Novice teachers who successfully complete all requirements of year one (1) of the TIP program will be required to participate in a school based mentoring component. For purposes of this article, a novice teacher is defined as a teacher who is new to employment with the district and has no verified previous permanent teaching experience of at least 1 year. The TIP program requires changes in the number of workdays for a novice and experienced teacher's first year of employment with the district. The content of the TIP program shall be jointly developed by the district and the Union and will include 21 hours of professional learning. The Union agrees that membership recruitment shall be limited to non-training times such as lunch, breakfast, or before or after the preservice day. The sessions will include professional learning designed to assist a teacher in having a successful first year and shall include programs from the Union's professional development program as well as other similar programs which focus on classroom set-up, ethics, rules and procedures and classroom management. There will also be a session on ethics in teaching. Attendance at the pre-service training shall be deemed part of the work contract for new teachers and will not result in additional compensation. Any teacher hired after part or all of the three (3) day pre-service will be required to participate in the prescribed professional learning. Experienced teachers will be required to participate in a reduced TIP model. Any new teacher hired after the preservice days will be required to make up the missed time and paid for that time. A new teacher who misses one day will make up 6.5 hours upon completion and be paid for 7.5 hours. A new teacher who misses two days will make up 13 hours and be paid for maximum 15 hours. Payment will be processed and paid twice a year- once in the first semester and once at the end of the school year – dependent upon the timing of the completion of the make-up work. New teachers failing to complete the teacher induction program by the established deadline will receive a rating of "unsatisfactory" on component 4e "Growing and Developing Professionally" on their final evaluation. A teacher who misses all three days shall be required to make up 19.5 hours and paid for 22.5 hours. Teachers hired after the first semester will be considered temporary hires and will not be part of the TIP program until the following school year, assuming rehire. Nothing herein shall be interpreted to imply reappointment of annual contract teachers.

Preservice teachers who attend the New Teacher Orientation program at the request of an administrator or designee, shall be paid for their attendance.

The principal of any teachers who do not successfully complete the TIPS requirements shall be notified prior to the completion of the teachers' summative evaluation. The principal shall use the lack of completion of the program as evidence for an "unsatisfactory" rating for component 4e "Growing and Developing Professionally."

3. During pre-planning and post-planning, at least one half (1/2) of the work time shall be reserved for use by the teacher for activities and job responsibilities such as, but not limited to, class planning and preparation, required paperwork, parent conferences, team planning, and record keeping. The principal shall have the discretion to require attendance at faculty meetings, department meetings, grade level meetings, in-service meetings, PLC, etc., during the balance of the work time during pre-planning, however during post-planning said activities shall not exceed two hours in any year when two post-planning days are scheduled, or one hour in those years when only one day of post-planning is scheduled. Such meetings shall be scheduled to be completed prior to lunch. On pre-planning and post-planning days, teachers shall be given an uninterrupted one-hour lunch period.
4. During duty days scheduled within the student year, at least one half (1/2) of each such day shall be reserved for use by the teacher for activities and job responsibilities such as, but not limited to, class planning and preparation, required paperwork, parent conferences, team planning, and record keeping. The principal shall have the discretion to require

attendance at faculty meetings, department meetings, grade level meetings, curriculum meetings, in-service meetings, PLC etc., during the balance of the work time during such duty days scheduled within the student year. Such meetings shall be scheduled to be completed prior to lunch. On duty days, teachers shall be given an uninterrupted one-hour lunch period.

5. District level in-service provided on the professional development day shall be jointly developed by the district and the Union. The parties shall endeavor to ensure that the professional development activities are relevant to the employee's job assignment. Except for specific prior approval by the principal, the use of personal leave shall not be permitted on the professional development day. On the professional development day, teachers shall be given an uninterrupted one-hour lunch period.
6. In the case of job categories in which the established working year exceeds the basic contract period, compensation will be made as provided in Article 26 - Compensation and the salary schedule.
7. Nothing herein shall abridge the right of the Board to establish a different contract period when allowed by law, provided that before implementation of the new contract year the Board will, upon request, bargain with the Union with respect to any impact on the wages, hours, and terms and conditions of employment of the affected employees.

Daily hours will not exceed 7.5 hours

Standard work hours for online teachers are between 6:00 a.m. – 8:00 p.m.

Alternative work schedules outside for the aforementioned hours will require administrative approval.

Work hours shall be documented using an electronic calendar, identifying blocks of time labeled as “work hours,” “lunch,” and “planning.” Calendars will be shared with administration.

30 minutes uninterrupted lunch shall be provided daily.

325 minutes of planning time will be provided each week.

Evening availability:

- Minimum of two (2) hours per week
- Such time does not need to be consecutive
- May be available beginning at 4:00 p.m.

Bargaining unit members may be required to report to the worksite on a rotating or intermittent basis. If not part of a rotation, a 24-hour notice to report will be provided, except in case of an emergency. A virtual teacher may be allowed to work from home, with the agreement of both the administrator and the teacher. Teacher work hours on required report days are 8:00 a.m. – 3:30 p.m.

Initial school registration and Focus enrollment of students will not be the responsibility of VOL instructional staff.

- C. Employees whose scheduled workday is less than the full time equivalent but greater than half shall be entitled to a pro-rated uninterrupted lunch and a pro-rated planning period. Teachers whose scheduled workday is the full seven hours (7) or seven- and one-half hour (7 1/2) workday, whichever is appropriate based upon the position, shall be entitled to the duty-free planning time during the student day as described in this article. The work week for non-classroom teachers at school sites shall include not less than 325 minutes of non-instructional time, excluding lunch. This time is not required to be continuous.
- D. Uninterrupted lunch time shall not include assisting students in the lunch line.
- E. Consistent with Section 1012.22 (1)(h), Florida Statutes, the purpose of planning time is to allow classroom teachers time for planning during which they will not be directly responsible for student supervision. During such time, a building principal has the discretion to require the teacher to participate in meetings as may be necessary. However, teachers shall not be required by the building principal to attend in-service meetings, grade level meetings, department meetings or curriculum meetings during their planning time more than once per week, except in cases of emergency. This meeting shall be confined to PLC/curriculum meeting, or grade level/department meeting. Four additional meetings during planning time per month may be scheduled for an IEP, section 504 or PST meeting except in months where there are less than 14 workdays, shall be limited to two (2) such meetings. The administration will continue its ongoing efforts in collaboration with the teachers to reduce paperwork required of teachers. If a principal believes it will be necessary to have teachers give up their planning time during the administration of statewide standardized testing, the principal shall first seek volunteers from the teaching staff with an appropriate schedule. If there are an insufficient number of volunteers, then the principal may

designate the teachers who will be required to give up their planning time. Teachers called upon to give up their planning time during the administration of statewide standardized testing shall receive their hourly rate of pay rounded to the nearest quarter hour.

During SY 2022-23, the Union and District shall collaborate to determine if modifications to the current use of planning time could result in better outcomes for teachers, students, and the district. This work shall not result in any loss in teacher directed planning time, unless the committee recommendation includes this outcome, but could result in the use of different structures or methods of providing daily planning time. Collaboration will take the form of a ten (10) person committee comprised of five bargaining unit members appointed by the union; five members appointed by the superintendent. The recommended option approved by the committee will serve as a starting point for negotiations for FY 23-24. Participation on the committee shall be voluntary and without additional compensation.

- F. For as long as the middle schools continue to have a professional service period, that professional service period will be used for team planning, parent conferences, faculty meetings as described in paragraph “G.” below, and other staff meetings. Reasonable efforts will be made to limit the number of meetings scheduled by the principal during the professional service period, and to allow teachers time on a daily basis prior to the student day to be used at the teacher’s discretion.
- G. Teachers may be required to attend school related general faculty meetings, school department meetings, grade level meetings, and/or parent conferences outside of the regular workday, to last no longer than one (1) hour, without additional compensation. No teacher shall be required to attend more than two of the meetings above per month outside of the regular workday, except in cases of emergency where the required after school meetings have already been conducted for the month. Any month with less than 14 workdays shall be limited to no more than one after school meeting absent an emergency. Attendance at all other meetings beyond the regular workday for which compensation is not paid shall be at the option of the individual teacher, except attendance shall be required at one Open House annually, or as otherwise provided in this contract.

Faculty meetings may also be used to deliver in-service education. The building principal shall endeavor to ensure that such in-service is applicable to the entire staff. Except in emergency cases, a written agenda should be made available to those who will be attending prior to the beginning of any faculty meeting. For elementary and high schools, all faculty meetings, except on Duty Days, shall begin no later than 15 minutes after the student dismissal time. Faculty meetings at the middle school level will be conducted one hour and ten minutes prior to the start of the student day, except that such meetings may be conducted after the work day where the practice at the school is to do so or when circumstances arise that are outside of the principal’s control necessitating an after school meeting.

For every week in which a teacher is not required to attend a faculty meeting, grade level meeting, department meeting, in-service meeting or curriculum meeting outside of the regular workday, the principal shall have the discretion to require the teacher to attend parent conferences outside of the regular workday without additional compensation.

- H. During the following weeks, no mandatory meetings or trainings shall be allowed during planning or after school with the exception of the IEP, 504, or PST meetings mentioned in E above: The week of open house, and the week grades are due (when grades are due on a Monday, it will be the week prior), except in cases of emergency. Additionally, on the week when interim grades are due, PLCs may be held on Thursday. The principal shall endeavor to minimize the number of meetings to be held during or after the end of the regular workday, except when additional compensation is to be paid for such meetings. When possible, the building principal shall consider the use of email to communicate with teachers.

