave for one (1) semester or less must provide written notification of intent to return to teaching to the Assistant Superintendent at least two (2) weeks prior to the desired date of return and will receive credit for a year's experience on the salary schedule. Seniority and sick leave are retained if active status is resumed.

3. Sabbatical Leave

- a. Purpose: In order to provide opportunities for maximal professional improvement, sabbatical leave shall be available to certified personnel for full-time study at a recognized college or university, or other approved programs.
- b. Eligibility: An applicant must possess a valid South Dakota certificate, hold a minimum of a bachelor's degree, and must have accrued seven (7) consecutive, full years of teaching service in the Sioux Falls School District or seven (7) or more total years of

District employment without interruption of involvement in the education profession. Parental leave shall not be considered an interruption of District employment or of involvement in the education profession for purposes of this policy.

Applicants shall not have received a sabbatical leave during the seven (7) years immediately preceding any application.

Sabbatical leave for study shall be for individuals centering their study in the field of education.

Each applicant must agree to return to service in the Sioux Falls School District immediately upon termination of sabbatical leave and to continue in such service for one (1) year for each semester of leave, unless physical disability makes this impossible or there is mutual agreement to the contrary. A signed agreement in the form of a promissory note shall stipulate that the failure of the person to provide such service shall result in the obligation to reimburse the District the salary paid him/her during sabbatical leave prorated to the time not served following the leave. Terms of repayment may be arranged with the Finance Office.

- c. Application: Applications shall be made to the Committee for Sabbatical Leave on or before February 1.

The application shall be accompanied by plans for the use of the sabbatical leave, evidence that the applicant's plan has been accepted and an exposition of the plan's potential for improving the applicant's professional competency and such other information as may be necessary as determined by the Committee for Sabbatical Leave.

- d. Selection: The Committee for Sabbatical Leave shall consist of four (4) teachers selected by the Sioux Falls Education Association, one (1) administrator, and chaired by the Assistant Superintendent. The chairperson will vote only in the event of a tie. Teacher members shall be selected for two (2) year terms with two (2) teachers being selected each year.

The committee will prepare a priority listing of eligible candidates and recommendations for sabbatical leave appointments. Provided sufficient qualified applicants have come forth, up to one percent (1%) of the certified personnel currently employed will be recommended to the Superintendent who will in turn make recommendations to the Board.

Consideration shall be given to:

1. Assured eligibility
2. The applicant's potential for contributing to the growth of himself/herself as a professional educator

3. The applicant's prior contribution to the Sioux Falls School District and potential for future leadership
 4. Any other pertinent factors as established by the committee
- e. Compensation: While on sabbatical leave the person shall receive 50 percent of his/her contract salary for the time involved.

The person shall receive the insurance and retirement fringe benefits as provided for certified personnel by the Board.

Teachers on sabbatical leave may augment their sabbatical salary with aids, fellowships, scholarships, or other stipends up to an amount that will not exceed the full amount of their basic salary.

Teachers will be paid on a regular twelve (12) equal monthly installment basis, particularly in order to carry out the monthly payroll deduction necessary for group insurance premium, and the like.

- f. Miscellaneous Administrative Provisions: Sabbatical leave may be for a portion of the year, but may not exceed a full school year.

The individual on leave may not deviate from his/her approved plan except with the written permission of the Assistant Superintendent.

Sabbatical leave will be automatically terminated should the grantee be placed on a probationary academic status by his/her college or university.

Any falsification of information by the grantee in application or other reports required as part of sabbatical leave may subject the leave to termination upon recommendation by the Committee for Sabbatical Leave.

Upon return from sabbatical leave, the grantee shall be advanced on the salary schedule as though he/she had been employed as a full-time employee of the School District during the time of leave. The Board shall reassign the teacher to the same building, grade level, subject matter and assignment and related working conditions as previously held.

