(2022)
2. The exclusive recognition of the Association granted herein shall continue throughout the term of this Agreement; provided, however, that any employee or employee group may at any time during the months of January, February or March of the last year of this Agreement submit a petition to the Board signed by 30 percent of the employees requesting that an election be held to determine the organization, if any, that represents a majority of the employees. In such an event, a completely impartial and fair election shall be held to determine if a majority of the employees wish to be represented by the Association, another organization or no organization. The group seeking the election shall pay 50 percent of the cost of the election and the Board of Education shall pay 50 percent of the cost of the election. Such election shall be conducted within 30 days by the American Arbitration Association, unless otherwise mutually agreed by the Board and the Association. A majority of employees voting in said election shall constitute a majority for the purpose of determining recognition. If recognition is lost pursuant to the procedures described above before the expiration of the term of this Agreement, this Agreement shall expire as of the date recognition is lost. (2022)
3. The parties agree that neither shall discriminate against any employee because of membership or non-membership or participation or nonparticipation in the activities of the Association or any other employee organization. Further, the Association, its officers and members agree not to harass, intimidate or coerce any employee concerning membership or non-membership in the Association. The granting of any specific privileges to the Association as the representative of all employees is recognized not to be discriminatory. (2022)

Article 3, Negotiations Procedures

1. The obligation to negotiate shall arise only when a timely request for negotiations is made in accordance with the Article entitled Term of Agreement, and the matters subject to negotiation shall be only those permitted by the Article entitled Recognition; provided, however, this shall not preclude the parties, by mutual written agreement, from negotiating at other times or on other topics nor shall it preclude amendment, modification or supplementation of this Agreement during its term, by mutual written agreement. (2022)
2. A timely request to negotiate by the Association shall be made in writing to the President of the Board; a timely request to negotiate by the Board shall be made in writing to the President of the Association. The request shall specify the subject or subjects about which negotiations are desired and which subject or subjects may be only those about which

negotiations are permitted by the Article entitled Recognition. Unless otherwise mutually agreed, the parties shall hold their first negotiating session within 10 days after receipt by one (1) party of a timely request to negotiate from the other party. (2022)

3. The minimum salaries of employees covered by this Agreement shall be those established in negotiations between the parties. In any given year, the parts of this agreement dealing with compensation shall be subject to negotiations, which include Appendices A, B and C, Article 11, Section 16.b. (Medical Insurance). Additionally, either party may bring up to two (2) issues for negotiation unless the parties mutually agree to negotiate other matters. Such issues shall be provided by each team by November 1, of the school year in which such issues are to be negotiated. Each team agrees that it shall provide the issue and the corresponding articles within which each team desires to address its respective issues. Each team shall specify the articles which it believes address the issue, but may specify not more than a total of nine (9) articles in which each team, according to its respective issues, desires to see the two (2) issues addressed. For years in which either party wishes to bargain more than two (2) issues, the party bringing such additional issues must provide those additional issues, in writing, to the other party, by July 1 of the school year which that party desires to bargain such issues. The parties agree that each article shall be subject to bargaining in a period not greater than every six (6) years. In the event that an article is not addressed within a six (6) year period, that article becomes a mandatory article of negotiations in its seventh year. Any such negotiations shall be conducted as set forth in Article 3 of this Agreement. (2022)
4. The Board shall supply the Association by March of each year all preliminary budget information that is available, the projections from such information, and the rationale behind any projections concerning the next budget year. This information shall include, but not be limited to, the "average daily attendance entitlement," and the calculation of the authorized revenue base per pupil for the subsequent year. Any subsequent changes in or additions to this information shall be presented to the Association on a continuing basis as they are developed. Any budgetary information presented to the Board shall be presented simultaneously to the Association. (2022)
5. The parties agree that they shall make a good-faith effort to resolve negotiable items to their mutual satisfaction. Good faith means an honest attempt to resolve such issues to the mutual satisfaction of the parties. The obligation of good-faith negotiations does not compel either party to agree to or to make a concession on a specific item. (2022)
6. It is recognized that each party may designate its own negotiating representatives; provided, however, the Association shall not use members of the Board and the Board shall not use members of the bargaining unit. Each team agrees to have no more than eight (8) representatives. Annually, the parties can mutually agree to increase the number of representatives on their individual bargaining teams. By mutual agreement, the parties can invite experts to provide information in specific subject areas. Teams may also mutually agree to facilitators to assist in negotiations. Guest experts and facilitators are not included in the team membership limits and have no decision making authority. (2022)
7. Before either party shall proceed to mediation or fact finding, the parties shall have made a good-faith effort to resolve their differences during negotiations. Such a good-faith effort shall require negotiations over a period of at least 30 days, and neither party shall have the right to declare an impasse and proceed to mediation or fact finding until 30

calendar days after the first negotiating session. (2022)

8. If negotiations do not result in mutual agreement, and after the time period prescribed in Section 7, but prior to the termination of this Agreement, either party may submit the dispute to mediation by notifying the other party in writing of its demand to mediate. If, however, the submitting party desires to bypass mediation and go directly to fact finding, it shall have the right to so notify the other party, in which event mediation shall be bypassed, unless within five (5) days after receipt of the request to bypass mediation, the other party replies in writing that it demands mediation. In the event of such demand, mediation shall not be bypassed. (2022)
9. In the event of mediation, the mediator shall be selected as follows: The Board and the Association shall each submit to the other a list of five (5) acceptable mediators within five (5) working days after the demand to mediate has been made. From those lists a mutually acceptable mediator shall be selected, if possible. Should the Board and the Association be unable to agree within five (5) working days upon a mutually acceptable mediator, the American Arbitration Association shall be called upon to furnish a panel of five (5) mediators from whom the parties shall select a mediator. Within five (5) working days after receipt of the panel of mediators from the American Arbitration Association, the parties shall meet to make such selection. The party demanding mediation shall first strike a name from the list, after which each in turn shall strike a name from the list, and so on, until one (1) name remains. The remaining name shall be the designated mediator. Mediation shall be deemed at an end when the mediator so declares or when either party states in writing its desire to terminate mediation, which it may do at its discretion after one (1) or more mediation sessions. (2022)
10. If the dispute is not settled by negotiations or mediation, either party may at any time thereafter, but prior to the termination date of this Agreement, submit the dispute to fact finding by notifying the other party in writing of its desire to do so. If mediation has extended beyond the termination date of this Agreement, neither party shall have waived its right to proceed to fact finding. The fact finder shall be selected in the same manner as a mediator is selected pursuant to Section 9 of this Article. (2022)
11. By mutual agreement of the parties, they may, instead of submitting the dispute to a fact finder, submit it to one (1) individual who shall act as a mediator and fact finder simultaneously. The decision of the fact finder or of the fact finder/mediator shall be advisory only. (2022)
12. The costs of mediation and fact finding, exclusive of the costs of the parties' own representatives, shall be shared equally by the Board and the Association. Either party may request that an official record of the testimony taken at fact-finding hearings be made, and a copy of any transcript so made shall be provided to the fact finder. The party requesting an official record shall pay the cost thereof, except that if the other party shall request a copy of any transcript, it shall share equally in the entire cost of making the official record. (2022)
13. During negotiations, mediation and fact finding, either party shall, upon written request, make available for inspection during normal business hours and within a reasonable period of time, any of its records and data pertinent to negotiations, except to the extent such disclosure may be limited by law. Neither party shall have the duty to make extensive compilations of data or records for the other party, but if such work is voluntarily

undertaken, the party doing the work may require reimbursement of the cost of such work as a condition of doing it. The Board shall not charge more than verifiable costs for such work. (2022)

14. Tentative Agreements reached during negotiations, mediation or after fact finding shall be reduced to writing but shall have no legal effect unless and until ratified by the Board and the Association. In addition, tentative agreement on individual items shall be conditional upon approval and ratification of the entire Agreement by both parties. (2022)
15. As stated in Article 10, Section two, up to 30 days of Association business leave may be used to conduct negotiations sessions during the educator duty day. Otherwise, negotiation, mediation and fact-finding sessions shall be conducted outside the teacher duty day. If release days are desired for mediation or fact-finding sessions, the Association may use Association leave, if available, or leave without pay. (2022)
16. The Board agrees not to negotiate with any educator organization other than the Association while this Agreement is in effect. The Board also agrees not to negotiate matters covered by this Agreement directly with one (1) or more employees; provided, however, the Board specifically reserves the right to communicate with its employees and to advise them of Board policies on such matters as the Board or the Superintendent shall deem appropriate. (2022)

Article 4, No Strikes

1. It is agreed by the Association that there shall be no strike, sanction, picketing, picket-line observance, slowdown or other concerted activity, that impacts classroom or school operations while this Agreement is in effect. (2022)
2. Nothing in this article prohibits an educator from supporting activities outside of Aurora Public Schools that do not impact classroom or school operations. (2022)
3. Violation of this Article by an employee subject to this Agreement shall constitute just cause for the discipline, including discharge, of such employee. (2022)

Further, the Board may, to the extent permitted by law, delegate those rights through the Superintendent, and the exercise of any such rights or functions by the Board, Superintendent or administrative staff shall not be subject to the grievance procedure in this Agreement. The Association may use school mail (including teacher mailboxes in the buildings) provided such material distributed is not of a partisan political nature (which includes materials relating to elections of members of the Board) or does not involve the solicitation of funds. 5. Building meetings are kept to a minimum and are focused on student achievement and educator effectiveness. (2022)
6. During periods when conferences are held or during testing (e.g. CMAS, SAT/ACT), other meetings are kept to an absolute minimum to reduce impact on educators' time, and ensure that daily instructional planning time is maintained. (2022)

CONTACT TIME AND PLAN TIME

1. Incorporating instructional preparation into the daily schedule is a priority (instructional preparation is nonstudent contact time). (2022)
2. Educators may be assigned duties that place them in direct teaching contact with students (referred to herein as "contact time"). The "contact time" may not exceed 30 hours per week including passing time. (2022)
3. Educators at the middle and high school levels shall not be required to have more than an average of five classes per day, averaged over a quarter, unless otherwise agreed to by the educators; provided, however, when block scheduling is used at middle school, the number of classes shall be the hours in the block rather than the number of subjects taught in the block. (2022)
 - a. If a secondary educator agrees to teach an additional class beyond the number stipulated in Section 2 of this article they will be eligible to enter into an agreement for services with their supervisor. (2022)
 - b. If an elementary and/or K-8 educator agrees to exceed the number of hours of contact time per week as stipulated in Section 1 of this article, they will be eligible to enter into an agreement for services with their supervisor. (2022)
4. Educators in elementary schools shall have 90 minutes of daily non-contact time immediately preceding or following the instructional day in blocks of not less than 30 minutes. By action of the principal in consultation with the school's building council, individual elementary schools may choose alternative blocks of time immediately preceding or following the instructional day. Such time shall be utilized for educator determined planning, preparation, or consultation, including educator determined collaborative plan time. Administrators may require attendance at a meeting or professional learning activity that shall not consume more than 25 percent of any educator's non-contact time per week. Supervision duties shall not exceed 35 minutes per week averaged over the school year. (2022)
5. Educators in K-8 and P-8 schools shall have 75 minutes of daily non-contact time immediately preceding or following the instructional day in blocks of not less than 30 minutes. By action of the principal in consultation with the school's building council, individual K-8 and P-8 schools may identify the blocks of time immediately preceding or following the instructional day. Such time shall be utilized for educator determined planning, preparation, or consultation, including educator determined collaborative plan time. Administrators may require attendance at a meeting or professional learning activity that shall not consume more than 25 percent of any educator's non-contact time per week, and supervision duties shall not exceed 35 minutes per week averaged over the school year. (2022)

