## **PREAMBLE**

In order to effect the provisions of Title 16, Chapter 57 of the Vermont Statutes Annotated, and to encourage effective and harmonious relationships between the Board and the Teachers, this contract is entered into between the Board of School Directors of the Champlain Valley School District, hereinafter known as the "Board" and the Champlain Valley Education Association (Champlain Valley School District, Champlain Valley Union, Charlotte, Hinesburg, Shelburne and Williston Units), hereinafter to be known as the "Association".

## **1. RECOGNITION**

- 1.1 The Board recognizes the Association as the exclusive representative of the teachers of the Champlain Valley School District for purposes of collective bargaining and the administration of this contract. Unless otherwise referred to by specific reference, members of the bargaining unit will hereinafter be denoted by the term "Teachers". All references to the Board or the Association notwithstanding, each reserves the right to act herein under by committee.

## **2. RIGHTS OF THE BOARD**

- 2.1 In recognition of the fact that the laws of the state of Vermont vests responsibility in the Board for the quality of education in and the efficient and economical operation of the Champlain Valley School District, except as specifically and directly modified by expressed language in a specific provision of this contract or by the laws of the State of Vermont, the Board retains all rights and powers that it has, or may hereafter be granted by law and may exercise such powers at its discretion.

### **3. RIGHTS OF THE TEACHERS**

- 3.1 The Board agrees that each teacher shall have the right to freely organize, join, and support the Association for the purpose of engaging in collective bargaining. It is further agreed that each teacher shall have the right not to join or support this or any other Teachers Association if he or she desires. It is further agreed that neither the Board nor the Association shall discriminate against any teacher with respect to salary, economic conditions of employment, or professional standing by reason of membership or non-membership in the Association or its affiliates, nor for participation in any of the lawful activities of the Association. Nothing contained herein shall be construed to deny or restrict to any teacher such rights as he/she may now have under Vermont State school laws or other applicable laws and regulations. The rights granted to teachers hereunder shall be deemed to be in addition to those provided by law.
  
- 3.2 The procedure for suspending and dismissing teachers shall be in accordance with Title 16, Chapter 53, Section 1752 of the Vermont Statutes Annotated.

#### 4. RIGHTS OF THE ASSOCIATION

- 4.1 The Association shall have the right to use such facilities and equipment as are normally located for teacher use within the school, as well as school audio-visual equipment at reasonable times and upon prior request to the Principal or his or her designee, provided that such use does not interfere with the teaching of pupils or interrupt normal school activities and operations. Any cost of repairs beyond ordinary maintenance resulting from the use of such equipment, and the cost of materials, shall be borne by the Association.
- 4.2 Members or representatives of the Association shall be permitted to transact official business of the Association on school property or in regular school hours provided that this does not interfere with any assigned duties or interrupt school programs and operations.
- 4.3 The Association shall have the right to use the staff area for the posting of its activities and matters of Association concern, provided that no matter shall be placed in the staff area, which is derogatory of any individual or detrimental to the best interest of the school district. The Association may use the teachers' mailboxes for communications to teachers provided that the above-mentioned safeguards are observed.
- 4.4 On or before 9/15 of each year, following consultation with the local CVEA Unit Vice President, the administration will designate one day each month to be available for Association meetings. In designating this date, the administration agrees not to schedule any school meetings, except in the event of emergency. In such instances, the administration will provide the Association as much advance notice as possible. Individual teachers are not relieved of their professional responsibilities under this agreement for the purposes of attending these meetings. All provisions of articles relating to the length of the workday remain in effect and are not modified by this meeting provision.
- 4.5 The Board agrees to deduct from the salaries of its teachers dues for the Champlain Valley Education Association, the Vermont Education Association, and the National Education Association.
  - A. Association dues deductions for those who individually and voluntarily authorize such deductions, shall be made in consecutive installments, each pay period, and shall continue from year to year without submission of new authorizations, except in cases where a teacher notifies the Board to terminate deduction by 15 August of the contract year, in which case the teacher shall be subject to the provisions of Section 4.5c below. Monies, together with records of any corrections, shall be transmitted to the Treasurer of the Association at regular intervals.

- B. The Association shall certify to the Board, in writing, the current rate of local, state, and national dues. In the event any Association changes the rate of its membership dues, the local shall give the Board thirty (30) days notice prior to the effective date of said change.
  
- C. Deductions of agency service fees in an amount not to exceed eighty-five percent (85%) of applicable Association dues for those who individually and voluntarily authorize such deductions, shall be made in consecutive installments, each pay period, and shall continue year to year without submission of new authorizations, except in cases where a teacher notifies the Board to terminate deductions by August 15<sup>th</sup> of the contract year. Agency service fees collected, together with records of any corrections shall be transmitted to the Treasurer of the Association at regular intervals.

## **5. PROCEDURES FOR NEGOTIATION OF A SUCCESSOR CONTRACT**

- 5.1 The Association shall notify the Board of any intent to negotiate by October 15<sup>th</sup> of the terminal year of this contract. The Board and the Association will establish a negotiating schedule for the successor agreement which will assure that if fact finding is necessary, it will be completed and the fact finding report received by June 30 of the final year of the Agreement. By mutual agreement the parties may agree to extend this deadline. The Board and the Association will exchange proposals at the first meeting mutually agreed upon for such purposes. The Board and the Association will schedule such additional meetings as are necessary to discuss all matters properly to be negotiated for the subsequent contract.
  
- 5.2 During negotiations, the Committee of the Board and the Committee of the Association will present all data, exchange points of view, and make proposals and counter-proposals. Each party shall have the right in negotiations to act at all times by committee except where restricted or prohibited by law. Each party will provide the other, upon request, a written statement indicating the person or persons authorized to act with respect to all phases of negotiations. Either party may, if it so desires, utilize the services of outside consultants and call upon professional and law representatives to assist in negotiations

## 6. PROFESSIONAL EXPECTATIONS

- 6.1 The Board and Association agree it is in the best interest of children, our communities, and education professionals for the school to be recognized as a professional setting. In order to encourage an environment that promotes this belief, the Board and Association agree to the following principles:
- a. Teachers are professional employees. Teachers will meet their professional obligations and structure their workday to achieve this end. The length of a teacher day shall be seven and one half hours (7.5) hours per day, except as provided below. The length of professional time assigned to instructing students shall not exceed 6 hours per day, except as provided below.
  - b. Teachers may voluntarily participate in flexible schedules that are mutually agreed upon between the teacher and administrator and that are in alignment with and supported by a transformational improvement plan (Appendix J). A flexible schedule could include an extended school year, extended day program, or alternative program. Compensation for these additional days would be based on their prorated salary. In the event that a flexible schedule requires modification of the length of the school day, the methodology used in determining SPARK program teacher time will be used (see SPARK transformational plan in Appendix J-1.)
  - c. Professional obligations will be the essential job duties and responsibilities outlined in the position's job description. Said job description will be consistent with the expectations set forth in the then current district supervision and evaluation system.
  - c. In the event that professional obligations are not met, the Principal may set a teacher's daily schedule. This schedule will remain in place until the Principal and teacher agree that the teacher can schedule his/her work day to meet his/her professional obligations. In no case shall the Principal set a schedule that requires the teacher to be onsite for more than eight (8) consecutive hours, not to include meeting time provided in section four below.
  - d. Monthly Meetings – Elementary/Middle Schools (Charlotte, Hinesburg, Shelburne & Williston)  
  
No more than 36 hours of post school day meeting time per year will be set aside for the Administration's use, including but not limited to staff meetings, trainings, and committee work. There will be not more than 5 hours of such meeting time per month or 1 hour per week.
    1. All teachers are required to attend these meetings and teachers will arrange their work day schedule to accommodate said meetings.

