SCHEDULE FOR DETERMINING INSTRUCTIONAL ALLOCATIONS

- The Office of Accountability distributes surveys to all school sites requesting input regarding the development of the sites' Membership Forecast for the upcoming year.

- The Office of Accountability compiles the forecast taking into consideration program and boundary changes as well as district population changes.
- The Office of Accountability publishes an official forecast of the district's membership for the upcoming school year.
- The district's initial instructional allocations equal the projected student count divided by current allocation factor.
- The final date for determining allocations based on membership, including Special Education, will be on the 5th day of school for individual sites. Over-staffed allocations will be reassigned, after staffing determinations are made based on the 5th day count.
- After the official staffing in the fall, any allocation changes must be processed and approved by using an Allocation Requisition Form. This form is available at: <http://www2.tulsaschools.org/budget/SAR.pdf>.

OPERATIONS STAFFING

CHILD NUTRITION STAFFING GUIDELINES

School cafeteria staffing is based upon a plan that recognizes different factors, such as revenue, number of meals served and the type of operation. The foundation of the plan is meals per labor hour. The actual number of reimbursable meals and local income are calculated into equivalent meals and divided by the number of labor hours, which produces meals per labor hour. The meals per labor hour are reviewed monthly and compared to targeted meals per labor hour. Targeted meals per labor are based on past performance, menu production and continuous improvement. Targets are evaluated yearly.

Formula for Meals per Labor Hour

Reimbursable Meals (lunches + Breakfast/2 + Snack/4) + A la Carte Sales/by 2.7 = M.P.L.H.

*A la Carte is the cash brought in from the sale of items at snack bars or additional items added to a reimbursable meal.
Example: Chicken baskets, pizza slices, candy, chips and beverages.*

The minimum targeted meals per labor hour for the 2014/2015 school year are as follows:

Elementary - 18

Secondary - 14