4. Professional Leave - Education Association State or National Office

A teacher who has been elected to a state or a national education association office shall be granted a leave of absence without pay to serve in that office subject to the following limitations:

In no event shall a teacher be entitled to more than three (3) consecutive terms of office under this policy. During the first three (3) years only of such leave, the teacher shall advance on the salary schedule as if the teacher had remained in the employ of the District.

5. Professional Leave without Pay

Any teacher may be granted a leave of absence to continue his/her education, provided a proper substitute can be found. This leave may be used no more than one (1) year in every ten. Professional leave may follow a year of sabbatical leave. This leave, if for a full year, shall not serve for advancement on the salary schedule.

Upon return after a leave of absence, the salary index step shall be the same as that which the teacher was receiving at the time of leave, if the leave occurs during the first semester of the school year. If the leave is granted during the second semester or at the end of a school year, the salary index step shall be that at which he/she would have been placed had he/she remained.

A written application for a full year or first semester must be submitted not later than April 15, unless extraordinary circumstances are approved by the Superintendent. Written application for second semester must be submitted not later than October 15.

Such leave of absence is to be granted only at the beginning of the school year or semester and may not be extended beyond that one (1) school year in which such leave is granted.

6. Long-term Leave without Pay

A leave of absence without pay for personal reasons for no less than one (1) semester or no more than one (1) school year may be granted subject to the following guidelines:

Such leave shall be available to teachers when other specific leaves of absence are not appropriate to the reason for the request. Reasons for granting such leave shall include but not be limited to family responsibilities and interests, personal desire and need for change in routine to gain a new perspective, opportunities outside the profession apart from formal study or regular employment or other activities and challenges that could enhance the professional growth and development of the teacher.

A written application must be submitted to the Assistant Superintendent not later than April 15, unless extraordinary circumstances are approved by the Superintendent. Written application for second semester must be submitted not later than October 15.

Such leave of absence is granted only at the beginning of the school year or semester and may not be extended beyond that one (1) school year in which the leave is granted.

Each year of experience will be credited to the teacher in determining his/her step on the salary schedule.

Section B - Sick Leave

1. Personal Illness Leave

- a. Sick leave shall be twelve (12) working days per school year, on a prorated basis, if employed for a period of less than one (1) school year. Sick leave granted for the year shall be referred to in this agreement as current sick leave. Accumulated sick leave shall consist of current and previously earned but unused sick leave.
- b. Sick leave days not used by a teacher shall be permitted to accumulate to a maximum of one hundred eighty-one (181) days.

- d. After three (3) consecutive days of illness or injury the District may require the teacher, at his/her own expense, to furnish verification from a physician or other licensed practitioner that he/she was unable to perform his/her duties during the period of absence for which compensation is required. If verification is required, the teacher will be notified by the supervising administrator on the second consecutive day of such illness or injury.
- e. Sick leave benefits shall be available to teachers who are physically disabled due to pregnancy or childbirth. If possible, the teacher should notify the principal at least two (2) weeks in advance of her maternity absence. If the disability extends beyond six (6) weeks, a physician's certificate shall be forwarded to the Assistant Superintendent. If the leave occurs within a contract year, the teacher's assignment shall be retained if the teacher returns following the six (6) week leave or if an extension for health related reasons is recommended in writing by the teacher's physician.
- f. Payment of Sick Leave: If illness prevents the continuing employment of a teacher beyond the current contract year or prevents a teacher from beginning a school year for which he/she has signed a contract, he/she should be paid for all sick leave accumulated to the time of illness unless the teacher returns to work. In that case the teacher shall be paid sick leave for the actual time absent due to illness.

- g. In the event the teacher does not return to work and does not accept other employment, upon the certification of a doctor that the teacher is not able to work, the accumulated sick leave shall be paid until the expiration of the sick leave.

