

**ALDINE INDEPENDENT SCHOOL DISTRICT  
INITIAL COMPENSATION PLACEMENT TABLE  
2012-2013**

Per a conversation with Gloria Cavazos, Asst. Superintendent of Human Resources, on 8/28/12, the compensation tables below reflect initial placement only. Each year the School Board approves an increase in pay. Thus, a teacher who came in at 0 years experience would earn x% above that salary the following year. The increase for 2012 - 2013 was 2% (though in some cases, it was slightly more so that Aldine's salaries would be comparable to nearby districts, e.g., Houston). There was no increase for the pay at 0 years of experience. Ms. Cavazos noted that because the pay at 0 years remained flat, the 2012-2013 schedule has the 2% built in (i.e., a teacher at 0 years last year would now be earning a 2% increase, which this year is equal to the 1 year experience salary), so for NCTQ calculation purposes, we can compare these tables to those in 2011-2012 and follow our standard calculations

This initial compensation placement table is for placement of new hire teachers to the district only. Maximum entry level for new employees will be \$57,827. Employees do not necessarily progress to the next salary for the following year. Each year's increase is based on the amount of available revenue. The experience supplement will be paid at the rate of \$100.00 per year beginning with the third year of service in the Aldine Independent School District. The maximum number of years for which the supplement will be paid shall be twenty (20) years. The local experience supplement will become effective at the beginning of the third year of service in the Aldine Independent School District.

This initial compensation placement table is for placement of new hire teachers to the district only. Maximum entry level for new employees will be \$57,827. Employees do not necessarily progress to the next salary for the following year. Each year's increase is based on the amount of available revenue. The experience supplement will be paid at the rate of \$100.00 per year beginning with the third year of service in the Aldine Independent School District. The maximum number of years for which the supplement will be paid shall be twenty (20) years. The local experience supplement will become effective at the beginning of the third year of service in the Aldine Independent School District.

This initial compensation placement table is for placement of new hire teachers to the district only. Maximum entry level for new employees will be \$57,827. Employees do not necessarily progress to the next salary for the following year. Each year's increase is based on the amount of available revenue. The experience supplement will be paid at the rate of \$100.00 per year beginning with the third year of service in the Aldine Independent School District. The maximum number of years for which the supplement will be paid shall be twenty (20) years. The local experience supplement will become effective at the beginning of the third year of service in the Aldine Independent School District.

This initial compensation placement table is for placement of new hire teachers to the district only. Maximum entry level for new employees will be \$57,827. Employees do not necessarily progress to the next salary for the following year. Each year's increase is based on the amount of available revenue. The experience supplement will be paid at the rate of \$100.00 per year beginning with the third year of service in the Aldine Independent School District. The maximum number of years for which the supplement will be paid shall be twenty (20) years. The local experience supplement will become effective at the beginning of the third year of service in the Aldine Independent School District.