6. Educators in middle schools daily non-contact time shall be equivalent to at least one class period or class block. Middle school educators shall be provided a minimum of one class period of non-contact time for educator determined planning or preparation including educator determined collaborative plan time. At minimum, four (4) non-contact class periods per week shall be educator determined planning or preparation, including educator determined collaborative plan time. Administrators may require attendance at a meeting or professional learning activity or may assign supervision duties for no more than 1 non-contact period per week. provided that such meetings, professional learning activities and supervision duties shall not consume more than one (1) of any educator's periods of non-contact time per week. Supervision duties shall not exceed 35 minutes per week averaged over the school year. (2022)
7. Educators in high schools daily non-contact time is equivalent to two of seven class periods or one block for a maximum of ten (10) class periods a week. At minimum, eight (8) non-contact class periods per week shall be educator determined planning or preparation including educator determined collaborative plan time. Administrators may require attendance at a meeting or professional learning activity or may assign supervision duties for no more than two (2) non-contact periods a week. Supervision duties shall not exceed more than 35 minutes per week. (2022)
8. Itinerant educators having assignments at different sites on the same day shall have commensurate non-contact time exclusive of the time it takes to travel from one site to another. (2022)
9. During testing periods, to the extent possible, master schedule modifications may be offered (e.g. double specials, block scheduling) and/or testing teams may be created to provide support to classroom teachers. Educators will continue to have instructional planning time during assessment windows. (2022)
10. Administrators should encourage teachers with personal concerns about instructional preparation time to bring those concerns to the administrator's attention. (2022)
11. Teachers who feel their concerns cannot be resolved by their administration can present those concerns to AEA/APS leadership. (2022)

STUDENT MANAGEMENT AND SAFE KEEPING

The Association and the District recognize that quality education is dependent on the maintenance of a controlled, positive academic atmosphere in the classroom and a safe and orderly condition in non-classroom areas of a school campus wherever students are located during the school day. To this end: (2022)

1. Educators shall make every effort to maintain a productive educational atmosphere during instructional sessions and shall call upon appropriate administrative personnel for assistance when this is not possible; (2022)
2. The administration shall assume the primary responsibility for supervision of students who are not in instructional situations; (2022)
3. Educators shall provide assistance to the administration for the establishment of order in hallways and the lunchroom, until personnel have established the authority needed to carry

out their assignments; thereafter, educators shall respond to administration requests for supervision; (2022)

4. As necessary, educators shall be required to supervise students in non-instructional situations. (2022)

CLASS SIZE AND COMPOSITION

1. AEA and the Board recognize that class and/or case load size are a factor to student success and have established class and caseload size thresholds. Should any classroom exceed the threshold, a class size review shall be automatically initiated:
 - a. Kindergarten and first grade class sizes at or exceeding 22 students shall warrant a review by the educator and principal
 - b. Second and third grade class sizes at or exceeding 25 students shall warrant a review by the educator and principal.
 - c. Fourth through eighth grade class sizes at or exceeding 30 students shall warrant a review by the educator and principal
 - d. Ninth through twelfth grade class sizes at or exceeding 32 students shall warrant a review by the educator and principal
 - e. Case load thresholds for ESS classrooms and/or educators are as follows:
 - i. Cross Categorical caseloads/class sizes at or exceeding 18 students at elementary and P/K-8 schools and 20 students at middle and high schools shall warrant a review by the educator and principal
 - ii. Specialized Program caseloads/class sizes at or exceeding 10 students shall warrant a review by the educator and principal.
2. The class size/caseload review will be conducted by the school principal and the educator(s) affected who will jointly determine a resolution. The resolution shall be communicated to the Learning Community Director and the Association President or designee.
3. Should the school principal and educator(s) be unable to reach a resolution, the issue will be referred to the Learning Community Director or designee and Association President or designee, who shall assist in determining a resolution which may include, but not be limited to:
 - a. Additional pay
 - b. Compensatory plan time
 - c. Classroom support professional

EDUCATOR NON-CONTACT DAYS

1. Educator work days are necessary for educators to complete responsibilities of their position. Therefore, such days will be scheduled both at the beginning of, and during the school year.
 - a. Schools will schedule at least one (1) full duty day prior to the start of the school year as a non-contact educator work day. This time will be designated for educators to prepare for the start of the school year; no meetings or other events will be scheduled during this time. Any days identified on the calendar as educator work days shall be educator directed. No required meetings or other events will be scheduled during this time. (2022)

- b. Schools will schedule at least one full duty day at the close of each grading period as a non-contact educator work day. This time will be designated for educators to prepare grade reports and prepare for the next grading period and/or end of the school year. No meetings or other events will be scheduled during this time. When educators' grading periods do not align with the scheduled work days, these educators will be given the district scheduled end of quarter work day closest to their reporting period as a trade day for 7.5 hours of work spent outside the duty day to complete and finalize mandated reporting requirements. (2022)
- c. Workdays are educator directed. (2022)

PROFESSIONAL LEARNING

1. At least annually, building leadership teams will conduct a professional learning needs assessment based on the school's Unified Improvement Plan (UIP) goals, and trends as identified through educators' self-assessments. Educators will work collaboratively with building and District support and in alignment with the building's UIP and the District strategic plan to develop their professional learning schedule. Professional learning planning will include a differentiated approach for educator's interests and/or building needs. Furthermore, in consultation with, and approval by their school leadership, educators may develop an individualized professional learning plan to meet their professional learning needs.
2. Professional Learning Teams
 - a. A professional learning team is a continuous goal-driven, student-focused, collaborative effort amongst educators to maximize student learning. Educators meet regularly to collaborate on teaching strategies and solve problems, set common instructional goals, and administer formal and informal common assessments to determine the level of student learning. Educators on a professional learning team also analyze student work and data, identify what is working and what is not, and set goals for future teaching success. Lastly, all educators are expected to work interdependently and hold each other accountable for monitoring student progress towards meeting identified achievement goals. (2022)
 - b. Professional learning teams are intended to be educator directed once members of the team and the building administration mutually agree that sufficient capacity in the professional learning process is developed. The work of professional learning teams will be based on student achievement data and student needs. Principals will have conversations with each professional learning team about its capacity to be educator directed by no later than the end of the first quarter and quarterly thereafter until agreement is reached. Professional learning teams will be determined to have reached capacity to be educator directed when they demonstrate the ability to work effectively as a team in analyzing data, making decisions about student needs, and developing strategies to affect student performance. Once professional learning team capacity is developed, administrators and other support personnel (i.e. educator leaders, District coaches, EOSAs, etc.) may continue to participate in the professional learning team process as appropriate. (2022)

PARENT/EDUCATOR CONFERENCES

1. Principals at individual schools may, but shall not be required to, schedule up to four (4) evenings per school year for mandatory attendance by educators at additional parent-educator conferences, which conferences shall not exceed three and three-quarter ($3\frac{3}{4}$) hours each. If such additional parent-educator conferences are held, for every seven and one-half ($7\frac{1}{2}$) hours of conference time the principal shall eliminate one (1) educator duty day, which is not also an instructional or student contact day for educators in that building. (2022)

FACILITIES AND RESOURCES

1. The Board and the Association recognize that the availability of optimum school facilities and resources for students and educators is desirable to help ensure the high quality of education that is the goal of both the educators and the Board. Therefore: (2022)
 - a. The Board shall continue to maintain inventories of teaching materials, textbooks, instructional technology, and supplies, and shall make them available to educators. Every reasonable effort shall be made to have the main items for new programs on hand before the scheduled date of implementation, or implementation may be postponed until they are available. Materials should be available to the educator at least one semester prior to the date of implementation. When educators are required by the principal or administration to develop curriculum materials in order to meet the requirements of the pacing guide, standards, district expectations, and/or needs of the students, they will be paid per diem for their time. (2022)
 - b. Board policy on the procedure for handling questioned materials shall include an Instructional Materials Review Committee whose membership shall include at least two (2) employees appointed by the Association. (2022)
 - c. Facilities shall have adequate workroom space, computers, copy machines and other office machines. Additionally, itinerant educators are provided adequate materials, workspace/storage, and access to buildings and technologies required to fulfill their duties. The condition of the facilities, including buildings and classrooms, shall be maintained at a level sufficient to ensure the health and safety of the occupants. The work of maintenance employees shall be scheduled where practicable so as not to disrupt classes. (2022)
 - d. Educators shall be given reasonable access to telephones in each school building to make school business and personal calls. At least one (1) telephone shall be located in some area of the building other than the building administrative and clerical offices, and it either shall be a separate line or shall contain a device that precludes others from listening to the conversation on another extension. (2022)
 - e. The school mail service shall be provided to every educator in every building. (2022) Each building shall contain an adequate faculty lounge.
 - f. There shall also be faculty lavatory facilities, separate from student and health office facilities, in every building. (2022)
 - g. The District shall provide each educator with a convenient, lockable place within the building in which to keep personal items. (2022)
 - h. Heavy school equipment and materials shall be moved from one (1) location to another by maintenance employees upon the request of an educator, which request shall be made by the educator to the office of the principal. (2022)

EDUCATOR ABSENCES

1. Educators who find it necessary to be absent shall report their absences as early as possible to minimize the impact of their absence on building colleagues. The report should be made before the start of their duty day to the District's leave reporting and substitute system either via telephone or the internet and shall also make a building-level report in accordance with uniform procedures established by the principal. (2022)
2. It is recognized that some employees may wish to arrive earlier than their scheduled arrival time or leave later than their scheduled departure time, and the parties agree that employees may do so. An educator may, on occasion, request permission from the principal to leave earlier than the normal departure time, and such request shall be granted if the departure does not interfere with the educator's duties and if a reason for the early departure is given by the educator when the request is made. A principal may, on occasion, request an individual educator to remain later than the normal departure time, and such request shall be granted provided no educator shall be requested to remain late on numerous occasions. (2022)
3. Specialists, itinerant and special education educators shall have adjusted schedules to conform to special situations, but such schedules shall not exceed the teaching duty-day hours or contact time specified in Sections 2 through 5 of this Article. (2022)

SUBSTITUTES AND CLASS COVERAGE

1. The District shall continue to make every effort to furnish substitutes for absent educators. Each educator shall prepare and keep available written directions for a substitute. When a substitute is not available and an educator provides coverage, that educator shall be compensated at the rate of \$45 per hour. Compensation shall be paid on a pro rata basis when educators substitute for split class coverage. Each building shall design a plan to address the situation in which a classroom educator or specialist is absent and a substitute is unavailable. The plan shall be published to staff members. The goal of the plan is to share the burden caused by the absence equitably and to maximize student instruction. The building's Leadership Team shall guide the development and annual review of the plan. The principal shall retain the final responsibility for assigning educators when a substitute is unavailable. Should any educator be required to serve as a substitute more than one time per week, they will be compensated a premium rate of \$65 per hour for subsequent coverage. (2022)
2. In accordance with state law, college and university requirements, a student educator, intern, resident or other student preparing to enter into the profession may serve as a substitute educator.