2. Meetings will start fifteen minutes after students are dismissed and teachers may leave one hour after the meeting starts.
3. Nothing herein prohibits the Administration from scheduling the meeting to go longer than one hour; however, teachers will be excused as previously stated.
4. The Administration will notify teachers by September 1<sup>st</sup> annually of the school year's meeting schedule. However, nothing contained herein shall prohibit the Administration from scheduling other meetings on other days as long as teacher attendance is not mandatory, unless there is a need for an emergency meeting.
5. By mutual agreement, the local Association unit and local Administration can agree to combine meetings, alter the schedule and make other such arrangements so long as on average there is only the equivalent of one hour of meeting time per week over a four week period as prescribed by the specific subsection of this agreement.

e. Monthly Meetings – High Schools (Champlain Valley Union High School)

No more than two meetings per month will be set aside for the Administration's use, including but not limited to staff meetings, department meetings, trainings, and committee work. However, during the 10 year NEASC accreditation process the administration may add a third meeting or additional hour of meeting time as needed. If school is cancelled or there is an early dismissal that results in the cancellation of a scheduled meeting under this provision, the meeting will be rescheduled, however, the administration must provide at least 2 weeks notice for the new date and time.

1. All teachers are required to attend these meetings and teachers will arrange their work day schedule to accommodate said meetings. Teachers with early block are required to attend even if their schedule cannot be adjusted to ensure a 7.5 hours work day plus one (1) hour of meeting time.
2. Meetings will start fifteen minutes after students are dismissed and teachers may leave one hour after the meeting starts.
3. Nothing herein prohibits the Administration from scheduling the meeting to go longer than one hour; however, teachers will be excused as previously stated.

4. The Administration will notify teachers by September 1<sup>st</sup> annually of the school year's meeting schedule. However, nothing contained herein shall prohibit the Administration from scheduling other meetings on other days as long as teacher attendance is not mandatory, unless there is a need for an emergency meeting.
5. By mutual agreement, the local Association unit and local Administration can agree to combine meetings, alter the schedule and make other such arrangements so long as on average there are only two meetings or two hours worth of required after school meetings per month as prescribed by this specific subsection of the agreement.
- f. All teachers will participate in IEP, 504 and EST meetings as required. Said meetings will be scheduled at the mutual convenience of the teacher, administration and if applicable, parents/guardians, while taking into consideration the needs of the child and the availability constraints of both teachers and parents/guardians. Every effort will be made to avoid setting up these meetings during the meetings outlined in subsection 6.1d and 6.1e of this article.
- g. Once the Administration has set the schedule to ensure instructional needs are met, and planning time and lunch are incorporated into the master schedule, the Administration may schedule other professional obligations including but not limited to department and/or team meetings, school committee meetings, and the like if a teacher has other unscheduled time during the student day.

## 6.2 Elementary/Middle Schools Work Day (Charlotte, Hinesburg, Shelburne & Williston)

- a. All full time teachers will be provided seventy (70) minutes per day for preparation/planning and lunch, generally to be scheduled in two (2) increments, but no less than twenty (20) minutes per increment.
  1. Teachers will receive an uninterrupted and duty free lunch break as provided in this section. Teachers at their sole discretion, may choose to schedule meetings, planning time and other such professional obligations during their lunch if they so wish.
  2. Teachers will receive uninterrupted and duty free time for preparation and planning time during the student day. Teachers will have the sole discretion to use this time to meet other professional obligations.
- b. Teacher participation in co-curricular activities will be voluntary.

### 6.3 High School Work Day (Champlain Valley Union High School)

- a. All full time teachers will be provided seventy (70) minutes per day for preparation/planning and lunch, generally to be scheduled in two (2) increments, but no less than twenty (20) minutes per increment.
  1. Teachers will receive an uninterrupted and duty free lunch break as provided in this section. Teachers at their sole discretion, may choose to schedule meetings, planning time and other such professional obligations during their lunch if they so wish.
  2. Teachers will receive uninterrupted and duty free time for preparation and planning time during the student day. Teachers will have the sole discretion to use this time to meet other professional obligations.
- b. Teachers will not be required to teach more than one (1) subject area (e.g. social studies, science) or have more than three (3) teacher preparations within said area, at any one time.
- c. Teacher participation in co-curricular activities will be voluntary.
- d. The position of a full time teacher shall consist of six (6) assignments, five (5) of which shall be teaching assignments and one (1) advisory. A teacher with five (5) teaching assignments shall be assigned an advisory or comparable professional assignment. The Administration reserves the right to assign a sixth teaching period, in lieu of an advisory, where scheduling requirements dictate that this be done. When scheduling requirements demand that six (6) teaching classes be assigned, the administration may temporarily assign up to three (3) sixth teaching assignments (not counting voluntary sixth assignments) within a department for up to one semester.
- e. The administration reserves the right to assign more than two (2) consecutive professional assignments in any day where scheduling requirements dictate that this be done.

### 6.4 Work Year

- a. Full time teachers will work the equivalent of 189 days during a contract year. Said days will be scheduled between July 1 and June 30 each school year, unless otherwise agreed by the teacher and the superintendent.
  1. Up to 186 of those days will be professional and student days, as defined by the Superintendent. Days will be a combination of student instruction days and professional days as determined by the Superintendent.

- (a) Normally 180 contract days shall be student days, inclusive of early release days.
    - (b) Normally six (6) contract days shall be professional days
  - 2. Three of the 189 work days (192 for first year teachers) will be used as non-instructional professional time, which will be scheduled at the sole discretion of the individual teacher. At the end of the school year each teacher will submit a list of opportunities accomplished to satisfy the requirement of 3 days of non-instructional professional time.
    - b. During the first year of employment, a teacher new to the district shall have three (3) additional days of non-instructional professional time that is designated for orientation and other district and/or supervisory union needs.
    - c. Teachers contracted for less than 189 full work days shall be considered part-time and their salary shall be prorated.
    - d. A school calendar identifying contract days shall be issued by June 1<sup>st</sup> for the following school year annually.
    - e. Non-student work days in excess of 189 may be contracted to address specific needs of the school or supervisory union. Allocation of the additional days will be determined through an application process to the principal. Criteria for approval of work days beyond the 189 may include, but are not limited to, the scope of the impact of the work, its contribution to district and/or CVSD efforts, connection of the work to the school or supervisory union's action plan or other school initiatives and development of curriculum that has been approved by the Board. Compensation for such work described above shall be by contract addenda at the rates outlined in Article 34 – Salaries.
- 6.5 Assignments under this article are not grievable beyond step 2 of the grievance article.