- I. Teachers shall be notified electronically or in writing of all meetings 24 hours in advance, except in cases of emergency. Such notice shall include the purpose of the meeting. An additional exception may be made for student/parent situations requiring immediate attention. In such cases, the administration shall speak with the teacher in private about the issues prior to the start of the meeting.
- J. As much as practicable, non-teaching duties shall not be performed by teachers. These non-teaching duties include collecting money (except as in Section L of this Article); supervising cafeterias and buses; delivering books; taking inventories; distributing supplies; duplicating instructional materials; similar clerical and/or custodial duties. When supervisory needs are not met by teacher volunteers, and supervision of corridors, rest rooms, stairways and other areas is warranted as determined by the principal, it will be assigned on a scheduled rotating basis. No teacher shall have to provide supervision for more than 36 times per year except in cases of emergency. Prior to the implementation of a rotation of duties under this paragraph, the principal shall discuss the plan with the faculty (during pre-planning if the rotation is to begin at the start of the year, or at a faculty meeting during the year if the rotation is to be implemented during the year). In lieu of performing duties on a scheduled rotating basis, a faculty may, with the approval of the principal, select an alternative plan for the faculty to provide such student supervision following the waiver process outlined in article 11.
- K. Specific planning time, apart from student contact hours and travel time, will be provided to all itinerant classroom teachers.
- L. Teachers shall not be required to collect general instructional fees of a school-wide nature beyond the second week of school. Teachers who fundraise shall receive annual training.
- M. Teacher attendance at sales presentations will be optional. Such presentations must occur outside of the content of the meeting.
- N. Teachers shall not be required temporarily to perform administrative duties (out of the bargaining unit) above grade without appropriate compensation.
- O. Employees may engage in the private tutoring of students for profit, provided the following conditions exist:
 - 1. The teacher is not on duty status.
 - 2. The tutoring does not take place on school property or use district curriculum resources without permission of the principal.
 - 3. The teacher shall refrain from tutoring students enrolled in his instructional class.
- P. The workday for district level bargaining unit members shall be seven- and one-half hours, including a half hour paid lunch. With the agreement of the supervisor, an employee may extend his or her workday to 8 hours for the purpose of having a one-hour lunch, with one half hour of lunch being unpaid. The unpaid half hour shall be duty free. District level bargaining unit members will have, in the course of the week, 325 minutes of non-instructional time. This time is not required to be continuous.
- Q. Early Release Days - Early release days for students will be scheduled as follows.
 - 1. On early release days, the student day shall be shortened by 60 minutes.

2. A schedule for early release days will be provided prior to the start of each school year, with Wednesday being the day of the week in which early release will be given and identify Wednesdays in which no early release days will be scheduled for testing and/or substantially related accountability or instructional purpose for a total of up to 5 weeks in a school year. In the event a total of more than 5 weeks is necessary in order to comply with assessment requirements, the parties shall work to arrive at mutually acceptable agreement to provide the sufficient amount of days necessary to comply with such assessment requirements. The district and the Union will meet as early as possible before finalization of the schedule for early release days for Union review and input on that schedule and for discussion of these stated purposes and days. The class schedule that will be utilized on early release days will be discussed at a staff meeting during preplanning.
 3. The student time lost as a result of the early release days shall be added to the remaining student days in the year in order to avoid any loss of student learning time. No more than 10 minutes of additional instruction time shall be added to the student day in order to avoid any loss of student time. If this addition causes instruction time to exceed 300 minutes per day, such addition shall not be considered a violation of the collective bargaining agreement.
 4. Except as stated herein, all early release time shall be unscheduled and utilized at the discretion of the teacher for job responsibilities such as, but not limited to, class planning and preparation, required paperwork, parent conferences, team planning, and record keeping. The district or school level administrators shall be permitted to schedule meetings and/or in-service activities during release time on up to eight (8) of the early release days in the school year. Principals shall inform the faculty during pre-planning which of the early release days will be scheduled in accordance with this section. Teachers will be given at least two (2) weeks' notice electronically or in writing of any changes to this schedule during the school year. Understanding that teachers are an important part of the process, principals will endeavor to seek input from their faculty in order to customize the delivery of training. Principals, including at the middle school level, shall also have the discretion to schedule after-school faculty meetings, as described in this article, on any of the eight (8) days in order to extend the time for the meeting and/or in-service activities. The agenda for said activities shall be shared in advance with the Union. The length of the time for the after-school meeting shall be the time necessary to ensure that a two (2) hour block of time is available for the meeting and/or in-service activity. On weeks in which the two (2) hour block of time is utilized at the middle school level, no faculty meetings may be scheduled in the morning.
 5. The implementation of early release days shall not cause the teachers' normal workday to be extended on non-early release days.
- R. The district and the union shall comply with section 1001.42(21), Florida Statutes as it relates to schools with a grade D or F. The district and union shall collaborate and develop an MOU to comply with Florida Statute 1001.42(21).

ARTICLE 10: [RESERVED]

ARTICLE 11: WAIVER PROCEDURE

Should the principal, after consulting with the Union Steward, teachers serving on the School Advisory Council and the Faculty Council, if one is in place, wish to seek a waiver of one or more of the requirements

of the collective bargaining agreement as it applies to that particular school, the following procedure shall be followed:

1. The principal shall contact the Union President to work cooperatively through the waiver process. The principal shall draft the waiver request, which shall cite the specific articles to be waived and describe the proposed modifications to terms and conditions of employment that will exist for the school.
2. The Union shall convene a voluntary meeting at the site to discuss the proposed changes prior to the vote.
3. Any such waiver must be ratified by 66% of the certified instructional staff at the school. The voting shall take place over two days and a provision for absentee ballots shall be made for teachers who will not be in attendance on the voting days. Teachers on a long-term leave shall not be considered in the count of bargaining unit employees. The Union and the staff shall be provided written notice of the waivers at least five days prior to voting on the waivers. The notice shall also include the date and time of the vote. Voting shall be by secret ballot conducted by the Union steward or other building representative appointed by the Union, at times called by the principal. A sign-in sheet shall be utilized to receive a ballot and to monitor the instructional staff voting. The counting of the ballots will be conducted by the Union in a public setting.
4. If the waivers are approved by the certified instructional staff at the school, the waivers will be submitted to the Union president and superintendent of schools for approval. If approved by the Union president and the superintendent, such waivers shall become effective as specified by the approving parties and shall remain in effect for the remainder of the current school year. Such waivers may be extended or suspended by repeating the procedure specified in this article.
5. Where a waiver results in lengthening of the school day or year, specific consideration will be given to requests for transfer submitted based upon individual hardships caused by the waivers.
6. All documentation related to the waiver vote shall be submitted to the Union upon the conclusion of the wavier process.

ARTICLE 12: FACULTY COUNCIL AND BUDGET COMMITTEE

1. A faculty council for each school center may be organized and meet as needed. Said meetings may be held during the school day provided individual members do not have classes when the meetings are held. Members of the council shall be nominated and elected by secret ballot. The election shall be overseen by the Union steward and one other faculty selected by the Union steward. If there is not a Union steward, the Union shall appoint the faculty members to oversee the election process. The faculty council shall exist in addition to any other committee or group within the building. The council shall be elected in the spring/fall of each school year. In nominating and electing the members, teachers should make reasonable efforts to ensure that a teacher who is currently certified in ESOL, or who provides ESOL services, is on the Faculty Council, where applicable.

d. The principal or designee may at his or her option serve as a member or ex-officio member of the faculty council.

3. The faculty council shall select its chairperson from within its membership. The term of office for members of the council shall be for one (1) school year. The Union steward, if not a member of the faculty council, may attend meetings of the council and be a resource person at the request of the council.
4. When vacancies occur, they shall be filled by election as provided in Section A-2 of this Article.
5. Faculty councils shall be established as soon as practicable after ratification of this agreement.
6. The faculty council may advise the school building principal regarding rules that govern the school.
7. The purpose of the council is to provide input pertaining to local school policy and procedures. However, grievances may not be discussed.
8. The faculty council will involve the total staff in recommending the development and revision of written policies affecting the school.
9. All actions taken by the faculty council will be advisory to the principal and shall not become binding in absence of concurrence by the principal.
10. Individual faculty councils will have the ability to promulgate individual operating procedures.
11. In cases of procedural disputes, *Roberts Rules of Order* will prevail.
12. The faculty council will reach decision by consensus.

B. Budget Committee

1. Every school shall have a budget committee. The budget committee shall be comprised of all department/grade level chairpersons or volunteer representatives from each department or grade level, selected by the principal where the school does not have department/grade level chairpersons, the currently identified Union steward or other building representative appointed by the Union and a member of the faculty elected by the faculty. The election shall be conducted by the Union steward. If any chair chooses not to serve in this capacity, he will conduct an election within the department so as to determine who will serve in his place.
2. The budget committee shall elect its own committee chairperson. The chairperson shall be responsible for the transmitting of budget information regarding the school budget to their committee and the faculty council.
3. The budget committee shall make recommendations, in recorded form, to the principal pertaining to the allocations of instructional non-salary general revenue funds. The budget committee shall seek the input of the faculty council, and members of their constituency, prior to making its recommendations.
4. After the monies are distributed, no change in the distribution within a school center will be made without the approval of the members of the budget committee. The budget committee will provide a process for emergency allocations when school is not in session.
5. The individual school budget allocations will be adjusted to reflect the changes in enrollment after the first FTE count of the school year. Unusual fluctuations in student enrollment within the individual school will be considered for subsequent changes in budget allocations.
6. The written recommendation or results shall be given to all teachers at the school.

ARTICLE 13: STAFF DEVELOPMENT AND IN-SERVICE EDUCATION

- A. In-service Education - In-service education for teachers shall be in accordance with the following procedures:
1. Voluntary in-service training shall be based upon and developed from needs assessments and/or special requests solicited from the teachers.
 2. When the Board or administration determines that involuntary in-service training is necessary, the following criteria shall be employed:
 - a. A training component including the purposes, type of participants, length of training, type and nature of credit being offered, specific objectives, and evaluation procedures which shall include pre- and post-assessments shall be developed for in-service education. Participants meeting criteria for mastery on the pre-assessment may be excused from the mandated training.
 - b. When possible, at least one alternative training time may be made available for participants.

- B. The Board will pay the full cost of reasonable expenses incurred in connection with any workshops, seminars, conferences, or other such sessions which a teacher is required by the administration to take. When sessions are scheduled during the school day, substitutes for classroom teachers who are required or requested to attend will be provided by the Board when sessions involve one-half day or more. When such sessions cannot be given during the school day, the Board retains the right to require attendance, when deemed necessary by the Board. Employees will be compensated consistent with the terms of this agreement. This does not include training to maintain certification (district or school based). See Appendix H.
- C. Nothing herein shall limit the power of the Board to require in-service education whenever it deems necessary. Workshop opportunities offered through the Union will, if pre-approved by the Superintendent, be accepted for the purpose of in-service points.
- D. Supervision of Student Teachers and Interns

Supervision by a teacher of a student teacher or an intern shall be voluntary.