CLIMATE SURVEYS

1. The principal and building leadership team, in conjunction with staff, will review with staff climate data from a variety of sources including, but not limited to, District employee surveys, student and parent surveys, and the Colorado climate and culture survey when available. Survey data shall be reviewed in a timely manner, but no later than one month after the start of the following school year and shall be used in determining specific strategies for improving the climate and culture within the school. (2022)

DUTY FREE LUNCH

1. All educators shall be given a duty-free lunch period of at least 30 minutes. Such time will be exclusive of the time required to supervise students in hall areas or in escorting students to the lunchroom. The lunch period shall, to the extent practical, considering the schedule in that building, begin between the hours of 10:30 a.m. and 1:00 p.m. In individual buildings, the principal may establish a longer lunch period for educators if that is desired by the educators in that building and if such an extension can be accommodated within the schedule in that building and without lengthening the educator duty day. Educators shall be officially unavailable during the duty free lunch period and the educator shall not be contacted, conferred with or asked to perform duties except in emergency situations. (2022)
2. Educators having assignments at different sites on the same day shall be given a reasonable amount of time to travel from one (1) site to another and shall not be required to use their lunch period for such purpose. The time given shall be determined based upon the distance involved and the method of transportation available to the employee and shall be reasonable under all circumstances. (2022)

Article 14, Teaching Assignments

1. Students are entitled to be taught by employees who are working within their areas of competence. Therefore, except where emergencies dictate otherwise, assignments of educators shall be: (2022)
 - a. Within their endorsement areas, or (2022)
 - b. Within their major or minor fields of study as defined by their institutional recommendations, or (2022)
 - c. Within acceptable fields as defined by accrediting standards, or (2022)
 - d. Within fields for which they are qualified by recent experience or training. (2022)
2. Principals shall seek faculty input concerning teaching assignments. Principals shall consider such input in accordance with Section 1 of this Article and Sections A.1. and A.4. of Article 19. (2022)
3. The Exceptional Student Services administrators in charge of assignments for special education providers shall seek input from the provider whose assignment is being impacted. Administrators shall consider such input in accordance with Section 1 of this Article and Sections A.1., A.2., and A.4. of Article 19. (2022)
4. Employees shall be notified and consulted regarding changes in their assignments as early as circumstances reasonably permit. (2022)
5. At elementary buildings without an assistant principal, one (1) educator may be appointed as teacher-in-charge to perform assigned duties in the absence of the principal. The teacher-in-charge may be relieved of classroom duties when occupying the position of teacher-in-charge for a full day or more. The teacher-in-charge shall be relieved of classroom duties as soon as it is determined that the principal's absence shall exceed five (5) full days. Educators - in-charge not relieved from classroom duties are expected to handle only those matters that require immediate attention. No educator shall be required to accept an appointment as teacher-in-charge. (2022)

Article 15, Exceptional Student Service Providers and Special Service Providers

A. Exceptional Student Services Providers

The Board District and the Association agree that ESS providers must not only provide effective instruction for all students, but must also ensure all legal requirements are met for every student in their care. (2022)

1. Caseloads

- a. When building level schedules are developed by the administrator, his or her or their designee, the severity of the students' needs, the number of classes/levels to be taught, and the total caseload assigned will be considered in order to allow the ESS provider reasonable time to fulfill all the required duties. (2022)

2. Testing

- a. When a building must create a schedule for state standardized testing the schedule will take into account the hours of instructional, physical and emotional support required in the IEP of each student and the time their ESS provider will need to fulfill these requirements. (2022)
- b. The schedule for ESS/itinerant/non-classroom teaching staff to proctor assessments shall be developed collaboratively between the providers and assessment leader to ensure direct services for students are not impacted, or are impacted to the least amount possible. (2022)

3. Training and Support

- a. The district ESS department will provide training to all paraprofessionals being placed in center-based programs. The training will take into account the particular skills needed to work with high needs students. (2022)
- b. The Division of Human Resources will identify substitutes that are qualified to meet the needs of students when ESS providers are absent. A list will be made available to each ESS provider at the beginning of the year and will be updated as the year progresses. (2022)
- c. Exceptional Student Service providers may enter into an Agreement for Services for up to three (3) days of additional compensation, at per diem in order to complete legally required paperwork. The time may be distributed in not less than one (1) hour blocks and will be scheduled in collaboration with their immediate supervisor. (2022)

B. Special Service Providers- Non-probationary Status and Due Process Rights

As part of the job requirements, all Special Service Providers (SSP) must hold a license issued by the Colorado Department of Education in their area of expertise. While identified as educators within this agreement, Colorado statute, including the Teacher Employment, Compensation and Dismissal Act does not define Special Services Providers as "teachers", as such this group of educators are not afforded the same due process rights under State law. (2022)

In recognition of the disparity in due process rights, Special Services Providers shall be provided the following rights under the collective bargaining agreement: (2022)

1. At the start of the 2022-23 school year, Special Services Providers shall be considered or granted non-probationary status after receiving three consecutive performance ratings of effective or better as measured by the Colorado Model Evaluation System. A Special Services Provider shall lose non-probationary status after receiving two consecutive ratings

of either ineffective or partially effective. At the time of the enacting of this provision, any Special Services Provider who has been employed with the district for three or more years and has not received a partially effective or ineffective evaluation the previous three (3) years, shall receive non-probationary status. (2022)

2. No Special Services Provider who has attained non-probationary status will be dismissed from employment without cause and until they have been notified by their supervisor of the grounds for the dismissal and provided an opportunity to respond. (2022)

If a supervisor decides to proceed with a recommendation for dismissal, the supervisor will provide the educator with written notice of the ground(s) for the recommendation and the SSP may request a pre-dismissal hearing before an administrator in the Division of Human Resources. The employee must request the pre-dismissal hearing within five (5) scheduled working days of the last day of work. (2022)

- a. If the SSP does not request the pre-dismissal hearing within five (5) scheduled working days, the dismissal will be considered final. (2022)
- b. If the SSP makes a timely request for a pre-dismissal hearing, then the Human Resources administrator shall conduct the hearing within ten (10) working days of the receipt of the request for hearing, unless extraordinary circumstances require additional time. (2022)
 - i. The Human Resources administrator shall review the supervisor's recommendation in order to determine if there are facts that demonstrate that any of the ground(s) specified in the recommendation for dismissal provided to the SSP are present. The Human Resources administrator shall issue a decision in writing affirming, modifying, or reversing the recommendation for dismissal. The decision shall be rendered within five (5) working days of the hearing, unless extraordinary circumstances require additional time. (2022)
 - ii. If the Human Resources administrator affirms the dismissal, the dismissal will be forwarded to the Board of Education for final action. (2022)
 - iii. If the employee does not attend the scheduled hearing, the ground(s) specified in the notice of dismissal will be deemed admitted by the employee and the dismissal procedures will be concluded. (2022)
- c. If the Human Resources administrator affirms the dismissal, a non-probationary SSP may request a hearing before an impartial hearing officer (probationary employees are not entitled to the hearing) The non-probationary SSP must request the hearing within ten (10) working days of the decision by the Human Resources administrator. The hearing officer will review the recommendation for dismissal in order to determine if any of the ground(s) provided to the employee are present. The hearing officer will not be a District employee. (2022)

The following procedures shall apply to the hearing before an impartial hearing officer: (2022)

- i. When a request for a hearing is received, an arbiter shall be selected in the same manner as the mediator is selected in Section 9 of Article 3 of this Agreement. The hearing officer shall arrange the date and time of the hearing with the SSP and a representative of the District. (2022)
- ii. The selected hearing officer shall have the authority to establish hearing dates and to make all the necessary procedural rules. The hearing shall be

strictly confined to whether any of the ground(s) specified in the recommendation for dismissal provided to the employee and affirmed by the Human Resources Administrator are present. (2022)

- iii. The parties shall exchange exhibits and witness lists at least five (5) working days prior to the commencement of the hearing. (2022)
- iv. Pertinent information not privileged under law in the possession of the District shall be made available to the SSP at their request. (2022)
- v. The SSP may have representation at the hearing. (2022)
- vi. The hearing officer will issue a written recommendation to the Superintendent or designee and the SSP within fifteen (15) working days of the close of the hearing. The hearing officer's recommendation shall set forth detailed, written findings of fact. If the findings of fact demonstrate that any of the ground(s) specified in the notice for dismissal provided to the SSP are present, the hearing officer is without authority to recommend the reversal of the dismissal. If the findings of fact demonstrate that none of the ground(s) specified in the dismissal notice, provided the SSP are present, the hearing officer will have authority to recommend reversing the dismissal. The hearing officer's report shall be advisory only and shall not be binding on the Superintendent or their designee. (2022)
- vii. All hearings conducted by the hearing officer shall be confidential. (2022)
- viii. The Superintendent or their designee shall act on the hearing officer's report within ten (10) scheduled working days, and their decision shall be final. If the Superintendent or designee does not affirm the dismissal, back pay and associated benefits may be restored, if applicable. (2022)
- ix. The District shall pay the cost associated with employment of the hearing officer. The District shall be responsible for its legal costs, and the SSP shall be responsible for paying their legal costs. (2022)
- x. An official transcript of the hearing may be made at the request of the District or the SSP, and a copy of any request shall be made available to the hearing officer. The person requesting the transcript shall pay the cost, except, if the other party requests a copy of the transcript, the entire cost of the transcript shall be shared equally by both parties. (2022)

- 3. An SSP who is incarcerated and unable to work will be placed on leave without pay immediately. (2022)

Article 16, Department and Staffing Chairpersons

A. Department Chairpersons

- 1. Each instructional department at the secondary level with at least one (1) full-time employee in the department may, but shall not necessarily, have a department chairperson. It is understood that the department chairperson is an educator but is given the additional task of assisting others. While in an advisory role, at no time are department chairpersons considered supervisory staff. Department chairpersons shall be chosen annually by the principal after consultation with the department faculty. (2022)
- 2. In those departments with seven (7) or more full-time educators, the Chief Personnel Officer may, but shall not be required to, permit the assignment of both a

department chairperson and an assistant department chairperson or two (2) persons to act as co-department chairs. (2022)

3. Department chairpersons and assistant department chairpersons shall receive additional compensation in accordance with Article 11 entitled Compensation. If there are two (2) co- chairpersons, the total pay shown in Section 10 of Article 11 shall be added together and divided equally. (2022)
4. A department chairperson, upon request, shall be entitled to one (1) day or two (2) days release time per school year from regularly assigned duties for the purpose of meeting professional responsibilities as a department chairperson. In determining whether a department chairperson shall be given one (1) day or two (2) days release time, the administration may consider the size of the department and the duties that the department chairperson is expected to perform. (2022)

The department chairperson functions as an instructional leader and assists with department operations. At the beginning of the year, principals shall meet with the department chairperson(s) and collaboratively determine these responsibilities and duties. In those departments with co- chairpersons, one of them shall be designated by the principal as the primary contact. Duties may include: (2022)

- a. Scheduling and chairing department meetings; (2022)
- b. Meeting with appropriate personnel from the Division of Equity in Learning and/or committees for curriculum development projects; (2022)
- c. Recommending course content changes to the appropriate personnel from the department, the Division of Equity in Learning and the building principal; (2022)
- d. Assisting department educators as necessary; (2022)
- e. Preparing and recommending to the building principal the department's budget; supervision of the department's allocated budget; (2022)
- f. Scheduling and allocating department equipment, materials and supplies. (2022)

B. Staffing chairpersons

1. Each school building with at least one (1) full-time special education employee shall have a staffing chairperson. The staffing chairpersons shall be chosen annually by the principal after consultation with the building special education providers and acceptance of such assignment is voluntary on the part of the educator. In addition to being responsible for the student staffings, the staffing chairperson shall perform duties as defined by the District's Department of Exceptional Student Services and may include coordinating and communicating the building staffing calendar, completing and submitting direct placements, coordinating the providers required to attend staffings, reviewing all completed IEPs as per the ESS quality assurance checklist, submitting all finalized paperwork to the ESS Department, and shall act in accordance with applicable federal and state laws and regulations. Staffing chairpersons are not considered supervisory personnel. (2022)
 - a. In those schools which conducted greater than thirty -five (35) staffings during the previous school year, the Chief Personnel Officer may, but shall

- not be required to, permit the assignment of both a staffing chairperson and an assistant staffing chairperson. (2022)
- b. The staffing chairperson and assistant staffing chairperson shall receive additional compensation in accordance with Article 11, Compensation. (2022)
 - c. A staffing chairperson, upon request, shall be entitled to one (1) or two (2) days release time per school year from regularly assigned duties for the purpose of meeting professional responsibilities as a staffing chairperson. In determining whether a staffing chairperson shall be given one (1) day or two (2) days release time, the administration may consider the special education caseloads, number of students receiving special education services, current Exceptional Student Services' deadlines, and the duties that the staffing chairperson is expected to perform. (2022)

Article 17, Classified Support Staff

1. Classified support staff shall not be used as an educator of record nor in any manner that violates applicable law. (2022)

Article 18, Educator Transfers

A. General Considerations

1. Transfers shall mean only those changes involving moves from one (1) building (school location) to another. Reassignments to different grade levels or different areas of instruction within a building are not considered transfers. A transfer request shall be either voluntary and initiated by the employee or involuntary as initiated by the District. Return from leave as described in Articles 26, 30, 31, 32 and 33 and recall as described in Article 20 shall not be considered transfers under this Article. (2022)
2. In making transfers of educators, consideration shall be given to the effect on students, the effect on the educational program of the District, the interest of the educators involved, and establishing a balance in the distribution of educators with regard to experience, length of employment in the District, and other significant characteristics such as gender, age and ethnic background. (2022)
3. Prior to filling a vacancy by hiring a new employee under contract (as opposed to using a substitute teacher in the vacancy), notice of that vacancy shall be posted on the District web site. (2022)
4. Educators who desire a change of assignment within a building shall discuss the matter with their principal, but shall not submit a transfer request form. Final determination of intra-building assignments or reassignments shall be made by the principal. (2022)
5. Educators who transfer through a voluntary transfer (Section B) or a mutual consent transfer (Section D) may transfer to a school only with consent of the hiring principal and with input from at least two (2) educators employed at the school and chosen by the faculty of educators at the school to represent them in the hiring process. (2022)

6. Educators who have their assignments involuntarily changed after the start of the year will be provided two (2) days to transition into the new assignment.

