SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

COMPENSATION PROGRAM

The San Antonio Independent School District's mission is to transform the District into a national model urban school district where every child graduated is educated so that he or she is prepared to be a contributing member of the community. The Compensation Program is designed to support the attraction, motivation and retention of high performing employees that provide support to the district's mission.

The Compensation Department is a strategic partner in the planning, design, implementation, administration, and communication of all compensation programs which includes job architecture.

A combination of job architecture, job hierarchies and market intelligence lay the framework for the District's compensation program. Base Pay is the primary pay element; and on an as needed basis, other elements may be used to provide additional compensation in the form of stipends or supplemental pay for specific, defined bodies of work performed beyond the normal responsibilities of the job. When appropriate, allowances will be assigned as reimbursement for travel or phone expenses.

The objective of the 'Base Pay' is intended to facilitate the attainment of several objectives:

Internal Equity - the pay relationship among jobs or levels within the District. Comparison within an organization, tends to focus on four aspects of job content: Skill, Effort, Responsibility, and Working Conditions.

External competitiveness - the competitive market. The goal is to pay what is necessary to attract, retain and motivate qualified candidates.

External Equity - the market rate of comparable jobs. Equity extends to the total compensation package which factors such as employee benefits, job security, physical work environment, commuting distance, opportunity for advancement and employment practices.

Compliance with Laws and Regulations - Legislation, regulation, executive orders, and judicial decisions must be considered in the development and administration of the District's compensation plan; including compliance issues related to:

The Equal Pay Act

The Age Discrimination in Employment Act

Title VII of the Civil Rights Act of 1964

Fair Labor Standards Act, and

Title I of the Americans with Disabilities Act of 1990.

Administrative efficiency - The District has limited resources to administer the compensation plan, therefore administration time and cost to implement is taken into consideration.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

COMPENSATION STRUCTURE

The compensation structure is comprised of an array of pay ranges, each including a minimum or entry pay rate value, a midpoint value which is representative of the average market value and a maximum payrate value.

Job categories and pay levels are used to group positions that have similar relative internal value based on a multitude of elements such as the job's minimum education, experience, and credential requirements; job duties and responsibilities; market data; internal equity; and district impact. A job classification level will be assigned to a pay range by the Compensation Department, based on its functional area and derived value.

The pay range spread is targeted at 40%. The minimum is established at a compa-ratio between 80% and 85%; and the maximum value at a compa-ratio of 120%. Due to prior compensation practices, the current pay ranges may have a minimum value greater than an 85% compa-ratio. Over-time, the intention is for those minimum values to align with 85%. The midpoint of the range is not the true midpoint of the range; it is the value aligned with the market for the positions assigned to the range. The spread between midpoint values is targeted at 5.5% for lower pay ranges and 8.0% for higher pay ranges (*Note, 'compa-ratio' is the term used for the comparison ratio of the salary divided by the midpoint of the pay range.*)

JOB CLASSIFICATIONS

Jobs will be grouped into job classification and pay ranges in the following categories:

- Teachers, Librarians and Nurses (RNs) (teacher pay schedules)
- Classified
- Clerical / Paraprofessional
- Instructional / Paraprofessional
- Police Service
- Technology
- Administrative Program
- Administrative Management

TEACHER PAY SCHEDULES

Teacher Pay Schedules apply to CERTIFIED classroom teachers, librarians, and nurses. As required by law, the pay schedule will not be less than the minimum monthly salary on the state salary schedule based on years of experience. The maximum years of experience credited is 30.

Teachers with a master's degree, who signed with the District on or after August 1, 2002, are on a pay schedule with an annualized rate \$2,000 higher than the standard (bachelor's) teacher pay schedule.

Pay schedules are communicated in annualized pay rates, based on a 187 workday/10-month work calendar.

Initial Pay Rate - Teacher, Librarian and Nurse (RN)

All teachers excluding JROTC, CATE and Vocational Instructors, are required to hold a bachelor's degree, and required to hold a certification as required by the Texas Education Agency (TEA) and the State Board of Educator Certification (SBEC).

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

The initial salary of a teacher, librarian or nurse is based upon the creditable years of (TEA) validated experience related to the position in which hired; and the level of degree achieved. Experience is credited for teachers and librarians according to the commissioner's rules on creditable service (19 TAC 153.1021). Registered nurses are assigned a daily rate associated with the number years of experience and related degree. Annualized pay rates may vary based on the number of workdays in the Workday Calendar assigned to the position.