## 7. TEACHER EMPLOYMENT

- 7.1 It shall be the Policy of the Board to hire teachers in accordance with the administrative regulations set forth by the Vermont Agency of Education. However, this shall in no way limit or deny the authority of the Superintendent, with the consent of the Board, to place existing teachers or hire new teachers at such salary and in such capacities as may in his or her judgment be necessary in order to adequately staff critical teaching areas or fields.
- 7.2 References to “steps” in this subsection shall refer to either steps on the salary schedule or salary increases. (See Article 34 – Salaries.) Unless held on step for just cause, a teacher shall advance one (1) step on the salary schedule each year until frozen on the highest step of the appropriate column. Advancement to the next step is to be based on favorable evaluation of teaching performance. Any teacher who does not receive a salary increment must be so notified in writing. Such notification shall state the reason(s) the salary increment was denied, and shall be transmitted to the teacher prior to the issuance of contracts or letters of intent.
- 7.3 In order for a teacher’s contract to remain valid, he or she must possess a current license with all appropriate endorsements required for his/her teaching assignments and must have or be actively working towards attaining highly qualified teacher (“HQT”) status as defined by the Vermont Agency of Education for assignments.

## 8. TEACHER EVALUATION

- 8.1 Teacher Evaluation shall be conducted openly and in a professionally responsible manner by appropriate administrative personnel or individuals designated by the Superintendent or Principal. It is understood that teacher evaluation is a continuous process throughout the school year; however, this shall not preclude the Board from taking appropriate action at any time during the school year pursuant to the provisions of this Agreement. All monitoring or observations of the performance of a teacher will be conducted openly. The use of eavesdropping, public address or audio systems and similar surveillance devices is strictly prohibited. Any criteria and evaluative instruments used by the Administration in evaluating teachers under this Article shall be made available to all teachers no later than October 1 of each year, unless otherwise mutually agreed.
- 8.2 Personnel files for all teachers shall be maintained under the following conditions:
- a. No adverse material dealing with a teacher's conduct, service, character, or personality shall be placed in the file unless the teacher has had an opportunity to read the material. The teacher shall acknowledge that he or she has read such material by signing the actual copy to be filed, with the understanding that such signature merely signifies that he or she has read the material to be filed and does not necessarily indicate agreement with its content. Except incidents involving conduct unbecoming a teacher or other such serious event(s), an incident that has not been reduced to writing within ninety (90) days of its occurrence, exclusive of vacation periods, may not be added to the file, except as outlined in 8.5 below.
  - b. The teacher will receive a copy of any material placed in his or her file.
  - c. The teacher shall have the right to answer any material filed and the answer shall be attached to the related material.
  - d. Upon request of the teacher during normal office hours, he or she shall be permitted to reproduce any material in his or her file subject to the procedures established by the Superintendent.
  - e. Material will be removed from the file when a teacher's claim that it is inaccurate and/or unfair has been sustained.

8.3 Complaints shall be processed as follows:

- a. Any formal complaint regarding a teacher made to any member of the administration by any parent, student or other person which is used in any manner in evaluating a teacher shall be submitted in writing and signed by the complainant, or shall be reduced to writing by the administration and shall identify the complainant. Any complaint communicated by email shall comply with the intent of this article. Any such complaint shall be brought to the attention of the teacher within three (3) business days, unless the complaint alleges criminal or other improper activities and premature notification to the teacher could compromise a pending investigation.
- b. In the event the Administration decides to pursue an investigation the teacher must be notified within two (2) business days that an investigation has started, unless the complaint alleges criminal or other improper activities and premature notification to a teacher could compromise a pending investigation. A teacher may be temporarily relieved of his or her teaching duties and placed on administrative leave, with full pay and benefits during any investigation, provided the Superintendent or designee concludes that such action is in the best interest of CVSD. In the event a complaint involved an allegation of professional misconduct which could result in a referral to an outside agency, the teacher may request that the investigation be conducted by the office of the Superintendent, and such request shall not be unreasonably denied.
- c. Teachers will be given the opportunity to respond to and/or rebut any complaints brought to their attention. In the event an investigation is conducted, said opportunity to respond shall occur prior to the conclusion of the investigation. A teacher may request a prompt investigation if an investigation has not already been conducted; however, the Administration maintains the authority to decide whether an investigation is warranted in any case. Upon notice of the results of such an investigation, a teacher may request a determination as to whether the complaint was accurate and fair and may file a grievance over any adverse action taken.

8.4 If a teacher is required to appear before an Administrator to be disciplined or reprimanded or for any other reason which may adversely affect the teacher in his/her employment he/she will be entitled to have a representative(s) of the Association present.

- 8.5 The parties agree that supervisors and administrators may maintain working files for employee/personnel issues. The Parties further agree that notes and other materials contained in such files will be destroyed after the completion of the teacher's most recent evaluation cycle, unless the administration deems it necessary to incorporate specific items for placement in the teacher's personnel file. In such an event, the teacher will be notified that the item is being placed in his/her personnel file, shall acknowledge receipt of notification, and will be provided an opportunity to respond. Any written response from a teacher shall be included in the personnel file. In any instance, nothing contained in the working file will be used against a teacher without a copy being provided to the teacher and an opportunity for the teacher to provide a written response.

## 9. APPROVED PROFESSIONAL IMPROVEMENT CREDITS

- 9.1 Earned credits may be considered for salary advancement only when such credits are taken as part of a teacher's local professional development plan (PLP) or the local action plan, as approved by the Superintendent.
- a. Credits shall have been approved by the Superintendent or designee prior to the beginning of the creditable work.
  - b. Eligible credits shall include course credits awarded by or eligible for course credit by an accredited college or university, or other credit related to attendance and participation at workshops or conferences sponsored by a bona fide educational organization approved by the Superintendent.
  - c. It shall be the responsibility of the individual teacher to provide the Superintendent with the appropriate documentation, as determined by the Superintendent, of completion of credits.
- 9.2 In order to change columns on the salary schedule, the following must occur:
- a. In order for the movement to be effective July 1 of a contract year, the teacher must:
    1. Complete the creditable work on or before September 1; and
    2. Provide written documentation of such credits to the Superintendent by September 30
  - b. In order for the movement to be effective February 1 of a contract year and to qualify for a pro-rated increase, the teacher must:
    1. Complete the creditable work on or before January 1<sup>st</sup>; and
    2. Provide written documentation of such credits prior to March 1<sup>st</sup>.
  - c. As it applies to the salary schedule, 30 credit hours are required for a Master's Degree. Any additional credits required for the Master's Degree program will be in excess of the original 30 credits for the purpose of placement on the schedule.