B. Voluntary Transfers

1. Weekly postings of all known vacancies shall be made available via the District's website. (2022)
2. An educator desiring a transfer to a different school shall complete an online transfer request. The educator may electronically attach relevant documentation such as a resume and/or letters of interest. The current principal will make a reasonable effort to honor the educator's desire to transfer. (2022)
 - a. Educators may use the online transfer system to select posted positions by no later than each position's closing date. Only the assignments and/or locations specifically requested online by the educator shall be considered. (2022) b. The educator's principal will be notified via email of the educator's interest in transferring. (2022)
3. New educators shall not be given assignments until all existing educators requesting transfer to a particular open position have been considered by an administrator in the building where the vacancy exists. Administrators shall interview all candidates who have a reasonable chance of being selected for the position; however, an administrator is not required to interview all transfer candidates. (2022)
4. Educator transfer candidates not selected for interviews shall be notified by the Human Resources Office. Educator transfer candidates not selected following interviews shall be notified by the principal or designee within five (5) business days after the job is filled. (2022)
5. Educators, including regular part-time educators, returning from District-approved leave shall have all rights under this Article. (2022)
6. When vacancies occur in District supervisory or administrative positions, such vacancies shall be publicized by posting; provided, however, neither the transfer of an existing employee from one (1) supervisory or administrative position to another, nor the adding or deleting of duties or job titles to or from an existing supervisor or administrator, shall require such posting. When deemed necessary or desirable, interim appointments may be made without posting by the administration, pending the appointment by the Board of a permanent occupant to the position. (2022)

C. Involuntary Transfers

1. Educators shall not be assigned without their consent to any position outside their areas of professional competence. (2022)
2. No educator shall be transferred involuntarily without good cause. Such cause shall be stated in writing at a meeting between the educator involved and the Superintendent, or the Superintendent's designee, prior to the actual transfer. Good cause includes, but is not

limited to, any educator who is displaced as a result of a drop in enrollment; turnaround; phase-out; reduction in program; or reduction in building, including closure, consolidation, or reconstitution. (2022)

3. A list of all vacant appropriate positions shall be made available to an involuntary transfer. (2022)
4. If, in the view of the administration, there are two (2) or more assignments or schools appropriate for assignment to educators involved in involuntary transfers, the educators involved may designate an order of preference for up to three (3) positions. The administration shall consider the designation and shall make reasonable effort to place the educator in one of the designated positions. (2022)
5. Involuntary transferred educators shall retain all rights to subsequent voluntary transfer. (2022)
6. When a building must involuntarily transfer an educator due to a drop in enrollment; turnaround; phase-out; reduction in program or reduction in building including closure, consolidation, or reconstitution, the educator chosen for transfer shall be the last non-probationary person hired into the building in the program area being reduced and is deemed effective by the existing evaluation system, unless there is a compelling need in the building to retain the educator. The principal will then consider the next non-probationary educator who was hired last into the building under the same procedure as outlined above. The educator chosen must be transferred under the mutual consent procedures outlined below. (2022)

D. Mutual Consent Transfer Procedures

1. The school District shall immediately provide the educator with a list of all vacant positions for which s/he is qualified, as well as a list of vacancies in any area identified by the school District to be an area of critical need. To secure a mutual consent placement, the educator shall apply and be considered for positions for which s/he is qualified. New educators shall not be given assignments until all existing educators requesting a mutual consent transfer to a particular open position have been considered by an administrator in the building where the vacancy exists. Administrators shall interview all candidates who have a reasonable chance of being selected for the position; however, an administrator is not required to interview all candidates. (2022)
2. A non-probationary educator who does not secure a mutual consent placement by the end of the contract year, shall become a member of a priority hiring pool and will be provided first opportunity to interview for a reasonable number of available positions for which s/he is qualified in the School District. New educators shall not be interviewed until all educators in the priority hiring pool who are qualified for the vacancy have been provided the opportunity to interview for the position by an administrator in the building where the vacancy exists. (2022)

3. The School District has the ability to place the educator in a twelve-month or other limited-term assignment, substitute assignment or instructional support role during the period in which the educator is attempting to secure an assignment through school-based hiring. (2022)
4. If the educator is unable to secure an assignment at a school of the School District after two (2) hiring cycles, the School District shall place the educator on an unpaid leave of absence until such time the educator is able to secure an assignment. For purposes of this Article, a hiring cycle shall be defined as the period of time commencing on April 1 and concluding on September 1. (2022)
5. If the educator secures a position at a school of the District while placed on unpaid leave, the School District shall reinstate the educator's salary and benefits to the level they would have been had the educator not been placed on unpaid leave. (2022)

E. Staffing New Schools

When a new school is opened, it may be necessary to transfer some educators to the new school from one (1) or more existing District schools. Transfer requests to the new school may be initiated by educators or by the administration and shall be based on the factors noted in this Article; if initiated by the administration, they shall be subject to the limitations governing involuntary transfers. (2022)

Article 19, Reduction in Force

1. A reduction in the number of educators in the District shall be in accordance with Colorado statutes in effect when the reduction notice is mailed. As used in this Article, "educator" means any person, including a specialist, as defined in Article 1, of this Agreement. (2022)
2. As used in this Article, "qualified" means that the educator has the appropriate Colorado Department of Education licensure and endorsement or has the proper courses to meet regional or State of Colorado accreditation standards. The educator's qualifications under this Article shall be judged on the transcripts, endorsements and certifications in that educator's file in the Human Resources Office not later than 10 calendar days after the date the reduction notice is mailed to the educator. Later obtained or noted endorsements and certifications and later additions to that educator's transcript shall not be considered in connection with the reduction. (2022)
3. If the Board in its judgment determines that educators should be reduced (cancellation of employment) by reason of financial necessity, declining enrollment or for other reasons justifying a decrease in the number of teaching positions, the District shall institute the procedures set forth in this Article. (2022)
4. The procedures in this Article shall apply to any reduction of a non-probationary educator and to a reduction of a probationary educator either at the semester or at the end of the school year when the probationary educator has not been given a timely notice of nonrenewal of the educator's contract. The provisions of this Article do not apply to the nonrenewal of the contract of a probationary educator in accordance with Colorado statutes then in effect, whether or not said nonrenewal is caused by a reduction in the number of available positions. Likewise, the provisions of this Article do not apply to

overages of educators in a building or program area that can be handled under the voluntary or involuntary transfer provisions of this Agreement and that would not result in the educator in an overage situation being reduced. (2022)

5. Before District representatives recommend a reduction in force, subject to this Article, to the Board, the Association shall be notified of the conditions necessitating the reduction and the needs of the District. If possible, said notification shall be given by November 1 prior to an anticipated semester reduction and by April 15 prior to an anticipated end-of-the-year reduction. With such notification, the Superintendent, or the Superintendent's designee, shall furnish the Association with relevant appropriate data concerning the reduction. Reductions shall only occur at the end of a semester or academic year. (2022)
6. The District shall create a pool of educators, not more than double the number of educators to be reduced, to be considered for reduction in the program area affected by taking the following factors into account: (2022)
 - a. Effectiveness, meaning educator performance as determined by the educator performance rating over the previous three (3) evaluation cycles as determined by the District's performance evaluation system. If the educator does not have three (3) years of performance ratings from the District, then the Superintendent or Superintendent's designee shall consider only those available performance ratings. Nothing in this Article requires the consideration of evaluations conducted in other school districts. (2022)
 - b. Length of service in the School District. (2022)

After considering the factors above, the Superintendent or Superintendent's designee shall also consider the following factors in recommending an educator for inclusion in the pool for consideration for reduction: (2022)

- a. Education, licensing endorsements and other professional qualifications (2022)
- b. Probationary and non-probationary status (2022)

The educators to be reduced shall be selected by the District from the pool, taking into account District and building staffing and program needs as approved by the Divisions of Instruction and Human Resources. (2022)

The reduced educators shall be assigned to a vacancy in another program area if the following conditions are met: (2022)

- a. The educator files a written request for reassignment with the Division of Human Resources within 10 calendar days after the reduction notice is mailed to the educator; and (2022)
- b. The educator is qualified for the position; and (2022)
- c. The educator has taught at least one (1) full-time school year or its equivalent in that program area in the last seven (7) years, or holds an endorsement on their teaching license issued by the Colorado Department of Education. (2022)

Within 14 calendar days after a reduction notice to which this Article applies is either handed to an educator or mailed by certified mail with return receipt requested, that educator may, in writing, request a review of that action to the Division of Human Resources. If such a request is made, the following procedure shall apply: (2022)

- a. The Board and the educator (or the Association, if the educator so desires) shall select an impartial hearing officer from available sources to conduct a hearing. In the event the parties are unable to agree upon a hearing officer, said hearing officer shall be selected in accordance with Section 9 of Article 3 of this Agreement. When appropriate, more than one case may be heard at the same time. (2022)
 - b. The request for review must specify the grounds on which it is contended that the reduction decision was improper under this Article. (2022)
 - c. The hearing officer shall schedule a hearing to be held within 14 calendar days of receiving the educator's request. The educator shall be given at least 7 calendar days' notice of the hearing. (2022)
 - d. The hearing shall be conducted informally. The hearing officer shall have the authority to make appropriate procedural rules. Educators may represent themselves or be represented by the Association. (2022)
 - e. The hearing shall be limited to those grounds specified in the request for a hearing and supported by such proof as is offered, provided the hearing officer may, if the hearing officer deems it necessary to determine whether the reduction was conducted in accordance with Colorado law and this Article, consider additional arguments and/or facts. A decision shall be rendered by the hearing officer within 14 calendar days following completion of the hearing. (2022)
 - f. The hearing officer shall make written findings and recommendations to the Board and the educator. The cost of the hearing shall be borne as specified in Section 12 of Article 3 of this Agreement. (2022)
 - g. The Board shall take official action on the findings and recommendations of the hearing officer at the next regularly scheduled meeting of the Board, unless the decision is rendered within 10 calendar days prior to said Board meeting, in which event action shall be taken at the next following regular meeting of the Board. (2022)
 - h. This procedure is the only procedure that may be used to challenge a reduction in force of an educator subject to this Agreement. (2022)
7. Reduced educators who wish to be considered for recall shall provide written notification of that fact to the Division of Human Resources. Such educator shall be placed on a recall list and shall remain on that list for two (2) years after the date of the reduction. If a vacancy occurs in a program area in which an educator on the recall list is qualified, that educator shall be recalled. An educator who is offered recall under this Section shall have seven (7) calendar days from the date the recall notice is either handed to the educator or mailed by certified mail with return receipt requested, to accept or reject the offer. If the offer of recall is not accepted, the educator shall forfeit the right to recall, and the educator's name shall be removed from the recall list. (2022)
 8. Educators on the recall list shall, at their request, be called to serve as substitute educators in areas in which they are qualified at substitute pay before any other substitute educators are called. Educators on the recall list shall have the option to remain active participants in the District's medical, group life and dental insurance programs by paying to the District the full cost of any benefit desired. (2022)

Article 20, Conference Release Time

1. The parties agree that professional conferences often provide the impetus for improvement

in education through an interchange in ideas and an exposure to new developments. Therefore, it is agreed that \$40,000 be set aside each year (\$20,000 each semester) for the purpose of allowing employees to attend selected conferences of this nature. (2022)