The maximum number of creditable years of (TEA) validated experience shall be capped at 30 years of experience for newly hired Teachers, Librarians and Nurses.

All teachers, librarians and nurses will initially be assigned the entry rate on the Bachelor Degree Teacher Pay Schedule. The actual pay rate will be determined once the official service records and educational transcripts have been received by the District. New teachers should expect to receive credit for their first year of experience at the completion of the first school year in which they complete a minimum of 90 workdays. If they are received prior to the first payroll period cutoff of the start of the new school year, the actual pay rate will be assigned for the first paycheck. Otherwise, the employee will receive the entry rate on the Bachelor Degree Teacher Pay Schedule and pay will be retro-actively paid in the next payroll pay period once records are received.

Junior Reserve Officers Training Corps (JROTC) Instructors

JROTC instructors will be paid JROTC personnel will be paid in compliance with active-duty Armed Forces pay requirements stated on his/her Military Instructor Pay (MIP) letter assignment. The Director, Compensation and the Director, Army Instruction together determine new hire pay rates. Both school experience and active-duty experience may be counted for local salary credit (Texas Admin Code §153.1021(d)(2)). Should the JROTC instructor transfer into a full-time teaching position, military experience will not be credited unless it meets the TEA guidelines.

Career and Technology Education (CATE) Teachers

In alignment to §153.CC, Commissioner's Rules on Creditable Years of Service, Career and Technology Education (CTE) teachers are eligible for up to two years of industry work experience for salary increment purposes, if: work experience is Health Science, Trades and Industry, and Marketing; Employed for at least 50% of the time in an approved career and technology teaching position; During the hiring process, include the work experience on the Experience Affidavit or Service Record from previous district, as well as the complete Statement of Qualifications (SOQ).

Statement of Qualifications (SOQ) Form should be submitted to the CTE Director to determine eligibility. CTE Teachers that taught for another Texas school district are only eligible for this increment, if the work history is listed on their service record from the previous Texas school district, and they are certified in SBEC as a CTE teacher (not on a permit). SAISD will not confirm work history for CTE teachers that have worked at a previous school district. This eligibility should have been completed by the previous school district.

Instructional Assistant moving to a Teaching position

Beginning in 2004-2005, a certified Instructional Assistant who accepts a position as a certified teacher may receive a maximum of two years' of directly related experience in determining their initial salary on the teacher pay schedule. Experience must be verified on the employee's Service Record (Amendment 19 Texas Admin Code §153.1021m).

Master Teacher Initiative

As a community, we believe that the passion and skill teachers bring into their classrooms are essential in cultivating an environment where students have an opportunity to realize their full potential. The Master Teacher Initiative (MTI) is San Antonio ISD's initiative to support, recognize, retain, and reward excellent teaching. It includes multiple measures of effective teaching that reflect the district's values for teacher development and performance to accelerate student achievement.

The program has been expanded to include almost all teachers across grade levels and subjects with the support of the Texas Legislature and the Texas Education Agency (TEA) through the Teacher Incentive Allotment (TIA). The focus of TIA is to elevate the education profession by recognizing and rewarding effective teaching and incentivizing outstanding teachers to remain in the classroom and improve student outcomes.

TIA is a Tier 1 allotment through the Foundation School Program (FSP), the system through which the state provides funding to districts. This system, grounded in the Texas Education Code, creates a sustainable funding source for districts implementing TIA. The allotment formula is campus-based, with increased allotments for high-needs and rural campuses.

The allotment formula takes three factors into account including teacher designation level, campus socioeconomic level, and campus rural status. Socioeconomic levels are determined through the Compensatory Education block tier of the students enrolled in the campus.

Each local designation system submits a spending plan for approval for the use of TIA funds. SAISD's spending plan provides a direct stipend to designated teachers based on the generated allotment.

Neither past nor future salaries can be predicted or calculated from this schedule.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

MID POINT PAY RANGES

Midpoint Pay Ranges apply to all positions not assigned to the teacher pay schedule. Employees are paid according to the pay range assigned to their position; and individual pay rates are based on years of related experience in comparison to the peer group. Employees' annual salary is based on the number of workdays and is paid over a 12-month period. Employees being promoted or hired into the Administrative Management Executive job classification must be approved by the Board of Trustees.

New Hire or New Position Pay Rate

The pay rate for District positions is determined by aligning the new hire's related work experience to the pay rate of the internal peer group (incumbents in the same job and classification pay level) with the same years of experience.