## 10. GRIEVANCE PROCEDURES

- 10.1 A grievance shall be any claim by the Association or a teacher or teachers that there has been a violation, misinterpretation or misapplication of the terms of this contract, or a violation of any established policy or practice, but no grievance which does not derive directly from an interpretation or application of the written provisions of this contract shall be admissible to arbitration.
- 10.2 Any aggrieved person or grievant shall be the person or persons instituting a grievance under this contract. All time limits contained in this grievance procedure shall consist of school days. After June 1<sup>st</sup>, the time limits for filing and processing grievances shall consist of all weekdays.
- 10.3 An Association representative may, at the option of the Association, be present at hearings or other proceedings relating to a grievance, which has been formally presented.
- 10.4 Nothing contained herein shall be construed as limiting the right of any teacher having a grievance to discuss the grievance informally with interested persons, or from having the grievance adjusted without intervention of the Association provided the adjustment is consistent with the terms of this contract. The grievant shall be entitled to be represented by a representative of the Association or by such other representative as he or she may choose, or to appear with the assistance of such representative at all hearings or other proceedings and at all steps of the formal grievance procedure herein provided for, except that at no time shall the grievant be represented by an administrative official of the school district.
- 10.5 No grievance shall be considered valid unless it is filed at the appropriate beginning step within twenty (20) days of the time the grievant had knowledge of the occurrence which gave rise to the grievance, and is pursued in accordance with the procedures specified in this contract. Failure by the grievant to adhere to the specified procedures within the stated time periods shall render the grievance null and void.
- 10.6 Failure by the Administration or School Board at any step to respond to a grievance within the stated time period shall permit the grievant to proceed to the next step. Time limits may be extended by mutual agreement.
- 10.7 Except as otherwise provided in Step 4 below, a grievance shall at all times and throughout all steps of this procedure remain the exclusive property of the grievant, who shall retain the right to withdraw the grievance at any time or at any step of the grievance procedure.

10.8 Should informal procedures fail to resolve the grievance to the satisfaction of the grievant, then a formal filing of the grievance shall be made in accordance with the following steps.

Step One: The Teacher or the Association shall present the grievance in writing, specifying the matter being grieved and the redress sought, to the immediately involved Administrator, who will arrange for a meeting within five (5) days after receipt of the grievance. The Association's representative, the grievant, the Administrator and the Administrator's representative, should he/she elect to have one shall be present for the meeting. The Administrator shall provide the aggrieved Teacher and the Association with a written answer to the grievance within five (5) days after the meeting. Such answer shall include the reasons upon which the decision was based.

Step Two: If the grievance is not resolved at Step 1, then the grievant or the Association representing the grievant may refer the grievance to the Superintendent or his/her official designee within five (5) days after the date of the Step 1 response. The Superintendent shall arrange for a meeting with the grievant and/or a representative of the Association's grievance committee to take place within ten (10) days of his or her receipt of the appeal. Each party shall have the right to include in its representation such witnesses and counselors as it deems necessary to develop facts pertinent to the grievance. Upon completion of the hearing, the Superintendent will provide to the grievant and the Association, within five (5) days, his/her written decision with respect to the grievance.

Step Three: If the grievance is not resolved at Step 2, then the grievant or the Association representing the grievant may refer the grievance to the Board within ten (10) days after the date of the Step 2 response. The Board or a Committee thereof shall arrange for a meeting with the grievant and/or representatives of the Association's grievance committee to take place within fifteen (15) days of receipt of the appeal. Upon conclusion of the hearing, the Board will provide to the grievant and the Association, within ten (10) days, a written decision with respect to the grievance.

Step Four: If the Association representing the grievant is not satisfied with the Step 3 decision, or if the time limits of Step 3 expire without the issuance of the Board's written decision, provided the grievance derives directly from an application or interpretation of a specific provision of this contract, then the Association may submit the grievance to final and binding arbitration, under the voluntary arbitration rules of the American Arbitration Association. Only the Association may take a grievance to arbitration. If a request for arbitration is not filed within twenty (20) days of the date required by the Board's reply at Step 3, then the grievance will be deemed to be withdrawn.

- 10.9 The selection of the arbitrator shall be determined by mutual agreement between the Board or its designated representative and the Association or its designated representative. Should the parties be unable to agree upon an arbitrator within ten (10) days from the request for arbitration, then an arbitrator shall be requested by the grievant within ten (10) days from the American Arbitration Association under its rules for voluntary arbitration. If not so requested, the grievance shall be deemed to be withdrawn.
- 10.10 Nothing contained in this Article or Agreement shall prevent the parties from utilizing the arbitrator to mediate a settlement of the grievance. It is understood that any offers made by either party during the course of this conciliation process, shall in no way prejudice the parties' case, or be construed in any subsequent deliberation by the arbitrator.

- 10.12 Each party shall bear the full costs of its representation in arbitration. The cost of the arbitrator and the American Arbitration Association will be divided equally between the parties. Should either party request a transcript of the proceedings, that party shall bear the full cost of such transcript. If both parties desire transcripts, then the cost of the two (2) transcripts will be divided equally between the parties.
- 10.13 The parties acknowledge the right of either party, if it so desires, to invite others to assist in the grievance process, including but not limited to Association Officers, Administrators, and other professional or law representatives to assist in the grievance process. No teacher shall be required to discuss any formal grievance if the Association's representative is not present.

- 10.14 Provided the Association and the Superintendent agree, Step 1 and/or Step 2 of the grievance procedure may be bypassed and the grievance brought directly to the next step. Class grievances involving an administrator above the building level may be filed by the Association at Step 2 and grievances involving staff reduction shall be filed by the Association at Step 3.
- 10.15 No reprisals of any kind may be taken by the Board, the school administration or the Association against any teacher because of his/her participation or non-participation in this grievance procedure.

- 10.17 All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants.
- 10.18 No grievance will be processed or heard during assigned working hours without specific consent from the administration.

  - b. The broad based benefits of the sabbatical to the school,
  - c. The determination that the sabbatical represents the best or most efficient way to provide these benefits, and
  - d. The acceptance of an adequately detailed plan of prior mutual expectations between the teacher and the principal regarding the implementation of sabbatical goals upon return to the school.

The Board will fund benefits agreed to in this contract to the teacher while on sabbatical. The teacher may continue any payroll deductions that were in force and deducted from salary during the year preceding sabbatical. The teacher is not required to accept such an offer.