2. Employees shall apply to the Director of Professional Learning, for approval of conference attendance as soon as possible after they become aware of meaningful conference opportunities; except that no such request shall be presented until the second week of each school year and requests may be only for the school year in progress. (2022)
3. The Director of Professional Learning, shall develop fair and equitable procedures for requests that shall include the following minimum guidelines: (2022)
 - a. The conference has a beneficial relationship to the applicant's teaching position. (2022)
 - b. No more than one-quarter of the money used to pay registrant's expenses shall be appropriated for out-of-state conferences. (2022)
 - c. An educator may attend only one (1) conference, either in or out of the state per school year. (2022)
 - d. The \$40,000 fund established in this Article shall be used exclusively to pay all expenses (including travel, subsistence and conference registration fees) incurred by employees who attend such conferences and to pay the salary of substitutes for teachers attending such conferences. (2022)
4. Employee meals shall be reimbursed at a per diem rate based on IRS recommendations and at the actual cost for all other travel related expenses. For those items reimbursed at actual cost, employees must submit itemized receipts to the licensed professional development office upon return from said conference. Employees shall not be reimbursed for those expenses not accompanied by itemized receipts. (2022)
5. Nothing herein shall be construed to prohibit the District from providing additional conference opportunities for employees. When the District wishes to encourage such attendance, it may do so independent of this Article. (2022)

Article 21, Visitation Release Time

1. The Board and the Association agree that it is essential for the improvement of instruction to allow employees opportunities to observe exemplary programs both within and outside the District but within the Denver metropolitan area. (2022)
2. A pool of substitute days, equal to one-third of the licensed employee staff, subject to availability of substitutes and contingent on District budgetary limitations, shall be available for visitation release time each school year for the purpose of observing relevant programs in action. (2022)
3. This visitation shall be planned with the employee's principal in consultation with the educator. The Division of Equity in Learning Licensed Professional Development Office shall have final approval. Among items to be considered in planning shall be support of the District's strategic plan, the school improvement plan, and the educator's professional learning goals. (2022)
4. All expenses for substitute coverage shall be borne by the Division of Equity in Learning. (2022)

Article 22, Leaves of Absence – General

(2022)
2. If an employee is entitled to pay pursuant to more than one (1) provision of this Agreement for time spent on any type of leave permitted in the following Articles of this Agreement, the employee shall not receive more than an amount equivalent to that employee’s full pay for any such leave time. (2022)
3. With respect to the following Articles of this Agreement that provide for various kinds of leave with pay: (2022)
 - a. For all leaves of 30 days or less and paid leave under Section 6 of this Article of any duration, the educator shall receive the full pay that the educator would have received during that period, including pay for assignments under Appendix B, Appendix C, etc. (2022)
 - b. For all paid leaves, except paid leave under Section 6 of this Article, of more than 30 days, the educator shall receive pay in accordance with the appropriate salary rate for that educator as set forth on the Educator Salary Schedule, Appendix A, and shall not receive any additional or supplemental types of pay. (2022)
4. When returning from a leave provided for in this Agreement, the employee shall return to the experience step on the educator salary schedule that would have been assigned had the leave not been taken, provided the employee received pay for no less than 90 days in the school year prior to the time the leave commenced. In all other cases, the educator shall, upon return, be placed on the same step the educator was on when the leave commenced. This provision shall in no way act to deny educator s educational-level advancement on the educator salary schedule upon return from a leave. (2022)
5. An employee, while absent on any leave, shall keep the Division of Human Resources notified of the employee’s current address. (2022)
6. Full-time educator s shall accrue 12 days per contract year that may be used for paid leave under Article 24, bereavement leave under Article 27, and special leave under Article 34. The 12 days shall be earned in equal amounts over nine (9) months starting in August. However, educator s in the first year of employment with the District shall be able to take leave, if necessary, prior to accruing the days. (2022)
 - a. If, during the course or at the end of a school year, a educator either terminates employment with the District or goes on a leave permitted under Articles 26, 28, 30 (Section 1), 31 or 32, the per diem amount of all used but unearned leave shall be deducted from that educator's final salary check prior to the termination of employment or the commencement of the leave. Within 10 work days after the educator notifies Human Resources of intent to go on leave, Human Resources will inform the educator of the amount of used but unearned leave. (2022)

- b. The maximum amounts of leave time specified in Articles 27 and 34 shall remain in effect. (2022)

 - e. Unused leave may be accumulated without any maximum. (2022)
 - f. While on any leave of absence permitted in this Agreement, an educator shall retain but not accrue additional paid-leave time, except as indicated otherwise. All unused paid-leave time shall be eliminated whenever an educator 's employment is terminated, except that an educator with three (3) or more years' service to the District, who resigns and is re-employed within 12 months after resignation, shall have all accrued paid-leave days returned that the educator had prior to resignation. (2022)
 - g. If, during the first three (3) years of an educator's employment by the District, such educator has less than five (5) days of individual paid leave remaining in the educator's account at the time that a need to use bereavement leave (Article 27) arises, then such educator shall, upon request, be credited with an advance of individual paid-leave time, which advance shall be taken from that educator's account for the next succeeding school year. The advance shall be in an amount not to exceed the number of days necessary to bring the educator's individual paid- leave account to a total of five (5) days at the time of the request and shall be subject to all of the conditions specified in this Article. (2022)

 - a. Mental or physical illness, injury, self-isolation due to exposure, symptoms, or health condition that prevents the educator from working; need to obtain medical diagnosis, care or treatment for an illness, injury, or health condition; or needs to obtain preventive medical care; to care for a family member for the purposes noted above

With this option, the compensation received by these entities and the use of the accrued leave shall enable the employee to receive the equivalent of his/her full salary. (2022)

Article 24, Health Leave Bank

1. The Board agrees to continue the Health Leave Bank during the term of this Agreement. (2022)
2. The bank was funded initially by a mandatory contribution from each employee of one (1) day of that employee's individual paid-leave time. For new employees, a mandatory contribution of one (1) day shall be made by them on the day on which their initial individual paid-leave time is allotted to them. Paid-health-leave days in the bank shall carry over from year to year, and an additional contribution shall not be required until the beginning of the school year after the days in the bank drop below 500, at which time an additional contribution of one (1) day per employee shall be made to replenish the bank's days. (2022)

3. The bank shall be administered by the Health Leave Bank Committee consisting of the Chief Personnel Officer or a designee, and three (3) other members. 4. Following the commencement of a educator's parental leave and conditional upon that educator having furnished timely and consistent notice under Section 2 of this Article, the educator shall have the following options: (2022)
- a. If an educator desires and if their medical doctor certifies their medical ability to do so, they may return at any time within 60 contract days following commencement of the leave, provided they notified the Human Resources Office in writing before their leave commenced that they desired to return within the 60 days and set forth the date upon which they would return; provided further, if a school quarter would end more than 60 contract days after commencement of the leave and less than 70 contract days after commencement of that leave, the educator may extend their leave under this Subsection to the end of that school quarter. For leaves under this Subsection, the educator may return to the same position they occupied when they commenced the leave. (2022)
 - b. If the educator does not exercise the options in Section 4.a. above, the educator shall be eligible to return to the first vacant position for which the educator is qualified, at any time after the first 60 contract days of the parental leave period, but in any case, the educator shall be returned to a position for which the educator is qualified no later than the beginning of the school year immediately succeeding the date the educator submitted notification of the educator's intent to return. (2022)
5. 2. When an educator suffers an occupational injury or illness and is unable to work, as determined by the designated medical provider, the educator is, as established and limited by the provisions of Colorado law, entitled to a portion of the educator's regular teaching salary, up to the maximum allowed wage under the Workers' Compensation Statute. For the first three (3) work days of an educator's disability, or for such longer period of up to 60 work days if the educator is disabled by reason of being physically assaulted while in the performance of duties, the educator shall nevertheless be retained on the educator's full Appendix A salary for those days without being required to use accumulated paid-leave days, provided the educator assigns to the District the workers' compensation monies received for those days. Thereafter, the educator may exercise the option to do either of the following: (2022)
 - a. Retain the loss wage compensation received from the workers' compensation plan and not use any of their accrued leave for the time they are absent from work and for which they have received such compensation. If this option is chosen, the employee shall be placed on an unpaid leave of absence. However, the district will continue to make the employer contributions to the employee's district provided benefits (health, dental, life). To maintain coverage under these plans, the employee will make arrangements with the Benefits Office to make the employee monthly contributions.
 - b. Retain the workers' compensation loss wage benefits received and use their accrued leave to supplement the workers' compensation benefits to receive their full salary for the period they are unable to work, and for which they have accrued leave available. This applies only to temporary total disability benefits. Under no circumstances shall an employee be allowed to receive more than an amount equal to the employee's pre-injury wage or equivalent when combining the indemnity payment from workers' compensation and the accrued leave. The employee shall be placed on a paid leave of absence and the District shall pay the premiums on the employee's District-sponsored benefits during the time in which they are using accrued leave. If an employee exhausts all accrued leave and is still unable to work, the employee will default to Option A.

After providing notification to the principal the employee shall use the District leave reporting system to report the jury duty or witness leave. (2022)
2. Employees who are summoned for jury duty shall receive their full pay during their absence but shall assign their jury duty pay, mileage expense excepted, to the District. (2022)
3. Employees who are subpoenaed to appear in court, except where the employee is a plaintiff or where the employee is subpoenaed by the plaintiff in a suit against the District, the Board, a fellow employee, or a District administrator, shall receive full pay during their absence, up to a maximum of two (2) days for any one (1) case, but shall assign any witness fee paid, mileage expense excepted, to the District. (2022)
4. Educators shall report for work before jury duty or court appearance if there are two (2) or more hours of the normal duty day before reasonably having to leave for jury duty or court appearance and shall return to work after being released from jury duty or court appearance if they can reasonably return with two (2) or more hours of the normal duty day remaining after arrival. (2022)

The year during which the educator was on professional leave shall not be counted as a year of teaching experience for purposes of step increases under the educator salary schedule. (2022)
7. Upon return from a professional leave, the educator may not apply for an additional professional leave until the educator has taught for six (6) school years after the earlier professional leave. (2022)

2. If an employee who is a member of a Reserve or National Guard unit is required to take annual active duty training during the school year, that employee shall be granted leave for such active duty. The employee may, at his/her option, retain military pay and allowances and be considered on unpaid leave during the employee's active duty period, or the employee may assign his/her military pay and allowances to the District and remain on full salary from the District for the period the employee is on such active duty, up to a maximum of 15 calendar days annually. If a portion of the military leave overlaps with the school year and a vacation period, the employee may assign the portion of his/her military pay and allowances to the District for the period of time which necessitated the leave of absence from his/her employment. Employees taking leave under this Section shall give a copy of their military orders to the Chief Personnel Officer or designee. (2022)

Article 32, Leave Without Pay

1. After working for a minimum of one pay period, an educator may request a leave of absence without pay by submitting a written request specifying the reason for leave; in extraordinary circumstances, the Chief Personnel Officer or designee may grant an exception to the one month working requirement. A leave of absence without pay may be granted by the Superintendent for a period of up to one (1) calendar month. Leaves for more than one (1) month must be approved by the Board, and generally are not approved for more than one year. (2022)
2. Upon return from a leave without pay under this Article of less than one (1) month, the educator shall be returned to the same assignment held prior to the leave. Upon return from such leave of one (1) month or more, the educator shall be returned to an assignment for which he or she is qualified. (2022)

6. While an employee is on an unpaid leave of absence approved by the Board of Education, the District shall not pay the premiums on the employee's District-sponsored health, dental and/or life insurance except as required by the Family Medical Leave Act. If an employee wishes to continue such insurance coverage, this may be done at the employee's expense by making the necessary arrangements with the benefits office. (2022)

Article 33, Special Leave

1. Educators shall be granted paid special leave of not more than three (3) duty days per school year if the educator has accrued paid leave at the time such special leave is to be used. Special leave is intended to provide an opportunity for educators to attend to personal matters and may not be used for recreational purposes. (2022)
2. Special leave requires prior approval from the educator's supervisor. (2022)
 - a. For prior approval, educators must submit a special leave request through the District leave reporting system. The request will be reviewed by the principal and either approved or declined based on the guidelines outlined in this Article. No special leave shall be granted on the day before or the day after a holiday or vacation period unless the educator has actually been at work between the holiday or vacation period and the day requested as a special leave day. An educator who takes special leave on an ineligible day without requesting and receiving an exception as allowed below will not be paid for that day. (2022)
 - b. An educator wishing to attend the high school or college graduation ceremony of an immediate family member, which is scheduled on a day before or after any holiday or vacation period, may use special leave to do so. (2022)