A salary offer shall not exceed 100% of the midpoint of the pay range. Salary offers between 100% and 110% compa-ratio will require the approval of the Director, Compensation. The Superintendent's approval is required for any offers that exceed 110% compa-ratio.

Returning Employees

Former San Antonio ISD employees who return to the district will be placed at the appropriate pay level for the position in which they are newly hired, which may be different from the job classification and pay level they previously occupied at the time of their departure from the district. Teachers will receive creditable years of services not to exceed the cap of 30 years of service.

Years of Experience Verification and Documentation

Related years of experience for candidates must be documented prior to the final determination of salary credit. New employees are required to submit to Human Capital Management within 30 days of hire, a completed "Experience Affidavit" form specifying all information such as previous employers, positions held, dates of employment, hours worked and contact information of person that can verify employment (for each employer). *Please note, if this information is not received, the employee will only receive the entry rate for their position until which time the documentation is received. The employee is responsible for ensuring Human Capital Management receives this information; the District will not follow-up on the employee's behalf.*

In the event it is discovered that not all information was provided within 3 months of hire, a revised experience affidavit will be required. Human Capital Management will review revised information and will update the system of record to capture the additional years of experience; *there will not be an adjustment to pay.* However, future pay actions will consider the updated years of experience. To receive credit for prior work experience, years of experience must be verified. If the new hire was previously employed in education, documentation of service must be provided to the Human Capital Management Department on an official Texas Education Agency (TEA) approved record and must be validated by the appropriate institutional official. *[See TEA Chapter 153 subchapter CC]*

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

The following are acceptable forms of documentation:

- Service records from previous school employment
- Contracts or letters of appointment
- First and last pay stub from employer (private employer only)
- Tax record or W2 from employer (private employer only)
- Verification of prior work experience from prior employer

Additional documentation may be necessary to complete the verification of prior experience before salary credit is assigned.

Degree Accreditation

Three positions assigned to the Midpoint Pay Ranges are eligible for additional salary consideration for the employee's degree accreditation: Instructional Coach, Instructional Specialist, and Implementation Specialist. All other jobs assigned to the midpoint pay ranges are ineligible for this consideration.

School Administrator Performance Based Pay System

School Administrators are placed into a performance-based pay system. The pay for performance system includes four entry points based on campus level and four performance levels. Future pay earnings will be based on general pay increase when awarded by the Board of Trustees.

Universal Pay Structure

All positions not aligned to the Teacher Pay Schedule are placed into grading structures: (N) Non-Exempt, (E) Exempt and (HE) Exempt Hourly Equivalent. A crosswalk has been Included in the structure table to help align the previous pay grade structure to the new universal pay grade structure.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

PAYMENT OF COMPENSATION

Payroll Period

In order to provide employees with year-round income, employees' annualized income shall be prorated over twelve (12) months or twenty-six (26) bi-weekly pay periods with the exception of bus drivers, bus assistants and bus monitors who are on a 22 pay periods.

Proration of Pay for Reduced Number of Workdays

If an employee works less workdays than the full workday calendar for the position, the employee's pay will be prorated. There are steps that need to be taken to determine the proration. *First*, calculate actual salary for the balance of the school year by determining the number of workdays remaining in the work-year calendar. *Second*, multiply the number of remaining days by the daily rate (or hourly rate x work hours). *Last*, divide the prorated salary by the number of paychecks remaining in the school year. *Note: the fiscal school year is July 1st through June 30th.*

Paycheck Deductions

Paycheck deductions include but are not limited to:

All applicable income tax withholdings (based on personal exemption and income bracket)

Social security coverage (FICA)

Benefit deductions (paid one month in advance, 1st paycheck may include two months of benefit deductions)

Other deductions as appropriate (such as additional elections, United Way, etc.)

Release of Pay checks

Paychecks will not be released to any person other than the district employee named on the check without prior written authorization and verification of identification.

Back Payments

A back payment occurs when an employee is paid less than the amount the employee should have been paid under the assigned pay grade and/or any relevant supplemental pay. If a request for back payment is presented in the current school year, the Compensation Department will rectify the issue by paying the difference back to the employee's start in the position for the current school year.

Overpayment

An overpayment occurs when an employee is paid more than the amount the employee should have been paid under the assigned pay grade and/or any relevant supplemental pay. Pay corrections will be made and overpayments will be deducted from the employee's paycheck, as appropriate.

