## School-Based Educator Effectiveness Information

The Educator Effectiveness law requires all Colorado school districts to

- evaluate teachers with a final evaluation rating of Highly Effective, Effective, Partially Effective or Ineffective.
- evaluate all licensed personnel based on professional practices (50%) and student growth data (50%).

The below graphic illustrates the components that factor into the overall educator effectiveness rating. For more information about any of the components, simply click the relevant section of the graphic.

### How do these components come together for the overall Educator Effectiveness Rating?

[Click here](#) to see the *Educator Effectiveness Matrix* and reference an example scenario.

#### Effectiveness Rating Components

For more information about any of the components of the educator effectiveness rating, simply click the relevant section of the graphic above or use the links below.
