Teachers employed for the summer school session shall not earn sick leave but may utilize accumulated sick leave.

In making assignments to summer school, instructional positions will be determined by the principal. Teachers who desire a summer school position shall apply by completing a School District Form and submitting it to their principal by a date determined by the Human Resources Department. The principal will hire the best qualified teachers from the applications submitted.

The principal will make available to the faculty by the second week of May a list of their selections pending enrollment. A teacher may request to meet with the principal regarding the reasons that s/he was not best qualified.

If an applicant feels that a less qualified teacher was selected, the applicant shall notify in writing the Superintendent or designee by the Friday of the third week of May. The Superintendent or designee will compare both teachers' qualifications, including experience, training, assessments, and other material submitted by the teacher, with those of the employed teacher, and the written reasons provided by the principal. A written response of the hiring decision of the best qualified applicant as determined by the Superintendent or designee, including reasons, will be forwarded by the Superintendent or designee to the applicants involved by the fourth week in May.

However, if the representative requested by the teacher is unavailable to meet as scheduled, it will be the responsibility of the teacher to have the representative of choice contact the administrator within three working days from the originally scheduled date of the meeting. If a written report is included by the principal in a teacher's personnel file and the teacher chooses to respond in writing to said report, the teacher's response shall be attached to the report. Such notices shall remain in the teacher's personnel file for up to one (1) year except in cases when the teacher is being documented for unsatisfactory performance in accordance with Florida Statutes. 9.07-1 Progressive Discipline

Should it become necessary to discipline an employee, it is the School District's intent to do so consistent with the concept of progressive discipline except in those instances where infractions are of such a serious nature and do not warrant progressive discipline. The determination to forego progressive discipline shall be made by the Superintendent. This process includes as many as five (5) steps. Employees covered by this agreement may be disciplined for just cause in the following ways:

- Informal contact (site record) Initial minor infractions, irregularities or deficiencies shall first be privately brought to the employee's attention by the supervising administrator. Documentation of such meeting shall be maintained on worksite.
- 2. Verbal warning (site record) If the conduct persists, the supervising administrator shall speak with the employee in private to issue a verbal

Revised: August 29, 2018 Page - 33 - of 144

warning. The supervising administrator shall inform the employee of the basis for the verbal warning and, where appropriate, the steps the employee must take to prevent further disciplinary action. Written notation of the verbal warning shall be placed in the employee's personnel file. This notation shall not be used as the basis for further progressive discipline if no other disciplinary action occurs within twelve (12) months from the date of said warning unless the behavior for which the reprimand was issued originally is repeated.

- 3. Written Reprimand (School District record) If said conduct continues, a written reprimand may be given to an employee. The written warning shall be dated and signed by the supervising administrator and shall include a complete description of the incident or problem, referring to specific times, dates, locations, personnel involved and rules violated. The written warning shall also describe the steps the employee must take to prevent further disciplinary action from occurring. The employee will be notified that further problems may result in more severe disciplinary action up to and including discharge. The written warning shall be given to the employee in private. The employee shall sign the original reprimand which will not necessarily imply that the employee agrees with the contents of the written warning, but only that the employee received it. The written warning shall not be used as the basis for further progressive discipline if no other disciplinary action occurs within twelve (12) months from the date of the written warning unless the behavior for which the reprimand was issued originally is repeated. Performance Improvement Plan may be considered at this step of the progressive disciplinary process.
- 4. Suspension With/Without Pay The Superintendent has the authority to suspend employees with pay, or without pay upon recommendation to the Board. A notice of suspension shall be issued to the employee in writing, dated, and signed by the Superintendent. The written notice shall contain a reasonably complete explanation of the conduct or performance that is the reason for the suspension and the steps the employee must take to prevent further disciplinary action.
- 5. Termination In those situations where the progressive disciplinary steps have not resulted in modification of the identified behavior, or where the employee commits a serious infraction, the employee may be terminated from employment. A termination must be made by recommendation of the Superintendent to the Board.
- <u>9.08</u> The Board shall reimburse teachers for damage to clothing, dentures, eyeglasses, prosthetic devices, or artificial limbs where such damage occurs as a result of:
 - 1. breaking up a fight
 - 2. protecting students or other employee(s) from physical harm or injury
 - 3. assault and/or battery occurring on him/her suffered in the course of the legal performance of his/her assigned duties.

