

Per past confirmation from the district, the half steps (e.g., 2.50) only apply to teachers who join the district mid-year or come to the district with a half-year credit. Because the salary schedules have continued to have half steps, NCTQ assumes that they apply to those teachers who meet the criteria as outlined above. As a result, NCTQ's annual salary analysis is only based on the full steps (e.g., 2.0), including the intern step.