2. Sick Leave Assistance Plan

- a. Each District employee eligible for personal sick leave benefits (excluding worker's compensation) may elect to participate in the Sick Leave Assistance Plan established by this policy.
- b. Each participant who has used all of the employee's personal sick leave (current and accumulated) may petition the Sick Leave Assistance Committee for sick leave assistance. However, such leave may not be granted until the employee has utilized consecutive full days of either paid or unpaid sick leave or combination thereof in an amount equal to 200 percent of their annual sick leave allocation. Extraordinary medical circumstances may be appealed to the Superintendent.
- c. The maximum number of sick leave days which the Sick Leave Assistance Committee may provide to a participant is 30 days annually.
- d. Such additional sick leave days shall not be deducted from the recipient's future accumulated sick leave. However, each participant who has received assistance from the Sick leave Assistance Plan must contribute not less than one (1) day of the employee's unused sick leave entitlement to the plan.
- e. The Sick Leave Assistance Committee shall be composed of one (1) representative from each of the employee groups participating in the Plan, to be selected by the respective employee groups.
- f. The Committee shall establish guidelines to govern its decision-making process regarding the granting or denial of request for sick leave assistance. These guidelines are specified on the application provided by the Human Resources Department and must be complied with completely. These guidelines provide a process of insuring that sick leave assistance is made available only to those applicants who demonstrate a need for such assistance.
- g. The application for additional sick leave shall be submitted to the Human Resources Department on a form provided to the buildings by the Human Resources Department. The Human Resources Department will forward copies to the Sick Leave Assistance Committee. - c. In the event the serious illness of a family member requires hospitalization or treatment, the teacher shall provide notice from the attending physician and provided that the attending physician has verified the necessity of the presence of the teacher at the patient's bedside, no pay deductions shall be imposed. Each such day of absence shall be deducted from the teacher's accumulated sick leave.
- d. In extraordinary circumstances of family illness, the Board may approve payment of salary during the absence of a teacher, subject to the deduction of sick leave and substitute teacher expenses at the daily rate of the lowest salary of a substitute teacher. Such approval will be based on the recommendation of the Superintendent and the President of the Association. Such situations shall be reviewed periodically at approximately 45 calendar day intervals. The teacher shall retain his/her teaching assignment.

4. Summer School Sick Leave

Two (2) days of sick leave shall be allowed for summer school sessions. The teacher's regular school term sick leave may not be used during the summer session. Unused summer school sick leave shall not be allowed to accumulate.

The first three (3) days shall not be taken from the accumulated sick leave, but the remaining two (2) days, if taken, shall be taken from the accumulated sick leave.
3. Leave of one (1) day shall be allowed to attend the funeral of others close to the teacher. Each day so missed shall be taken from the teacher's current sick leave first, then accumulated sick leave. In the event a full day is not used, and a substitute is employed for only one-half (1/2) day, only the half (1/2) day shall be deducted from the teacher's current sick leave first, then accumulated sick leave.

Section D - Other Leaves

2. Court and Jury Leave

Court and jury duty hold precedence over all other employment obligations in the School District. A teacher should not be penalized by loss of pay from a contracted salary while absent performing court and jury duty required by law. (A teacher does not receive replacement compensation for court and jury duty.) The daily payment and mileage paid to such teacher is to help compensate for the extra necessary expense for meals, lodging and travel. In most instances, such payment does not fully compensate the teacher for such other necessary expense.

- a. No teacher shall be paid any fees for giving testimony or evidence in any civil or criminal proceeding or action on behalf of the School District, provided, however, that whenever such person is required to testify and give evidence on behalf of the School District in a place other than the teacher's official residence, the teacher shall be paid actual and necessary expenses, including mileage at the same rate then in effect in the School District.