ARTICLE 14: TEACHER EVALUATION

- A. Teachers shall be evaluated in accordance with the Volusia System for Empowering Teachers (VSET), Chapter 1012.34 F.S. and other applicable state statutes and regulations. All observations shall be conducted by an evaluator who has been trained and vetted annually by the Coordinator of Employee Performance. All observation cycles and the deliberate practice plan (DPP) must be completed at least two weeks before the last student day. The instructional practice (observation cycles and Deliberate Practice Plans) portion of the evaluation score will be provided to teachers prior to the end of the school year. The Final Summative Report will be calculated and provided after receipt of the Value-Added portion. The Value-Added portion shall be completed within 2 weeks of the arrival of the data from the state, unless technical problems delay the process, and teachers shall be given notice of the final calculation as soon as practical using an appropriate technology. Notice by email using the district's email system shall be acceptable.
- B. The Superintendent and the Union president shall jointly appoint a VSET steering committee made up of an equal number of teachers, appointed by the Union president, and administrators, appointed by the superintendent. The committee shall be co-chaired by one representative appointed by the superintendent and one representative appointed by the Union president. The committee shall be responsible for an annual review of VSET and make any recommendations for modifications or changes to a district level administrator and the Union president who shall review the recommendations and present a recommendation to the superintendent. The superintendent shall take the recommendation under advisement in forming his/her final recommendation to the board. In the absence of a recommendation from the committee, or should the superintendent disagree with the committee recommendation and decide to take other action, the superintendent will notify the Union of his/her intended action at least two weeks prior to any action by the School Board, and meet with the Union president to discuss the matter if requested to do so. Should the union disagree with the superintendent's final recommendation, it shall retain all rights under Chapter 120, F.S. and all other applicable state statutes and regulations.
- C. As soon as it is completed, all documents related to VSET shall be maintained on a secured district data management system for which each teacher shall have access to his/her VSET files. When the system is ready to support, electronic signatures shall be permitted. With the exception of the Deliberate Practice Plan, such signature does not necessarily indicate agreement with the content of said documents. Teachers shall retain the right to submit a written rebuttal which shall become a part of the evaluation record.

- D. While the professional judgment of a supervisor is not grievable, should the teacher believe that any portion of the VSET process as described in the VSET handbook has been violated, they shall follow any appeals process in the handbook prior to proceeding to the grievance process under Article 23. The timeline in Article 23 will be considered to begin after the appeals process is completed. Any cycle that does not count to the summative report of the teacher shall not be grievable. Any grievance filed on behalf of any employee who receives a summative report rating of needs improvement or unsatisfactory shall begin at step 3 of the grievance process. All such grievances shall follow the grievance process in Article 23. A response shall be provided within five (5) days. The parties agree that if a technical correction will bring the evaluation in question into compliance with the evaluation procedure, then such a correction may be made. If the matter is submitted to arbitration, the parties shall work together to facilitate the process. Notice to go to arbitration shall be made within 5 working days. Subsequent to the ratification and adoption of this agreement, the district and the union shall meet to discuss whether an expedited arbitration process will be utilized, and if so, under what terms. Options considered by the parties will include, but not be limited to: (i) to pre-select a panel of arbitrators and contact them to establish potential calendar of arbitration days to which employees with appeals may be slotted; (ii) to keep the individual hearings to approximately four (4) hours maximum; (iii) the arbitrator being required to submit a decision within 48 hours; (iv) no written briefs shall be submitted. Under VSET, the Educator Evaluation, the Peer Evaluation, the Growth Plan, Student Achievement and the Summative Teacher Report shall be treated as separate grievance events.
- E. Unscheduled observations for the purpose(s) of formal evaluation shall be conducted with the full knowledge of the one being evaluated.
- F. In general, conferences conducted in accordance with VSET are for improvement and review and are not meetings where the right to representation applies. However, where, under the standards for termination established in state law and this agreement, a teacher has a reasonable belief that a scheduled evaluation conference could result in the teacher's employment being terminated as a result of the evaluation being completed, the teacher shall have the right to representation.
- G. As required by law, a teacher with tenure who receives a summative rating of unsatisfactory for two consecutive years or a needs improvement for three consecutive years or any combination thereof during a 3-year period shall not be reappointed.
- H. The parties agree that should at any time the Florida law applicable to such procedures be changed by the Florida Legislature or overturned by a court decision with all appeals having been exhausted, then the Superintendent shall reconvene the VSET steering committee, which will proceed to consider whether any modifications to the procedures are necessary or advisable, and if so what those modifications should be. The committee and the parties will follow the process set out in paragraph B. above. In addition, the parties will meet to discuss whether any amendment to this Article is necessary.

ARTICLE 15: TRANSFER AND VACANCIES

A. Transfer

All transfer requests are subject to the approval of the Superintendent. Teachers may request a transfer in the following manner.

1. Voluntary transfer requests for a subsequent school year may be made between the date that staff allocations are received by the schools and two weeks prior to the first day of

preplanning. Such transfers shall require the approval of the receiving principal, but not the sending principal.

2. Transfer requests for a current school year may be made between the 1st day of pre planning and the end of the first quarter. Such transfer requests shall require the approval of the receiving principal, sending principal and Chief of Human Resources. A sending principal shall not be permitted to withhold approval for more than twenty (20) workdays after notification from the Human Resources division except where the teacher is currently assigned to a position in an area determined to be a critical shortage area by the Department of Education and/or the Superintendent. The Union shall be notified of the areas determined by the Superintendent to be a critical shortage area. Vacancies filled after the end of the first quarter may be filled by transfer of a current employee only with the specific approval of the Superintendent.
3. The district will conduct a transfer fair for current employees prior to conducting the spring external job fair. This transfer fair may be conducted virtually. A teacher may apply to transfer for up to 5 schools or one geographic area each year. A principal may hire a teacher from the transfer fair list for his/her school without advertising. Should a position for which the teacher is qualified for become available at one of the five (5) identified schools during the transfer window, the teacher shall be granted an interview. The procedure and standards for participation shall be established by the Superintendent and shall not require a prerecorded video interview component. The district shall communicate the transfer process to instructional staff using multiple modes of communication including email, the district website, and on the Human Resources web page.
4. Bargaining unit members who accept a voluntary transfer for the subsequent school year, shall not be eligible for another voluntary transfer until the end of that subsequent school year.

B. Involuntary Transfer Due to Changes in Enrollment/In the Best Interest of the School System

1. Transfer of teachers because of changes in enrollment or in the best interest of the school system or due to a reduction in allocations is to be determined by the Superintendent. The teachers so transferred shall have the opportunity to meet with the Superintendent and a representative of the teacher's choice to discuss the need and desirability of such a transfer.
2. Involuntary transfers shall not occur in the year when a teacher will be considered for tenure, unless determined by the Superintendent to be in the best interest of the school district.

C. Involuntary Transfers Due to Reduction in Allocations

The parties recognize that allocated teaching positions, in any given school, may change from time to time. In the event that a school's staffing allocation results in a loss of allocated positions, consequently requiring the displacement and involuntary transfer of teachers, the following terms shall apply.

1. Annual contract teachers shall be displaced prior to tenured teachers possessing the same certification, except when a teacher has documented skills and qualifications that benefit the overall operation of the school. The Board shall provide the Union with a list of all annual contract teachers who were not displaced and their certifications.

2. The Superintendent shall, upon request, meet and confer with the Union regarding the procedures that will be followed in accomplishing the downsizing.
3. The Board shall provide the Union with a list of displaced teachers, consisting of all affected tenured teachers who otherwise would be reappointed and affected annual contract teachers who have been recommended for reappointment by the Superintendent. Such list shall be provided by the Human Resources Department on the last day that the teachers are notified, with subsequent revisions also being provided to the Union.
4. The Board will conduct a survey of all building principals and compile a list of vacancies which currently exist, or which will exist due to transfer, resignation, termination, retirement of employees, or changes in course offerings. The list will be made available to affected teachers and the Union upon completion.
5. Teachers who are to be displaced and involuntarily transferred shall be notified within ten (10) days prior to the displacement being effective. The notification will contain the following information.
 - a. Notice of the displacement.
 - b. If known, the school to which the teacher is to be transferred. If the school to which the teacher will be transferred is not known, the teacher continues to be employed by the school district and will be notified as soon as is practicable regarding the school to which the teacher will be transferred.
 - c. Notice that even though displaced and involuntarily transferred, the teacher may apply for other vacancies. Said notice will also include the times for voluntary transfer.
6. When a displacement occurs, within the academic year, the teacher shall be provided three (3) administrative leave days for the purpose of packing, unpacking, and preparing academically for the new teaching assignment. These days shall occur within the ten (10) day transition period and shall be coordinated with the principals at each school.
7. It is the intent of the parties that teachers displaced due to a loss of allocated positions will be placed at a different school as soon as is practicable. Therefore, the parties agree that the school board shall not hire any new teacher (including at, but not limited to the job fair) for a position for which a displaced teacher who has not been placed is properly certified, unless the certification involved is one that has been determined to be a critical shortage area by the Department of Education and/or the Superintendent. The Union shall be notified of the areas determined by the Superintendent to be a critical shortage area.
8. If an affected teacher is placed in an out-of-field assignment, the district shall comply in accordance with applicable state and federal laws, rules, and regulations, and school board policies.

D. Vacancies

Vacancies shall be advertised for three (3) workdays. Day one of the advertisement shall be the day the position is posted, if it is posted by 12 p.m. No posting shall close prior to 5 p.m. on its last day of posting. The following vacancies are excluded from this requirement:

1. vacancies in limited temporary positions;

2. vacancies to be filled from within a school or department;
3. vacancies to be filled by involuntary transfer from another school;
4. vacancies to be filled with currently employed teachers who registered for the Transfer Fair.

The posting of a position does not require the administration to conduct interviews, nor does it limit the principal's selection to individuals who apply pursuant to the posting.

ARTICLE 16: LAYOFF AND RECALL

A. Definitions

1. Layoff – The suspension by the School Board of an existing obligation to employ a teacher. The separation from employment of a probationary employee shall not be considered a layoff. A non-reappointment, including the non-reappointment of annual contract teachers who have completed the Deferred Retirement Option Program, shall not be construed as a layoff, nor shall a transfer (voluntary or involuntary) or a reassignment.
2. Recall – The process by which teachers who have been laid off may return to work.