Movement Between Pay Cycles

Movement between pay cycles, due to a change in position, may result in a lump sum payout of the current position prior to moving into the new position; this is more typical of movement between a monthly and biweekly pay schedule. Movement may also affect the number of paychecks the employee would receive. Employees paid on a monthly pay cycle typically receive 12 paychecks, biweekly 26.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

SALARY ADJUSTMENTS: **General Pay Increase (GPI)**

Employee salaries and wages will be reviewed annually. General pay increases may be given to employees to reward continued service to the District.

The Superintendent of Schools may recommend an amount for employee salary adjustments as a part of the annual budget. Budget recommendations for general pay increases will be based on available revenue, changes in minimum pay laws, competitive job markets and district compensation objectives. The Superintendent of Schools or designee shall approve salary adjustments for employees within the Board approved budgeted amounts and in accordance with the Compensation Guidelines.

To receive a Board-approved annual pay adjustment, an employee must be in an active status or on an approved leave of absence at the time of the issuance of the first payroll reflecting the annual pay adjustment.

Employees that have a salary at or over the maximum of the respective pay grade, may receive the annual employee pay adjustment as part of their base pay rate.

SALARY ADJUSTMENTS: **Job Movement via Job Posting & Selection**

Promotion Adjustments

A promotion occurs when an employee moves to a new assignment in a pay range with a midpoint value greater than their current position. This movement is associated with the employee being selected for the position in response to a job posting. The amount of the increase to the daily or hourly rate will be determined by the Compensation Department and shall not be less than the minimum rate of the new pay range. To determine the employee's new salary, his/her years of experience for pay is aligned with the pay rate of the peer group (incumbents in the same job and/or same classification pay level) with similar or the same years of experience.

Demotion Adjustments

A demotion occurs when an employee moves to a new assignment in a pay range with a midpoint of lesser value than their current position. This movement is associated with the employee being selected for the position in response to a job posting. The amount of the decrease to the daily or hourly rate will be determined by the Compensation Department. To determine the employee's new pay rate, his/her years of experience for pay will be aligned with the pay rate of the peer group (incumbents in the same job and classification pay level) with the same or similar years of experience.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

Lateral Transfer and Adjustment

A lateral move occurs when the employee moves to a new assignment in a pay range with the same midpoint value as their current position. This movement is associated with the employee being selected for the position in response to a job posting. Typically, this type of move would not warrant a compensation adjustment other than number of workdays, if changed.

Transfers Between Workday Calendars

An overlap in employee calendars may occur with transfers between campuses/department positions. Due to varied contract beginning and ending dates there may be a reduction or increase in compensable days for the remainder of the respective school year. When days are increased or reduced, the employee's pay may be adjusted accordingly.

SALARY ADJUSTMENTS: Reassignment

An administrative decision to reassign and employee to a lower grade level position shall be accompanied by a letter of assignment and shall include the new job title, change in compensation, number of workdays and the effective date.

SALARY ADJUSTMENTS: Reclassifications

Once an employee begins working in the new school year, their salary may not be adjusted. The only exception may be when there is a significant and sustained change in the job description in which the employee is assigned; or changes in the competitive job market. This type of change is described as a '**reclassification**' and can be an upward or downward movement in terms of potential pay. Adjustments made through the reclassification process will become effective in the following school year, unless otherwise approved by the Superintendent.

Executive job reclassifications must be approved by the Board, Exempt (non-executive) and Non-Exempt job reclassifications require Superintendent approval, and the Board must be informed. See the Reclassification section in this manual for more detailed information. **Administrative Procedure D20 addresses position reclassification.**

Vacant positions, if considered for reclassification, will use the midpoint of the range to determine approximately change in compensation. The position will be identified as 'vacant' on the reclassification documentation submitted to the Board for approval.

Equity Adjustments

The Superintendent may make special adjustments to individual employee's compensation to correct identified pay equity issues. Equity adjustments may be made to retain incumbents in jobs at risk due to dramatic market shifts or remedy internal pay alignment based on relevant compensable factors. All equity adjustments will be classified as a '**reclassification**' and will require the same approvals. Any equity adjustments will be reported to the Board in accordance with the DEA (Local).

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

COMPENSATION REVIEWS

Salaries of employees typically do not change once the employees begin working in the new school year. Any request for a salary review must be submitted through the department/campus executive leadership prior to engaging the Compensation Department.