- b. When a teacher is subpoenaed in private litigation or by some party other than the School District, to testify not in the teacher's official capacity, but as an individual, the teacher shall be entitled to receive regular pay from the School District while so absent and without loss of any leave credits. - c. When a teacher is summoned to serve on a jury, the teacher shall be entitled to receive regular pay from the School District while so absent and without loss of any credits. The teacher shall not be entitled to expenses from the School District, and shall pay to the District any fee paid to the teacher for service as a juror. If the teacher is employed by the District less than full time, the fee paid to the District for a day's jury duty shall be in proportion to the teacher's percentage of full-time employment with the School District. The teacher may retain any mileage allowance or subsistence allowance paid in connection with jury service. The amount owed by such a teacher to the District may at the option of the District be withheld from the teacher's pay.
- d. Any teacher summoned or subpoenaed either as a juror or a witness shall notify his/her principal, or immediate supervisor, in advance of such required absence so as to permit reasonable arrangements to be made.

- b. The School District will pay employees who receive 20 days or less vacation annually, the difference between their daily rate of pay, as employees of the School District, and the daily rate of pay they receive while on military leave. The daily rate of pay while on military duty is to be requested by employees from the Commander of their Reserve or National Guard units, in writing, to be directed to the Superintendent of Schools or his/her designee.
- c. The School District will not pay employees who receive more than 20 days of vacation annually.
- d. Military leave may not be accumulated.
- e. Temporary or part-time employees are not entitled to military leave. Temporary does not include new employees on a probationary status.
- f. Employees requesting military leave for training will obtain a written order or letter from the Commander of their Reserve or National Guard units showing the dates of the training period. This notice is to be submitted to the Superintendent or his/her designee 60 days prior to the date of employee's departure for training.
- g. A record of military leave taken will be maintained on the regular annual and sick leave account of each School District employee.

The Association will remit to the District that sum of money which equals the daily rate of pay of a certified substitute teacher for each absence, or one-half (1/2) this sum for each half (1/2) day of absence under this leave. If no substitute is required, no reimbursement will be made. The District shall bill the Association monthly regarding reimbursement.

6. Personal Leave without Pay

- a. Leave without pay shall be granted at the discretion of the Assistant Superintendent. Applications shall be submitted through the building principal.
- b. If a teacher has an emergency situation arise when there is not sufficient time to go through normal channels for personal leave, the teacher may take personal leave upon notifying the principal or other proper administrator. However, the determination of the qualification of leave so taken for pay or as leave without pay will be made after the leave has been taken. Within five (5) working days of the completion of such leave taken under emergency circumstances, the teacher shall file an application for personal leave with pay or without pay, as the case may be. The application will be acted upon as described in this regulation, and if the leave is not granted, pay will be withheld for the period so missed. In the case of leave without pay, other actions may be required.
- c. Pay deduction shall be based on the teacher's daily rate of pay.

Two (2) non-cumulative days may be used annually, the first with full compensation, the second to be taken from the current year's sick leave. In lieu of taking the first personal leave day, a teacher may opt to receive his or her per diem rate. The second

personal leave day may not be taken until the first day is taken or exchanged for his or her per diem rate.

3. Wellness Day: Wellness leave of one (1) day, non-cumulative, may be applied for and taken if all eligibility requirements are met. This leave shall be available to teachers who are employed by the District the entire preceding school year and who took no sick leave, family illness leave or long term health leave. The use of bereavement leave and/or personal days shall not disqualify a teacher for this leave. Taking the leave shall not disqualify a teacher from earning Wellness leave the next year. In lieu of taking the earned Wellness Day, a teacher may opt to receive his or her per diem rate.
4. A teacher may use his or her wellness day for one (1) day of sick leave. If a teacher chooses to do so, the teacher will be credited as meeting the wellness leave criteria according to Article X, Section E, Item 3.

3. Whenever any group or individual brings charges against a teacher concerning the teacher's freedom to teach, the Board shall provide, without charge to the teacher, the necessary and sufficient leave of absence, legal assistance, and other support for the protection of academic freedom, except when the Board and the teacher's position are in legal opposition.