B. Seniority

1. Seniority is defined as the employee's length of continuous service within the bargaining unit from his date of last employment with the Board, and seniority is not interrupted by approved leaves of absence.
2. Any administrator who is reduced to a bargaining unit position with appropriate reduction in salary and a surrendering of his administrative status will begin to earn seniority placement within the unit at the time. Any administrator who had a previous status within the bargaining unit and has not had a break in service shall receive all benefits he was entitled to at the time of the transfer to the administrative position, including tenure, and shall accrue those previous years in the bargaining unit toward his seniority status.
3. When two (2) or more employees have the same date of hire they shall have equal ranking in seniority status.
4. When two (2) or more employees have equal rank on the seniority list, layoff or recall shall be determined by the drawing of lots.
5. The system-wide seniority list based on service within the bargaining unit, will be the governing seniority list. The list shall contain the names and dates of Notice of Personnel Action and all areas of certification for all bargaining unit members, including employees on approved leaves of absence. Each year a seniority list shall be furnished to the Union and to building principals who shall make the list available to bargaining unit members for inspection. Employees may file exceptions to their placement on the seniority list with the Human Resources Director. This list shall be updated annually.
6. Seniority shall be broken when an employee:

- a. resigns;
- b. is discharged for just cause;
- c. fails to report for work within fourteen (14) days after receipt of written notice of recall after layoff. Such notice shall be sent by registered mail addressed to the employee at the last address appearing on the records of the Board or be served in person. However, if an employee is employed in another school district at the time of recall, such employee shall be allowed to complete his contractual obligation before returning, but such employee must notify the Board in writing of the contractual obligation before returning. If an employee is unable to return within the fourteen (14) calendar daytime limit because of illness or physical incapacity, such employee shall notify the Board in writing and shall return as soon as he is released from the doctor's care. Verification of illness or physical incapacity may be requested by the Assistant Superintendent for Personnel Services.

C. Layoff and Recall

1. The union will be notified prior to the commencement of a layoff process. The district will notify the Union President and provide a list of impacted employees, the current position held, years of VCS service and the areas of certification.
2. Layoff and recall shall be governed by certification, evaluation, and seniority, in that order in accordance with the procedure set out in this article.
3. When the Superintendent determines that a layoff will occur, the administration shall determine the grade levels/subject areas to be affected. The administration shall then identify the teacher(s) teaching in the effected grade levels/subject area who has the lowest evaluation rating, who will then be subject to the layoff. If more than one (1) teacher has the same evaluation rating, then the least senior of those teachers shall be subject to the layoff. Once the teachers to be subject to the layoff have been identified, the Superintendent shall then make any involuntary transfers necessary as a result of the layoff in accordance with Article 15.
4. Where a teacher is laid off who has an effective or better evaluation, the district will offer to place the teacher in a position in the district, provided the teacher has at least a bachelor's degree and has professional certification in at least one subject area. If the teacher declines the placement that is offered or fails to respond within the time frame provided by the personnel department, but not less than three days, then he or she shall be laid off. If the teacher is placed in a position for which he or she would be out of field, then the teacher must either:
 - a. If the position is one for which certification can be obtained through the passage of an exam, then the teacher must pass the exam by the June 30th following the one-year anniversary of the notification; or
 - b. If the position is not one for which certification can be obtained through passage of an exam, then the teacher must complete the requirements and obtain certification appropriate for the position within two (2) years; or
 - c. Complete a minimum of six (6) semester credits per year for certifications that require more than two (2) years to complete the requirements for certification.

If the teacher has a less than effective evaluation, does not have a bachelor's degree and professional certification in at least one subject area, or the teacher fails to comply with the above stated requirements, then he or she shall be laid off.

5. Employees who have been laid off and who had satisfactory or better evaluations will be recalled on the basis of seniority to positions for which they are certified, unless the position requires documented skills and qualifications that benefit the overall operation of the school, but which the teacher does not have, with the employee with the most seniority on layoff being called back first using the criteria listed above.
6. A non-tenured teacher who has been laid off shall only have recall rights through the end of the school year in which he or she was laid off. A tenured teacher on layoff shall remain on the recall list so long as he expresses a desire to do so to the Board, in writing, at least once per school year, in accordance with procedures established by the Superintendent, unless removed from the list in accordance with the terms of this article. It is the employee's obligation to notify the School Board of any change of address.

D. Article Amendment

The parties agree that should at any time the Florida law applicable to such procedures be changed by the Florida Legislature or overturned by a court decision with all appeals having been exhausted, this article will revert to the language in place prior to this amendment in FY 2012, and the parties will meet to discuss whether any amendment to this Article is necessary.

ARTICLE 17: [RESERVED]

ARTICLE 18: MAINTENANCE OF CLASSROOM CONTROL

A. Statement of Philosophy

The Board and the Union agree that a safe and orderly learning environment is a priority of both parties, and that student discipline is the shared responsibility of teachers and administrators. It is important that disruptive student behavior be dealt with in a safe and corrective manner, consistent with the district Code of Student Conduct and Discipline, and the discipline procedures of individual school sites.

The Board and the Union further recognize that classroom control shall be maintained with consideration of the student's IEP/BIP. The district shall ensure that staff knows which students have an IEP/BIP in accordance with applicable State and Federal laws, rules and regulations.

B. General Responsibility

While on duty, a teacher has a general responsibility for student control and a major responsibility for controlling those students under his direct supervision. Similarly, the school principal has the ultimate responsibility of ensuring the enforcement of the district Code of Student Conduct and Discipline.

C. School Disciplinary Procedure

1. Teachers will be provided with a copy of the district Code of Student Conduct and Discipline at the beginning of each year. Student disciplinary procedures at the school level shall be consistent with the District Code of Student Conduct and Discipline and shall include procedures for staff seeking assistance in handling disruptive students. Teacher

input shall be sought when these procedures are to be changed. Teachers will be provided with a written copy of these procedures at the beginning of each school year and will be notified whenever these procedures are changed. These procedures shall not include any arbitrary limit on the number of disciplinary referrals a teacher may write. When a teacher writes a referral, the teacher may retain one copy for their records, while sending the remaining parts to the office. If codes are utilized for disciplinary referrals, such codes shall be provided to the teachers during pre-planning.

2. A teacher may at any time request the assistance of the principal or his designee. The Board recognizes the right of a teacher under Florida Statute Section 1003.32 to have disobedient, disrespectful, violent, abusive, uncontrollable or disruptive students temporarily removed from the classroom for behavior management intervention, pursuant to the current procedure. The Placement Review Committee, including alternates required by Florida Statute 1003.32 shall be selected/elected by the second week of each school year.

D. Student Discipline

1. Physical restraint may be used by a teacher in extraordinary cases of discipline to contain a disruptive pupil, provided the force used is reasonable. The teacher shall inform the principal at once of such an action and shall make an accurate written account of it within 24 hours, if possible.
2. The Board and the Union agree that the classroom teacher should be able to deal effectively with the normal problems of discipline in the classroom. However, when in the judgment of the teacher, a student's behavior seriously disrupts the instructional program to the detriment of the other students or creates an emergency, the classroom teacher shall have the authority to request and receive immediate assistance in classroom management, and have the student temporarily removed from the classroom by referral to the principal or his designee for behavior management intervention. The teacher may make recommendations for student discipline. If such a recommendation is made, the administration will respond in accordance with the requirements of section 1003.32, Florida Statutes.
3. Prior to readmission to the classroom, the principal or designee will communicate, preferably in writing, with the classroom teacher who referred the student. If the teacher disagrees with the principal's decision to readmit the student, he shall make is so known in writing. The principal will accept the responsibility of his decision thereof prior to the student's re-admittance. If the teacher and principal or designee mutually agree that a particular student is in need of special assistance, efforts will be made to obtain such assistance through school district procedures established for that purpose.
4. In the event of a battery upon a teacher, the district shall strictly enforce the Student Code of Conduct and all applicable statutes, rules and regulations.

E. Teacher Protection

1. Principals, or other appropriate administrators, shall be responsible for reporting immediately to the Superintendent, through the Security Department, any person who (1) commits assault or battery upon any employee, and (2) any person who is not otherwise subject to the rules and regulations of the school, who creates a disturbance on the property or grounds of any school, or who commits any act which interrupts the orderly conduct of a school or any activity thereof. The Board shall make an investigation and/or notify the police department. The Superintendent shall assist the employee in filing charges against

the individual committing such act or acts if the employee chooses to file charges. The Board shall enter into an agreement with the Sheriff's office and local police departments specifying guidelines for ensuring acts that pose a threat to school safety are reported to law enforcement in accordance with Florida Statute 1006.13(4)(a).

2. Employee medical expenses shall be paid consistent with the Workers Compensation Law.
3. If a student assaults and/or batters and inflicts bodily harm causing injury to a teacher, the district shall strictly enforce the Student Code of Conduct and all applicable statutes, rules and regulations. The principal shall report as soon as possible, but within twenty-four (24) hours, to the Superintendent that an assault and/or battery upon an employee has been reported to him/her. The full report shall be signed (written or electronic) by the employee to acknowledge that he/she has seen the report, and he/she may append a statement to the report.
4. An employee who presses charges against his assailant shall be released consistent with School Board Policy 417 - Leave, Terminal Pay, and Holiday Provisions, II.F. - Temporary Duty, 2.
5. If a teacher is suspended from duty because of pending judicial or administrative action and is subsequently exonerated of charges that resulted in this suspension, he will be fully compensated by the Board for such period of absence, according to the contract of the teacher, and be returned to full duty.
6. The Board shall provide legal representation consistent with School Board Policy 424.
7. Battery
 - a. Whenever a teacher is absent from school as a result of personal injury due to battery arising out of and in the course of his employment, he/she shall be paid full salary for the period of such absence or the balance of the fiscal year whichever is shorter, if approved by the Board as provided for in Florida Statutes 1012.63, without having such absence charged to sick leave.
 - b. Any amount of salary payable pursuant to this section shall be reduced by the amount of Workers' Compensation award for temporary disability due to said injury for the period for which such salary is paid.
 - c. The Board shall have the right to offer the teacher temporary work, within the instructional bargaining unit that does not expose the teacher to the individual that battered the teacher. If the temporary work offered is not accepted by the teacher, any salary that would be payable pursuant to paragraph (a) above shall be reduced by the amount that the refused temporary work would have paid pursuant to this paragraph.
 - d. The Board shall have the right to have the teacher examined by a physician designated by the Board for the purpose of establishing the length of time during which the teacher is temporarily unable to perform his/her duties. In the event that there is no adjudication in the appropriate Workers' Compensation proceeding for the period of temporary disability, the opinion of the physician as to the period of disability shall prevail. The teacher retains the right to obtain a second opinion which will be considered by the Board.

- e. If a teacher pursues civil action, he/she should include loss of time, and in the event such action results in award of damages by agreement or adjudication, the Board shall be reimbursed in the amount of salary which is received in the damage settlement. Attorney's fees and expenses of collection of damages shall be prorated between the teacher and the Board on the basis of the amount distributed to each. The Board shall be subrogated to the right of action of such teacher against any person legally responsible for such damages.
- 8. If a teacher is suspended from duty because of pending judicial or administrative action and is subsequently exonerated of charges that resulted in this suspension, he will be fully compensated by the Board for such period of absence, according to the contract of the teacher, and be returned to full duty.
- 9. Teachers shall receive notice regarding students charged with a felony offense as required by section 985.04, Florida Statutes.
- 10. Posting recordings of classroom or other school occurrences, in violation of applicable social media policies, shall be strictly enforced.

