Employee Compensation Package Details for the 2014-2015 Fiscal Year

In addition to a 3.50% general pay increase (GPI) approved by the Plano ISD Board of Trustees for all employees, the Board also desires to recognize employee service through a one-time, lump sum payment of \$ 500.00. The lump sum payment will be paid, via a regular payroll check, in December 2014.

This will be paid to each **eligible district employee** who:

- (1) Was employed by Plano ISD as of the last contract/work day of 2013-2014 as a regular employee (not substitute or temporary),
- (2) Earned a TRS creditable year of service for 2013-2014,
- (3) Is assigned to a budgeted, allocated position as of the first contract/work day for 2014-2015, and
- (4) Is still employed in a budgeted allocated position as of November 30, 2014.

This one-time, lump sum payment is subject to all legal deductions, is not considered TRS eligible, and is approved only for the 2014-2015 fiscal year. This payment is taxable and may be taxed at a higher rate. The payment will be prorated based upon the FTE percentage of employment status with the district as of November 30, 2014.

An **eligible employee**, as defined by the Compensation Plan, for general pay increase and one-time lump sum payments, **must be employed on the last day of their contract year** and has **earned a year of creditable service**. The Texas Education Agency (TEA) refers to a minimum of 90 full-time equivalent days for the contract/work year (percent of day employed multiplied by number of days employed) as a creditable year of experience (i.e. days employed x FTE = Equivalent Days Worked).

Note: The lump sum was approved by the Board as part of the compensation package for employees. As such, the one-time, lump sum payment is not a gift of public funds, nor should it be interpreted as such. Employees eligible for this one-time payment will not be performing extra work in exchange for the extra payment. Further, this payment was approved prior to the beginning of the 2014-2015 school year.

Pay Guidelines 2014-2015

Purpose

This is a guide for administering salaries and wages for Teachers, Administrative Program/Management, Paraprofessional (Instructional Support and Clerical), and Manual Trades of the Plano Independent School District. Practices described are intended to implement local School Board policy and goals, state and federal regulations, and appropriate accreditation standards.

Job Classification

District jobs are assigned to pay ranges based upon compensable factors and grouped with jobs of similar value.

On a periodic basis, selected jobs from each job family will be reviewed to ensure that conditions in the district, such as organizational structure, major programs, or significant responsibilities in a particular job, have not changed to a degree warranting a change in job range classification. This review is to be at the direction of the Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the Chief Human Resources Officer (CHRO). Options for conducting the review include, but are not limited to, an executive level administrative review panel, outside consultant, or trained district salary administrator.

Newly established jobs should be analyzed and range assignment determined prior to hiring personnel for the position. This procedure accomplishes two objectives. First, the appropriate pay range becomes part of the recruitment and hiring strategy of the district. Second, a consistent practice of salary administration is established at the initiation of each job.

Raises

Annual pay increases are not guaranteed. If approved, raises are based on the control rate/mid-point of each pay range. **Plano ISD does not operate on a Step schedule.**

In order **to qualify for a raise**, an employee **must be employed on the last day of their contract year** and, **without a break in service**, had **earned a year of creditable service**. The Texas Education Agency (TEA) refers to 90 full-time equivalent days (percent of day employed multiplied by number of days employed) as a creditable year of experience.

ie: (days employed x FTE = Equivalent Days Worked)

Cafeteria workers, bus drivers and bus assistants must be employed prior to the 90th day of the appropriate work schedule and **must be employed on the last day of their contract year** and, **without a break in service**, in order to earn a year of service.

General pay increase recommendations presented to the Board of Trustees by the administration shall be based on consideration of such factors as cost of living indexes, wage increases within competitive job markets, and budget resources.

Pay Ranges

Pay ranges represent the internal job classification as well as external job market pay levels. The greater the level of compensable factors present in a job, the higher the placement in the pay range structure.

The use of pay range levels facilitates payroll administration and maintains the integrity of the job worth. The control rate is the chief control point in the system. A minimum and maximum pay rate for each range is computed from the control rate using technical standards that are designed to maintain pay equity or fair pay for each job in the system of jobs.

Employees should be assigned to a pay range and paid a salary rate between the minimum and maximum (inclusive). Minimum and maximum pay rates are valid for only one year. No general pay action is intended to extend an employee's pay above the pay range or add pay to an employee's pay already paid above the assigned range maximum.