- 12.7 Upon return from a sabbatical leave a teacher will be considered as if he/she had been on active service during the period of the leave and will be placed on the salary schedule at the level he/she would have achieved if such leave had not been taken.
- 12.8 A teacher who fails to return to the school for two (2) years following a sabbatical leave or who deviates significantly from the program of activity shall be liable for refund to the district of monies (defined as all cash paid by the district for salary and fringe benefits) paid during the period of leave as follows: persons who leave the district before satisfactory completion of the first contract year shall be liable for refund to the district of one hundred (100) percent of all monies paid during the period of leave. - 12.10 In all cases involving sabbatical leave applications, the decision of the Board shall be final and shall not be subject to grievance.
- 12.11 There shall be intervals of not less than seven (7) consecutive years of service from the date of return to the district between sabbatical leaves of a teacher unless special circumstances exist which in the opinion of the Superintendent warrant special consideration by the Sabbatical Review Committee and/or the Board.
- 12.12 Sabbatical leaves of absence may be combined with programs of study, research, writing, or travel which are financed by outside agencies, organizations, or institutions. Should the applicant for sabbatical leave also be the recipient of a grant, fellowship, assistantship or other stipend, the Board will pay a salary amount equal to the difference between the teacher's normal salary and the grant, fellowship, assistantship or stipend used by the teacher to pay expenses connected with the declared purpose of the sabbatical leave. Such expenses would include tuition, research, materials, and travel expenses not directly related to the teacher's normal living costs. However, the person may not secure full time employment.

- a. This provision does not apply to teachers employed on long term substitute agreements or on one-year non-renewable agreements.
- 31.2 Continuous employment or seniority is measured from the first work day of the first permanent contract during the most recent period of continuous employment. In the event of similar or identical first work days, the following dates shall be used in determining the seniority order:

- 31.3 Seniority will be counted at a rate equal to the teacher's FTE each academic year.
- 31.4 Leaves of Absences for Work Study or Sabbatical leave will count towards seniority at a rate equal to the paid FTE of the teacher for that academic year. Such leaves shall also not constitute a break in continuous employment.
- 31.5 Leaves of Absences for personal reasons shall not count towards seniority, except for leave provided under Article 22 "Statutory Leave" as required by law. However, such leaves shall not constitute a break in continuous employment.
- 31.6 The Superintendent's Office will issue a seniority list to the Association and Administrators no later than October 15 annually for their review and possible edits.
- 31.7 The Association and Administration will make the Seniority List available to teachers by November 1 annually.

  - i. The only determination to be made by the Committee is to rule on the challenge in favor of the challenger or to uphold the original determination. The Seniority List will be updated to reflect the decision of the Committee. No other award shall be available to either party.
  - j. If the teacher fails to meet the initial filing deadlines for challenges to the seniority list, the right to challenge will be considered to have been waived. However, this will not prevent a challenge being filed in a subsequent year.

- k. Challenges that have already been subject to the final determination by the Human Resources Director or Superintendent where the Human Resources Director or Superintendent's determination is not challenged to the Seniority List Challenge Committee cannot be made again in a subsequent year.
- l. The grievance process is available for the resolution of seniority list challenges only if the procedures outlined above are not followed by any party to the agreement.

- (a) Licensed Administrators and/or Teachers
1. Initial placement on the compensation grid for each activity is based on the employee's average years of experience. For example: A teacher with eight (8) years of licensed teaching experience and two (2) years of coaching or advising experience for the same activity would have an average of five (5) years of experience. Coaching or advising experience shall be based on experience with the same activity. Calculations will be rounded off to the nearest full year, for example, 4.25 average years would be rounded to 4.0 and 3.5 average years would be rounded to 4.0.
  2. Experience coaching or advising different activities other than the one being hired for will be considered at the discretion of the Administration and Athletic Director based on the relevance of the activity.
  3. In the event an employee would receive a higher stipend under the provisions outlined in (b) below, the employee will receive the higher stipend amount.
- (b) All others

Initial placement on the compensation grid for each activity based on his or her actual coaching or advising experience as follows:

1. Experience coaching or advising the same activity will be counted on a one for one basis, i.e. two years coaching baseball will be counted as two years' experience in that activity.

2. Experience coaching or advising different activities other than the one being hired for will be at the discretion of the Administration and Athletic Director based on the relevance of the activity.
- 47.4 If it is determined by the Administration that a position will be shared by two people with equal responsibility, the stipend amount for each employee shall be seventy-five percent (75%) of the amount the employee would have been paid if not sharing the position. If two employees chose to share an activity, based on their own determination, the stipend amount for each employee shall be fifty percent (50%) of the amount the employee would have been paid if not sharing the position.
  - 47.5 Stipend agreements will be issued for each activity. All employed under the terms of this article are considered employees-at-will for stipend activities. As such, all stipend agreements are issued for one year. However, this provision does not prevent the Administration from rehiring the employee on an annual basis and does not require the Administration to post the opening prior to rehiring the employee for the same activity.
  - 47.6 Either party may terminate a stipend agreement at any time by giving five (5) days written notice. The school district shall be obligated to pay only for such services as have been provided up to the date of termination. Just cause is not required to terminate a stipend agreement unless the employee is a teacher employed within CVSD. In such case, termination of a teacher's current stipend agreement while the activity is ongoing shall only occur if the teacher engages in conduct unbecoming, violates VPA rules and guidelines or board policy or other such behavior that violates the provisions of, or subjects the teacher to discipline under the terms of the collective bargaining agreement.
  - 47.7 Compensation for co-curricular activities shall be paid in either a lump sum at the end of the activity, or bi-weekly at each pay period during the activity, at the option of the employee. A decision regarding mode of payment shall be made by the employee at the time of signing the stipend agreement.
  - 47.8 Activities other than those listed in the grid for each school may be performed on a voluntary basis.
  - 47.9 The Administration and the Board reserves the right not to fill a position listed on the activity grid.
  - 47.10 No teacher shall be required to accept or perform the duties of a co-curricular position.

## 48. GENERAL

- 48.1 This contract is a complete agreement between the parties, covering all mandatory subjects of negotiation. The parties contracting agree that relations between them shall be governed by the terms of this contract only. No prior agreement or understandings, oral or written, shall be controlling or in any way affect the relations between the parties except where such agreements have been reduced to writing by the mutual consent of both parties.
- 48.2 No teacher will fail to have his/her contract renewed or be disciplined, suspended, dismissed or deprived of a salary increment without just and sufficient cause. Any suspension of a teacher, pending Board action, will be with pay. A teacher who is suspended may appeal that suspension by filing a grievance within seven (7) days of the effective date of the suspension at Step 3, or by filing an appeal pursuant to Title 16 sec. 1752 of the Vermont Statutes Annotated. The election of one method of appeal shall preclude the other. In any event, the teacher will be paid until the Board renders its decision.
- 48.3 Publication and Distribution of Collective Bargaining Agreement
- a. Copies of this agreement shall be available to returning teachers in pdf or other appropriate electronic format on the CVSD website as soon as is practicable after the agreement is signed by the Negotiator for the Board and the Negotiator for the Association.
  - d. One (1) original and fully executed copy shall be provided to the Association for its records.
  - e. The Board shall provide fifteen (15) printed copies to the CVEA.
  - f. New Hires will receive a printed copy at the time of their employment.
- 48.4 If any section, subsection, clause or portion of this contract shall for any reason become invalid or be deemed so by a court of competent jurisdiction, such section, subsection, provision, clause or portion of the contract shall be deemed a separate, distinct and independent provision and such invalidity shall not affect the validity of the remaining portions thereof.
- 48.5 The Board will not discriminate against any teacher employed by the Board based on race, creed, color, religion, gender, gender identity, sexual orientation, disability or veteran status. However, any teacher who files a charge of discrimination with any state or federal agency shall be precluded from pursuing the same claim through the grievance and arbitration procedures of this contract.
- 48.6 The Board will amend its written policies and take such other actions as may be necessary in order to give full force and effect to this contract.