ARTICLE 19: EDUCATION SUPPORT

- A. The parties agree that teachers spend a significant amount of time on various responsibilities. Recognizing that it is in the best interest of the district for teachers to have more time to focus on classroom instruction, teachers shall receive support as outlined in this Article.
- B. For articulation reviews conducted after work hours for ESE students with disabilities progressing from elementary to middle school and from middle school to high school, the following compensation will be paid:

For each articulation review from the elementary school to the middle school, and ESE teacher from the elementary school, an ESE teacher from the middle school and a regular education teacher shall each be compensated \$25 per review conducted.

For each articulation review from the middle school to the high school, an ESE teacher from the middle school, an ESE teacher from the high school and a regular education teacher shall each be compensated \$25 per review conducted.

For each of these articulation reviews, if a speech and language pathologist is also required to attend, then he or she shall also be compensated the \$25 per review conducted.

Reasonable efforts will be made to schedule articulations as close to the end of the workday as possible.
- C. No teacher will be required to be the case manager of a student's Individual Education Plan (IEP) unless that teacher provides or will be providing services to that student or that student's teacher.
- D. No teacher shall be required to complete more than one (1) interim report per quarter per child unless the student is disabled and is not making adequate progress towards IEP goals and objectives.
- E. Where a teacher has been assigned to teach a co-taught ESE class and requests not to co-teach in the upcoming year, the principal shall give reasonable consideration to that request.

- F. The district will continue to endeavor to provide alternatives to having the ESE teacher serve as the local education agency representative in an individual education plan conference.
- G. There shall be an advisory labor/management committee made up of 6 teachers appointed by the Union President and 6 administrators appointed by the superintendent. This committee shall review the process for PST, IEPs and 504, including the role of workload of District Placement Specialists, School Psychologists, and school-based staff. Recommendations of the committee shall be forwarded to the Superintendent and the Union President no later than June 1, 2022.

ARTICLE 20: EVALUATION OF STUDENTS

A. Administrative Grade Change

In the event a teacher's academic grade or evaluation is challenged, the following procedure shall be followed. The teacher's principal shall investigate the challenge and:

1. the grade or evaluation stands; or
2. the grade or evaluation goes to review.

In the event a teacher's non-academic grade or evaluation is challenged, the school's procedure for such challenge shall be followed.

B. Review Panel

Review shall be by a panel consisting of:

1. one (1) member with expertise in the area under challenge, selected by the teacher;
2. one (1) member with expertise in the area under challenge, selected by the superintendent;
3. one (1) member with expertise in the area under challenge, selected by these two (2) members;

The review panel shall determine the type of data for review of the grade, analyze the data, and render a recommendation of grade to the Superintendent based on a majority vote of the committee. The committee shall submit a report that is signed by all members of the committee. If a member of the committee disagrees with the report, then he or she shall so indicate by his or her signature. A determination of grade shall then be rendered by the Superintendent, with rationale, and such determination shall be final. If the issuing teacher disagrees with the recommendation of the committee, he or she may submit a written rebuttal, which shall be attached to the report and retained at the school in accordance with school board policy.

A. Assignment

1. Teachers shall be assigned according to certification. Preference for grade or subject shall be considered.

2. No employee shall be involuntarily assigned to teach in a grade level and/or subject area not within the scope of his teaching certificate, except where a position within his certification is unavailable. Employees assigned to positions outside the scope of their certificates shall be assigned as soon as possible to positions for which they hold certification.
3. If assignments out-of-field are made, they should be no longer than one (1) year. An out-of-field assignment of longer than one year requires that certification must be completed within three (3) years of the initial assignment.
4. Except as determined to be in the best interest of the school by the principal, teachers shall be tentatively assigned to the same subject area and/or grade level for the forthcoming semester that they held during the previous semester. Teachers shall be notified in writing as soon as any change is made in such tentative assignment.
5. The Board shall make every effort to arrange the schedules of teachers who are assigned to more than one school so as to limit the amount of inter-school travel to a minimum. Such teachers shall receive travel expenses per mile at the applicable per diem rate.
6. Involuntary Reassignment within a School - The principal may make reassignments within a school. The teacher so reassigned shall have the opportunity to meet with the Superintendent and a representative of the teacher's choice to discuss the need and desirability of such a reassignment.

B. Travel Expense

 - a. At the beginning of each school year, the principal at the middle and high school level shall ask for volunteers who would be willing to give up their planning period to cover for a teacher who is absent. At the elementary level, the principal shall seek volunteers who would be willing to take on additional students when a teacher is absent.
 - b. The principal shall endeavor to rotate such assignments among those teachers who have volunteered. However, if no volunteers are available, the principal shall have the right to assign teachers, on a rotating basis whenever possible, to substitute during their planning period at the middle and high school, or to take on additional students at the elementary school.
 - c. Teachers who give up their planning period in order to cover for a teacher who is absent shall be paid at a rate of one-sixth (1/6) of the daily substitute rate of pay for a certified teacher per period for a seven period day, and one-third (1/3) the daily substitute rate of pay for a certified teacher per period for a four period block.  - d. Non-rostered teachers who are used to substitute on an emergency basis shall be eligible to receive compensation in the amount of one (1) hour of pay at their hourly rate on days they substitute.

To be eligible:

 - The teacher must substitute for at least one (1) hour of the day (a class period at the secondary level).
 - Teachers should not be required to meet with groups or provide direct services associated with their regular position while substituting.

The parties recognize that the district is bound to comply with the provisions of the federal Family and Medical Leave Act (“FMLA”), which may be amended from time to time. The district shall provide a copy of all current FMLA policies in electronic format for distribution and posting to its membership for reference purposes.

A. Long-Term Leave of Absence Without Pay

1. A long-term leave of absence without pay is a leave subject to School Board approval for a specified period of time of not less than six calendar weeks and not more than one school year. A teacher may apply for an extension of the initial leave for the subsequent school year. Such leave may not be granted for employment elsewhere. However, the superintendent has the discretion to waive this restriction when it is believed to be in the best interest of the school system. Serving as a substitute teacher for the school district while on leave is not prohibited.

2. Long-term leave shall be authorized for the following reasons:

Any teacher employed on a full-time basis who is unable to work because of personal illness, illness or death of father, mother, brother, sister, husband, wife, child or other close relative or member of teacher's household, shall be granted sick leave. The district may require a statement by a physician verifying the illness and/or certifying the teacher's ability to return to work.

3. Maternity/Paternity Leave

A maternity leave without pay shall, upon written request, be granted to a teacher any time between the commencement and conclusion of her pregnancy. The commencement of such leave shall be at the discretion of the teacher and her physician. Except in case of emergency, the teacher shall give written notice to the superintendent at least thirty (30) calendar days prior to the date on which her leave is to begin. The request for leave shall include a physician's statement certifying the pregnancy, the anticipated date of birth, and the length of time the teacher should be able to work. All or any portion of a leave taken by a teacher because of a medical disability connected with pregnancy may, at the teacher's option, be charged to her available sick leave.

- a. The teacher shall, in written request for leave, notify the superintendent that she will return to work either:

- (1) as soon after the birth of her child as her physician certifies in writing that she is able to return, at which time the teacher shall be returned to her former position; or

- (2) on the first day of the next school year following the conclusion of pregnancy, at which time the teacher shall be returned to her former position or a substantially similar position for which she is qualified, at the discretion of the superintendent.

- b. A childcare leave without pay, not to exceed one (1) year, shall be granted a teacher upon written request to the superintendent. Such a leave shall be requested at least thirty (30) calendar days prior to the conclusion of a maternity leave, or in the case of adoption, not later than three (3) months after the date of the adoption. A

teacher's request shall be submitted not less than thirty (30) calendar days prior to the conclusion of any year already granted.

- c. Upon return from the childcare leave, the teacher shall be assigned to his former position, if available, or to a substantially similar position for which the teacher is qualified and if such a similar position is available. If no such position is available, the teacher shall be placed in the first open substantially similar position for which he is qualified.

A. Long-Term Leave

Long-term leave may be authorized for the following:

1. Professional advancement. Professional advancement includes attendance at a college or university for advanced training, teaching in a U.S. dependent school outside the United States, serving as an exchange teacher, teaching in the Action Corps (Peace Corps), or educational travel pursuant to a plan approved by the Board.
 - a. A professional leave for advanced training will be a program of studies toward an advanced degree or in courses approved for the addition of a certification coverage.
 - b. A guarantee for employment upon return from professional leave for advanced training will require an official transcript or grade report verifying at least six semester hours of course work satisfactorily completed each semester, Fall and Winter/Spring terms, during each year of leave.
2. Leave of absence for political activity, without salary, shall be granted when requested in writing for teachers who want to campaign for or who want to serve in a public office.
3. Long-term leave may be granted for personal reasons.

C. Conditions of Return from Leave

1. All benefits to which a teacher was entitled at the time his leave of absence commenced, including unused accumulated sick leave and annual leave, will be restored to him upon return, and he will be assigned to the same position held at the time said leave commenced, or to a position within the teacher's area of certification. However, there is no guarantee of reappointment for the following school term for an annual contract teacher who returns from unpaid leave of absence.
2. At least six weeks prior to termination of the leave the teacher must complete a Notice of Personnel Action (NPA) provided by the principal or department administrator.
3. An employee may return from leave earlier than expected, however she/he must give the district at least 6-week notice of the impending return. A teacher returning from leave, may do so only if a long-term substitute is covering her/his position.

D. Insurance Coverage

It is the responsibility of the employee to arrange with the insurance carrier(s) for continued insurance coverage while on long-term leave of absence without pay.

