Clark County does not have a traditional salary schedule and there does not appear to be a single trajectory for all teachers. Teachers will advance one step each year (if negotiated and approved) but must accrue 225 contract hours to advance a column, which can only happen once every three years (those in Title 1, Tier 1 or Title 1, Tier 2 schools can advance a column every two years). NCTQ was unable to determine if it's the norm for teachers to advance a column every three years (or two years for those meeting the specified criteria). The district confirmed that experience is the only factor in initial placement so all teachers with no prior experience begin on Column I, Step A. Educational coursework does count towards contact units; for more details see pp. 10 & 11 of the Professional Growth System Reference Guide attached below. The Reference Guide as well as Art. 26 (pp. 35-45) of the 2018-2021 Contract with 2019-2021 Amendment provide more detail on contact hours and how teachers advance on the salary schedule.

The purpose of this guide is to provide tools and resources to develop a Professional Growth Plan (PGP) to accumulate Contact Units (CUs) to move across columns on the Professional Salary Table (PST). This guide provides parameters for professional development activities including established CU values and verification forms for professional development activities.

Educators/licensed professionals have many options to participate in professional development activities aligned to their PGP that is developed collaboratively with their supervisor. In general, professional development activities are assigned CUs associated with the time that the educator/licensed professional participates in these activities outside of the contractual workday. Each educator/licensed professional is responsible for maintaining all documentation in alignment with his/her PGP and ensuring that the professional learning activities count toward CUs for column movement.

Contact Units

- Each CU translates into 180 minutes (3 hours) of clock time unless specified by this document.
- Unless specified by this document, only time outside of the regular contractual workday may accrue CUs.
 - If an educator/licensed professional is paid his/her contractual rate on an hourly basis or for an extended contractual workday or year, the time is excluded from counting toward CUs.
 - Site-Based Collaboration Time is excluded from counting toward CUs.
- Professional development activities must be related to the educator/licensed professional's assignment. Please refer to Article 26-10-4 (sections 1 through 9) of the Negotiated Agreement.
- Professional development activities may be aligned to professional growth related to goals in any of the following areas:
 - Nevada Educator Performance Framework (NEPF) Goal(s)
 - School/Site Goal(s)
 - District Goal(s)
 - Career Pathway Goal(s)
 - School Community Goal(s)
- If an educator/licensed professional is paid the supplemental instruction rate or a stipend for the professional development activity, he/she will accrue CUs at the rate of one CU for 360 minutes (6 hours) of clock time.
- A minimum of 225 CUs is needed for column movement.
- Returning teachers may only accrue CUs if there is an approved annual *Professional Growth Plan* in place.
- In alignment with Employee Onboarding requirements, newly hired educators/licensed professionals may begin accruing CUs for Employee Onboarding activities on the start date of their contract without having a *Professional Growth Plan* in place, with the understanding that all educators/licensed professionals must have an approved *PGP* by the last business day of October or four weeks after their starting date.

Title I, Tier III and Non-Title I Schools and Centrally Assigned Educators/Licensed Professionals

- Educators/licensed professionals who serve at a Title I, Tier III or Non-Title I School are eligible for the three-year track.
- Educators/licensed professionals who are centrally assigned are eligible only for the three-year track unless all assignments are in Title I, Tier I and Title I, Tier II, Schools.
- Maximum CUs refers to the limit of CUs that can be earned in that activity for each column movement.
- Each school's tier designation is annually determined by the Nevada Department of Education.

Title I, Tier I and Title I, Tier II Schools and Self-Contained Special Education Teachers

- Educators/licensed professionals who serve exclusively at a Title I, Tier I or Title I, Tier II, School and Special Education Teachers in a Self-Contained classroom are eligible for the two-year track and eligible for different professional development activities and CU maximums.
- Specific information is provided for additional options for educators/ licensed professionals in these schools or positions.
- Maximum CUs refers to the limit of CUs that can be earned in that activity for each column movement.
- Each school's tier designation is annually determined by the Nevada Department of Education.

Professional Growth Plan Process

The PGP will empower educators/licensed professionals to chart their own path toward instructional and professional growth. The goal of the development process is to align system activities with the natural cycle of goal setting as part of the Nevada Educator Performance Framework (NEPF). The process for making a proposal under the Professional Growth System (PGS) shall include the following steps.

Step 1

Develop an Action Plan

Choose your path according to your own needs and those of your students.

The educator/licensed professional shall fill in the information requested in Step 1 of the *Professional Growth Plan (CCF-PGS1)*, which allows all parties to have a better understanding of the context, purpose, and expectation of the PGP. Information may include, but is not limited to:

1. Current professional position.
2. Brief description of the educator/licensed professional's current work, including whether he/she is a facilitator, mentor, teacher (grade level, subject, number of classes), etc.
3. Brief description of assignment, including any appropriate information about the students and other background information (e.g., IEP, accommodations and/or modifications) and of the method of movement along the PST that is the focus of the educator/licensed professional's PGP.

Step 6

Document Accomplishments Pertaining to the Professional Growth Plan

Submit your final documents to receive approval for your column movement.

The documenting of accomplishments pertaining to the PGP should be evidence-based on NEPF Standards and Indicators in accordance with state law. The evidence should be clear on the connections between course work and student learning. Students' abilities should inform expectations of student academic growth.

Educator/licensed professional reflection takes time, training, and practice. Documentation of PGP accomplishments includes time spent analyzing and reflecting upon connections among documented accomplishments, focusing on instructional or professional challenges encountered, and discussing plans for continued professional growth and efforts that have an impact on student/adult learning.