The request for an exception must be made in advance of the desired special leave date and with proof for the exception. (2022)
3. Not more than 30 educators may be absent due to special leave on the same day. In the event that more than 30 educators request special leave on the same day, the first 30 will be granted leave in chronological order of request. (2022)

3. The Board may, after receiving the examination report from the employee's medical doctor, require an additional examination by a medical doctor selected by the Board or the Board's designee and paid by the Board. (2022)

Article 35, Performance Evaluation

The primary purpose of performance evaluation is to provide meaningful and credible feedback that

improves educator performance through observations, instructional dialogue and support. As required under the Teacher Effectiveness Act of 2010, the APS evaluation is aligned to the Colorado model evaluation system. (2022)

A. General Considerations

1. All educators will be evaluated annually. (2022)
2. The responsibility for the evaluation of educators rests with their principal(s), immediate supervisors, or the principals' designee as outlined below. (2022)
 - a. Section 22-9-106 (4) (a), C.R.S., allows performance evaluations to be conducted by an individual who has completed a training in evaluation skills that has been approved by the Colorado Department of Education (CDE). An educator may fill the role of an evaluator if they are identified as the designee of an individual with a principal or administrator license and have completed the required training. (2022)
 - b. Any licensed staff member identified as the principal's designee for the purpose of evaluation must have been identified as effective/meeting standards on their most recent performance evaluation. (2022)
 - c. A non-probationary educator who has met standards on his/her their most recent performance evaluation may request a building administrator or administrator's designee to serve as the evaluator. If the educator requests the designee, the educator would not be permitted to select a specific individual. This request will be honored to the extent practicable. Factors taken into consideration when assigning an evaluator will include but not be limited to, the balance of educators assigned to the building administration/designee and content area expertise. (2022)
3. All formal or informal observations of the work performance of an educator shall be conducted openly and with the knowledge of the educator. There shall be no use of eavesdropping, closed-circuit television, public address or audio systems, or similar devices for surveillance purposes. (2022)
4. Evaluation of educators shall be based primarily on Professional Practices Standards identified in the Colorado Model Evaluation System providing that such factors are: (2022)
 - a. Observed by the evaluator as part of a formal or informal observation; or (2022)
 - b. Brought to the attention of the evaluator as a result of a formal or informal observation by another District administrator; or (2022)
 - c. Presented by the educator being evaluated as evidence of their instructional practice; or
 - d. Substantiated in writing if originating from any other source. (2022)

5. Observations made during the coaching process shall not be included in educator performance evaluations. To ensure that the educator-coach relationship retains the necessary degree of trust and that educators are able to make mistakes and then improve with the help of their coaches, coaching observations must be kept separate from performance evaluations. (2022)
6. The number of times the educator uses the student discipline referral form shall not by itself be used as evidence in an educator's overall evaluation. (2019)
7. Any material deemed by the educator to be of a negative nature and that is to become part of the educator's personnel file may be rebutted by the educator if the educator so desires. Such rebuttal shall be attached to the original material in the educator's file. (2022).
8. Throughout the evaluation process, educators may provide their evaluator with evidence and rationale connecting the evidence to the quality standard. It is not necessary to provide evidence for every element in each of the quality standards. Evidence may include, and is not limited to student work; memos, letters, input from parents, students and peers; student input obtained from standardized surveys; or other indicators of professional practice, including student records and professional educator products. This information will be included in the body of evidence considered by the evaluator in the determination of ratings in the quality standards. Ongoing feedback as it relates to the overall body of evidence will occur throughout the evaluations process. (2022)
9. The District and the Association agree to establish an ongoing collaborative committee charged with reviewing and making recommendations regarding the multiple measures and processes to be used in addressing quality standard 6 of the Colorado Model Evaluations system. (2022)

B. Observations

1. FORMAL

- a. Formal observations consist of a visitation of a class period or a class lesson, meeting or training. The observation should be conducted for an entire class period, lesson, meeting or training, or a minimum of 45 minutes. Probationary educators will be formally observed a minimum of two (2) times per year. Non-probationary educators will be formally observed a minimum of one (1) time per year. (2022)
- i. One of the two formal observations for probationary educators must be conducted in a synchronous learning environment. The second formal observation may be conducted through the use of recording with educator's prior consent and meet the following criteria:
 - a. The lesson must be current and would still be subject to the same provisions regarding pre-observation meetings.
 - b. Must be for a full lesson

- c. Must be aligned with the lesson plan provided during the pre-observations meeting, if conducted.
 - ii. Non-probationary educators will have their one formal observation conducted in the synchronous learning environment unless the educator requests and the administrator agrees to the use of a video lesson. The following criteria must be met:
 - a. The lesson must be current and would still be subject to the same provisions regarding pre-observation meetings.
 - b. Must be for a full lesson
 - c. Must be aligned with the lesson plan provided during the pre-observations meeting, if conducted.
- b. Advance notification shall be provided at least two (2) working days before a formal observation, unless the educator otherwise agrees. The notification shall state that the evaluator shall conduct the formal observation during one (1) or two (2) of the classes or periods taught by the educator. The evaluator shall specify two (2) classes or periods on a particular day, at least one (1) of which shall be the subject of the formal observation. At the time of the notification, the evaluator may request that the educator provide the objectives for the lesson or lessons to be observed, in which event the educator shall furnish such objectives to the evaluator not later than the end of the working day immediately preceding the day of the formal observation. In the event the evaluator is unable to attend a previously scheduled formal observation, the evaluator and educator shall confer for the purpose of jointly rescheduling another such formal observation. (2022)
- c. If requested by either the observer or the educator at least two (2) working days in advance of the observation date, a pre-observation conference will be held to discuss the learning objectives for the lesson(s) to be observed. (2022)
- d. Within five (5) working days of each observation, a conference shall be held between the evaluator and the educator. The focal point of the conference shall be the educator's instructional practice aligned with the professional practices quality standards as defined in the Colorado Model Evaluation System. The evaluator and educator will discuss the observed practices and consider additional evidence to further demonstrate the performance of professional practices. The evaluator and/or educator may determine an additional meeting is necessary to allow the educator to present further evidence as a result of the post observation conference. Except in extenuating circumstances, for example when the absence of the educator or the administrator makes scheduling difficult, observations shall be scheduled to allow the observation conference to be completed before a subsequent observation is initiated. (2022)

- e. A minimum of three (3) weeks shall occur between the post observation conference and the next formal observation to allow the educator the opportunity to implement feedback from the evaluator. (2022)
- f. Evaluators of probationary educators will conduct a minimum of one (1) formal observation prior to the end of the first semester. Evaluators of non-probationary educators will conduct a minimum of one (1) formal observation prior to the end of January. (2022)
- g. Both the observer and the educator shall sign and retain a copy of the formal observation report. (2022)

2. INFORMAL

- a. Informal observations (minimum of 10 minutes) of the professional educator occur during day-to-day interactions within the educational setting. Such observations are a natural process, which acknowledges performance beyond that seen in the formal observation. Informal observations will be conducted a minimum of four (4) times per year. (2022)
- b. Within two (2) working days of each informal observation, the educator will be provided with documentation which includes the following: date and time of observation, quality standards observed, observations of the evaluator and an opportunity for the educator to provide feedback. If desired the educator may request a meeting to discuss the informal observation and provide additional evidence that support the educator’s instructional practice. (2022)
- c. A minimum of one (1) week shall occur between each informal observation to allow the educator the opportunity to implement feedback from the evaluator. (2022)

C. EVALUATION TIMELINES FOR EMPLOYEES HIRED AFTER THE START OF THE SCHOOL YEAR

D. Evaluation Procedures

1. SELF-EVALUATION AND EDUCATOR PROFESSIONAL LEARNING PLAN

- a. As required under the Colorado Model Evaluation System, all educators shall complete a self- evaluation and an educator Professional Learning Plan. The self-evaluation and educator Professional Learning Plan shall be completed within the first 30 days of the educator’s work year. All educators shall have the discretion to review the self-evaluation with their evaluator. By no later than the end of the third week of school or no later than three weeks after the educator begins work, supervising administrators must provide at least one hour during an in-service, faculty meeting, or professional development to review the APS evaluation process with all educators and provide an opportunity for educators to begin their self-evaluation and/or professional learning plan. (2022)
- b. The educator will bring their completed self-evaluation to the meeting to be used as their personal reference during the goal-setting discussion. At minimum, the educator will discuss the areas of their self-evaluation in which they wish to seek instructional improvement and set goals that will form the basis for the educator’s professional learning plan and determine the strategic focus of evaluation. (2022)

2. MID-YEAR REVIEW

- a. Every educator will meet with their evaluator to review their performance at mid-year. Mid-year reviews for probationary educators will occur by the end of the first semester. Mid-year reviews for non-probationary educators will occur by the end of January. (2022)
- b. Educators may bring evidence that support their teaching practice as related to the Professional Practices Quality Standards. (2022)
- c. The Mid-Year Review will be documented in writing and will include: observed practice to date as related to the Professional Practices Quality Standards and the educator Professional Learning Plan; areas for improvement; resources to support improvement and an initial effectiveness rating. (2022)

- d. The evaluator shall provide the educator access to the educator's Professional Practices Quality Standards rubric two (2) days prior to the Mid-Year Review meeting in order for the educator to be able to review their current rating and prepare evidence. (2022)

3. END OF YEAR REVIEW AND FINAL RATING

- a. Every educator will meet with their evaluator to conduct an end of year review and determine the final rating on the Professional Practices Quality Standards. The end of year review and final evaluation ratings for educators will occur at least two (2) weeks before the last class day of the school year. (2022)
- b. The end of year review and final rating will be documented in writing (electronically or hard copy). Both the evaluator and educator being evaluated will sign the end of year review and final rating document. Any subsequent changes to the document will occur only after discussion with the educator being evaluated. (2022)
- c. The evaluator shall provide the educator access to the educator's Professional Practices Quality Standards Rubric and their tentative end-of-year effectiveness rating five (5) days prior to the End-of-Year Review meeting in order for the educator to prepare for the meeting which may include providing further evidence which may impact the final rating. (2022)
- d. As the purpose of performance evaluation is to improve instructional practices, educator will still have the opportunity to ask for further support and/ or additional feedback to continue to improve their instructional practice after the completion of the end of year review. (2022)
- e. Both the evaluator and the educator shall have access to a copy of the evaluation. If the educator wishes, the educator may make additional written comments within fifteen (15) working days, which shall be added to the evaluation. (2022)

E. Ineffective Performance

- 1. If the non-probationary educator's performance is determined to be ineffective, a remediation plan shall be developed in writing using the final ratings, comments and evidence discussed during the end of year review and will identify areas for improvement and resources to support improvement. The evaluator and educator will then collaboratively update the educator professional learning plan to be used for the following school year. (2022)
- 2. If a probationary educator is to be recommended for nonrenewal, the District shall provide written notification of the fact of such nonrenewal both to the educator and to the Association at least four (4) working days prior to final Board action on such nonrenewal and in no event later than June 1. At the time of such notification, the District shall also advise the educator of the reasons for said nonrenewal (including but not limited to, nonrenewal performance, nonrenewal neutral, non-renewal

budget); however, the District shall be under no obligation to provide a copy of said reasons in its notification to the Association. In the case of a dismissal of a probationary or non-probationary educator, regardless of the date, the dismissal shall be conducted in accordance with the procedures set forth in the Colorado Teacher Employment, Compensation, and Dismissal Act of 1990. (2022)

3. Any educator who believes their ineffective rating was the result of improper application of the evaluation procedures set forth in this Article may file a grievance as outlined in Article 44 Grievance Procedure of this agreement. (2022)