E. Short-Term Leave of Absence with Pay

Sick Leave

1. Teachers who work more than half-time in a regular position earn sick leave at the rate of one day per month for each month of employment. Four days of earned sick leave shall be credited to the teacher as of the first day of employment each contract year. Hereafter, earned sick leave will be credited to the teacher at the end of each month until all sick leave earned for the year has been credited. Sick leave shall be cumulative from year to year.
2. Earned sick leave in another Florida district may be transferred to Volusia County at the request of the employee on a form provided by the Payroll Department. Transferred earned sick leave will be credited to the teacher at the same rate as he earns sick leave in the district.
3. Any teacher who is unable to work because of personal illness, adoption of child, pregnancy, illness or death of father, mother, brother, sister, husband, wife, child or other close relative or member of teacher's household, shall be granted sick leave. In addition, the father may use sick leave for the birth of his child. For absences of three workdays or more, or absences as to which sick leave abuse is suspected, the district may require a statement by a physician verifying the illness, and/or certifying the employee's ability to return to work.
4. A teacher whose personal or family illness extends beyond the period covered by accumulated sick leave must apply for a long-term leave of absence, unearned sick leave, or other appropriate leave.
5. Any teacher shall be entitled to illness-in-the-line-of-duty leave in accordance with Florida Statutes and the provisions of this contract. However, in the case of sickness or injury occurring under such circumstances as in the opinion of the School Board warrants it, additional sick leave may be granted.
6. The teacher must notify the principal or designee of a sick leave absence as soon as practicable. Notice through the Substitute Employee Management System (SEMS) or other electronic means established by the district shall be considered notification.
7. Sick leave shall be used in the following increments per pay period:
 - a. The initial increment shall be one hour;
 - b. After the initial increment, sick leave shall be tracked in fifteen-minute increments.

F. Paid Personal Leave

1. Six days sick leave each year may be utilized for personal reasons. These days may be requested "no reason given". Paid personal leave days are not cumulative as such, but only as sick leave days.
2. Except in an emergency, the request for Paid Personal Leave must be submitted to the worksite administrator three workdays prior to the beginning date of the leave. In the event that more than 10% of the bargaining unit members assigned to a worksite request personal leave on a given day, the principal may deny leave to those employees exceeding the 10% figure on a "last applied – first denied" basis. No requests for paid personal leave of more

than three (3) consecutive days shall be granted unless the request for such leave is submitted at least twenty (20) workdays prior to the beginning date of the leave and includes the reasons for the leave. Paid Personal Leave may not be taken to work for another employer, unless approved by the Superintendent as being in the best interest of the school district.

3. Except for specific prior approval by the principal, none of the six paid personal leave days may be used during pre-- or post-planning periods, or the day before or the day after a School Board approved holiday.
4. Paid Personal Leave shall not be used during the week prior to the FSA reading, math, and science being administered, or on any day in which the FSA, including FSA writing, is being administered, excluding make up days, without the specific approval of the principal.

1. Unpaid Sick Leave

Unpaid sick leave is a short-term leave without pay for personal illness, or the illness of an immediate family member, or of any relative living in the household. Unpaid sick leave will be permitted for a maximum of 30 workdays when all accumulated sick leave has been exhausted. Any unpaid leave under FMLA shall count toward this thirty (30) day limit.

2. Unpaid Personal Leave

An unpaid personal leave is a leave without pay for one to five workdays which may be requested only when all allowable paid personal leave has been exhausted. The supervising administrator must agree to the leave request for consideration for approval by the district human resources office. Should the supervising administrator deny the request, such leave will not be considered for approval.

3. Post-School Planning and Pre-School Planning Professional Leave

- a. Professional leave for on-campus study may be authorized during the pre-school and post-school planning periods upon approval of the Superintendent and the principal or administrator responsible for the positions.
- b. The leave request shall be submitted to the Office of the Superintendent well in advance of the date of the leave or the beginning date of summer school and shall be channeled through the principal or administrator. A copy of the summer school

schedule showing the beginning and ending dates of the session should accompany the leave request. If leave days are requested for travel to and from the college, the mode of transportation must be given. If approved leave is not used, the individual must notify the Payroll Department. The principal's signature will be assurance that all necessary work will be completed prior to the beginning of leave during the post-planning period. Each request for leave will be valid only for the stated purpose for which it is approved.

c. Political Leave

Unpaid personal leave may be granted to a teacher for political activity such as attending legislative sessions, legislative committee meetings and lobbying, when approved by the superintendent or his designee.

J. Military Leave

Military leave will be granted teachers in accordance with Florida State Board of Education Administrative Rules. Under present regulations, leave shall be granted to any teacher who is required to serve in the Armed Forces of the United States or the State of Florida in fulfillment of obligations incurred under selective service laws or because of membership in reserves of the Armed Forces or the National Guard. Leave shall be for the duration of service plus some reasonable time not to exceed one year, as may be necessary for the teacher to be reassigned and resume his duties.

1. Teachers who enter voluntarily into active duty for extended periods of service will be granted leave in accordance with the general policy governing long term leave of absence.
2. Short-term leave with pay up to a maximum of 17 days in one fiscal year shall be given upon request for required attendance under military orders of annual reserve training activities.
3. The School Board shall have the right to extend additional benefits to employees called to active duty. The decision of whether or not to extend such benefits is within the sole discretion of the School Board.

K. Workers' Compensation

1. In compliance with Florida Statute Section 1012.63 any teacher who sustains an injury on the job shall be entitled to fully compensated illness-in-the-line-of-duty leave not to exceed ten (10) school days during any one school year and Florida Statute Section 1012.63 shall supersede Florida Statute Section 440.11 during that ten (10) day period. The employee must have a note from the authorized treating physician to cover the period of time missed. If an employee must attend follow up doctor's appointments, the teacher may use illness-in-the-line-of duty leave for such time, not to exceed the 10 days noted above. After the 10 days of illness-in-the-line-of-duty leave have been exhausted, Florida Statute Section 440.11 shall apply, and Workers' Compensation shall be the sole source of recovery for a teacher who sustains an injury on the job.
2. If a teacher is drawing workers' compensation benefits and has available sick leave, he may supplement workers' compensation benefits with sick leave to where the combination of workers' compensation benefits plus sick leave equals his regular salary. This must be done by a written request from the employee to the Payroll Department.

3. Volusia County School Board will continue to provide teachers on workers' compensation with group matching health insurance, life insurance, and retirement benefits. If a teacher has no earnings against which the Payroll Department can deduct the teacher's portion of group health insurance the School Board will notify the teacher that he must send this payment directly to The School Board of Volusia County. If the teacher chooses to let his group health insurance coverage cease the School Board will no longer make its match.
4. A Board designated organization number will be used for receiving teachers transferred to a long-term workers' compensation status. Transfer of a teacher from his current organization to the appropriately designated organization must be done by Notice of Personnel Action (NPA) and only upon securing approval for the transfer from the Risk Manager who will be responsible for monitoring the organization number designated by the Board for this purpose.
5. Transfer of a teacher to the appropriately designated organization frees his unit at the transferring organization to be filled by another teacher. When a teacher is released to return to work the Volusia County School Board will make every effort to place the teacher in an equivalent position (subject to any medical restrictions) within the district. The School Board has no obligation to return the teacher to his/her original assignment.

L. Temporary Duty

1. A temporary duty assignment is an assignment with pay for duty at a location other than the regular place of duty. A temporary duty assignment covers attendance at required activities, attendance requested by the Superintendent, or participation as a representative of the school or the school system. Necessary travel time and expenses are included in temporary duty assignment(s).
2. Temporary duty assignment will be granted with pay for the appearance in any legal proceeding connected with the teacher's employment, or with the school system or in any other legal proceeding, such as jury duty, or when subpoenaed to appear before a public body or commission or other legal body if required by the law to attend. Personal litigation not related to a teacher's employment and litigation filed by the teacher against the district are excluded from this provision. This provision does not apply to a teacher who is suspended with pay.
3. An employee released from his subpoena or jury duty with sufficient time remaining to return to his school center to complete at least one half (1/2) day of his duty day shall return to his school center unless released by the principal.

ARTICLE 23: GRIEVANCE AND ARBITRATION

A. Definition of Grievance

A grievance shall be defined as an alleged violation or the misinterpretation or misapplication of the specific terms of this Agreement.

B. Definitions

1. The term "day" when used in this procedure shall mean workdays, Monday through Friday, exclusive of holidays.

2. A "grievant" is an employee, group of employees, or the Union.

C. Withdrawal

A grievance may be withdrawn by the grievant at any time and at any step of this procedure.

D. Grievance Procedure

Whenever a grievance arises between the School Board and the employees or the Union, the matter will be handled in accordance with the following procedure:

1. Informal Procedure

Step 1 - The parties wish to encourage the resolution of potential grievances at the lowest level possible without having to resort to the formal grievance procedure. Therefore, no later than ten (10) days after the event that gives rise to the grievance or said event is known or should have been known to the employee, the grievant and/or his representative, shall request a meeting with his immediate supervisor to discuss the potential grievance. The Step 1 meeting shall take place within ten (10) days of the request for a meeting.

2. Formal Procedure

a. Step 2 - If the potential grievance is not resolved through informal discussions within ten (10) days after the Step 1 meeting or after the expiration of the Step 1 timeline, the grievant may submit his grievance and a request for a Step 2 meeting in writing and sign it. The written grievance must include:

- (1) A statement of the grievance and the facts involved.
- (2) The remedy requested.
- (3) The Articles and Sections of the Agreement which grievant claims have been violated.

The Step 2 meeting shall take place within ten (10) days of said request. The immediate supervisor will respond to the grievance within ten (10) days after the meeting.

b. Step 3 - If the grievance is not resolved at Step 2 within ten (10) days of the decision of the Supervisor or the expiration of the Step 2 timeline, the grievant may appeal the decision to the Superintendent.

- (1) At the request of the Union or the employee, a meeting between the Superintendent, a Union representative and the grievant shall be held at a mutually agreeable time, but not more than ten (10) days after receipt of the appeal to Step 3 by the Superintendent.
- (2) The Superintendent will issue his decision within 10 days after the meeting held under subparagraph (1) above.

3. Failure of the parties to meet and/or discuss a grievance to make a decision within the time provided in Step 1, 2, or 3 of the grievance procedure shall be deemed a denial of the

grievance by the Management, and the employee or the Union shall proceed with the next step as if the decision had been made on the last day allowed.

4. Mediation - At any step of this procedure, the parties may by mutual written consent utilize the services of an impartial mediator to assist in attempting to resolve the grievance. Recommendations of such a mediator shall not be binding upon the parties nor admissible in any arbitration or other proceeding without the express written consent of both parties.

E. Arbitration

Except as otherwise stated in this Agreement, arbitrable grievances that have been properly submitted under Section D shall be subject to arbitration in accordance with the following procedures.

Arbitration proceedings must be initiated by the Union sending a written demand to the Superintendent for arbitration. This demand shall be received by the Superintendent within fifteen (15) days of the decision in Step 3 or the last day on which a Step 3 decision could have been made, whichever first occurs.

