

Summary of Nevada Teacher Policies:

- ★ Best Practice
- Meets Goal
- ◐ Nearly Meets Goal
- ◑ Partly Meets Goal
- ◒ Meets a Small Part of Goal
- Does Not Meet Goal

Progress on Goals Since 2015

- ▲ Progress Increased: 1
- ▼ Progress Decreased: 0

A state's progress on policy was tracked solely for goals that remained constant between 2015 and 2017.

<b>AREA 1: General Teacher Preparation</b>	<b>C-</b>

# Teacher Policy Strengths and Areas for Growth Nevada

POLICY AREA	NEVADA'S STRENGTHS	NEVADA'S OPPORTUNITIES FOR GROWTH
<b>AREA 1: GENERAL TEACHER PREPARATION</b>		
Program Entry		The state should require that all teacher preparation programs limit admission to applicants with either a minimum 3.0 GPA or those who have scored in the top half of all college-going students on tests of academic proficiency.
Teacher Shortages and Surpluses		The state should publish data on teacher production that connect program completion, certification, and district hiring statistics, and also provide guidance regarding program acceptance numbers.
Program Performance Measures		The state should collect the same objective, meaningful data on program performance for its alternate route programs that it currently collects for its traditional preparation programs.
Program Reporting Requirements	The state holds teacher preparation programs accountable for meeting performance standards and for the quality of teachers they produce.	
Student Teaching/ Clinical Practice		The state should require that cooperating teachers are selected based on evidence of effectiveness and that the clinical practice experience is at least 10 weeks, full time, and takes place in the setting of the license sought.
<b>AREA 2: ELEMENTARY TEACHER PREPARATION</b>		
Content Knowledge		The state should require elementary teacher candidates to pass a content test with individually scored subtests in each of the core content areas and to complete a content specialization in an academic subject area.
Teaching Mathematics		The state should require all elementary teacher candidates to pass a rigorous elementary math content exam in order to attain licensure.
Teaching Reading		The state should require that elementary teacher candidates pass a science of reading test to ensure knowledge of effective reading instruction, teacher preparation programs address this critical topic, and candidates are fully prepared to meet the instructional shifts associated with college- and career-readiness standards.
Licensure Deficiencies		The state should require early childhood education teachers who are eligible to teach elementary grades to pass an elementary content test with individually scored subtests in each of the core content areas, pass a science of reading test, and be fully prepared to meet the instructional shifts associated with college- and career-readiness standards.
<b>AREA 3: SECONDARY TEACHER PREPARATION</b>		
Middle School Content Knowledge	The state requires middle school candidates with a middle grades license to pass a rigorous single-subject content test.	
Middle School Licensure Deficiencies		The state should not allow middle school teachers to teach on a K-8 generalist license.
Adolescent Literacy		The state should require that all middle school and secondary candidates are fully prepared to meet the instructional shifts associated with college- and career-readiness standards.
Secondary Content Knowledge	The state requires all secondary teachers to pass a single-subject content test as a condition of initial licensure.	
Secondary Licensure Deficiencies	The state requires that secondary teachers with a general science license only teach specific science disciplines through the 9th grade.	
<b>AREA 4: SPECIAL EDUCATION TEACHER PREPARATION</b>		
Content Knowledge		The state should require elementary special education teachers to pass the same content test as