Initial Employment

Employment, assignment, and salary placement should be in accordance with the job requirements as specified in the job description. **Where job requirements include transcripts, certificates, or licenses, these must be official and on file with the district. A Texas educator service record or chronology of prior work history (if previously employed full time) including the last current salary or wage is required.**

Salary placement will be at the direction of the Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO. The Employee Recruitment and Retention Department shall determine hiring rates based upon job-related qualifications, salary history, and salaries of other employees in same position. Advertisements for positions typically will identify the range minimum up to the control rate as the possible starting salary range. Salary placement strategies may be different for each employee family consistent with objectives of district goals.

Administrators/Non-teaching Professional Employees – The Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO, shall individually set hiring rates for the new administrators/non-teaching professional employees under the following guidelines:

1. Persons with previous job experience or special skills may be hired at a rate up to but not exceeding the control rate of the pay range.

2. New administrators/non-teaching professional employees shall normally not be started at a rate above the salary of other district employees with more experience in the job.
3. New administrators may be started at a salary above the control rate if a pay decrease would otherwise occur.
4. A new employee in a hard to fill position or with special qualifications may be placed above the control rate with consideration given for current employees in that specific pay range.

Clerical and Manual Trades – The Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO, shall individually set hiring rates for the new auxiliary employees under the following guidelines:

1. A new employee with no direct experience in the job will be placed at the minimum pay range rate.
2. A new employee hired from outside the district will not be placed above the pay range control rate.
3. A new employee with prior experience may be placed above the minimum rate as determined from the documented salary/wage history but shall normally not be started at a rate above the salary of other district employees with more experience in the position.
4. A new employee in a hard to fill position or with special qualifications may be placed above the control rate with consideration given for current employees in that specific pay range.

Classroom Teachers – The Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO, shall annually establish a starting salary for all new hire teachers with zero years teaching experience. The starting salary will reflect the hiring objectives of the district. Starting salaries for all other new hire teachers will be based upon consideration for experience and area of teaching specialty. New teachers to the district will not be placed above salary levels of continuing teachers with similar training and teaching experience.

The Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO, may approve hiring rates up to or above the control rate of the range when an applicant has exceptional job qualifications or the position cannot otherwise be filled.

Promotion

For compensation purposes, a promotion occurs when an employee is placed in a higher pay range except for general structure changes or position reclassification. The effective date of the promotion is determined by the

Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO.

The new salary rate shall be equal to or greater than the minimum rate for the new range, but in no case shall it exceed the maximum rate for the new range. Promotion increases shall normally follow these guideline

1. The basis for computing a promotion increase shall be the employee's previous base pay rate, exclusive of stipends or supplements, and the control rate of the new range.
2. If current pay rate is above the control rate of the new range, **may give up to 3.0 percent** of new range control rate for a promotion increase.
3. If current pay rate is below new range control rate, **may give up to 7.0 percent** of new range control rate for a promotion increase.
4. If a promotion increase advances employee's pay above new range control rate, adjust promotion increase to a rate not to exceed new range control rate.
5. If promotion increase does not advance employee to new range minimum, adjust promoted employee's pay to new range minimum.
6. If the promotion adjustment is applied when new raises are effective, an employee may receive the general pay increase from his or her current pay range; and the promotion increase will then be computed.
7. The district can, if necessary, exceed the promotion increase in order to keep at the current market value.
8. **The adjusted salary for newly promoted employees shall normally not be started at a rate above the salary of other district employees with more experience in the job.**

Increases are calculated on daily or hourly rates of pay. Increases over 30 percent in total pay must be approved by the Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO.

Reclassification

On a periodic basis jobs may be reclassified into a different pay range or salaries may be adjusted within pay ranges in order to maintain the internal/external equity to other jobs of similar worth in the district. Reclassification of a job is not a promotion or demotion. Reclassification changes result when there has been a significant modification of job duties or qualifications as determined by the school district. If an employee's job is reclassified, no special increase will be given unless the employee is below the minimum for the new pay range or the current job incumbent's pay rate is in an inequitable position in comparison to comparable jobs. These job reclassifications and salary adjustments may be

conducted at the direction and approval of the Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO.