F. Evaluation Appeals

1. Per State Statute and Colorado Board of Education rules, the process to appeal a rating of ineffective or partially effective shall only apply to a non-probationary educator after a second consecutive year of such rating. The appeals process shall be limited only to making a determination of whether a rating of ineffective was appropriate. (2022)
2. The appeal process shall adhere to the following principles: (2022)
 - a. The appeal process shall be fair and clearly communicated to educators, evaluators, Principals; (2022)
 - b. The appeal process shall be aligned with and a component of a larger performance evaluation system; (2022)
 - c. The appeal process shall be constructed to produce decisions in a timely and decisive manner (2022)
3. The process by which an appeal is filed, shall be voluntary for an educator, and initiated only if they choose. The process permits an educator to file an appeal to a rating of ineffective or partially effective to a review panel, comprised of 3 educators and 3 administrators. The burden is upon the educator to demonstrate that a rating of effective was appropriate. (2022)
4. The appeal process shall begin on the date the educator receives their second consecutive performance evaluation rating of ineffective or partially effective and shall conclude no more than ninety (90) calendar days after they receive the Performance Evaluation Rating. An educator shall file an appeal within fifteen (15) calendar days after receiving his or her their rating. (2022)
5. An educator will receive their rating no earlier than five weeks before the last educator contract day and no later than three weeks before the last educator contract day. (2022)
6. The decision on the appeal must be received on or before the 90th calendar day from when the rating was received. (2022)
7. The hearing will be scheduled no fewer than 30 calendar days after the educator has filed their intent to appeal. (2022)

- a. Upon a reasonable showing of need, an educator may request additional time to prepare for the appeals hearing. The panel shall consider that request so long as the request does not exceed 90 days beyond the date when the educator receives their second consecutive Performance Evaluation Rating of partially effective or ineffective. (2022)
8. An educator is permitted only one appeal for the second consecutive performance evaluation rating of ineffective or partially effective. An educator filing an appeal shall include all grounds for the appeal using a form which has been mutually developed between the District and the Association. The grounds for the appeal shall be viewed in the light most favorable to the moving party. Any grounds not raised at the time the written appeal is filed shall be deemed waived. (2022)
9. The grounds for an appeal shall be limited to the following: (2022)
 - a. The evaluator did not follow evaluation procedures that adhere to the requirements of statute and rule and that failure had a material impact on the final Performance Evaluation Rating that was assigned (e.g., an observation was never completed or feedback was never shared with the educator); and/or information on the rubric was inaccurately recorded or applied. (2022)
 - b. The data (Quality Standard 6) relied upon for the performance rating was inaccurately attributed to the educator. (2022)
10. Any documents and/or proceedings related to the appeal process shall be confidential. The documents and/ or proceedings for appeal shall only be shared with those who monitor, facilitate and participate in the process, specifically the following: (2022)

 - b. Evaluator,
 - c. Principal,
 - d. Superintendent,
 - e. Educator
 - f. Association Representative
 - g. Legal or Advisory Council
11. The superintendent or designee shall be the final decision-making authority in determining an educator's final Performance Evaluation Rating and whether a non-probationary educator shall lose their non-probationary status. The superintendent OR DESIGNEE shall provide a written rationale for their final determination. (2022)
12. The appeal process shall be the final determination in regard to the final Performance Evaluation Rating and loss or retention of non-probationary status. If

the appealed rating is upheld the educator will begin the following school year as a probationary employee. (2022)

13. If the superintendent or designee determines that a rating of ineffective or partially effective was not accurate, but there is not sufficient information to assign a rating of effective, the educator shall receive a “no score” and shall not lose ~~his or her~~ their non-probationary status. However, if in the following academic school year that educator receives a final Performance Evaluation Rating of ineffective or partially effective, this rating shall have the consequence of a second consecutive ineffective rating and the educator shall be subject to loss of non-probationary status. This subsequent rating of partially or ineffective may be appealed. (2022)
14. The review panel shall advise the superintendent on all matters regarding appeals. The superintendent shall be the final decision-making authority in determining the educator’s final Performance Evaluation. In cases where the committee is unable to arrive at a majority decision, the superintendent shall make the final determination. (2022)
15. The review panel shall be comprised of members that were not directly involved in the evaluation process for the appealing educator. The superintendent may appoint themselves to the review panel. (2022)
16. Selection and Composition of Panel
 - a. Panel members shall be selected and trained in a manner designed to ensure the credibility and expertise of the panel members. 21. In order to overturn a rating of ineffective or partially effective, the panel must find that the rating of ineffective or partially effective was inaccurate by majority vote. If the panel is deadlocked on a decision, the superintendent shall serve as the tie breaking vote. Each cluster of votes is expected to provide a summary of the rationale informing their opinion for the superintendent's consideration. (2022)

2. Any employee shall be advised of the right to have a representative of the Association present while being disciplined or while being discharged. Any employee may request an Association representative for any meeting that the employee believes may result in disciplinary action. Such request shall not have the effect of unreasonably delaying the meeting. (2022)
3. An educator may be placed on administrative leave with pay. In most cases such leave shall be used for the purpose of conducting investigations. Such investigations will be conducted in a timely manner as dictated by the circumstances. The District shall privately inform any educator of the decision to place him/her on administrative leave, provide the educator with written notification specifying the basis for the leave, and advise the educator of his/her right to contact the association. The Superintendent shall also act in appropriate ways as liaison among the educator, police and the courts. (2022)

educator, legal counsel selected by the Board to defend the educator. If the educator elects, the educator may be defended by counsel selected and paid by the educator. If the educator is defended by the counsel selected by the Board and is found innocent of any criminal or ordinance violation, the Board shall assume the costs of the legal defense. If the educator is found guilty, the educator shall reimburse the Board for the costs of the legal defense. Should the educator be found guilty and desire to appeal, legal counsel for such appeal shall be selected and paid by the educator. (2022)

6. Educators who use their motor vehicles in the performance of any duties for the District shall carry such insurance on the vehicles as may be required by law and such additional insurance as the educator may desire. The educator's private insurance policy, or the policy on any other vehicle driven by the educator, is the primary coverage. The District carries an auto liability policy providing certain excess liability coverage with respect to the use of such vehicles. (2022)
7. Whenever the administration has knowledge of any contemplated or pending action against an educator arising out of said educator's employment, the subject educator and the Association shall be immediately notified by the educator's immediate supervisor. (2022)
8. The District shall reimburse an educator, at the fair market value, for damage to or destruction of the educator's clothing and other tangible personal property worn or carried by the educator, which clothing or property is damaged or destroyed in the course of the educator's performance of assigned duties and which is not caused by the educator's negligence. (2022)

Article 39, Instructional Advisory Meetings

The Association President and Chief Academic Officer will meet monthly to discuss potential and/or in- progress instructional initiatives, interests, and concerns. The purpose of the meeting is to facilitate dialogue between educators and the Division of Equity in Learning to improve the implementation or effectiveness of instructional initiatives. Through these meetings, substantive changes to instructional initiatives may be previewed by practicing educators. (2022)

Article 40, Building Council

1. There shall be in each school building a standing committee, known as the Building Council, to serve as the principal's advisory committee. (2022)The school administration shall determine the number of educators to be on the council in the building, provided there shall be no fewer than one-third of those educators or five (5) of them, whichever of those figures is smaller, and there shall be no more than eight (8) persons on the council. (2022)
 - a. Members of the council shall be elected by secret ballot or by a process otherwise agreed to by the Association Representative(s) and building principal prior to the fourth week of school. Educators shall be elected for two-year terms. Terms shall be staggered so that approximately one-half shall be elected each year. At the discretion of the council, a minimum number of one (1) year terms can be utilized to restore the balance of staggered term expirations. (2022)
 - b. In those buildings having department chairpersons, if the principal desires, the educators in that building may choose to allow the principal to use the department chairpersons as the Building Council members, in which event the maximum of eight (8) persons on the council shall be waived if there are more than eight (8) department chairpersons. The decision to utilize department chairpersons as the council must be made every two (2) years by a secret ballot election scheduled and conducted as above. (2022)
 - c. Principals shall meet with their council at least once a month. The council will choose a chairperson at the initial council meeting each school year. The chairperson should be determined by a consensus or by election if consensus is not possible. (2022)
 - d. The purpose of the council shall be to create a productive and healthy building environment. To that end, the council, in cooperation with the building principal, will establish a process through which the entire staff may participate in the development, implementation and enforcement of building procedures, rules, regulations and other matters of concern relative to the proper functioning of the building's educational program including the building environment. To support Building Councils in this process, the District, and the Association, may provide voluntary training in problem solving techniques and procedures. The training would be offered jointly to both building administration and Association representatives. The training is intended to encourage the use of problem solving techniques in the operation of Building Councils and/or other applications. While the council may appropriately address communications and building morale concerns, its function is not to address specific conflicts between staff members or personnel issues. (2022)
 - e. Each Building Council shall, at its discretion, reduce to writing such building procedures, rules and regulations established in accordance with the staff-involvement procedures referred to in Subsection 5 of this Article. Building rules, regulations and procedures shall neither contradict nor supersede the terms of this Agreement, Board policy or the laws of Colorado. (2022)

Article 41, Leadership Teams

1. There shall be a Leadership Team in each school building. (2022)
2. Leadership Teams analyze the instructional and organizational practices of the school and support distributive leadership. Guiding principles of distributive leadership require people to operate in networks of shared and complimentary expertise. Knowledge and practice are stretched across roles to address the learning needs of adults and students and to increase student achievement. (2022)
3. Building Leadership Teams shall include principals, interested educators and may include District instructional experts for the given issues addressed by the team. Annually, by the end of the fourth week of school, the principal will ensure that all school staff are made aware of the opportunity to serve on the Leadership Team and encouraged to participate. Grade levels, specialists, and/or departments will recommend to the principal a list of individuals interested in serving. Membership will be confirmed annually, but participants may change throughout the year as determined by the group's topics, and subgroups may work on specific tasks. The composition of Leadership Teams is intended to be inclusive and flexible enough for buildings to define their teams to meet needs and provide opportunity to build leadership capacity. Excluding Building Council, Leadership Teams may replace existing decision-making groups. (2022)
4. Communication with building educators is key to Leadership Teams. The principal will ensure that the following are communicated to all staff: (2022)
 - a. Leadership Team membership (2022)
 - b. Time and location of meetings (2022)
 - c. Agendas, published prior to meetings, which outline topics being addressed (2022)
 - d. Minutes, published after meetings in a timely manner, which outline progress (2022)
 - e. Procedures for educator input to Leadership Team (2022)
5. Leadership Team key responsibilities may include: (2022)
 - a. Support the goals of the District strategic plan (2022)
 - b. Distribute leadership opportunities and responsibilities beyond the administration (2022)
 - c. Empower educators as leaders in instruction (2022)
 - d. Report strengths and challenges to the faculty, particularly in literacy and math (2022)
 - e. Establish the Unified Improvement Plan (2022)
 - f. Monitor the implementation of the Unified Improvement Plan and modify as necessary (2022)
 - g. Monitor the effective and efficient use of time (2022)

Article 42, Admission to School Activities

1. Each educator shall be provided with an identification card on a standard form. It is understood and agreed that the identification card is personal and under no circumstances shall the educator loan or otherwise give possession of such card to any other person. If a card is lost, the educator shall immediately notify the Human Resources Office. (2022)

2. Upon presentation of the identification card, educators and their immediate family members shall be admitted free of charge to activities of the District held within the District in accordance with the provisions and limitations of this Article, provided such free admission shall not be granted for activities held outside the Aurora Public Schools, even though Aurora students may be participating in such activities, nor for playoffs scheduled in the District by the Colorado High School Activities Association. For those activities where reserved seating is utilized, the free admission shall not entitle the educator to a reserved seat unless the educator pays the difference between a general admission and reserved-seat admission. For purposes of this Article, immediate family member shall be defined as the employee's spouse, domestic partner or partner in a civil union and the employee's dependent(s). (2022)
3. Whenever it appears to the administration that an activity shall or reasonably may involve a capacity or overcapacity crowd, the educator may be required to make known the intention to attend a reasonable amount of time in advance of the activity and secure an advance reservation or admission ticket. (2022)
4. Whether the activity shall or may involve a capacity crowd, an educator shall be entitled to free admission to any activity held at the school at which the educator teaches, or held at another school if students taught by that educator are participating in that activity. As to other educators, if the activity shall or may involve capacity crowds, the administration may limit free educator admissions to a reasonable number on a first-come, first-served basis. In determining the number of such free admissions, the administration may consider such factors as the anticipated student and parent demand for admission and whether paid admissions are relied upon to partially sustain the activity, such as is the case in the presentation of musical and dramatic performances at the secondary level. (2022)
5. Free admission shall not be granted to any activity sponsored by a student organization as a fund-raising endeavor. (2022)

