

Our database only used salaries reported at a full step (e.g., Step 2 and not Step 2.5). The district confirms that the half year steps (e.g., 2.5) only apply to new hires starting mid-year or who come to the district with a half year of service credit. Because this applies to a subset of teachers, we will not analyze the half-year salaries. District also confirmed that this schedule remains in use for 2012-2013.