Request for Individual Compensation Review

A manager may request a job reclassification review by following the administrative procedure for reclassification, D20. After a review has been conducted, if a change in pay grade assignment and/or compensation is warranted, the change shall be submitted to the Board for approval via the 'job reclassification' process. Reclassifications are typically presented to the Board.

If an individual employee believes their position has been improperly classified or if the content and scope of responsibilities has substantially changed at least by 30%, they should discuss their concerns with their supervisor or manager. The manager should be the initiator of the formal reclassification request after obtaining executive leadership approval.

Request for Department Compensation Review

If a manager believes two or more positions are improperly classified, the content and scope of responsibilities have substantially changed, or that retention or recruitment issues exist, they may make a formal request for a re-evaluation. Department Reviews are performed once during the school year. After a review has been conducted, if a change in pay grade assignment and/or compensation is warranted, the change shall be submitted to the Board for approval via the 'job reclassification' process.

Different thresholds exist for split and non-split classrooms as shown in the charts below. The classroom size must remain at the required threshold for a minimum of two weeks. Once this requirement is met, the Campus Administrator may request the Instructional Assistant through their Senior Executive Director. If the classroom size decreases and remains below the threshold for 20 days, the District may remove the Instructional Assistant. Max payout per semester is \$2,500.

DIFFERENTIAL PAY

Occasionally a position becomes vacant through resignation, retirement, leave of absence, or an extended employee absence. During these situations, the supervisor may find it necessary to delegate the responsibilities of a higher-level position to another employee (in an equal exemption classification) for continued efficiency within the department or school. The employee who is delegated the increased scope of work will also assume the added responsibilities in addition to the employee's regular duties and responsibilities. In situations where at least 35% of the scope of work is assumed, the employee's supervisor may request approval to award that employee "differential pay" for the period during which the employee performs the added responsibilities.

Differential pay is only available for assignments exceeding two weeks (10 business days). The length of the assignment may not exceed a period of sixty (60) working days except in unusual circumstances approved by the Compensation Department in Human Capital Management. If awarded, differential pay begins on the eleventh (11th) day of the assignment and the situation must result from an extended vacancy.

Differential Pay Rate

The rate of differential pay will be calculated by determining the pay rate had the employee been assigned to the position permanently and subtracting his/her current pay rate. The net amount is the differential pay rate. The calculation is aligned with the District's pay practices for determining pay rates for new hires, promotions, and internal movement.

Approval Process for Differential Pay

The following forms must be completed and submitted to the Compensation Department for review and approval:

Request for Differential Pay [FORM D24-A]; and

Memo of Understanding Regarding Differential Pay [FORM D24-B]

Authorization to approve 'differential pay' for an employee is limited to the Director, Compensation, Chief Human Capital Officer, or the Superintendent.

Communication to Employees

No commitment should be made to an employee by a supervisor, regarding 'differential pay', prior to receiving approval from the Director, Compensation.

STIPENDS

Eligible employees may receive compensation, in addition to their salaries, through the assignment of additional supplemental duties. Stipends are assigned by the Principal, Department, or the Compensation Department. The additional compensation is typically prorated and paid in monthly increments throughout the school year. Otherwise, a stipend may be paid as supplemental pay annually or biannually.

Eligible employees are responsible for communicating any missed stipend assignments to compensation during the school year in which the stipend should have been assigned. Stipend assignments are not retroactive to prior school years.

The assignment of duties aligned with a stipend is intended to compensate teachers for performance of those duties in the school year assigned; continuation of the assignment for the following year is subject to change and dependent on availability of funding. Assignment of a stipend to a non-teacher, if not already defined in this section, requires approval from both the department executive and the Director, Compensation.

ALLOWANCES

An allowance is not a compensation element but rather a reimbursement of an expense incurred by an employee in performing their work for the district. The reimbursement can be for the use of the employee's personal mobile phone or regular, routine travel within the district.

Phone Allowance

A mobile phone can be a valuable resource for campus and department employees in the performance of their job duties by providing increased accessibility for District related matters. The issuance of a phone allowance is dependent on several variables which includes job scope and responsibilities, level of access required, primary work is performed outside the office and executive level approval is obtained. Recipients of the allowance are required to provide their own mobile phone and service contract.

Due to the nature of the work, the following jobs are automatically assigned a phone allowance:

Assistant Superintendents
Principals
Social Workers

Employees who have access to a work phone and whose position does not require extensive time out of the office would not be consider eligible for a phone allowance.