Teaching Reading		The state should require that elementary special education candidates pass a rigorous assessment in the science of reading instruction and are fully prepared to meet the instructional shifts associated with college- and career-readiness standards.
Licensure Deficiencies		The state should require elementary or secondary special education certification.
<b>AREA 5: ALTERNATE ROUTE TEACHER PREPARATION</b>		
Program Entry		The state should increase alternate route admissions requirements by requiring a rigorous test or a GPA of 3.0 or higher and requiring all candidates to pass a subject-matter test.
Preparation for the Classroom		The state should require that all alternate route programs prepare new teachers for the classroom through manageable and relevant coursework, intensive mentoring and induction, and a supervised practice teaching experience.
<b>AREA 6: HIRING</b>		
Requirements for Out-of-State Teachers		The state should require evidence of effective teaching during previous employment for licensure reciprocity, and ensure out-of-state teachers meet the state's testing requirements.
Provisional and Emergency Licensure	The state does not permit provisional licenses to be issued to teachers who apply for elementary, special education, or secondary licenses in core subject areas.	
<b>AREA 7: TEACHER AND PRINCIPAL EVALUATION</b>		
Measures of Student Growth	The state ensures that objective evidence of student growth is the determinative factor in teacher evaluations.	
Measures of Professional Practice	The state requires that all teacher evaluations include observations conducted by multiple observers; student survey data are explicitly allowed.	
Frequency of Evaluation and Observation		The state should require that all teachers are evaluated annually and observed multiple times.
Linking Evaluation to Professional Growth		The state should require that teachers are supported with adequate evaluation feedback, aligned professional development, and improvement plans (for ineffective teachers).
Data Systems Needed for Evaluation		The state should adequately define teacher of record, have a process in place for teacher roster verification, develop the capacity to link student-level data and teacher performance, and publish teacher mobility data.
Distributing Teacher Talent Equitably		The state should report school-level data about teacher performance to help support the equitable distribution of teacher talent.
Principal Effectiveness	The state requires that principal effectiveness is determined, in part, by objective measures of student growth, and that ineffective principals participate in improvement planning; survey data are explicitly allowed.	
Principal Evaluation and Observation		The state should evaluate all principals annually, require multiple observations/site visits for all principals, and require principal evaluators to be trained and certified.
<b>AREA 8: TEACHER COMPENSATION</b>		
Performance	The state's performance pay policy rewards effective teachers.	
High-Need Schools and Subjects	The state enables teachers to earn additional pay for working in high-need schools and teaching in shortage subject areas.	
Prior Work		The state should encourage additional compensation for all new teachers with relevant prior work experience.
<b>AREA 9: RETAINING EFFECTIVE TEACHERS</b>		
Licensure Advancement		The state should base licensure advancement and renewal on teacher effectiveness.
Tenure	The state requires tenure decisions to be connected to evidence of teacher effectiveness.	
Leadership Opportunities		The state should support teacher leadership opportunities.
Dismissal	The state enables ineffective classroom performance to be a basis for dismissal.	
Layoffs	The state requires evidence of effectiveness to be the sole criterion districts use in determining which teachers to lay off during reductions in force.	

## State Grades

## Best Practices

### AREA 1: General Teacher Preparation

Program Entry - *None*

Teacher Shortages and Surpluses - *None*

Program Performance Measures - *Alabama, Florida*

Program Reporting Requirements - *Delaware, Florida, Missouri, North Carolina, Tennessee, Texas*

Student Teaching/Clinical Practice - *Georgia, Massachusetts, New Jersey, Tennessee*

### AREA 2: Elementary Teacher Preparation

Content Knowledge - *None*

Teaching Mathematics - *Massachusetts*

Teaching Reading - *Arkansas, California*

Licensure Deficiencies - *None*

### AREA 3: Secondary Teacher Preparation

Middle School Content Knowledge - *Arkansas, Georgia, Ohio*

Middle School Licensure Deficiencies - *None*

Adolescent Literacy - *Arkansas, Florida, Louisiana*

Secondary Content Knowledge - *Indiana, Minnesota*

Secondary Licensure Deficiencies - *Minnesota*

### AREA 4: Special Education Teacher Preparation

Content Knowledge - *None*

Teaching Reading - *California*

Licensure Deficiencies - *None*

### AREA 5: Alternate Route Teacher Preparation

Program Entry - *Illinois, Michigan*

Preparation for the Classroom - *Delaware, New Jersey*

### AREA 6: Hiring

Requirements for Out-of-State Teachers - *None*

Provisional and Emergency Licensure - *Mississippi, New Jersey, Rhode Island, South Carolina*

### AREA 7: Teacher and Principal Evaluation

Measures of Student Growth - *Indiana*

Measures of Professional Practice - *Iowa*

Frequency of Evaluation and Observation - *Idaho, New Jersey, Washington*

Linking Evaluation to Professional Growth - *Louisiana, New York, North Carolina*

Data Systems Needed for Evaluation - *Georgia*

Distributing Teacher Talent Equitably - *None*

Principal Effectiveness - *Connecticut, Florida, South Dakota*

Principal Evaluation and Observation - *New York*

### AREA 8: Teacher Compensation

Performance - *None*

High-Need Schools and Subjects - *Florida, New Mexico, Utah*

Prior Work - *Louisiana, North Carolina*

### AREA 9: Retaining Effective Teachers

Licensure Advancement - *Louisiana*

Tenure - *Hawaii, Indiana, Nevada, New York*

Leadership Opportunities - *Ohio, Utah*

Dismissal - *Nevada, New York*

Layoffs - *Colorado, Georgia, Louisiana*