- 48.7 During any school year covered by this Agreement the Board of any school district shall have the discretion to offer an early retirement incentive to its teachers for that school year only. The terms of any early retirement incentive program offered by any school board shall be negotiated with the Association. Nothing herein shall obligate any school board to offer an early retirement incentive program in any school year or to enter into negotiations with the Association on this issue.
- 48.8 Unless otherwise agreed in writing, neither party shall be permitted or required to re-open any terms of this agreement, with the following exceptions or as outlined in the Article above:
- a. Either party can re-open the agreement for successor contract negotiations pursuant to Article 50.
  - b. Either party can re-open the agreement if any of the group health plans currently offered by the Board becomes unavailable due to mandates from state or federal law.
  - c. Either party can re-open the agreement if either the State of Vermont or the federal government mandates a public funding mechanism for health insurance that mandates participation by the Board or its employees, including but not limited to a payroll tax on employers or employees.
  - d. If either party exercises the option to re-open the agreement pursuant to subsections (b) or (c) above, the scope of the negotiation shall be limited to health insurance benefits, including alternative health insurance coverage, the cost of alternative coverage for the Board and the employees, and the impact of any change in coverage on the Board's budget and employee wages.

## **49. HEALTH AND SAFETY**

- 49.1 Teachers shall not be requested or required to work under conditions that constitute a threat to their health or safety. Matters involving health and safety may be grieved through to the Board level.
- 49.2 Employees required to lift children and/or to provide toileting assistance to children shall be so advised prior to assignment. The administration is responsible for developing and providing safety protocols for lifting children to help ensure the safety of the employee. This protocol must be provided to all employees prior to the employee's first day of work with the child in need of this type of assistance.
- 49.3 The administration is responsible for developing and providing safety protocols, consistent with board policy, for a student threatening the life and/or safety of an employee. A copy of this protocol is included in Appendix M, however, it may be amended at any time by the administration so long as the revision is distributed to staff.

## **50. Salary Schedule Recommendation**

**50.1** During the 2020-21 school year the Board and the CVEA established a Salary Committee as set forth in the 2019-20 Teacher Contract. Some recommendations from that committee have been incorporated in the Salary Schedule attached hereto as Appendix B.

Further, the committee has recommended that Step 1 of the Salary Schedule continue to be adjusted so that Step 1 would cover 0-3 years of experience in the 2022-23 school year, 0-2 years of experience in the 2023-24 school year and 0-1 years in the 2024-25 school year. These adjustments would require adjustments to the years of experience in the remaining Steps in the schedule. An example can be seen in the adjustments made between the 2020-21 and 2021-22 contracts. The parties hereto endorse this recommendation and encourage its adoption in succeeding contracts.

## **51. DURATION**

- 51.1** The provisions of this contract will be effective July 1, 2021 and will continue and remain in full force and effect until June 30, 2022. The Board agrees to maintain benefits for a year, and for each year thereafter should the contract be automatically renewed. Said contract will automatically be renewed and will continue in full force and effect for additional periods of one (1) year unless either the Board or the Association gives written notice to the other not later than October 15 prior to the expiration date or any anniversary thereof, of its desire to reopen this contract and to renegotiate the terms of a successor contract.

IN WITNESS WHEREOF, the parties hereunto set their hand:

## A. SALARY PLACEMENT FOR NEW HIRES

1. New teachers will be placed on the teacher schedule as follows:
  - a. The Superintendent will determine the number of credits earned towards column placement based on transcripts provided at the time the teacher is hired.
  - b. The Superintendent will determine the years of experience the teacher has based on information provided at the time the teacher is hired and based on the following criteria:
    - i. Institutions

Experience is granted for years of experience teaching at an accredited public or private educational institution. Experience is credited for pre-school, elementary, secondary and post-secondary work experience. Experience is only granted for actual time when the individual was employed under a contract as a teacher or educator. Comparable administrative experience at an accredited public or private educational institution shall be credited. Experience as a paraprofessional, tutor, teaching assistant, etc., is not credited. Additionally, student teaching, internships, and similar experiences are not credited.
    - ii. Calculation of Time

In order to be credited, work experience must be at least 0.50 FTE (full time equivalent) and be a minimum of a semester or one half year. Additionally, the teacher must be under contract or a long term sub agreement for a minimum term as specified above. Experience which does not meet both criteria is not counted. Specifically, regular substitute teaching is not calculated regardless of the number of days which are worked by an individual during the year. An individual who is under contract in two school districts may combine this time for a cumulative FTE total. For example a 0.45 FTE and 0.30 FTE equate to a 0.75 FTE. Experience at less than 0.25 FTE is not counted. Summer or evening employment is not credited. Each 1.0 FTE year of experience meeting the above criteria is counted for one year towards placement on the salary schedule. Partial FTE's are counted as partial years of experience and partial FTE's and partial years are multiplied to determine an effective full year equivalent. For example, a 0.75 FTE for 0.75 of the school year equates to a 0.56 FTE. A year which results in a FTE of less than 0.50 is not counted when calculating total years of experience. Total FTE years of experience are combined to determine total years of experience. The final total is then rounded

to the nearest whole number and then used for vertical placement on the salary schedule.

iii. Licensure

Experience is only granted for years of experience during which time the teacher was a fully licensed educator under the regulations and standards of the appropriate state educational agency.

Exceptions to this standard are:

- (a) The individual is employed in a teaching position outside of the K-12 educational environment and licensure is not required; e.g. teaching at the post-secondary level in higher education at an accredited school/college/university.
- (b) If an individual is granted experience under the above exception and at the time of hiring has obtained licensure through peer review or a similar process, one year of experience shall be deducted from their creditable teaching experience.

- c. Based on the number of years of experience calculated by the Superintendent, the teacher will be placed on the step that equates to his/her years of experience. (See Years of Experience (YOE) Column on Salary Schedules in Appendix B.)
- d. The procedures outlined herein may result in different step placement for teachers with the same years of experience across the Supervisory Union. The parties acknowledge that this circumstance, should it happen, is the result of schedule modification to the salary schedule and specifically agree that the benefits of schedule modification outweigh any disparate impact regarding salary placement for new and returning teachers. In recognition of these benefits, the Association agrees, for itself and members of the bargaining unit, not to file any grievance, claim, or challenge regarding the placement of a teacher at a step in excess of another teacher with the same years of experience attributable to or a product of the terms of this provision. Any such grievance, claim, or challenge shall not be subject to the grievance/arbitration provisions of this agreement.
- e. No newly hired teacher will be placed at a higher step than a teacher currently employed within CVSD with comparable years of experience and education.