It is also acknowledged that the primary duty and responsibility of the teacher is to facilitate learning and that the organization of the school and the school day should be directed at insuring that the energy of the teacher is primarily utilized to this end.
2. The Board and the Association recognize that appropriate texts, library reference facilities, maps, globes, laboratory equipment, audio-visual equipment, art supplies, athletic equipment, current periodicals, standardized tests and questionnaires, and building changes are the tools of the teachers' profession, and that each department or grade level shall receive equal consideration and treatment in its needs and requests for instructional materials.

1. **Elementary School Level (P-5)** Each elementary school teacher shall be entitled to 240 minutes of planning time during student hours for each consecutive five (5) days of student attendance, subject to the following conditions and exceptions: If, as a result of scheduling limitations and requirements, a teacher is not provided with at least a 30 minute planning

time on a day of student attendance, that teacher shall not be scheduled for recess supervision on that day. In no event shall an elementary teacher be required to forego planning time more than two (2) days per week. Elementary school teachers assigned to more than one (1) building shall be allowed 20 minutes for travel time between buildings, plus an additional fifteen (15) minutes of preparation time following the travel time. The teacher who travels to more than one (1) site of different educational levels shall have their assigned time based on where the teacher's FTE is the greatest. Travel time shall be counted as part of the teacher's contact hours.
6. **Travel Time between Schools:** If, because of extenuating circumstances, more travel time is needed, the individual teacher who travels between buildings will notify both principals, and the principals will attempt to make the necessary accommodations. If the teacher is not in agreement with the resolution, the teacher may appeal to the Assistant Superintendent. The decision of the Assistant Superintendent may not be grieved.
7. In the event a question arises regarding the interpretation of these provisions or in the event of a claimed failure to provide to a teacher the planning, preparation, tutorial, or travel time described in these provisions, the President of the Association and the Superintendent shall meet in order to resolve the situation.

Such determination shall be made on the basis of merit among the various requests in regard to the instructional usage of the material and after determining that the regular procedure of obtaining supplies is not practical.

Section H - Education Assistants

1. The Board recognizes teachers are involved in a variety of tasks, not all of which require professional training and professional competencies. The Board further recognizes that education assistants and volunteers have freed teachers to concentrate their efforts on professional services for students and that while most of these developments have occurred in the elementary schools, the use of education assistants and volunteers can strengthen the program of the secondary schools as well. In the development and change of staff roles, teachers, administrators and Board members shall be involved.
2. With the respect to the evaluation of education assistants, the teacher will provide written information and/or suggestions to the process. The principal will provide written information and/or suggestions and, as the ultimate decision maker, will sign the evaluation.

The request must be submitted in writing to the administrator responsible for the ELL program and/or Special Education program and to the Assistant Superintendent. It will be the sole discretion of the administration whether or not additional resources are added to the classroom.

Section K - Parent/Teacher Conferences

Before parent/teacher conferences are scheduled by the administration outside of the period of 8 a.m. to 4 p.m., the teachers and principal shall meet to discuss the scheduling of such conferences and the scheduling of equivalent compensatory time. The views of the teachers shall be given due regard by the District administration in these matters, though it is recognized that the decisions in these matters are to be made by the administration and the Board.

Section L - Due Dates on Grades

Grades will be due based upon the day of the week on which the quarter ends. The following chart shall be utilized:

Other proportions of time may be mutually agreed to. In the event the Association President is to serve in that office less than full-time, the assignments and duties to be performed for the School District shall be determined by the Superintendent after consultation with the Association President.

The Board shall issue a contract for the following school year to the Association President which requires the Association President to perform duties for the Board in the appropriate proportion of a full-time contract. The District shall pay to the teacher/President a regular full salary, plus social security, retirement, insurance and any other benefits which would accrue if assigned full-time to a teaching position. The Association agrees that it shall reimburse the District monthly for that proportion of such salary as corresponds to the extent to which the individual is not assigned to full-time duties with the School District.

The Association President shall be granted one (1) full year of teaching experience for each year of service as Association President. The Board shall reassign the Association President in the school year following his/her presidency to the same building, grade level, subject matter area assignment, and related working conditions as previously held.

