

Per confirmation from the district in 2014-2015, the half steps (e.g., 2.50) only apply to teachers hired mid-year or who come to the district with a half-year credit. Given that the district has historically noted half steps on their salary schedule, our assumption is that they continue to apply to teachers who meet the criteria as outlined above. As a result, our salary analysis is based only on the full steps (e.g., 2.00)