## **G. ENROLLMENT OF CHILDREN OF NON-RESIDENT TEACHERS**

### **BENEFIT & PROCESS DESCRIPTION FOR INFORMATIONAL PURPOSES ONLY**

To: All Champlain Valley Education Association Teachers

From: Champlain Valley Education Association Negotiations Team

Re: Enrollment of Children of Non-Resident Teachers – Description of Benefit & Process

The School Board will provide the CVEA tuition vouchers in the amount of the announced tuition rate to fund the enrollment of 15 children of non-resident teachers. The vouchers shall be apportioned between the schools with a maximum of 6 to be used at CVU. It should be clear that enrollment is limited to the school at which the parent teaches (except Allen Brook/WCS). The teacher-parent or the home/sending school district is responsible for any necessary fees and costs in excess of the tuition vouchers.

#### **Guidelines/Requirements For Accessing the Benefit**

1. Any child applying for enrollment must be of school age in August of the year that s/he seeks to enroll.
2. A child – once enrolled – will be allowed to attend through Grade 8 or Grade 12, provided the child remains in good standing, depending on the teacher's school of employment. No re-enrollment is needed once matriculation has begun. (This takes precedence over #4).
3. However, any teacher/parent who plans to withdraw an enrolled child shall inform the CVEA Chief Negotiator as soon as possible.
4. If the number of children seeking enrollment exceeds the number of available places, preference will be determined according to the employment seniority of the teacher/parent.
5. A teacher/parent shall inform the Chief Negotiator by February 15 of the intent to enroll a child for the first time for the following school year. The information shall be in writing and shall include the grade in which the child seeks to enroll and the teacher/parent's date of hire.
6. The teacher/parent will be notified by March 15 of the child's enrollment status. It will be assumed the child will attend the teacher/parent's school in the fall of the next school year.

Any questions should be directed to your Unit Negotiator or to the Chief Negotiator.

## H. SERIOUS MEDICAL CONDITIONS

A “serious medical condition” means an illness, injury, impairment, or physical or mental condition that:

1. Poses imminent danger of death; or
2. Requires inpatient care in a hospital, hospice, or residential-medical care facility; or
3. Requires continuing in-home care under the direction of a physician; or
4. Requires continuing treatment by or under the supervision of a health care provider in one of the following five circumstances (a. – e.):
  - a. For a period of incapacity of more than three (3) consecutive calendar days that also involves:
    - (1) Treatment two (2) or more times by or under the supervision of a health care provider; or
    - (2) Treatment by a health care provider on at least one (1) occasion resulting in a regimen of continuing treatment under the supervision of the health care provider.
  - b. Any period of incapacity due to pregnancy or for prenatal care;
  - c. Any period of incapacity or treatment due to a chronic serious health condition. A chronic serious health condition is one which:
    - (1) requires periodic visits for treatment by a health care provider, or by a nurse or physician’s assistant under direct supervision of a health care provider;
    - (2) Continues over an extended period of time (including recurring episodes of a single underlying condition); and
    - (3) May cause episodic rather than a continuing period of incapacity (e.g. asthma, diabetes, epilepsy).

- d. A permanent or long-term period of incapacity for which treatment may not be effective (e.g. stroke, Alzheimer's);
- e. Any period of absence to receive multiple treatments including any period of recovery there from (e.g. chemotherapy, physical therapy, kidney dialysis).

## I. PROGRAM COUNCIL

Recognizing the benefits of collaboration, consultation, and shared involvement in decision-making as effective means of implementing school vision and organizational change, the parties agree to implement a process which shall lead to the development and implementation of school advisory councils (hereinafter “program council”). The implementation and operation of program councils shall be guided by the following principles:

1. Each party (the CVEA and the local school) shall identify four representatives to represent it in the development of a program council model, specific to that school. The parties shall meet by October 1 to conduct this dialogue and development. The local negotiators for each of the two parties during this round of negotiations will be a part of the development process at each of the schools.
2. The recognized purpose of the program council is to serve as an advisory arm to the Principal. Further, the parties acknowledge that the involvement, responsibility, and accountability of individual professionals through the work of the council is an integral part of the transformation of our schools.
3. In this advisory role the primary work of the council is on issues and matters of school transformation, implementation of school vision and the matters of school coordination and communication.
4. The parties shall determine a process to identify the annual membership of the council. Individuals eligible for membership shall include faculty, staff, and the administration. The program council may decide to include parents, students, and members of the community as members, observers or to serve on subcommittees.
5. Problems arising from the operation of the Program Council that cannot be handled within the school will be brought by either party to the Superintendent or his/her designee for mediation and resolution.

## **J. TRANSFORMATIONAL IMPROVEMENT PLANS**

Recognizing that the transformation of our schools will require the restructuring and realignment of existing functions and structures, and further recognizing that an integral part of transformation is the empowerment of individual professionals and teams of professionals to meet the needs of all learners, the Board and CVEA enter into this agreement.

In order to provide opportunities to create innovative practices and structures, the parties agree to empower teachers and the administration to implement a total quality process to develop, test, and evaluate improvement plans. Therefore, the Board and the Association agree that Administration, teams of teachers, or individual teachers (hereinafter the “parties”) may agree to modify contractual provisions of the negotiated agreement for the purpose of piloting innovative approaches or concepts which further the transformation of the school. Contractual Provisions which may be the subject of such modifications are limited to the following Articles: Professional Expectations (formerly Work Year/Day and Assignment), and Evaluation. Procedures for developing and documenting such modifications are as follows:

1. The teacher or teams of teachers considering a modification will meet with the administration to develop and refine the proposed plan for improvement and modification. At no time can an individual teacher or teams of teachers be compelled to enter into a modification of the negotiated agreement. Modifications causing adverse working conditions for other teachers will be brought to the attention of the Principal and Program Council for resolution.
2. The written plan will include: the terms of the modifications, the outcome(s) intended, the length of the modification, and provisions for evaluation of the improvement.
3. The proposed modification will be brought before the program council for discussion and review prior to final approval by the parties. Persons submitting proposals will present such proposals at the meeting.
4. Improvement plans may not exceed one school year or be less than one semester in duration.
5. Upon the termination of the agreement, the existing provisions of the negotiated agreement shall take effect. The agreement may, by mutual consent of the parties of the agreement, be terminated, or otherwise modified, using the procedures outlined in numbers one through four above, prior to the time provided in the written waiver agreement. Prior to the expiration of the agreement, the parties may by mutual agreement extend the agreement utilizing the above procedures.

6. After the parties have agreed to the terms of the modification and the improvement plan, copies of the agreement shall be forwarded to the Superintendent and the CVEA for review and recording.

7. In the event an issue or dispute arises between the parties to the agreement which they are unable to resolve after informal meetings, either party may treat the matter as a grievance under the applicable provisions of the negotiated agreement, provided however, that if step three of the grievance process does not satisfactorily resolve the dispute the parties shall engage in mediation to the exclusion of step four.

