Facts About FCPS

Did you know?

FCPS is the **11th** largest school district in the nation. 175,296 students were enrolled in 2010-2011.

More than **1,500** buses carry **110,000** students each day. FCPS busses more people per day than Greyhound!

192 Elementary, Middle, High Schools, and Centers make up FCPS.

Fairfax County schools and centers are divided into **eight clusters**. Each cluster office provides leadership and supervision to the schools in the cluster and acts as liaison to schools and communities.

There is an average of **26 to 1** pupil-teacher staffing ratio.

21,347 English for Speakers of Other languages (ESOL) students are enrolled in FCPS.

24,363 students are receiving special education services.

In the June 2009 edition of *Newsweek* magazine, all eligible FCPS high schools were listed in the **top five percent** of public schools in the nation, based on the annual challenge index—which measures a school's effort to challenge all students.

92.6 percent of high school graduates continue on to some form of postsecondary education.

35,192 Advanced Placement/International Baccalaureate Exams were taken in 2010.

FCPS extends learning through online resources beyond the school day by inviting students, parents and teachers to use the **FCPS 24-7 Learning** (Blackboard) to access homework and classroom assignments, view class calendars, explore links to enrichment activities, and much more. Visit fcps.blackboard.com/webapps/portal/frameset.jsp

The FCPS District-wide **Parent Resource Center** is a support center that assists parents and families to successfully navigate Fairfax County Public Schools. The center's resources include: parent orientation workshops, 24-hour parent information phone line, school parent liaison, community liaison, and other resources. Visit www.fcps.edu/parents.htm.