Demotion

For compensation purposes, a demotion occurs when an employee is placed in a lower pay range except for general salary structure changes or position reclassification. At the direction of the Superintendent or his designees, which shall be the Assistant Superintendent for District Services and the CHRO, an employee's pay rate may be reduced.

Reassignment

Placement in a lower pay range not resulting from a demotion may not immediately reduce salary. Programmatic, organizational, or funding changes are examples of such actions, which may create this condition.

Training Adjustments/Requirements

For the \$2,000 differential for teachers earning a Master's Degree and/or a \$500 differential for teachers earning a Doctorate Degree, the employee must provide an official transcript showing the date the Master/Doctorate degree was conferred/awarded.

Librarians must have completed a Master's degree in library science.

Paraprofessional employees who complete a Bachelor's degree from an accredited college or university will be eligible for a \$350 differential. An Associate's degree completed from an accredited community college will be eligible for a \$250 differential. The employee must provide an official transcript showing the date the Bachelor/Associate degree was conferred/awarded.

Plano Independent School District Compensation Package:

Unless otherwise specified, the district unilaterally designates that all employees will be paid on an annualized (12 month) basis in accordance with the district's payroll calendar.

In addition to salary, the total compensation package includes: annual health benefits for all employees (\$3,108 district contribution).

Not included in the package is any health benefit offset provided by the state.

Salary Ranges

The district will continue to align its pay structure with the market data presented. The pay structure divides position titles into job families and within each job family are pay ranges that categorize/align those positions that have common skills, responsibilities, and expectations. Each pay range consists of a minimum rate, control rate and maximum rate.

The control rate is the market value of the position based on average salaries for similar positions in the twenty-two school districts that make up PISD's comparison/peer group.

The twenty-two comparison/peer districts are:

Allen	Cy-Fair	HEB	Mesquite
Arlington	Dallas	Irving	Northside
Birdville	Fort Bend	Katy	Richardson
Carrollton-Farmers Branch	Ft. Worth	Keller	Roundrock
Clear Creek	Frisco	Lewisville	
Coppell	Garland	McKinney	

To identify an employee's pay range, please refer to the My Pay Information located within the Employee Service Center. Access is available via the internet off site @ "esc.pisd.edu" or thru TEAMS on a district computer. The three-digit number is an identifier used to locate an employee's specific pay range within their respective job family. Each job family and pay range is detailed in the **2014-2015 Compensation Plan**, which is accessible on the Plano ISD intranet.

**Substitute Pay Rates
FY 2014 - 2015**

Teacher Daily Rate:

Any Assignment - \$ 96.00 per day

Single Assignment - (21 Days or longer \$ 228.00 per day

Must be requested by the campus and pre-approved by Human Resources
Single assignment pay is not guaranteed from Day One

Paraprofessional Daily Rate:

Any Assignment - \$ 9.00 per Hour

Single Assignment - (21 Days or longer \$ 10.00 per Hour

Must be requested by the campus and pre-approved by Human Resources
Single assignment pay is not guaranteed from Day One

Note:

Temporary Support Special Education Teacher \$ 96.00 per day

Temporary Support Special Education Aide \$ 9.00 per Hour

The Special Education Department establishes the rate of pay for special education "Temporary Support assignments" and these assignments **do not qualify** for the Single Assignment (21 days or longer) rate of pay.

Additional Pay Information:

The pay rate for half-day assignment is one-half the daily rate for teachers and four (4) hours for Paraprofessionals.

Substitute pay is by direct deposit only and statements are available online at the following link:
[https://oea.pisd.edu/servicecenter/.](https://oea.pisd.edu/servicecenter/)

It is the responsibility of the substitute to keep a personal record of each job number and dates worked at each campus/building. If there are any discrepancies in the amount of your check and the number of days worked, the substitute should contact the appropriate campus in which they worked during the pay period to be sure the number of days/hours worked have been reported correctly.

Substitute hours may be different from student hours. Substitutes are required to meet the specific hours for the job assigned. Substitutes are paid for 8 hours of work with a 1/2 hour unpaid lunch.

Teacher as a Sub for another Teacher:

Elementary School 1 hour \$ 13.50 per Hour

Middle School 1 period equals 1 hour \$ 13.50 per Hour

High School 1 period equals 1 hour \$ 13.50 per Hour

Senior High School 1 period equals 1 hour \$ 13.50 per Hour