## J-1. SPARK PROGRAM

Under Appendix J “Transformational Improvement Plans”, the parties agree to:

1. Williston teachers and Williston based CVSD Special Education teachers may apply to participate in the SPARK ACADEMY on an annual basis. Participation shall be voluntary. The administration is not required to accept any and all applications. Part-time teachers and non-teaching staff may work in the program, however, they will be compensated for their time at an hourly or per diem rate as appropriate since the work is beyond their contracted time.
2. In consideration for the additional instructional time provided during the SPARK program, approved teachers shall have a modified work schedule. The teacher’s new schedule shall reflect a full time teacher schedule (prorated based on the teacher’s individual FTE) based on the following formula:
  - A. 176 student days (or the then current number of student days) multiplied by 7.5 hours (or the then current length of the student day) equals 79,200 contract minutes (176 x 7.5 x 60) less guaranteed preparation and lunch time of 12,320 minutes (176 x 70) as provided in the contract for a total of 66,880 minutes of instruction.
  - B. When calculating minutes under this program the parties shall not include any professional days under the contract used for in-service, parent teacher conference days or professional development. Nor shall the 3 professional days determined by the individual teacher be included. This time is not reflected in the calculation in subsection A above.
  - C. In future years of this program, the then actual number of student days and the actual length of the school day shall be used to adjust the calculation if they change.
  - D. The individual teacher shall submit a plan for how the time identified in paragraph 2 shall be accounted for in his or her modified schedule. The teacher shall be responsible for ensuring that the full amount of time is worked as committed, and shall notify the administration of any need to alter the approved schedule as needed, either because there are not enough minutes or there are too many minutes scheduled. The plan shall be submitted each session and signed off on by the teacher and approved by the Administration. Time will be cumulative for the full school year.

- E. At the end of each session, each teacher will submit to the Administration a reconciliation of actual work to ensure the teacher is being compensated as appropriate and to allow time for adjustments as needed to meet the criteria outlined above. Both the teacher and the administrator needs to acknowledge that professional obligations for that session and contract period have been met. If not, adjustments shall be made to resolve any differences in time worked and time owed. Time will be cumulative for the entire school year.
- F. The Administration shall determine by March 15<sup>th</sup> annually if the SPARK program will be offered the next school year. Teachers will have until April 15<sup>th</sup> to submit an application to participate in the program. Approval for one school year shall not result in automatic approval for a following school year. The administration shall review and take action on all requests by May 15<sup>th</sup>.
- G. Proposed and modified schedules cannot disrupt the normal school schedule or normal school operations, in the judgment of the Administration. In the event of a dispute over what constitutes a disruption, the Association shall be consulted prior to the administration making a final decision.
- H. Selection or non-selection in this program shall not constitute grounds for a grievance.
- I. If any individual teacher decides to opt-out of the program they need to do so by trimesters. To opt out of the 2<sup>nd</sup> or 3<sup>rd</sup> trimester notice must be received by 4 weeks prior to the end trimester. Participants may opt of the 1<sup>st</sup> semester by June 30<sup>th</sup> annually. Reconciliation of time owed will be calculated at the time of notice to allow both the administration and the teacher adequate time to adjust schedules as needed.
- J. Absences on a day the teacher is scheduled to participate in SPARK, not already incorporated into the teacher's proposed schedule, i.e. an unplanned absence due to illness, shall equate to a 0.25 day. The teacher will either be required to use paid leave or to flex the time as permitted under a revised schedule and approved by the Administration.

## **K. ACKNOWLEDGEMENT OF ARBITRATION**

1. In accordance with 12 V.S.A. § 5652(b), the Board and the Association understand that this Agreement contains an agreement to arbitrate. After signing this Agreement, the Board and the Association understand that they will not be able to bring a lawsuit concerning any dispute that may arise which is covered by the arbitration agreement, unless it involves a question of constitutional or civil rights. Instead, the parties agree to submit any such dispute to an impartial arbitrator in accordance with the provisions contained in this article.

## L. SALARY SCHEDULE GHOST STEP HISTORY & ELIGIBILITY

1. In the 1997-2000 collective bargaining agreements between the Champlain Valley Union (CVU), Charlotte and Shelburne Board of School Directors and the CVU, Charlotte and Shelburne units of the Champlain Valley Education Association (CVEA), the parties reached agreement on a concept called "longevity increases".
2. By those agreements, the number of teachers eligible for the longevity increases declined each year of the agreements. As such, only teachers who had been frozen for at least two years in the M30 Column on the maximum step (15) as of July 1, 1999 would be eligible for longevity increases. This created a grandfathered group of teachers eligible for the payments.
3. In the 2000-2001 collective bargaining agreements between the same three boards and three units of the CVEA, teachers who had been eligible for the longevity increases in 1999-2000 would be placed on a phantom or ghost step 16 in the M30 Column. The parties agreed that there would be no movement on or off that step going forward, again grandfathering the group eligible for the phantom or ghost step. The 2001-2004 agreement continued the ghost step and the same group remained the only teachers eligible for placement and payment based on this step.
4. When all the individual collective bargaining agreements were consolidated into a uniform collective bargaining agreement for all districts within the Chittenden South Supervisory Union starting July 1, 2004, the unified collective bargaining agreement again limited eligibility for the ghost step to those teachers who had been on M30 step 16 in 2000-2001 and no new members were permitted. This agreement continued in the subsequent agreements and continues with this current agreement.

## **M. HEALTH AND SAFETY PROTOCOLS FOR CVSD EMPLOYEES**

As stated under Article 49 "Health and Safety" of this agreement, the Administration is responsible for developing and providing safety protocols, consistent with board policies, for a student threatening the life and/or safety of an employee. This protocol must be attached as an appendix to this agreement and may be revised by the Administration. If revised, the Administration shall provide an updated copy of this appendix to staff.

The following protocols are in place as of July 1, 2012 for all employees:

1. When an employee believes that his/her life or safety has been threatened by a student or students, the employee shall notify a school administrator as soon as possible and provide him/her with oral/written information about the threat. The administrator may require the information in writing from the employee at some point during the investigation but may not require it before processing the incident with the student. Reasonable efforts shall be made to maintain the safety of the employee and his/her work environment.
2. If the administrator receives this information during the regular school day, he or she will immediately remove from the employee's work environment the student or students allegedly responsible for making the threats and notify the student's or students' parents/guardians.
3. If as a result of the investigation the student or students are found to have issued a threat to the employee's safety or life in any form, the student or students will be administered consequences consistent with the school's discipline procedures and board policy.
4. The consequences designated by the administrator shall be successfully completed prior to the student's or students' admission back to the employee's work environment unless a delay would interfere with the student or student's rights to a free and appropriate education as provided under the law or the student's due process rights.
5. These protocols may be reviewed and revised as needed and changes to them will be communicated to all staff electronically and/or in writing.