Article 43, Grievance Procedure

1. As used in this Article, the following terms shall have the following meaning: (2022)
 - a. A "grievance" shall be a complaint by the Association that there has been an alleged violation, misinterpretation or inequitable application of any of the provisions of this Agreement. The term grievance shall not apply to any matter where the method of review or the procedure is prescribed by law, or where the Board is without authority to act. If any educator is disciplined for a claimed violation of the Board policy or the administrative regulation on either Communicable Diseases or Staff Ethics/Conflict of Interest, a grievance may be filed contesting that discipline or the process used resulting in such discipline. (2022)
 - b. A "grievant" shall be the member(s) of the bargaining unit for whom the Association has filed the written statement. Association grievances, grievances where the grievants have more than one (1) principal or immediate supervisor or grievances where the principal or immediate supervisor does not have the authority to resolve the grievance shall be filed initially at Step 2 of this procedure. (2022)

2. The purpose of this procedure is to secure, at the lowest level possible, equitable solutions to grievances. It is, therefore, agreed that all grievances shall be resolved as outlined below. Both parties agree that grievance proceedings shall be kept confidential at each level. (2022)
3. It is recognized that nothing contained in this Article shall be construed as limiting the right of any educator, group of educators or the Association, from informally discussing a grievance with any appropriate member of the administration and having the grievance adjusted in that manner, provided the adjustment is not inconsistent with the terms of this Agreement. The Association shall be informed and have the opportunity to be present and state its views at any step of the grievance procedure or during any discussions held pursuant to the provisions of this Section. (2022)

Since it is important that grievances be processed as rapidly as possible, the number of days specified at each level shall be considered as a maximum, and every effort shall be made to expedite the process. The time limits specified may, however, be extended or shortened by mutual agreement of the parties to this Agreement. (2022)

4. If a grievance is filed that might not be finally resolved at Step 3 under the time limits set forth herein, prior to the end of the school year, and that, if left unresolved until the beginning of the following school year, could result in harm to the grievant, the time limits set forth herein shall be reduced so that the grievance procedure may be concluded prior to the end of the school year or as soon thereafter as is reasonably practicable. (2022)
5. The following shall govern the processing of all grievances:
 - a. No grievance shall be valid unless it is submitted at Step 1 of the grievance procedure within 30 calendar days after the grievant knew, or should have known, of the circumstances on which the grievance is based, except that any alleged violative practice that is continued beyond the 30- day period shall continue to be subject to the grievance procedure. (2022)
 - b. It is agreed that if a grievant and/or the Association fails to meet the deadline for submission of the grievance to the next step, the grievance shall be considered settled adversely to grievant. If the question of arbitrability or timeliness is contested at any level of the grievance procedure, the questions and the grievance shall be submitted immediately to Step 3 of this procedure. (2022)
 - c. If a principal, supervisor or administrator should not answer the grievance within the time limits specified herein, the grievance is advanced to the next step of the procedure without further action by the grievant or the Association, unless the complaint is withdrawn, in writing, by the grievant. (2022)
6. The steps for processing grievances shall be: (2022)
 - a. Preliminary Step. The grievant may discuss the matter with the principal or immediate supervisor with the objective of resolving the matter informally. The grievant may, as an option, discuss the matter either alone or accompanied by an Association representative. If a grievant requests an informal discussion concerning a potential grievance, such request shall be granted within five (5) working days of the request or the grievance may be filed at Step 1. (2022)

- b. Step 1. The grievant shall reduce the grievance to writing and file it with the principal or immediate supervisor and shall send a copy thereof to the Association and Human Resources. The principal or immediate supervisor shall give a written decision within seven (7) working days after the grievance is received by the principal or immediate supervisor and Human Resources. (2022)
- c. Step 2. If the grievance is not satisfactorily resolved at Step 1, the grievant and/or the Association may appeal to a Human Resources Director, within seven (7) working days after receipt of the written decision of the principal or supervisor. The appeal shall be in writing and shall specify which parts, if any, of the original grievance were satisfactorily resolved, or modified by the Step 1 decision. A Human Resources Director shall meet with the grievant and/or the Association representative within seven (7) working days after receipt of the written appeal from Step 1. The Human Resources Director shall give a written decision within 10 working days after the close of the meeting. (2022)
- d. Step 3. If the grievance is not satisfactorily resolved at Step 2, the parties agree to participate in nonbinding arbitration of the dispute upon the written demand of the Association. Such demand shall be postmarked or hand-delivered within 15 working days after receipt by the Association of the Step 2 decision. The arbitrator shall be selected in the same manner as the mediator is selected in Section 9 of Article 3 of this Agreement. (2022)

The arbitrator shall have no power to add to, subtract from or modify any terms of this Agreement. Likewise, the arbitrator shall have no authority to render a decision on any issue other than interpretation or application of this Agreement. If a case is taken to arbitration that the arbitrator concludes involves an issue on which the arbitrator has no right to render a decision by reason of the foregoing, the arbitrator shall refer the case back to the parties without decision. The parties agree to give good-faith consideration to the recommendations of the arbitrator, but such recommendations shall in no way be binding on either party but shall be advisory only. The expense of the arbitrator shall be borne equally by the Board and the Association. If either party desires a transcript of the arbitration hearing, the cost of such transcript shall be paid or shared as is provided in Section 12 of Article 3. (2022)

- 7. The Board shall take official action on the decision of the arbitrator at the next regularly scheduled meeting of the Board, unless the decision is rendered within 10 working days prior to said Board meeting, in which event action shall be taken at the next following regular meeting of the Board. (2022)

Article 44, Pilot Schools

The Association and the Board support the establishment of pilot schools in APS. The purpose of establishing pilot schools is to provide additional models of educational excellence that will help to foster innovation throughout APS. Pilot schools must reflect the four (4) essential features of 1) small size, 2) accountability, 3) governing autonomy, and 4) equity. The pilot schools model of educator empowerment, parent engagement, and student achievement is a voluntary model that brings decision making and accountability closer to those who directly engage students

in the school. The parties hope to encourage creativity and innovation among school staff and community members and thereby improve student performance. The Association and Board agree that bargaining unit employees in pilot schools shall be governed as follows. (2022)

1. Scope: During the term of this contract, the parties agree to the goal of a maximum of eight (8) pilot schools by 2022. (2022)

New pilot schools may result from conversions (including creation of a separate school within the same facility) and newly created schools. (2022)

2. Association Responsibilities and Participation: Pilot school staff are expected to participate in the ongoing activities of the Association, including election of an AEA building representative who will be responsible for conducting the following: (1) Association elections; (2) elections to convert a traditional school to a pilot school; (3) elections to approve the annual Election to Work Agreement and (4) elections of educators to the governing board. Pilot schools are expected to maintain AEA membership levels similar to the District-wide percentage of Association membership. The Association shall be responsible for Association member recruitment and retention efforts within pilot schools to ensure Association responsibilities are met at each site. Meeting time will be provided at each site for Association leadership to fulfill this responsibility. The Association President will assign Association members to serve on the Joint Steering Committee. (2022)
3. Status of APS Employees Who Work in Pilot Schools: All AEA bargaining unit members who elect to work in pilot schools shall maintain their full status as members of the AEA bargaining unit and as employees of the District. (2022)
 - a. These employees shall continue to receive, at a minimum, their salary and all benefits (including but not limited to all leave and insurance benefits) set forth in the Collective Bargaining Agreement (“Master Agreement”) between the District and AEA, as well as all PERA benefits. (2022)
 - b. These employees shall continue to be subject to the rights, protections, obligations and duties applicable to licensed employees under Colorado law, including, but not limited to, the membership in the Public Employee Retirement Association. (2022)
 - c. These employees shall continue to accrue seniority as provided in the Master Agreement. (2022)
 - d. These employees shall continue to attain and maintain status as set forth in Colorado law and the Master Agreement (e.g., temporary, probationary, non-probationary, etc.). (2022)

4. Working Conditions in Pilot Schools: All employees shall work in pilot schools on a voluntary basis. Such employees may request a voluntary transfer to another District school by March 1, and if such request is made by a non-probationary educator it shall be granted. If a educator is released involuntarily from a pilot school during the term of this agreement, the educator shall be transferred to a vacancy for which that educator is qualified. “Good cause” under Article 19, Section C of the Master Agreement shall be deemed to be established in cases of involuntary transfers from pilot schools. In addition, “good cause” must also be established as it relates to the functioning of a pilot

school, including, but not limited to, not aligning with the school's vision and mission or not supporting the work and/or purpose of pilot school operations. (2022)

Educators at pilot schools shall retain all the rights under Article 19 (Educator Transfers) to which educators in traditional schools are entitled. In addition, educators who transfer voluntarily from pilot schools by March 1 shall have the rights outlined in Article 19, Section C, paragraphs 3 & 4 (rights which are ordinarily reserved for involuntary transfers). Also, educators who are transferred involuntarily shall have the rights outlined in Article 19, Section B, paragraphs 1 through 6 (rights which are ordinarily reserved for voluntary transfers). (2022)

Notwithstanding any indication in the foregoing paragraphs to the contrary, probationary educators in pilot schools may be non-renewed according to the same timelines and processes as educators in traditional schools, and in such cases they will not have the guarantee of another position in a traditional District school by reason of submitting a transfer request. (2022)

Pilot schools shall continue to follow state and federal laws and regulations, but shall still strive for a model of collaboration and shared decision-making at the school site, embodying freedoms from locally imposed constraints. To that end, pilot schools shall be exempt from all Board rules and District policies recommended by the Joint Steering Committee and approved by the Board of Education *Note*: BOE must approve waiver from District policy -- some policies (like child abuse, sexual harassment, pay for administrator and classified employee etc.) will apply, unless waived by the Joint Steering Committee and approved by the Board of Education, and shall likewise be exempt from the provisions of the Master Agreement specified below. A non-probationary educator may not be dismissed as a result of the existence of pilot schools. (2022)

a. As expressly set forth below, most of the provisions of the Master Agreement shall remain in full force and effect in pilot schools at all times during this agreement. The following cannot be waived or in any way modified by the governing board of a pilot school, and shall continue to apply with full force to unit members who work in pilot schools. With the following exceptions, all articles shall apply in their entirety. (2022)

i. The following articles shall apply to the extent specified below: (2022)

a) Article 11 – Compensation

1) Section 1, the third sentence shall not apply.

2) Section 3 shall not apply.

3) Sections 9 and 10, as they relate to pay for Appendix B and C assignments, shall apply with the understanding that the educator's assignment at the pilot school must be substantially the same as that in other District schools to receive the pay.

4) Sections 22, 23, 24 and 25 shall not apply.

- ii. The following articles shall not apply: (2022)
 - a) Article 17, Classified Support Staff
 - b) Article 39, Instructional Advisory Meetings
 - c) Article 40, Building Council

All other matters shall not be subject to the contractual grievance provisions and, instead, are subject to review exclusively through the Internal Appeals Process set forth below. (2022)
 - c. The provisions of this pilot schools agreement are not intended to narrow or expand the rights of the District or AEA to be less or greater than that provided by law, except as specifically set forth in this Article. If there is a conflict between a specific provision of this Article and legal requirements, all other non-conflicting sections of this Article shall remain in full force and effect. (2022)
5. Work Year, Workday
- a. The matters set forth in the Section “Working Conditions in Pilot Schools” above shall be reduced to writing in an "Election to Work Agreement" that shall be provided to each pilot school employee at the inception of his/her employment at the pilot school and no later than March 1 annually thereafter.