Eligibility Conditions (must meet at least one):

1. *You do not have a desk phone and your job responsibilities require you to use your personal cell phone to conduct business more than 15% of the work week. (Ex: 6 or more times a week) This does not include reporting absences or communicating with your manager regarding personal matters.*
2. *Job responsibilities require you to conduct business using your personal cell phone while performing main function of job.*
3. *Job responsibilities require you to be available to respond to phone calls or text messages after hours and over the weekend.*
4. *Job responsibilities include oversight of organizational units that require constant contact with others across the District. (Ex: Chiefs, Assist Supt, or Senior Exec Dir)*

Travel Allowance

A travel allowance is intended to reimburse an employee for their 'daily/weekly routine' travel within the District to fulfill their regular job responsibilities. Any routine travel and parking expenses would be covered by the allowance.

The issuance of a travel allowance is dependent on a number of variables which includes that the job responsibilities require travel within the District, the travel required on a daily or weekly basis is extensive and executive level approval is obtained.

Not covered by the allowance are 'non-routine' travel or parking expenses; such as one-time expenses for attendance at association meeting, etc. Non-routine travel or parking expenses may be submitted for reimbursement via the travel expense reimbursement process.

Eligibility Conditions (must meet at least one):

1. *Job responsibilities require you to travel to multiple campuses daily.*
2. *Job responsibilities require you to travel to more than one campus routinely and at least 30% of any month. (Ex: 6 or more times a month)*
3. *Job responsibilities require you to travel up to 50 miles during the workweek after arriving to work and before leaving for the day.*
4. *Job responsibilities include oversight of organizational units that are located across the District. (Ex: Chiefs, Assist Supt, or Senior Exec Dir)*

EMPLOYMENT CONTRACTS

District Professional level employees typically work under an employment contract.

Certified positions are covered by a Chapter 21 contract assigned by position; this includes Probationary/Term Administrator, Probationary/Term Other Professional and Probationary/Term Educators.

Non-certified professional positions are covered by a Non-Chapter 21 contract.

Continuing Contract Changes

The Board of Trustees approved revisions to the Board Policy DCA (Local). The revision specified that no employee hired on or after September 1, 2019 (including rehires or internal changes) shall be offered or would be eligible to receive a Continuing Contract. Upon completion of the probationary period, Term Contracts would be issued to SBEC certified employee are statutorily required to receive them, i.e., principals, assistant principals, teacher, school counselors, diagnosticians, librarians, nurses, and athletic directors. Term contracts will also be issued to full-time professional employees in other positions for which the District requires SBEC certification.

Teachers, nurses, and librarians hired prior to September 1, 2019 and currently on a probationary contract will be eligible to receive a Continuing Contract after completion of their probationary period.

Employees on a Continuing Contract as of September 1, 2019 shall remain on a Continuing Contract.

Deadline Changes

The Board of Trustees approved a change to the resignation deadline. The resignation deadline is now 45 days before the first day of instruction of the following school year. The resignation requires no further action by the District and is accepted upon receipt. The resignation deadline is stricter than the statutory penalty-free resignation date. The District's purpose for a stricter resignation deadline is for the benefit of District students, as it allows the District to determine vacancies earlier and fill them with quality candidates.

JOB ANALYSIS REVIEW

Determining the appropriate pay range involves a job analysis review. A job analysis is the systematic process of collecting and evaluating relevant information about jobs. The data collected should clarify the nature of work being performed (including primary tasks, duties, and responsibilities) as well as the level of work being performed. Conducting a job review for a single job or job hierarchy involves a series of steps:

- Job analysis discovery / explore existing job catalog
- Job hierarchy / description
- Job worth hierarchy (competitive market approach / job content approach)
- Competitive market data collection and analysis
- Establishment of job value and appropriate pay range assignment

Job Review Process

The determination of a pay range assignment is based on external competitiveness (the market rates for comparable jobs); and internal equity (management's judgement as to the relative internal worth of a job's content.) The two values are blended to derive the final pay range assigned.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

OVERTIME EXEMPTION STATUS

The Wage and Hour Division of the Department of Labor administers and enforces the Fair Labor Standards Act, known as FLSA. The FLSA establishes the federal minimum wage, overtime pay, record keeping, and child labor standards affecting full-time and part-time workers in the private sector and in Federal, State, and local government. Executive, administrative, teachers, professional, and certain computer-related occupations are exempt from overtime pay. The exemption is defined and enforced by the Department of Labor. The Compensation Department is responsible for applying, determining, and reviewing all positions within the School District to comply with the Department of Labor's exemption regulation. The Fair Labor Standards Act (FLSA) Exemption test is applied to each position.