Such reimbursement shall not exceed the replacement cost nor be paid when the above loss is reimbursable from other sources.

- 9.08-1

Cases of vandalism shall be reported to an administrator as soon as the damage is discovered. If an administrator requests a police report, the teacher shall comply. Every effort will be made to reimburse teachers within sixty days of submitting the required paperwork. (08/21/01)

APPENDIX B: Job Share

- 1. Job sharing shall only be done by teachers on a voluntary basis. This includes volunteering to forego half the fully paid benefits normally paid part-time teachers. Each teacher participating in job sharing shall agree to receive only one-half (1/2) of any full benefit, required to be paid for by the Board. The teacher agrees to pay the remaining cost of receiving the required benefit or may certify coverage by such benefit from an outside source.
 - a. Each teacher shall sign the attached statement assuring he or she understands the voluntary nature of the program.
 - b. Upon entering this job share program, an employee is notified by signing the Job Share agreement of the benefit choices including their option to forego the OCSB plan and select an alternative at their own expense.

The employee may choose their benefit coverage and such choice shall be effective at the beginning of the employee's first date of eligibility at the time the job share participation begins.

- 2. Each teacher participating in a job share shall be responsible for exactly one-half (1/2) of the normal teaching duties and time (ninety-eight days). Schedules for participating teachers shall be mutually determined between the teachers and their school administrator. Prior to committing to the job share, schedules for the school year for each teacher must be agreed by all participants and shall be filed by the principal with the payroll and personnel departments and the Association. Each participant shall work one-half the number of hours in each payroll period. Hours shall be documented by a sign in/sign out process. The Board shall not additionally limit said scheduling except for requirements set to meet required audit standards. Existing sick and/or annual leave balances will be converted to reflect and charged according to the new part-time standard. The standard is calculated by taking the total average weekly hours divided by five days which determines the value of the days to be charged. Holiday pay will be credited according to this calculation standard. Each teacher must work or be on a paid status on his/her scheduled workday before and after the holiday in order to receive holiday pay.
- 3. Each teacher participating in a job share shall receive one-half (1/2) year credit for each year taught for salary purposes in accordance with 16.02(1)a.
- 4. Each teacher shall receive paychecks in accordance with the Board approved Master Payroll Processing Schedule for hourly employees. (04/22/09)
- 5. The participating teachers and the administrator shall mutually determine an assessment timetable to review the success of their job share. This assessment shall not occur more often than monthly nor less than bi-annually. Any alterations in the job share schedule shall be mutually agreed upon by the parties involved.

 (08/21/01)
- 6. A job sharing situation may be ended at any time during this year.

Revised: August 29, 2018 Page - 103 - of 144

- a. The school administration may end a job share by notifying the teachers involved in writing and including a reason why. A copy shall be forwarded to the Assistant Superintendent for Personnel and the Association. Two full time positions shall be identified within the school and the principal shall determine which of the two (2) teachers positions each will fill after receiving input from the teachers.
- b. The teachers involved in job sharing may end the job share by notifying the principal in writing, including the reason why. A copy shall be forwarded to the Assistant Superintendent for Personnel and the Association. The principal shall determine who shall stay in that position and who shall accept a first available position after receiving input from the teachers involved.
- c. If one teacher ends the job share, that teacher shall request leave and shall be offered the first available position for which he/she is certified.
- 7. A teacher who resumes full time responsibilities shall also resume full pay and benefits, including salary step if earned in accordance with the Master Contract.
- 8. At the end of the school year, if the job share is not continued, both teachers shall be considered the same as any other full time teachers at their current school for the purpose of assignment for the subsequent year for the available positions.