F. Selection of Arbitrator

As soon as possible after the demand for arbitration is served and a list of Florida based arbitrators have been received from the American Arbitration Association (AAA), or other arbitration services providers agreed to by both parties. The parties shall meet or confer by telephone in order to select an arbitrator to hear and decide the grievance. The Union and the School Board shall each have the right alternatively to strike three (3) names from the list. The party to strike first shall be decided by the flip of a coin. The name remaining shall be the arbitrator. Subject to Section I, the arbitrator selected shall decide the dispute and such decision shall be final and binding on the parties and the employees. The involvement of AAA or other arbitration service providers agreed to by both parties, shall be limited to the selection process.

G. Fees and Expenses

The fees and expenses of the arbitration shall be borne equally by the parties. Each party shall be responsible for its own attorney's fees and any court reporting services it utilizes in any arbitration proceeding. If the hearing occurs during work time, the grievant and any witnesses shall be given the necessary release time.

H. Authority of Arbitrator

The arbitrator shall have no power to add to, subtract from, modify, or alter the terms of this Agreement, nor shall the arbitrator have the power to arbitrate any matter expressly or by implication excluded from arbitration. Discovery may be permitted upon stipulation of the parties. The arbitrator is not to proceed in contravention of the limitations upon his powers as expressed in Section I hereof.

I. Arbitrability

If a dispute exists concerning the arbitrability of an issue referred to arbitration, the issue of arbitrability shall be the first issue before the arbitrator and no other matter will be considered by the arbitrator until he has issued his findings on the question of arbitrability.

J. Decision

The decision of the arbitrator on any arbitrable issue shall be supported by substantial evidence on the record as a whole and shall be final and binding on the employee, School Board and Union.

K. Time Limits

The time limits set forth in the Sections D and E are to be considered essential to the grievance and arbitration procedure, and failure of the employee or the Union to meet any time limit set forth therein shall, unless the parties by mutual agreement have extended a time limit, constitute waiver of the grievance and acceptance of the Superintendent's or Board's position.

L. Time Off/Pay

Steps 1,2 and 3 of the grievance procedure shall be carried out at a time and place mutually agreeable to all parties based on operational needs, and neither the employee nor the employee's Union representative, if any, shall lose pay. If the Step is processed during their scheduled working hours, neither the grievant nor Union representative shall lose pay. The parties agree to avoid disruption of classroom instruction when scheduling grievances. Employee witnesses, including the grievant and the Union representative, whom the Superintendent may at his option choose to interview in Steps 1, 2, or 3 shall lose no pay if interviewed during their working hours.

M. General

1. The filing of a grievance shall in no way interfere with the right of the School Board or the Superintendent to proceed to carry out its management responsibilities, subject to the final resolution of the grievance. The employee shall abide by the management decision involved in any grievance prior to and during the time the grievance has been filed and shall not discontinue his duties prior to or during the time a grievance is being processed, unless the employee has been terminated.
2. No reprisals of any kind shall be taken by the Board, Administration, or Union against any employee because of his participation or non-participation in the procedures set forth in this Article.
3. A grievance may be initiated at Step 3 of the grievance procedure if requested by the Union and agreed upon by the Superintendent.

N. Resort to Other Procedures - Election of Remedies

1. A teacher who is notified of a charge of suspension, or dismissal, at the option of the teacher, shall have access to the procedure set forth therein, or shall have the right to file a grievance after adverse action by the Board. If the teacher chooses to contest the charges before the board, the teacher must within ten (10) days after being notified of the charges (as provided in the Tenure Law, set out in Appendix I) elect in writing, by registered mail, to the Superintendent and union President, to proceed under the Tenure Law to a full hearing before the Board. If the teacher chooses to utilize the grievance process, he/she, shall file the grievance within ten (10) days in accordance with the procedure provided herein, after adverse action by the Board. Said grievance shall commence at step 3.
2. If prior to seeking resolution of a dispute of any matter by filing a grievance hereunder, or while the grievance is in progress, a teacher seeks resolution of the dispute in another

forum, whether administrative or judicial, or before the Board but under a different procedure (including the procedure provided by Florida Statue, Chapter 120), the Board shall have no obligation to entertain or proceed further with the matter pursuant to the grievance procedure. Further, if a matter is pending before an arbitrator appointed in accordance with the grievance procedure, then the arbitrator is deprived of jurisdiction by the teacher seeking resolution in another forum or before the Board under a different procedure. Nothing in this collective bargaining agreement shall be construed to grant a non-tenured teacher a right to continued employment beyond the term of the teacher's annual contract. A non-reappointment shall not be subject to the grievance or arbitration provision contained herein.

O. Right to Representation

A party to a grievance proceeding shall have the right to request representation of his choice at any step of the informal and formal proceedings. The grievant shall not be required to discuss any grievance filed if the grievant's representative is not present; however, the grievant will select another representative in order that a meeting may proceed. An employee may avail himself/herself of the grievance procedure in person or by counsel and have such grievance adjusted without intervention of the Union provided that:

1. the adjustment is not inconsistent with the terms of this Agreement; and
2. the Union has been given reasonable opportunity to be present at any meeting called for in the resolution of such grievance.
3. the Union shall be provided a copy of the decision at each step.

P. Instant Arbitration

1. By mutual agreement the parties may initiate instant arbitration if in the Union's opinion the matter affects an employee in regard to pay, transfer, or any other matter having an immediate detrimental effect to the employee(s) or Union.
2. The parties agree to maintain a cadre of arbitrators specifically for this purpose and will strike for an arbitrator within five (5) days of the Union's notification to the employer that the Union is invoking this Article.
3. Cost and decision of the arbitrator will be consistent with normal arbitration proceedings.

Where the employee requests Union representation, such requests shall not delay the investigative process more than twenty-four (24) hours unless mutually agreed.

FAMILY AND MEDICAL LEAVE ACT

1. Family and Medical Leave Act: All provisions of this article shall be interpreted so as to comply with the requirements of the Family and Medical Leave Act and any amendments thereto, and with such federal regulations that may be issued under the Act.
2. Employee Eligibility: Eligibility for these benefits shall be limited to those bargaining unit members that have been employed for at least the previous twelve (12) months by the Board and worked at least 1,250 hours during that previous twelve (12) month period. Full-time teachers will be deemed to have met the 1,250-hour requirement.
3. Terms of Leave: This leave shall be granted, in the following instances, for no more than a total of twelve (12) work weeks during the school year, July 1 through June 30. It shall be granted to eligible bargaining unit members for: (A) to care for the employee's child after birth, or following placement for adoption or foster care; (B) to care for the employee's spouse, son, daughter, or parent who has a serious health condition; or (C) for a serious health condition that makes the employee unable to perform the employee's job.
4. Definitions: The definitions contained in the Act apply to this article.
5. Group Medical Insurance: The Board shall continue an employee's group medical insurance in full effect during FMLA leave, to the same extent as when the employee worked. The employee shall be responsible for his or her share of insurance premium payment. Days of leave taken under the sick leave provision of the collective bargaining agreement shall be considered to be leave taken under the FMLA if taken for a serious health condition, for the purposes of this article, as shall any annual leave taken after the employee has exhausted his or her sick leave due to a serious health condition.
6. Length of Unpaid Medical or Child Care Leave: The length of any unpaid medical or childcare leave shall be determined by the collective bargaining agreement, provided such provisions, when considered with sick leave and annual leave used as stated above in paragraph 6, meet the required twelve (12) week allotment called for by the Act.
7. Notice: If leave is taken to care for a newborn child or a child newly placed for adoption or foster care, the employee must provide notice of the leave in writing, to the personnel department and to his or her immediate supervisor, approximately thirty (30) days in advance, where possible. If a leave is needed for foreseeable medical care, it shall be requested, in writing at least thirty (30) days in advance, or as early as is practicable.
8. Medical Certification: (A) Illness of Others: When requesting leave for a serious health condition of the employee's spouse, child or parent, the employee, upon request by the school district shall submit a statement from the patient's doctor which certifies that it is necessary for the employee to care for the patient and estimates the length of time the care is needed. (B) Illness of Employee: The Board may require a medical certification from eligible employees who request leave under the FMLA. Additional requests for medical certification shall be at the employer's expense and shall comply with the regulations under the Act.
9. Intermittent Leave for Planned Medical Treatment: Unpaid medical leave with FMLA benefits may be taken on an intermittent basis when the employee, the employee's spouse, child or parent

has a serious medical condition, and it is foreseeable that the employee will need short periods of time off. Such intermittent leave days may be taken only when all sick leave and annual leave have been exhausted.

Intermittent leave may be taken in increments of one or more days or partial days at work. Intermittent leave will be granted, subject to the previously mentioned terms, if the health care provider certifies that it is medically necessary. The Board may require medical certification of the need, and the schedule or time of the treatment. The employee must give the Board thirty (30) days written notice of the need for the leave, if possible. If it is not possible to give thirty (30) days advance notice, the employee shall provide as much notice as is practicable.

10. Employees must exhaust all sick leave prior to taking an unpaid leave covered by the FMLA, where the reason for the leave is covered by section (B) or (C) of paragraph number 3.
11. Restoration: Upon return from an FMLA leave, the affected employee is entitled to be restored to the same position that the employee held when the leave started, or to an equivalent position with equivalent benefits, pay and other terms and conditions of employment.

TEACHER AUTHORITY TO REMOVE STUDENTS FROM THE CLASSROOM PROCEDURE

Teachers and other instructional staff shall keep good order in the classroom and in other places in which they are assigned to supervise students, shall maintain an orderly and disciplined classroom with a positive and effective learning environment that maximizes learning and minimizes disruption, and shall work with parents and other school personnel to solve discipline problems in their classrooms.

Teachers and other instructional personnel shall establish and enforce reasonable classroom rules that treat all students equitably, that include consequences designed to change behavior, and which are consistent with school board policy and disciplinary rules established by the principal.

Teachers and other instructional personnel shall have the authority to request and receive training and other classroom assistance to improve skills in classroom management, violence prevention, conflict resolution, and other areas. They shall seek professional development to improve classroom management skills when data show that they are not effective in handling minor classroom disruptions. Any teacher who removes 25% of his or her total class enrollment shall be required to complete professional development to improve classroom management skills.