Non - Exempt Positions

Non-exempt positions are those positions that failed the FLSA exemption tests. This means that employees in these positions must be paid overtime according to the Department of Labor requirements; the positions are classified as non-exempt or hourly.

Basis of Pay for Non - Exempt Employees

Non-Exempt employees are paid on an hourly wage basis for all hours worked each week. Employees who are non-exempt will receive compensation for additional hours worked in the form of compensation time or pay. Non-exempt employees who work more than 40 hours within the defined District's workweek are subject to overtime regulations in accordance with the Fair Labor Standards Act.

The *District's workweek* begins at 12:00 a.m. on Saturday and ends at 11:59 p.m. Friday. Overtime must be paid or accrued as compensatory time; it cannot be waived by voluntary agreement between the District and the employee, nor can it be 'donated' or paid at a reduced rate.

Supervisors must ensure employees understand how they will be compensated for overtime (compensatory time or pay) prior to the employee working overtime hours. A supervisor must approve ALL overtime in advance of work being performed. Supervisors are responsible for preventing unauthorized overtime. Employees who work unauthorized overtime may be subject to disciplinary action.

Overtime is one and a half (1 ½) times the employee's regular rate of pay and is paid for hours worked beyond 40 worked hours in a workweek; anything less than 40 worked hours in a workweek is paid at the regular rate of pay.

Employees who have accrued compensation time must use that time before using other accrued leave, unless approved by the Department Head prior to the absence. Compensatory time earned by nonexempt employee may not accrue beyond a maximum of 60 hours. If an employee has a balance of more than 60 hours, the employee will be required to use compensatory time or, at the District's option, receive overtime pay.

The District does not permit non-exempt employees to be assigned coaching or other extra-curricular activities, especially those that are paid in the form of a stipend.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

For specific information regarding the computation of overtime at a premium or standard rate, or compensatory time in lieu of monies, refer to Administrative Procedure C3.

Exempt Positions

Exempt positions are those positions that passed an FLSA exemption test. For a position to qualify as exempt, it means that the position met certain tests regarding the nature of work in the course of daily business operations, scope of decision making and impact on the business and on the salary basis per week. This means that employees in these positions are exempt from the Department of Labor overtime regulations.

Basis of Pay - Exempt Employees

Exempt employees are paid on a salary basis for the contract period/school year which is their annual employment period. The salaries of the employees are intended to cover all hours worked and the District shall not make deductions that are prohibited under the FLSA.

Salaried employees are not eligible for additional pay during the contracted employment period. Provided the District approves in advance, a salaried employee may receive compensation for additional days worked after the end of the contract year or prior to the start of the new reporting date; the compensation amount is typically not the employee's prior daily rate, but a reduced amount established in the compensation manual.

Exempt employees do not receive overtime compensation; paying an exempt employee overtime compensation could jeopardize the exemption status of the position and unintentionally convert the position to non-exempt and all incumbents would then be subject to overtime laws regulated by the Department of Labor.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT COMPENSATION RESOURCE MANUAL

APPENDIX A: ADDITIONAL SUBSTITUTE RATES FOR SPECIAL REQUESTS

The following positions are not authorized to receive a substitute, but one may be requested for approval for extended absences (*5 or more consecutive days*). Such requests require prior written approval from the campus Assistant Superintendent and the Director of Recruitment & Human Capital Management. A substitute for positions outside of eligible employees may not be secured without prior written authorization.

Requests for substitutes outside of eligible employees should NOT be submitted using the Absence Management System. Request for substitutes outside of eligible employees should be made to the Substitute Department in Human Capital Management and the respective Assistant Superintendent.

More information detailing the process for requesting a substitute can be found in [Administrative Procedures \(D6\)](#).

Funding Requirement:

Substitutes will be paid through budget codes provided by Budget Services. A substitute for positions ineligible for substitute coverage may not be secured without prior written authorization. If the request for substitutes outside of the eligible positions is denied, the campus may pay for the substitute out of their budget.

Substitute Pay Rates:

Substitute rates apply to positions that are vacant or an employee is absent (planned or otherwise) for a single day, multiple days, or an extended period.