Article XV - Summary, No Strike Provision, Survival

Section A - Entire Agreement

This agreement constitutes the entire agreement between the parties and any terms, conditions, statements, representations, oral or written, not contained in this agreement shall not be binding on the parties.

The contents of this agreement may not be renegotiated during the term of the agreement except by mutual consent.

Section B - No-Strike Provision

It is recognized by the parties that SDCL 3-18-10 prohibits strikes by public employees. The Association agrees that it will discourage, and will not, directly nor indirectly, condone or participate in any strike. The work "strike" shall mean the failure to report for duty, the willful absence from one's position, the stoppage of work, or the abstinence in whole or in part from the full, faithful and proper performance of the duties of employment by concerting action with others, and without the lawful approval of one's superior, or in any manner interfering with the operation of the government of the School District for the purpose of coercing a change in the conditions or compensation or the rights, privileges or obligations of employment. In the event such prohibited activity occurs, and upon notification from the District, the Association will immediately take such action as is reasonable and necessary to terminate such activity and to provide written evidence to the District that the same has been accomplished. If the Association believes the person(s) was not engaged in an activity prohibited by this contract, or not otherwise illegal, the right of the Association to assist the person(s) to dispute the dismissal is reserved.

The Association further recognizes and agrees that violation of this no-strike agreement by the Association shall constitute breach of contract by the Association.

Section C - Survival of Recognition and No-Strike Provision

If this contract expires without a new contract between the parties, or is otherwise terminated before its intended time of expiration, the Recognition Clause (Article I, Section A) and the No-Strike Clause (Article XV, Section B) shall survive the expiration or termination until such time as a new contract is made by the parties, or until the Association is, pursuant to law, no longer the recognized bargaining representative.

Section D - Duration

Unless otherwise agreed to by mutual consent of the parties, this Agreement shall be effective from July 1, 2007, and shall continue in effect through June 30, 2013.

Negotiations may be reopened by mutual consent if additional funding for education becomes available.

Section E - Reopening of Negotiations

During the life of this contract, negotiations shall be reopened for salary negotiations if the District receives additional funding from the State legislature or Federal government specifically designated for teacher or employee enhancement purposes.

During the life of this contract, negotiations will be reopened if federal or state mandates impact conditions of this contract.

In witness whereof the parties have caused this agreement to be signed at Sioux Falls, South Dakota, the 14th day of May, 2007.

Row A: 0-2 years	32,000	32,800	33,620	34,461	41,353	43,420	45,591	47,871	50,264	52,778
Row B: 3-6 years	33,600	34,440	35,301	36,184						
Row C: 7-9 years	35,280	36,162	37,066	37,993						
Row D: 10+ years	37,044	37,970	38,919	39,892						
Row E: 10+ years + MA	38,896	39,869	40,865	41,887						

Notes

1. Rows only pertain to experience outside the District or once a teacher has been on step 4 for 1 year. Beginning in FY08, a new teacher with an MA will be placed one row beyond the row that experience yields. Row E pertains to new hires.
2. A teacher must have at least a BA+24 to advance beyond Step 4.
3. A teacher must have at least an MA to advance beyond Step 6.
4. A teacher must have at least an MA+24 to advance beyond Step 9. This note does not apply to counselors, social workers, and speech clinicians who have an MA program that is at least 56 credits or a combination of a MA program and other graduate level courses totaling 56 credits.