In accordance with law and within the framework of school board policy, teachers and other instructional personnel shall have the authority to undertake any of the following actions in managing student behavior and ensuring safety of all students in their classes and school and their opportunity to learn in an orderly and disciplined classroom:

- Have disobedient, disrespectful, violent, abusive, uncontrollable, or disruptive students removed from the classroom for behavior management intervention;
- Have violent, abusive, uncontrollable, or disruptive students directed for information or assistance from appropriate school or district personnel;
- Assist in enforcing school rules on school property, during school sponsored transportation, and during school-sponsored activities;
- Request and receive information as to the disposition of any referrals to the administration for violation of classroom or school rules;
- Request and receive immediate assistance in classroom management if a student becomes uncontrollable or in case of emergency;
- Press charges if there is reason to believe that a crime has been committed on school property, during school-sponsored transportation, or during school-sponsored activities; and
- Use reasonable force, according to standards adopted by the State Board of Education, to protect himself or herself or others from injury.

A teacher may, in accordance with the procedure established at the school, send a student to the principal's office to maintain effective discipline in the classroom and may recommend an appropriate consequence consistent with the Code of Student Conduct and Discipline. The principal shall respond by employing the teacher's recommended consequence or a more serious disciplinary action if the student's history of disruptive behavior warrants it. If the principal determines that a lesser disciplinary action is appropriate, the principal should consult with the teacher prior to taking disciplinary action.

A teacher may remove from class a student whose behavior the teacher determines interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn. A teacher who does so shall provide the principal with a description of the behaviors and how they have interfered with the class prior to the end of the school day. If a teacher fails to provide

the information in a timely manner, the teacher will be deemed to have agreed to having the student readmitted. Where student is removed under this procedure, the principal may place the student in another appropriate classroom, in in-school suspension, or in a dropout prevention and academic intervention program. The principal also may choose to recommend the student for out-of-school suspension or expulsion, as appropriate. The student may be prohibited from attending or participating in school-sponsored or school-related activities. The principal may not return the student to that teacher's class without the teacher's consent unless the placement review committee (PRC) determines that the placement is the best or only available alternative, or the placement is required by the student's individual education plan or section 504 plan. The decisions of the teacher, principal and PRC shall be made within five days of the removal of the student from the classroom.

When a student is classified as one with disabilities and receiving exceptional education services or is identified as a section 504 student, the principal/designee will, in consultation with ESE personnel or section 504 contact at the building and district level where necessary, review the IEP or the section 504 plan and determine if removing the student from class would violate the applicable plan. If the principal/designee determines that removal would violate the applicable plan, the teacher shall be so informed, and the principal/designee will return the student to the classroom. If the referral involved an ESE student, the principal/designee shall notify the staffing specialist to convene the ESE staffing committee to review the student's IEP. If the referral involved a section 504 student, the principal/designee shall notify the section 504 contact to review the section 504 accommodation. Changes in Florida statutes do not alter federal requirements related to students with disabilities.

A PRC shall be established at each school to determine placement of a student when a teacher withholds consent to the return of a student to the teacher's class. The principal shall notify each teacher about the availability, the procedures, and the criteria for the PRC. The PRC membership shall include at least two teachers (one selected by the school's faculty, with a standing member and an alternate being elected at the start of the year, and one selected by the teacher who has removed the student) and one member of the school staff selected by the principal. Additional staff members may be appointed at the discretion of the principal (e.g., guidance counselor, assistant principal). The principal may also serve on the PRC. The teacher who withheld consent to readmitting the student may not serve on the committee.

APPENDIX D

SICK LEAVE BANK PROCEDURAL GUIDELINES

The purpose of the Sick Leave Bank is to enable employers to provide protection in cases of long-term catastrophic illness and to encourage employees to “save” sick leave for a valuable future economic benefit (terminal leave.) Membership in the Sick Leave Bank must precede the diagnosis date for the current illness for which days are being applied.

1. To become a member of the Sick Leave Bank, an employee must have accumulated five (5) sick leave days. Following the accumulation of five (5) sick leave days, the employee may join the Sick Leave Bank by donating one (1) sick leave day to sick leave bank.
2. To utilize “bank days” the member must first use all other accumulated sick leave days.
3. Members may be granted four times the number of days they have accumulated at the beginning of their illness to a maximum of one hundred (100) days.
4. Following any use of the Sick Leave Bank provisions, the employee will have to rejoin the Sick Leave Bank as indicated in #1 above.
5. Days from the bank may only be used for extended personal physical, or mental disability.
6. The bank will be administered by the Union as follows:

Three (3) teachers appointed by the Union President
7. In cases of extreme hardship, the bank administrators may grant additional days voluntarily given by other Sick Leave Bank members. Any unused donated days will be returned to the Sick Leave Bank.
8. Members with zero accumulated sick days will have the option of days being donated on their behalf, which will be monitored, by the Sick Leave Bank.
9. If the bank is depleted during a school year, members may be assessed up to two (2) additional days.
10. The bank administrators will determine the eligibility of membership in the Sick Leave Bank.
11. A list of all Sick Leave Bank members shall be provided to the Union upon written request.
12. Forms for enrollment shall be available through the Union office.

VOLUSIA COUNTY TEACHER TENURE LAW

VOLUSIA COUNTY TEACHERS' TENURE LAW

***Laws 1937, Ch. 18964, and amended by
Laws 1939, Ch. 20187, and as amended by
Laws 1974, Ch. 621 & Ch. 623***

As used in this act, "in-service education points" means points earned by a teacher for participation in previously described and approved workshop experiences, at the rate of one (1) point per workshop hour. Such in-service education shall be included in the local school district master in-service plan which is annually submitted to the department of education.

Section 1. Every employee in the public free schools of Volusia County who is over the age of twenty-one (21) years and who, on or after July 1, 1935, shall have been employed therein for three (3) consecutive years and who shall have a valid Florida certificate and who, during such three (3) year period, has occupied himself or herself for a period of at least six (6) weeks in registration and attendance in some college or university of recognized standing by the department of education and has earned at least six (6) semester hours credit in professional study or their equivalent in district in-service education points, when and if re-elected for the next succeeding school year to a position in such public schools in the same district, county, or other unit by which he was formerly employed, shall thereafter for said ensuing year and each subsequent school year be a permanent employee of the district, county, or other unit as long as the employee shall be possessed of a valid certificate of the class required by the position to be filled, and shall attend schools or participate in district in-service programs for professional study at intervals, or shall travel, under requirements set forth in section 3 of this act, except as hereinafter otherwise provided.

Section 1-B. Any teacher or principal qualifying under the provisions of Section 1 of this Act as a permanent employee of Volusia County may, for a valid reason, apply to the County School Board in writing for a leave of absence, and be granted such leave of absence, without loss of tenure rights, provided such leave of absence is recommended by the local school district board and for a period not to exceed twelve (12) months.

Section 2. Each person holding office in an administrative or supervisory position in such school system, the qualifications of which require a valid Florida Certificate based on at least two years' college training, is hereby classified as teacher during the entire time of holding such administrative or supervisory position, and as coming within the purview of this Act.

Section 3. No person who has qualified as a permanent employee in the public free schools of Volusia County shall be thereafter dismissed or not re-employed for any subsequent year in such public free schools except for one or more of the following causes: immoral or unprofessional conduct, or for failure to cooperate with supervisors or school boards or school faculty, or any or all of them; dishonesty, incompetence, or failure to preserve discipline or to transmit proper instruction, or willful neglect of school duties, notable failure to make professional advancement by failing to attend a college of recognized standing by the department of education, earning at least six (6) semester hours credit under the following classifications: teacher not having bachelor's degree, once every three (3) years; teachers having bachelor's degree, once every five (5) years; teacher having master's degree, once every five (5) years with privilege of auditing courses; that in lieu of attending a college of recognized standing by the department of education in accordance with the requirements of this section, any teacher may earn equivalent district in-service education points or secure permission from the district school board to travel, setting forth the proposed travel, which must be of an educational nature, and the school board shall approve such application at a

regular or called meeting, and the record of its proceedings upon such application recorded in its minutes; persistent violation of, or refusal to obey the laws of the state relating to schools, or reasonable regulations prescribed for the government of the public free schools of the state, or for failure to carry out local school regulations not in conflict with state laws; or for physical or mental disability to perform the functions or the duties of the office; excessive or unreasonable absence from duties in preceding year; chronic illness; conviction of a felony; or for habitual use of alcohol or intoxication. Before any dismissal for cause of failure to re-employ for any subsequent year in pursuance of the foregoing provisions shall be effective, the school board shall give at least twenty (20) days' notice by registered mail to the teacher at his or her address as appears in the records of the school board, enclosing a complete copy of the charges preferred against such teacher on which it is proposed to base such dismissal or failure to re-employ, which notice shall state the time when, the place where, the school board shall hear the charges. At the time and place stated in the notice, the school board shall conduct a public hearing on such charges and shall hear evidence justifying such dismissal or failure to re-employ. Thereafter, the employee shall have the right to present such evidence as she or he may desire in rebuttal thereof and shall have the right of representation by counsel. Only evidence under oath or affirmation shall be received at such hearing and both the school board and the employee shall have the right to introduce witnesses. Full cross-examination of all witnesses shall be permitted, and the hearing shall be taken down by a competent reporter and transcribed and filed in the office of the superintendent of schools. The written finding of a majority vote of the school board that one or more of the causes mentioned above exist, shall be essential to and sufficient to dismiss or fail to re-employ such employee after such hearing. The employee shall have the right to appeal the decision of the school board to the board of education whose decision shall be final. The board of education shall furnish to the dismissed employee within ten (10) days after request is made thereof and without charge a certified copy of all charges filed, testimony taken thereon, and orders entered in the matter. Nothing herein shall prejudice the right of the employing unit to re-employ the teacher on probation, except a sustained charge of immorality; nor the right of the teacher to voluntarily accept classification as probationary employee. Such employee shall not come within the purview of this act during such period of probation.

Section 4. It is hereby expressly provided however that nothing herein contained shall prevent the dismissal or failure to re-employ any teacher where the Board of Public Instruction through financial necessity or curriculum changes deem it necessary to decrease the number of permanent employees of the particular kind of service in which the dismissed teacher was engaged. If such similar service is re-established within two years thereafter, all dismissed teachers who were dismissed otherwise than for cause shall be offered re-employment prior to the employment of any new teacher in a similar capacity, and teachers so dismissed without cause shall be offered re-employment in the same order in which they were dismissed, but if such re-employment is not accepted, the teacher shall forfeit his or her previous tenure rights.

Section 5. All employments under the provisions of the Act shall be subordinate to the right of the Legislature to amend or repeal this Act at any time and nothing herein contained shall ever be held, deemed or construed to confer upon persons employed pursuant to the provisions hereof, a contract which will be impaired by the amendment or repeal of the Act.

Section 6. If any section or subsection, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.