APPENDIX J: Year-Round Schools

Teachers at year-round schools shall be afforded all the rights, privileges, benefits, and protection outlined in the Master Contract between the Osceola County Education Association and the Osceola County School Board. The following items are of particular interest to teachers at year-round schools:

- (1) On an on-going basis, a joint committee will review the progress of the year-round schools program.
- (2) Teachers from year-round schools shall be considered first for additional employment in intersession programs for which they are certified. Teachers at year-round schools may substitute on days that are not scheduled as duty days.
- (3) Each year-round school site administrator shall communicate significant School District and School announcements to employees who are on intersession so that they have the opportunity to participate fully in School District and School activities and programs.
- (4) The intent of the Association and the School Board is that year-round schoolteachers beginning their employment after July 1 receive the same salary as those teaching on a traditional schedule for that school year.
- (5) Year-round teachers will be afforded inservice opportunities equitable to those for teachers on the traditional calendar.
- (6) All teachers will be notified of available intersession employment opportunities and afforded the opportunity to apply.
- (7) The School District shall notify the Association as far in advance as feasible before changing any school to or from year-round status. It is anticipated that planning for the transition of a school to or from year-round status shall begin no later than the beginning of the second semester.

Revised: August 29, 2018 Page - 126 - of 144

APPENDIX K: Accountability

In accordance with Blueprint 2000 passed by the Florida Legislature, the Board and the Association agree to participate in a program of school improvement. Individual schools are given increased responsibility to make decisions about their affairs. Teachers, along with other stakeholders, share in this responsibility to make decisions about the school and are partners in the decision making team at each individual school. Accordingly, to encourage participation of teachers in site-based decision-making, the parties agree to the following:

1. School District School Improvement Leadership Team

The Association may recommend the appointment of four (4) teachers to the School District School Improvement Leadership Team. Those teachers shall be representative of the ethnic, racial, and gender of the School District. The team shall perform such functions as prescribed by the board and Florida Statutes.

2. School Advisory Council

- A. Since each school has officially been designated as the accountable unit for improvement, the planning process must include meaningful participation of all stakeholders -- administrators, teachers, support personnel, parents, students of middle and high schools, business/community leaders -- through School Advisory Council membership, it is the charge of the council to identify critical issues and design and implement a school improvement plan, which will initiate innovations. The School Advisory Council shall be representative of the ethnic, racial, and economic community served by the School. The members shall be elected by their constituencies and their names submitted to the Board.
- B. Teachers shall be nominated with approval of the nominee and elected by teachers. The election process shall be determined cooperatively and among all teachers approved by teachers at each school site.
- C. Teachers shall have released time to attend School Advisory Council meetings and training programs held within the school day.
- 3. Training and Staff Development

Training and staff development will be provided as budgetary constraints allow. Principals may require teachers to attend training and Staff Development activities during early release days, one day of pre-planning, one day of post planning, or during the regular teacher workday if coverage is provided. Inservice points will be awarded, provided the inservice is related to school improvement or accountability, and provided the School Advisory Committee approves the required inservice activities for their school. (08/17/05)

4. Budget

Monies will be allocated to each school according to Legislative intent and as provided by the Board.

Revised: August 29, 2018 Page - 127 - of 144

5. Waivers

If any aspect of a proposed accountability restructuring agreement is contrary to the terms of the collective bargaining agreement, a waiver must be approved by the OCEA Board of Directors, the School Improvement Leadership Team, and the School Board.

Revised: August 29, 2018 Page - 128 - of 144

APPENDIX L: Scheduling Variations

The Board and Association recognize that Adult and Community Education programs are intended to serve primarily the adults of the community, and to meet their needs. Classes are scheduled at times based upon the availability of those students, as such classes may be scheduled evenings and/ or weekends, sometimes resulting in split shifts or flexible schedules for instructors to insure that adequate FTE is earned to continue the programs. Teachers will be notified of their course schedule prior to the start of a term or scheduled course whenever practicable.

A committee composed of three members appointed by the Board and three members appointed by the Association president will study scheduling variations as they relate to class enrollments and earned FTE.