1 Proposal: The District will phase in this schedule over a 3-year period. In the 3rd year (FY10), teachers will be placed on the schedule according to where they would
 2 have been placed in FY07 as if the schedule had always been in effect (see placement grid for Target). During the transition, the Base is each teacher's actual pay in
 3 FY07 and the Target is where the teacher will be placed in FY10. The rate of pay will be calculated as follows:

$$(FY10 Target - FY07 Base) \times (0.3 \text{ in FY08 \& } 0.7 \text{ in FY09}) + FY07 Base;*$$

4 Or: The new base (if rebased);

5 Or: Previous Year Pay + \$500 (\$656 for teachers making more than \$52,778 in FY07), whichever is greatest.

6 * Teachers employed in the District in FY07 who advance between lanes BA through MA+24 under the lane change system in place in FY07
 7 will be allowed to rebase (using the FY07 salary schedule and FY07 Step) and retarget (if applicable) in FY08 & FY09. If rebasing yields a
 8 higher salary than either of the calculations above, the rebased salary will be the salary for that year.

9
 10 In FY11 and beyond, the overall salary increase will be determined by using the FY07 language. Teachers that are beyond the schedule will receive a \$500 increase
 11 (\$656 for teachers making more than \$52,778 in FY07). Teachers within the schedule (who are paid beyond the appropriate Row/Step due to being frozen on a step will
 12 have their salaries frozen until the schedule catches up to them. Teachers within the schedule who are paid beyond the appropriate Row/Step for any other reason (see
 13 advancement grid for details) will be guaranteed a \$500 increase until the schedule catches up to them. All figures are calculated on a 1.0 FTE & prorated accordingly.
 14 TCAP dollars will be utilized for allowable current expenditures.

Notes:

¹High school departments of twelve (12) FTE or more shall be granted one (1) period for department chairperson responsibilities. Departments of less than twelve (12) FTE shall be granted one-half (1/2) period for department chairperson responsibilities. Only in the special education department will education assistants count as FTE's, because of the nature of the supervision required. The release time is in addition to extra pay-extra work compensation. High school department chairpersons shall be in the school two (2) days beyond the veteran teacher contract. Whether these days are at the beginning or end of the school year shall be in each case determined by the building principal on an annual basis.

²Grant funded - If funding is discontinued, the position will not be automatically funded by the District. If the value of a position increases or decreases, the grant dollars will be changed accordingly. The General Fund dollars will not be affected by such changes.

³The word "partial" reflects a part-time assistant within a program at a middle school.

⁴Extra pay positions with additional building responsibilities will receive five (5) points per additional elementary building.

⁵The IEP count is based upon the previous year's December 1 count. These positions are funded by Special Education and are not included in the point pool.

Memoranda of Understanding

1. Assistance for English Language Learners (ELL) and Special Education at the Middle School and High School Levels

If the number of students who qualify for English Language Learners (ELL) and/ or Special Education services exceeds 25 percent of a regular classroom exceeding 28 students and the regular classroom enrollment has not been assigned additional assistance for ELL or Special Education, the teacher may request assistance in the classroom. The request must be submitted in writing to the administrator responsible for the ELL and/or Special Education program and to the Assistant Superintendent. It will be the sole discretion of the administration whether or not additional resources are added to the classroom.

2. Evaluation Process

Restructure the evaluation process to broaden the menu of evaluation tools by May 1, 2008.

3. The Middle School Model

Four major tenets of the Middle School Model are as follows:

- a. Interdisciplinary teaming that establishes a core group of teachers to work with the same group of students. Included in the interdisciplinary teams are common planning times for collaborative planning and student consultation in addition to individual planning time during the school day.
- b. Advisory programs that consist of a small group of students assigned to a teacher, administrator, or other staff member for a regularly scheduled meeting to discuss topics of concern to students.
- c. Varied instruction that includes (1) integrating learning experiences, addressing students' own questions and focusing upon real life issues relevant to the students; (2) actively engaging students in problem-solving and accommodating individual differences; (3) emphasizing collaboration, cooperation, and community; (4) seeking to develop good people, caring for others, democratic values, and moral sensitivity (NMSA, 1995).
- d. Exploratory programs that capitalize on the innate curiosity of your adolescents, exposing them to a range of academic, vocational, and recreational subjects for career options, community service, enrichment, and enjoyment.