Connecting the NEPF

- How can you develop an action plan that will align your NEPF goal(s) to your PGP? Your PGP will serve as evidence toward your NEPF Standards and Indicators.
- Reflect upon your practice and take ownership of your own professional growth through targeted and sustained professional learning opportunities.
- Incorporate your PGP into your NEPF goal setting and pre/post conferences, and use reflection as a vehicle toward a continual upward spiral of growth.

Step 5

Yearly Review of The Professional Growth Plan

Review your PGP progress annually.

The PGP will be reviewed annually with the educator/licensed professional and the supervisor to track progress and adjust as needed. The yearly review may be incorporated as part of goal setting and pre/post NEPF conferences. The PGP shall include details of student/adult learning, class/student demographics, connections to professional learning opportunities taken, and the impact on educator/licensed professional's practice. Annually, planned activities may be adapted in order to continue and update alignment with the educator/licensed professional's professional growth goals.

Step 4

Maintain Evidence of the Professional Growth Plan

Keep formative documentation of progress toward your PGP.

Educators/licensed professionals will be required to maintain formative documentation of progress toward completion of the PGP. The *Contact Unit Log (CCF-PGS3)* will record CUs completed. The *Contact Unit Verification Form (CCF-PGS2)* will summarize professional learning, have attached evidence, and allow for educators/licensed professionals to review the impact on instructional and professional practice.

Professional growth opportunities shall be selected from among the provided list of options. The activities selected must connect deeply with the focus areas of the PGP in a manner that is consistent with the NEPF and District and/or department or school goals, and shall align with the needs of students served by the educator/licensed professional.

Supervisors and educators/licensed professionals will complete the questions listed in step 4 of the Professional Growth Plan document and give growth-based, reflective feedback during the Mid-Cycle Review step of the regular NEPF Evaluation Cycle. This feedback will record reflections by both supervisor and educator/licensed professional, and may serve as evidence of growth toward the professional responsibilities standard(s) for the educator/licensed professional if he/she wishes to use such evidence in that manner.

Step 2

Design the Professional Growth Plan

Self-assess and work collaboratively with your supervisor to develop a clear path.

Using the *Professional Growth Plan (CCF-PGS1)* form, the educator/licensed professional self-assesses and then works collaboratively with the supervisor to set goals. The key actions are to analyze student data, reflect on past performance, and identify a student learning goal and/or professional practice goal that will serve as the focus of the PGP. The plan should outline a clear path for action that will support the educator/licensed professional's professional growth and improvement, align with school and/or District goals, leverage existing professional development and expertise from within the school/District where possible, impact school climate, and may include teacher-generated school and District assessment(s).

1. The PGP applies to all educators/licensed professionals and should support the NEPF's goals of:
 - a. Positively impacting the achievement of students in Nevada (Clark County);
 - b. Growing professionally through targeted, sustained professional development and other supports;
 - c. Monitoring student growth, identifying and developing quality instructional practices, and sharing effective educational methods with colleagues;
 - d. Reflecting upon practice and taking ownership for their professional growth; and
 - e. Participating in constructive dialogue and obtaining specific, supportive feedback from evaluators.
- b. The PGP shall be the exclusive work product of the educator/licensed professional who has the sole responsibility to maintain and submit evidence of progress toward professional growth under the plan for their evaluation. The plan can be mapped out as an individual, small group, or as an agreed upon schoolwide plan to address specific needs. The educator/licensed professional has the sole discretion to opt out of portions of a schoolwide PGP if there is a demonstrated reason that the proposed PGP does not meet the instructional or professional practice needs of the educator/licensed professional. Further, provisions and accommodations shall be made if an educator/licensed professional's supervisor changes in the process of working toward attainment of the 225 CUs.
- c. In order to complete an individually designed PGP, the educator/licensed professional will determine focus areas for professional growth based upon student learning goals, professional practice goals, NEPF (or current) evaluation, career pathway goals, school/site goals, school community goals, and District goals.
 - a. Development of the PGP will include both the input of the educator/licensed professional and his/her supervisor.
 - b. Those programs that follow a designated path of coursework requirements may be utilized within a PGP. Designated programs will include, but are not limited to, successful completion of: National Board Certification, applicable Master's Degree programs, and applicable Doctoral Degree programs.

**NOTE: Verification of qualifying coursework for license renewal shall be the sole responsibility of the educator/licensed professional. Not all CUs will apply to the Nevada license renewal process.*

Step 3

Finalize the Professional Growth Plan

Propose your PGP to your supervisor.

The educator/licensed professional shall present the proposed *Professional Growth Plan (CCF-PGS1)* to the supervisor for final review and feedback. If the PGP is not mutually agreed upon by the educator/licensed professional and supervisor, the educator/licensed professional shall be given no fewer than seven (7) days to make adjustments and resubmit. The PGP must be finalized by the last day of October in order to be implemented in the same academic year. While this should be a collaborative effort between the educator/licensed professional and the supervisor, the supervisor shall not substitute his/her own goal(s) for that of the educator/licensed professional's so long as the proposed PGP meets the specified criteria.

The supervisor shall authorize the final PGP according to specified criteria to be mutually agreed upon between the District and CCEA and the educator/licensed professional shall submit documentation in a manner described in this guide. Such authorization shall not be unreasonably denied. If the PGP is not authorized by the supervisor, he/she shall offer feedback and the educator/licensed professional shall be given up to twenty-one (21) calendar days to make adjustments and resubmit. If the educator/licensed professional does not agree with the supervisor's decision, an appeal can be submitted (See CCSD/CCEA Negotiated Agreement, Article 26-2-4).
